SENIORS

The senior class had a meeting at the first of school and elected its officers. They are as follows:

President-----Billy Pump
Vice-president-----Willa Mae Gilbert
Secretary-Treasurer-----Gene Lawson
Social Chairman-----Jack Sinons
Faculty Sponsor-----Mr. Stevens

The first senior affair of the year was a picnic in the woods for us given by the Juniors. The picnic was a great success, some few of each class being absent and missing a great time.

During the Christmas season we were the recipients of a dance sponsored by Mrs. Schwab. The Community House was decorated for the occasion and all of the high school students attended. We had a merry time and all hated to see the time pass so quickly. It was with regret that we finally decided that it was time to go home.

March, in addition to bringing us Spring, started the round of activities that is enjoyed by the Senior class each year. A picnic in honor of the Juniors was held at Sargent. We had a very good time playing on the sand and in eating. There was a large number of both juniors and seniors present.

In a later meeting we selected our motto, class colors, and flower. These are given on our "picture page".

On April 1, we played hockey. Some stayed away all day, while others left school at noon. We went crabbing and motorcycle riding, and did a number of other interesting things. We all tried to crawl under one small culvert when one of the "scouts" announced the approach of Mr. Stevens car. He passed us by and we were left to enjoy our

THE FIRST ANNUAL REPORT OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF CALIFORNIA, 1868-69.

THE UNIVERSITY OF CALIFORNIA
THE BOARD OF TRUSTEES
THE UNIVERSITY OF CALIFORNIA
THE BOARD OF TRUSTEES

The first annual report of the year was a blank in the history of the University. The Board had no report to make, and the only thing that was done was to issue a circular letter to the Trustees.

During the year the University has been in a state of transition. The Board of Trustees has been reorganized, and the University has been reorganized. The Board of Trustees has been reorganized, and the University has been reorganized.

The Board of Trustees has been reorganized, and the University has been reorganized. The Board of Trustees has been reorganized, and the University has been reorganized.

On April 1, 1869, the Board of Trustees of the University of California met for the first time. The Board of Trustees of the University of California met for the first time.

"lunchless picnic". We had to stay in after school twice the amount of time we missed. We also got "D" in deportment for this little escapade.

Finances became our biggest worry-expenses of Senior Day had to be thought of and we gave a dance April 5 at the I.O.O.F Hall in Matagorda. We sold soda water and cakes and realized about thirty five dollars.

Our invitations were ordered the latter part of March. Our calling cards were ordered at the same time. A very modernistic aeroplane adorned, in design, our invitations.

We had our pictures taken the nineteenth of April. Of course they were not any good because they looked too much like us. Our composite picture was put in the Library the latter part of May.

Our senior play, Listen in on the Campus, was presented on the night of May 3.

A number of seniors were in the operetta, H.M.S. Pinafore, presented the 15th of May.

The Seniors all tried out for some sport or literary event for county meet, but the Freshman class got the cup for having the most members going to the meet. The seniors participating in county meet were Harbert Tolliver, low hurdles and tennis; Jack Sinons, pole vault, two-twenty, and 100 yard dash. Willa Mae Gilbert entered senior spelling. Jack won first place in two-twenty and second in the 100 yard dash. Harbert won third in senior boys singles. Gene Lawson won second in senior girls declamation. Billy Pump and Jerome Cone, a Junior, won first place in the county meet in senior boys tennis doubles.

A consideration of the Senior class and its activities shows it to have been an active class, taking part in the many activities of the school. The fact that all of the "Favorites" were members of the Senior class surely entitles us to the distinction of being the Representative class of good old Gulf High School.

JUNIOR CLASS

At the first meeting we elected our officers and

for the year. The officers were:

President-----Miss Ruth King

Vice-president-----Mrs. Goss

Secretary-----Miss King

Reporter-----Miss King

Organizer-----

Director-----Mr. Howard Johnson

Our president, Miss Ruth King, left school in October.

We then elected Mrs. Goss as president and J. D. Johnson as vice-

president.

The juniors gave the seniors a picnic in the woods right

before school had started. Nearly all of the members of each class were

present, but some of them left early in order to attend a dance.

The seniors and the juniors, besides, besides, and a very nice

time was spent. The juniors were very

pleased with the picnic and the seniors

and the juniors were very

and the juniors were very

pleased with the picnic and the seniors

and the juniors were very

On May 9, 1935, we left Wadsworth at 3:30 p.m. for Sargent. All of the juniors and seniors were present except one junior. Mr. Townsend, our class sponsor, had made other arrangements and had to leave town. Mr. and Mrs. Marr were chaperones. We had a dip in the Gulf, plenty to eat, and plenty of fun.

The juniors had the honor of getting to serve the seniors at their banquet. Of course it was a task for us, but nevertheless we enjoyed it.

The juniors have not elected their officers or selected their sponsor for next year yet. We thought we would have plenty of time. We wanted to wait and see who all would be dignified seniors. It will seem rather odd for us at first, not to be bossed by upper-classmen, but actually to be our own boss.

On the 9th 1933, a letter was received from the Secretary of the
Board of Education, New York City, regarding the proposed
amendment to the Charter of the Board of Education, which
provides for the election of the Board of Education by the
people of the City of New York.

The Board of Education has been asked to advise the
Board of Education of the City of New York, and to
recommend to the Board of Education of the City of New York
the proposed amendment to the Charter of the Board of Education.

The Board of Education has not received any information
from the Board of Education of the City of New York, and
therefore cannot advise the Board of Education of the City of
New York, and cannot recommend to the Board of Education of
the City of New York the proposed amendment to the Charter of
the Board of Education.

Class Sponsor--Mr. E.J. Myers

School had hardly started before the Sophomore class met for organization. We had quite a fight with the Juniors over Mr. Myers as our class sponsor, but needless to say, we won.

We decided to give a party to initiate the "Fish" and to celebrate the opening of school. As we didn't have any money in the treasury, we let the "Fish" pay for the party. The most terrible experience was the "Hall of Horrors".

Henry Allen had to leave five weeks after school opened. We hated to see him go. He came back April 13, 1935 and we gave a party. This party was the social event of the year for the Sophomores

We later had a picnic on the Colorado River. Everyone had a splendid time, there being plenty to eat and lots of fun. Not all of the class was present.

Mid-term exams came too soon. They seemed to take all the joy out of the return to school after the Christmas holidays. Everyone passed and some of us did "swell".

After Christmas everyone started to work on Interscholastic League events. All of us signed up for the same thing. Laddie, Bill, and Maunee went in for senior declamations. Laddie won third place in

OFFICERS

- Member at Large - [Name]

The school had hardly started before the sponsors class met for
 discussion. It had gotten a little with the teachers over the years
 this program, but nothing to say, in fact.
 We do want to give a party to celebrate the "Year" and to
 discuss the opening of school. As we don't have any money in the
 bank, we are not going to pay for the party. The most realistic
 thing we can do is to have a party at the school grounds.
 Henry Allen had to leave five weeks after school opened. He
 had to see his son. He was back April 15, 1953 and we gave a party.
 His party was the social event of the year for the sponsors.
 The party was a picnic on the common lawn. Everyone had
 separate tables, there being about 100 and lots of food. All
 the sponsors were present.
 We are now one year old. They asked to see all the
 sponsors to see how school class for sponsors. Everyone
 had a good time of us this year.
 After Christmas everyone started to work on their
 projects. All of us started up for the year. In fact, 1953
 is a year to remember. Let's not forget it.

the county. Ethel went in for junior declamation. A number of us signed up for typing. Doris and Gladys went to county meet. Doris won first place in county and second at district. The volleyball team was not very successful at the county meet.

Lois was the only Sophomore girl that lettered in basketball and Laddie was the only boy.

Frances and Lois seem to have been the only two who could make five "A's" this year.

Spring came and with it "spring fever", which is a disease that makes bad pupils out of us.

Miss Porter thinks we are the best English pupils she has ever had. The reason for these good grades is our excellent citizenship.

Our class has been well represented in the different school organizations, many of us taking part in the Assembly Club, the Girl Reserves, Science Club, as well as Basketball, Volleyball, and Track.

With a few exceptions we were the best class in high school. This refers to grades only. We sincerely hope that no one else takes it upon himself to say the same.

We appreciate very much the interest Mr. Myers has taken in us both in and out of our classes and he in turn has expressed himself as follows; " It was a pleasure to sponsor a well united, loyal, and hardworking bunch of "Saps" that the "dirty dozen" turned out to be".

FRESHMEN OF 1934-35

The Class officers are as follows;

President-----Hugh Pearce
Vice-President---Junior Gage
Secretary&Treasurer---John Edward Taylor
Reporters-----Ruth Baer
 Phyllis Pickel
Class Sponser----Miss Porter

The freshmen class consists of twenty-eight members. They are: Doris Bell, Ruth Baer, June Mangum, Hattie Louise Baer, Eileen Ottis, Alcie Wheeler, Phyllis Elva Pickel, Irma Crow, Audrey Dietrich, Mary Yeamans, Bossie Phillips, Jane Yeamans, Kathleen Hennigan, Pila Montelongo, Dorothy Doss, Junior Gage, Hugh Pearce, John Edward Taylor, Maxie Steck, David James Richardson, Richie McCaskill, Edward Hudson, Davant Sterry, Clarence Bunk, Douglas Brouard, Augusta Helton, George Kilbride, and Charles Kilbride.

Our activities of the past year have been largely social. Although our budding career in G.H.S. has not been marked by social pleasures alone, they compose the brightest spots.

Our debut was made at the party given to us by the Saps. At that party the "Saps" initiated us into Gulf High School. We were taken through the "Hall of Horrors," where we experienced many unenjoyable things. At a late hour we were served punch and cakes. Then we went home.

We returned the courtesy of the "Saps" with a picnic at the river. The boys brought fruit and the girls sandwiches. We played games and talked around the camp fire. Later we ate and then returned home.

The next social activity attended by the "Fish" was the dance that Mrs. Schwab gave Christmas for the Gulf High School. May we

The class officers are as follows:

- President - [Name]

- Class Officer - [Name]

The freshmen class consists of twenty-eight members. They are: [List of names]

Our activities of the past year have been fairly good. Although our budget is small, we have been able to [describe activities]

Our hopes for the future are high. We expect to [describe future plans]

The next school activity should be [describe next activity]

That the Board give [describe request]

be able to repeat this happy experience every Yuletide.

We Freshman had a candy sale to raise money so that we might have a picnic. It was an affair requiring a special invitation. The ones present were: Hugh Pearce, Phyllis Pickel, Junior Gage, Hattie Lousie Baer, Wallace Nini, Ruth Baer, (Junior Gillett, June Mangum, Bobby Rudin, Boris Bell, John Edward Taylor, Alice Wheeler, Richie McCaskill, Kathleen Hennigan, Edward Hudson, Eileen Ottis, Maxie Steck.

Almost all of us signed up for some activity in County Meet. June, Hugh, and Bessie went out for junior declamation. Hugh won first place in the county and second place in the district. Our junior baseball teams won third place in the County. The girls who played were: June Mangum, Doris Bell, Gladys Lee, Phyllis Pickel Kathleen Hennigan, Lois Deahotels, Doris Rhodes, Ruth Baer, Dorothy Doss, and Ethel Vise. The boys who played were: Maxie Steck, John Edward Taylor, Richie McCaskill, David Richardson, Douglas Brouard, Daddie Lowe, Charles Kilbride, Hugh Pearce, and Augusta Helton. There were several freshmen girls who were on the volley ball team.

The freshmen class won the class cup. Naturally we were very proud of it and for some days after, we went around the halls with our noses in the air!

Our class sponscr is Miss Mary Alice Porter. We are very proud of her. Although we have had parties and picnics in all kinds of weather, Miss Porter has been there.

So there's to the best class in school, the cup-winning Fish! May our Sap days be as interesting and as happy.

GIRL RESERVES

The Girl Reserves of 1934 and 1935 held their first meeting September 11, 1934. The officers were:

President-----	Frances Hatchett
Vice-President-----	Gladys Bell
Secretary-----	Lois Deshotels
Treasurer-----	Janie Wheeler
Song Leader-----	Eugenia Seerden
Social Chairman-----	Ervy Bell Dagner
Program Chairman-----	Maunee Morgan
Pianist-----	Elizabeth Englehart
Reporter-----	Willa Mae Gilbert
Scrap Book Chairman-----	Ethel Vise
Clean-up Chairman-----	Tiny Cone

The other members of the club were:

June Mangum
Irma Crowe
Frances Watkins
Gladys Lee
Opal Hatchett
Lyda White
Theresa Bunk
Alice Wheeler
Mary Yeamens
Eileen Ottis
Phyllis Pickel
Audrey Dietrich
Pila Montelongo
Kathleen Henigan
Bessie Phillips
Hattie Louise Baer
Ruth Alice Baer

Miss Carter, the district secretary, was with us the first time this year on October 9.

It has always been the custom of the Girl Reserves to recognize their new members with an appropriate ceremony. This year Ervy Bell Dagner, Gladys Bell, and Willa Mae Gilbert were appointed to plan the recognition service, which we had Friday, November 2. It consisted of a candle lighting ceremony and singing of songs in assembly.

Faint header text at the top of the page, possibly including a date or page number.

Several lines of faint, illegible text in the upper middle section of the page.

The main body of the page contains multiple paragraphs of extremely faint and illegible text, which appear to be bleed-through from the reverse side of the paper.

The Girl Reserves gave a silver tea Tuesday, November 26, from four to six P.M., with a program at five which included a puppet show, dances, and readings. Tea and sandwiches were served. After the guests departed, the old members gave the new ones an initiation they will probably never forget.

The Girl Reserves have been working on handcrafts all year. Before Christmas we worked on silver bracelets, wood carving, tiles, silhouettes, and weaving of purses. Later we worked on soap carving and masks.

We had a Valentine party Thursday, February 14. We wore Mother Goose costumes and carried out both the valentine and Mother Goose motifs in decorations. We all drew names and brought the person whose name we drew a valentine, putting it in a box. They were distributed at the last of the party.

The Girl Reserves prepared a booth for the Hobby Show which was given by the Y.W.C.A. council Tuesday, March 19. There was a very interesting program in which we girls took part. All persons in the community were requested to bring a hobby, and many interesting collections came to light.

The Blessing Girl Reserves, who were on a Matagorda County tour, met the Gulf Girl Reserves and Y.W.C.A. Council at the Pavilion where we played games and had lunch. Then they visited our school and other places of interest. This good-will tour proved very inspiring.

We worked industriously on plans for Play Day, which was held in Freeport, April 27. Each club in the district chose a country to represent, as the theme of the meeting was world fellowship. Gulf represented Scotland, and for our part in "Peeps at Many Lands" we put on Roderick Dhuc's Proposal from The Lady of the Lake.

Mr. Stevens gave a peep at the Girl Reserves ~~by~~ showing a moving picture which he had made of us. Later we danced the Highland Fling on the green. We all had a wonderful time, the trip there and back on the school bus contributing no small part of it.

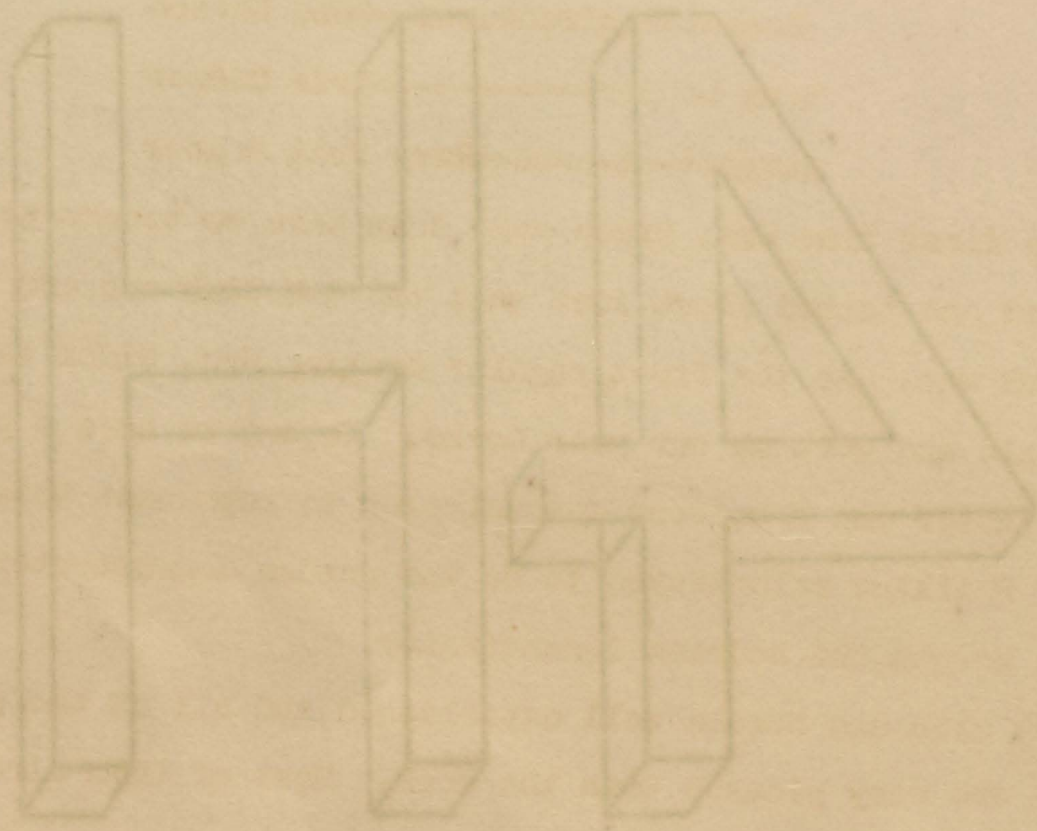

As this school year comes to a close we Girl Reserves look back on it with pleasant memories and look forward to more good work and fun in 1935 and 1936. May we all "follow the gleam!"

Mr. Stevens gave a copy of the Girl Scouts' ...
... picture which he had made of ... later we handed the
... of the group. We all had a wonderful time, the
... and back on the school bus ...

In this school year ... to a class of Girl Scouts ...
... and Jack ... to work ...
... 1933 and 1934. May we all "follow the dream!"

4H

THE 4-H CLUB

Mrs. Leola Cox Sides, the County Home Demonstrator of Matagorda County, wanted to organize the 4-H Club for the girls of Gulf High School. Mr. J.C. Marr, our superintendent, was kind enough to let us devote three hours of one Friday in each month to this work. We elected our officers for the club who are:

President-----Gladys Bell
Secretary&Treasurer--Gene Lawson
Song Leader-----Iris Cooper
Sargent-at-arms--~~Levy~~ Bell Dagner

The first time Mrs. Sides came down here we became acquainted and talked about just what the 4-H Club was and what the work was. At the first regular meeting Mrs. Sides told us our goals and gave us our year books. We had to have a garden demonstrator and a bedroom demonstrator to represent this school. Bessie Phillips volunteered to be the garden demonstrator and Maunec Morgan the bedroom demonstrator.

The club has become well established and all of the girls who joined are very pleased with the work. Most of them already have their goals completed up-to-date.

The Rotary Club of Bay City gave the 4-H Club girls of the county a picnic. It was greatly enjoyed. Next year the Rotary Club is going to give a banquet for the girls who have completed their goals. In this club all of the girls are working hard to complete their goals for they all wish to be present at the banquet.

Mr. Jacob Cox sides, the County is Demonstrator of
Lester Gault, wanted to organize the 4-H Club for the girls
at Holt High School. Mr. J.C. Kiser, our representative, was kind
enough to let us select any number of one Friday in each month
for this work. We elected our officers for the club who are:

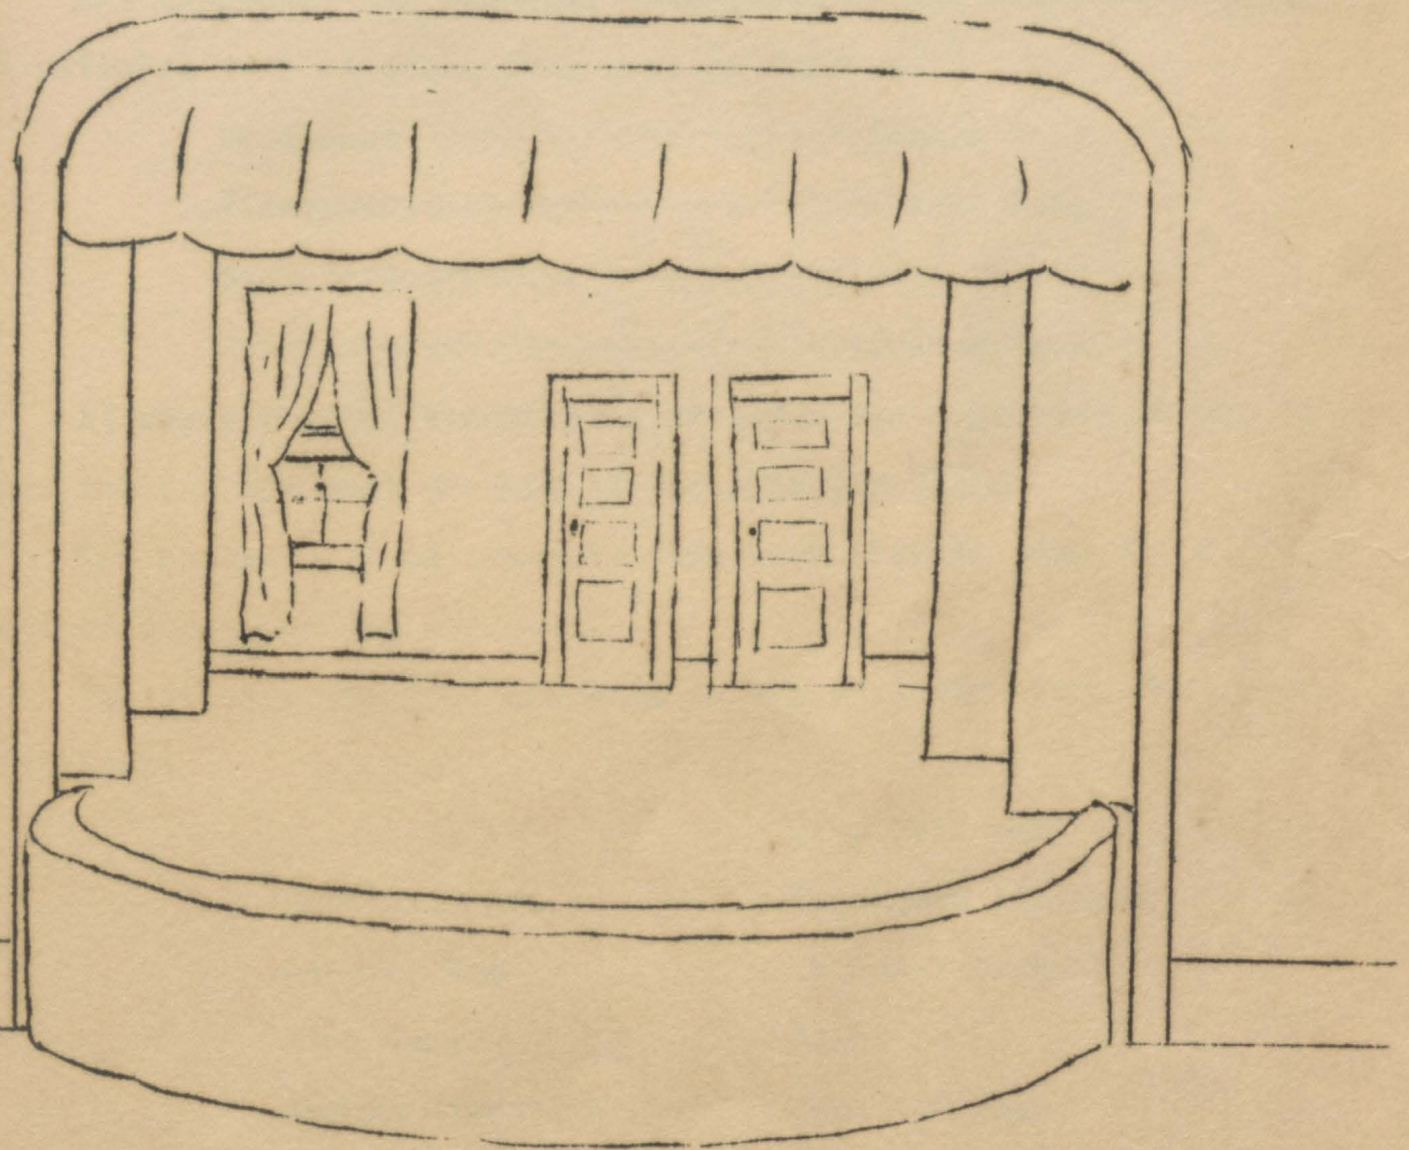

- President-----Gladys Gill
- Secretary-----Glen Brown
- Manager-----Iris Cohen
- Reporter-----Mary Bell Parker

The first time Mrs. Kiser came down here we became or-
ganized and raised about \$25.00 for 4-H Club and also
the work was. As the first regular meeting Mrs. Kiser told us
the girls had with us our first paper. We had to have a paper
documentary and a paper manuscript for a program this week.
I said this type volunteer to be the first document and
found through the school committee.

The club has become well established and all of the girls who
attend are very pleased with the work. Most of them already have
their papers completed up-to-date.

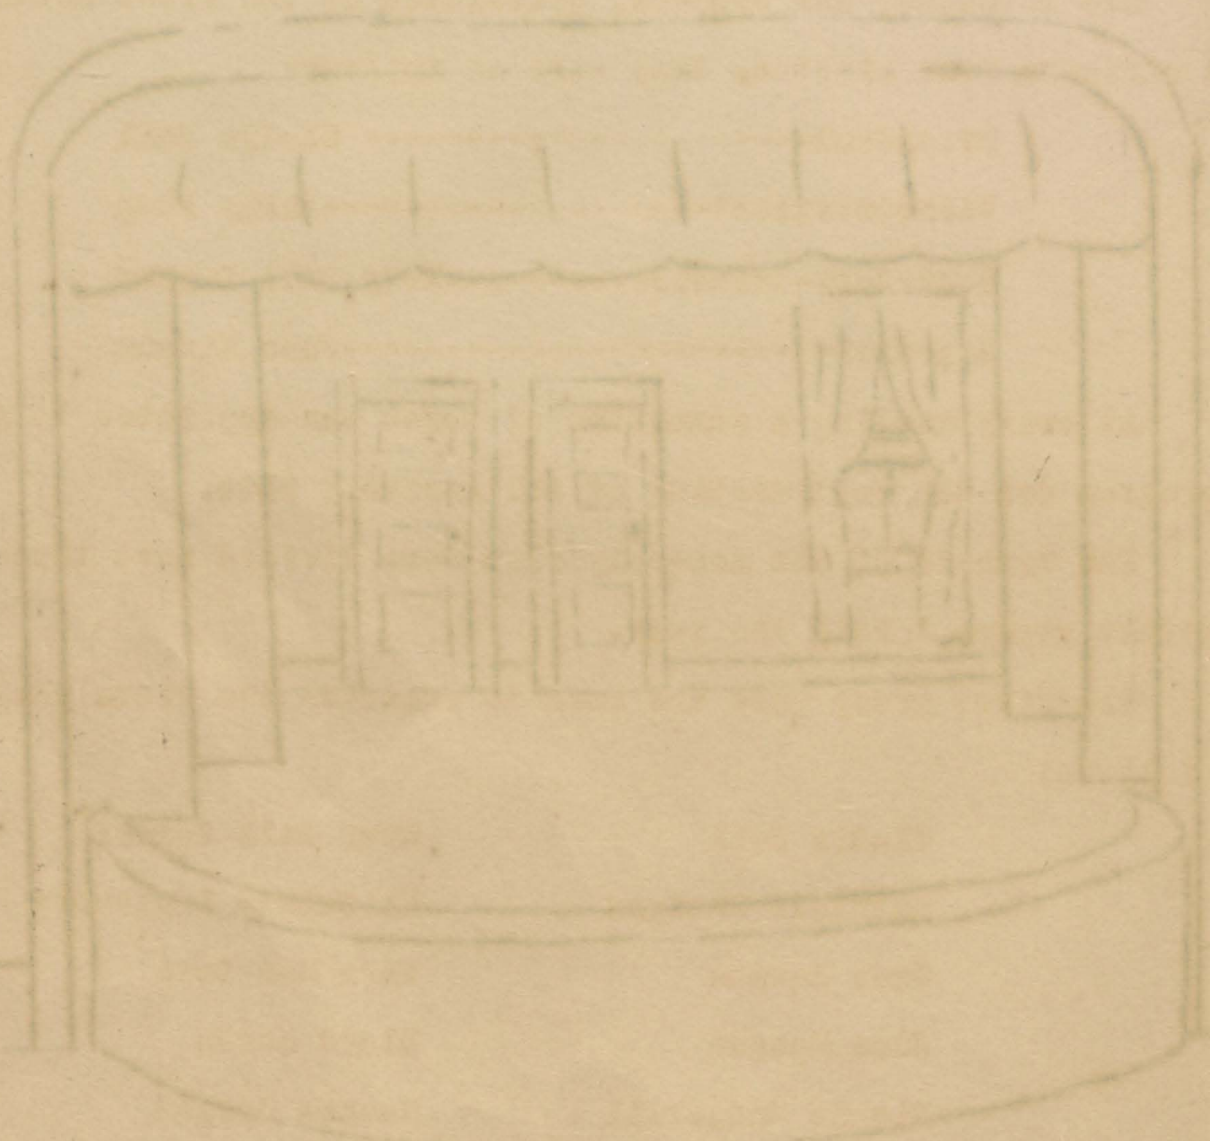

The Rotary Club of Holt City gave the 4-H Club girls a
very a picnic. It was greatly enjoyed. Next year we hope
the girls to give a picnic for the girls who have completed
their papers. In the club all of the girls are working hard
except in their papers. We shall try to present at the banquet

ASSEMBLY

CLUB

ASSSEMBLY

CLUB

ASSEMBLY CLUB

The purpose of the Assembly Club was to plan and present programs for Assembly on Friday mornings.

The first meeting was on September 24, 1934, in the auditorium. The Assembly club decided to meet on Mondays and Wednesdays from 3:1 to 4:00 in the auditorium.

Mr. Townsend, our sponsor, officiated at the first meeting until officers were elected. They were as followw:

President----- Gladys Bell
Vice;president-----Billy Pump
Secretary-Treasurer-----Ervy Bell Dagner
Reporter-----June Mangum

At every meeting a committee of three was appointed to get up a program for the next meeting of the Assembly Club.

The members of the Assembly club were divided into three distinct groups during the year.

The first group were the ones to organize the club. They were as follows:

Gladys Bell	Ervy Bell Dagner
Kathleen Henigan	Elizabeth Inglehart
Gene Lawson	Vera Mae Lowe
June Mangum	Lloyd Mason
Richie McCaskill	Maunee Morgan
Bessie Phillips	Billy Pump
Eugenia Seerden	Lyda White

The next group were the one who were interested in county meet work and included:

Laddie Lowe	Gene Lawson
June Mangum	Bill McCaskill

ASSEMBLY CLUB

The purpose of the Assembly Club was to plan and present
programs for Assembly on Friday evenings.
The first meeting was on September 24, 1934, in the auditorium.
The Assembly club decided to meet on Mondays and Wednesdays from 8:15
to 9:00 in the auditorium.

Mr. Townsend, our sponsor, officiated at the first meeting and
all officers were elected. They were as follows:

- President-----Miss Miller
- Vice-President-----Miss King
- Secretary-----Miss Miller
- Reporter-----Miss Miller

At every meeting a committee of three was appointed to get up
a program for the next meeting of the Assembly Club.

The members of the Assembly club were divided into three
reading groups during the year.

The first group were the ones to organize the club. They were
as follows:

- Miss Miller
- Miss King
- Miss Miller
- Miss King
- Miss Miller
- Miss King

Jack Simon

Gladys Bell

Billy Pump

Harbert Tolliver

Eugenia Seerden

Laddie Lowe

Elizabeth Inglehart

Luther Thompson

Lyda White

Janie Wheeler

Irma Crow

June Mangum

The work of the club was to plan assembly programs and entertainments for our club meetings. We had sixteen assembly meetings to plan during the year. Some of our most outstanding programs were as follows:

1. A one-act play

The Coming of Annabelle

2. A play in the form of a radio broadcast

The Dog of Flanders

3. San Jacinto Day was observed by readings and speeches.

4. Columbus Day was observed by a pantomime and some speeches.

In the county meet work Laddie Lowe and William McCaskill worked these boys on declamation. Laddie won in the school elimination and won third place in the county meet.

Gene Lawson, Frances Kilbride, and Maunee Morgan were the senior girl declaimers. Gene went to the county meet and won second place.

Hugh Pearce was the only junior boy declaimer. He took first place in the county meet and second at the district meet.

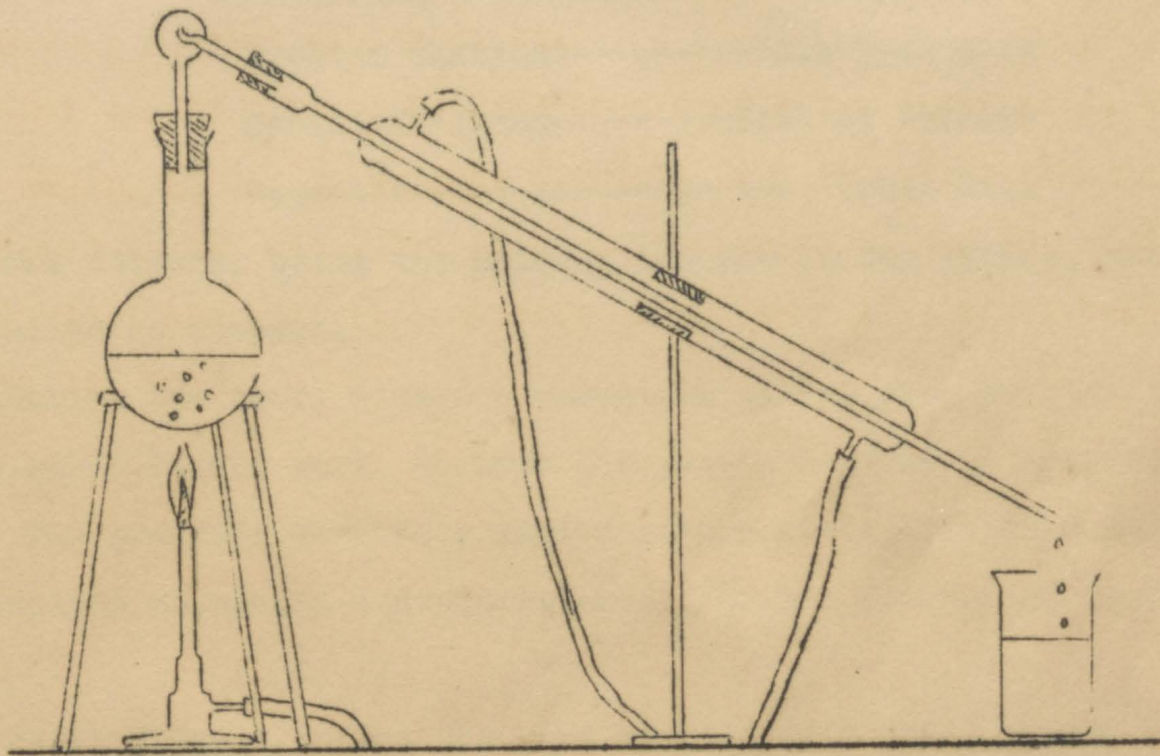

June Mangum, Ethel Vise, and Bessie Phillips were the junior girl declaimers. June won in the school elimination contest.

Billy Pump, Ervy Bell Dagner, and Elizabeth Inglehart were the characters in the one act play, Finders Keepers, which was entered in the county meet one-act play contest.

After county meet we started on a senior three-act play. The title was Listen in on the Campus. Students from the other classes also took part in the play. The play was presented on May 10, 1935.

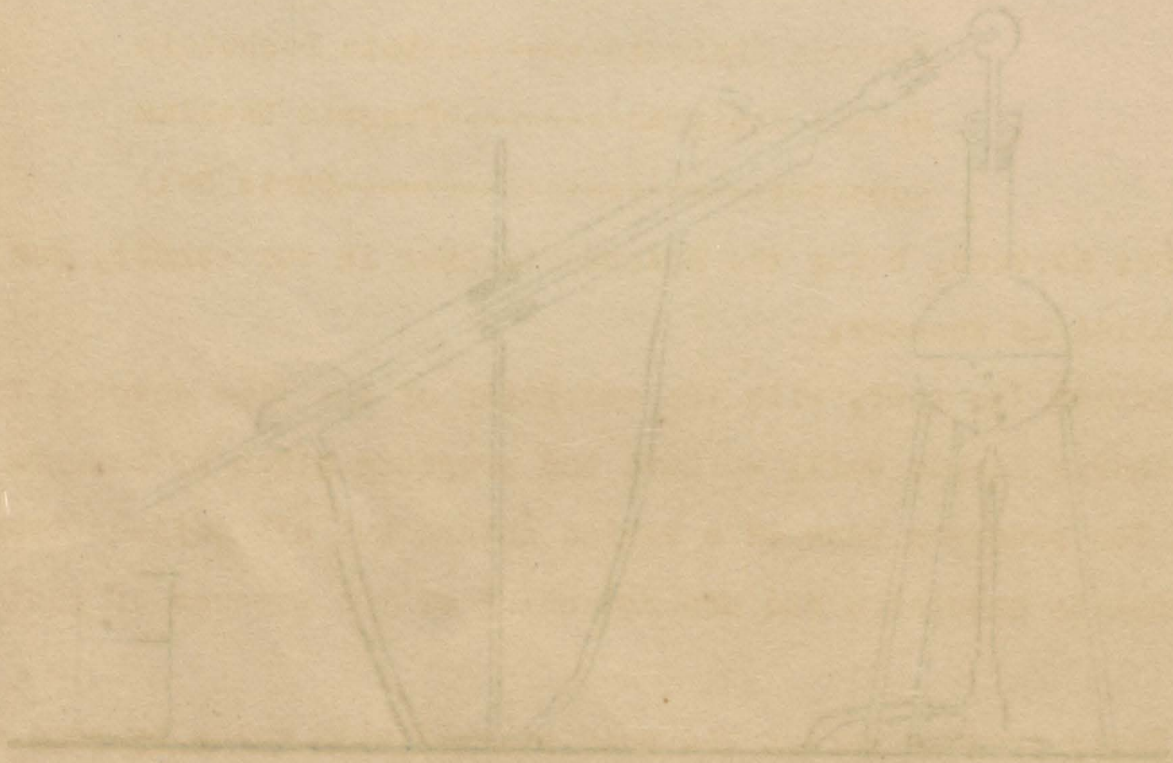

The last Assembly club meeting of the school year was held on Monday, May 12, 1935.

SCIENCE

CLUB

SCIENCE

CLUB

THE SCIENCE CLUB

Many students took advantage of the opportunities offered by membership in the Science Club and were present at the first meeting to organize the club.

At the first meeting the following officers were elected for the term:

President-----Frances Kilbride
Vice-president-----John Edward Taylor
Secretary-Treasurer-----Maxie Steck
Program Chairman-----Lois Deshotels
Social Chairman-----Frances Watkins
Reporter-----Doris Bell

Mr. Stevens, being the Science teacher in our school, was duly installed as sponsor.

During the year, with the exception of the time devoted to Interscholastic League work, we have had programs given by members of the club. The programs were of a varied nature but all pointed toward a more complete knowledge and understanding of the process of photography.

Early programs during the year started with talks by some of us in which was explained the pin-hole camera. Later talks took up the effect of light on certain chemical compounds containing silver and this was demonstrated to us by Richie McCaskill. The kinds of lenses and their effects on rays of light were discussed by Donald Brousard.

Later programs took up the study of cameras. We bought several of our own cameras to the meetings and learned more about the proper adjustment of them as an aid to taking better pictures.

Mr. Stevens demonstrated and explained the operation of his motion picture camera and projected some pictures he had made.

THE SCIENCE CLUB

Many students took advantage of the opportunities offered by membership in the Science Club and were present at the first meeting... At the first meeting the following officers were elected:

- President-----Thomas Kilduff
- Vice-president-----John Edward Taylor
- Secretary-----Marie Stueh
- Treasurer-----John Kilduff
- Social Chairman-----Thomas Kilduff
- Reporter-----John Kilduff

Mr. Kilduff, being the Science teacher in our school, was elected as sponsor. During the year, with the exception of the time devoted to laboratory work, we have had programs given by members of the club. The programs were of a varied nature but all pointed to the same end, the advancement of the progress of science. The first program during the year started with a talk by one of our members on the subject of the pin-hole camera. Later this talk was followed by a talk on certain chemical compounds containing silver and this was discussed to us by Mr. Kilduff. The kind of program we have given on the subject of the pin-hole camera was given by Donald J. Stueh. Last year we had a program on the subject of the pin-hole camera. We brought over a lot of our own work to the meeting and a discussion was held on the subject of the pin-hole camera. The kind of program we have given on the subject of the pin-hole camera was given by Donald J. Stueh. Last year we had a program on the subject of the pin-hole camera. We brought over a lot of our own work to the meeting and a discussion was held on the subject of the pin-hole camera. The kind of program we have given on the subject of the pin-hole camera was given by Donald J. Stueh.

From this time on our work became more practical. We learned to make solutions properly. The action of developing and fixing solutions on film and positive paper was studied and then came the day we printed our first pictures! A few were good and many of them were bad but we had at last gotten to make them. Further practice and a study of the effects of temperature gave us better results.

The idea of an annual suited us exactly. We had never had a year book in our school and the making of such a book would give us an opportunity to use some of the things we had learned.

Practice work in making stencils and in using the Mimeograph made our task much easier. Reports of the activities of the various classes and organizations were obtained, group pictures of the classes and the boys and girls basketball teams were gotten and pictures printed. We then set to work in earnest. David James Richardson and Maxie Steck set the pace in producing most good work in the shortest time but they were closely followed by Charles Kilbride, Teddy Maynard, Ruth and Hattie Louise Baer, Doris Bell and many others.

Interest in our work was heightened by the announcement of a contest to select favorite students from the student body of the High School. The results of the contest are shown elsewhere in the book. Needless to say however, plenty of interest was aroused and it seemed that each student was "pulling" for his favorite.

Assembling and binding the books were our last tasks and it was with relief that we finally called the job done. Over fifty books were made and sold-evidence of the interest aroused by our project.

The years work has been very interesting and we have learned many things-Teddy particularly learned that developing solution has a boiling effect on white trousers. We hope to continue this type of work and to produce each year an edition of the yearbook, The Pirate, fully representative of the school and its many activities.

From this time on our work became more practical. We learned to make solutions properly. The notion of developing and fixing solutions on this and positive paper was studied and then came the day we printed our first program! A few more good and many of them were had at we had at last gotten to work them, further practice and a study

of the effects of temperature gave us better results. The idea of an annual bulletin was given. It had never had a book in our school and the notion of even a book would give us an opportunity to see some of the things we had learned.

Practical work in making solutions and in using the microscope and our work much easier. Rights of the activities of the various classes and organizations were obtained, group pictures of the classes and the boys and girls in general. David Jones Richardson and others. It then set to work in general. David Jones Richardson and others took out the book in producing that good work in the school. The one they were closely followed by Charles Kirtland, John Kirtland, and others. The book was followed by Charles Kirtland, John Kirtland, and others.

Interest in our work was high and by the appointment of a board to select favorable students from the present body of the school. The results of the contest are shown in the book. There was no any however, plenty of interest was shown and it seemed that each student was "willing to do his best."

Assembling and printing the book were our last task and it was then that we finally said "job done. Over fifty books were made and sold-evidence of the interest shown by our project.

The years with me have been very interesting and we have learned many things-today particularly learned that developing solutions has a very effect on their work. We hope to continue this type of work and to produce each year an edition of the program. The future is very representative of the school and its many activities.

BOYS BASKETBALL

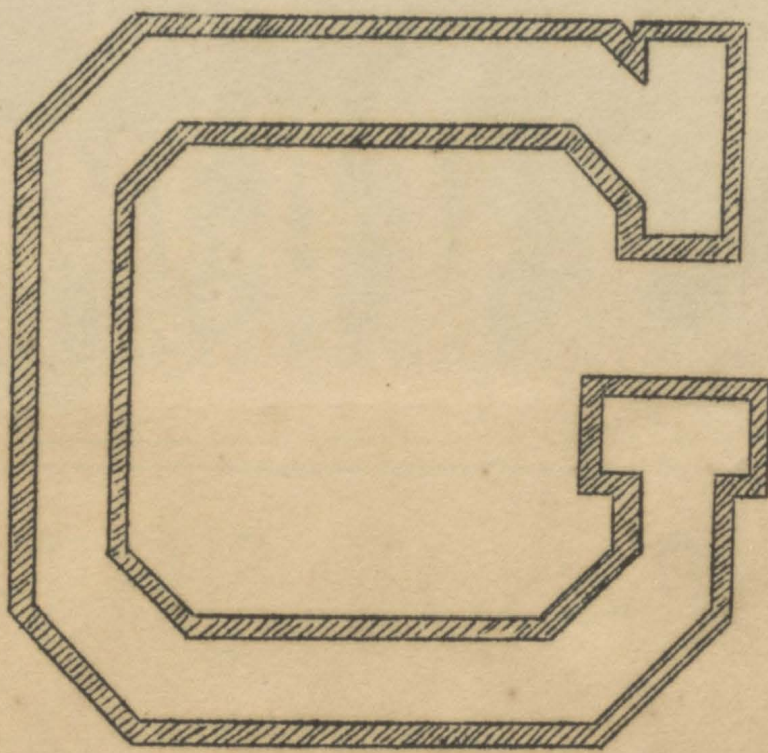

The basketball season of 1934-1935 was not a great success for the Gulf boys from the point of games won. Working in the rain, mud, poor equipment, often on road trips, and playing games without referees were just a few of our troubles.

Led by Captain Pump and "fire-eating" Captain-elect Cone, boys like Simons, Lowe, Taylor, Deshotels, and Thompson delivered the usual scrap. We were good, but Bay City was better. We tried our best-but so did they.

We lost by graduation such promising young men as Mason, Pump and Simons while Roger Serafine has played his four years away. Judson Taylor has moved to SanAntonio. There is left Cone, Lowe, Thomson, Deshotels, Sterry, Gage, Taylor, Hudson, and others who may be willing to work a year for experience that they must have to make the team.

Billy Pump was an ideal leader, well liked by everyone in and out of school. His bad leg handicapped him when we needed his efforts the most. Roger's failure was the blow from which the team never recovered. It made us change our style of play and defense too late to do us any good. We lost confidence after Cone went on probation. To have boys like Lloyd, Roger, and Jerome in school and Freshman like Taylor and Gage playing without experience was enough to make us take lickings. We could "take it" however, and always came back for more. A game is easy if you can win. Looking back on the year's work now we can see that the Coach didn't expect us to win-what he wanted was what we gave him-fight, never say die- and then come up grinning when it was over.

Basketball is life in miniature, it is "playing the game" that counts for success in later life. May we all treasure our memories of those faithful "G" men who founded with honor the tradition of Gulf teams and let them serve as ;atterns as we attempt to step into the "big pants" next year.

GIRLS BASKETBALL

Judgement based on a study of the record book alone will be that the 1935 season was a very unsuccessful one for the girls basketball team. Out of a total of ten or twelve games played, only three or four were won, one was tied, and the remainder lost. The season was opened with a 53-14 loss to Sweeny, which was followed by two more defeats almost as bad-by Blessing and again by Sweeny. At this point Gulf entered the Sweeny Invitation Tournament, and, after a decisive defeat by Palacios, apparently came to life-defeating the strong Blessing team and losing to Bay City by two points. From this date on, after the tournament, the team played creditable basketball, winning several games, and losing several, most of the losses being by margins of one and two points. The highlight of the season, and its climax, came in the annual Girls County Tournament held at Bay City. Gulf entered, along with Palacios, Markham, Collegeport, Blessing, Midfield, and Bay City. Pretournament dope pointed to pretty evenly matched teams with the exception of Blessing, which team appeared to hold a slight edge. The play of the tournament proved the accuracy of the earlier predictions. Gulf was eliminated in a thrilling game in the first round. The opponent was Palacios and the margin two points. Palacios was stopped in the second round in another great game, by Bay City. The difference in score in this game was only one point. In the final game Bay City and Blessing were the opponents, with Blessing winning by some seven or eight points, thereby winning the county championship. The tournament was marked by clean, hard fought games, fine sportmanship, and capable officiating. So much for the record book.

At the beginning of the 1935 season prospects for a winning team were dismal. From a good team in 1934 only three lettermen returned. They were Eugenia Seerden, Captain in 1935, Janis Wheeler, and Ery Bell Dagner. Two reserves from the 1934 team were back again:

Lyda White and Frances Watkins. Seven girls with no previous experience completed the team: Lois Deshotels, Doris Bell, June Mangum, Eileen Ottis, Maunee Morgan, Gladys Lee, and Alice Wheeler. Practice throughout the season was held on the outdoor court at the high school, and was handicapped at all times by bad weather and the poor condition of the court. Despite the adverse conditions a large squad turned out for practice, and a fine spirit of co-operation and willingness was shown.

Several things connected with the 1935 season are worthy of note. Perhaps no team that ever represented Gulf High School showed such remarkable improvement during the course of a single season as did this year's team. The improvement of Doris, Lois, June, and Eileen was very marked, and, together with the already consistently good play of Eugenia, Janie, Ervy Bell, and Lyda, gave Gulf a good basketball team by the end of the season.

Prospects for the coming year are very bright. The graduation of only one letterman, Ervy Bell Dagner, will leave a full team of experienced players around which the 1936 team can be built, and the reserve from this year's squad, together with the material to be obtained from the incoming Freshman class, will give Gulf High School capable reserve strength, a feature which has often been lacking in the past. The completion of the gymnasium will permit more regular and effective practice next year, and it is predicted that the Gulf Pirate will once more become the bold and dashing character in basketball that he used to be--" at least the female of the species."

at this and previous meetings. Several girls with no previous experience
joined the team: Lois Baskin, Betty Bell, Jane Hansen, Ellen
the names Morgan, Cindy Lee, and Alice Foster. Practice through-
out the season was held on the outdoor court at the high school, and
handicapped at all times by bad weather and the poor condition of
court. Despite the adverse conditions a large crowd turned out for
practice, and a fine spirit of co-operation and willingness was shown.
Several things connected with the 1935 season are worthy of note.
As far as team spirit ever experienced Girl High School showed such re-
sults. Improvement during the course of a single season as did this
year's team. The improvement of Betty, Jane, and Ellen was very
marked, and together with the already consistently good play of
Betty, Jane, and John, gave Girl a good basketball team.
At the end of the season.
Progress for the coming year and very bright. The graduation of
the one leftman, Betty Bell, will leave a full team of exper-
ienced players around which the new team can be built, and the re-
turn this year's squad, together with the material to be obtained from
the incoming freshmen class, will give Girl High School a good team.
Strength, a feature which has often been lacking in the past. The
graduation of the experienced will permit some transfer and effective
rotation next year, and it is expected that the Girl High will show
the same spirit, and further progress in basketball that has been
shown in the past.

INTERSCHOLASTIC LEAGUE WORK

The primary purpose of Gulf High School is to provide training in American citizenship through the teaching of twenty-one affiliated subjects. The faculty is aware of the fact, however, that this great purpose of the high school cannot be realized solely through the study of subjects colored by the character, personality, and leadership of the teachers. Therefore, in Gulf High, Interscholastic League work is not only recognized but appreciated by the faculty and pupils as offering unparalleled opportunity to develop and direct those qualities and characteristics of good American boys and girls.

At the beginning of this school year, 1934-1935, the High School teachers were assigned to direct various Interscholastic League events. To Mr. Townsend was assigned Declamations and the One-Act Play to Mr. Myers, all boys track and field events; to Miss Porter, the Ready Writers Contest; to Miss Soncrant, Spelling and Typing; to Mr. Laughlin, the girls playground ball; and to Mr. Marr, Girls Volley Ball and Tennis.

In January, at the close of first semester, the members of each class signed up for participation in the many League events sponsored by the County Meet. The Seniors, with their splendid class organization and a knowledge of the value of cooperation, enjoyed the distinction of having the largest percentage of class participation at the County Meet. As a reward, the Senior class was given twenty-five points toward winning the Silver Loving Cup which is awarded each year to the class winning most points toward High School County Championship. To the surprise of the Seniors, and the joy of the Freshman, it was found that the lowly "Fish" had won sufficient points at the county meet to become the winner of the desired class cup.

This makes the third year in which the cup has been won by Freshman classes. In 1933 and in 1934 the cup was won by the Senior

INTERSCOLASTIC LEAGUE WORK

The primary purpose of Gulf High School is to provide training in American citizenship through the teaching of twang-toned activities. The League's primary objective is to provide this great purpose of the high school cannot be realized solely through the study of subjects entered by the student, personality, and leadership of the teachers. Initiative, in Gulf High, Interscholastic League work is only recognized but emphasized by the faculty and pupils as other opportunities to develop and direct these qualities and participation of good American boys and girls.

At the beginning of this school year, 1934-1935, the High School teachers were assigned to direct various Interscholastic League events. Mr. Foreman was assigned Basketball and the One-foot Jump. Mr. Myers, all boys track and field events; to Miss Fisher, the girls' events; to Miss Bennett, Spelling and Typing; to Mr. Laughlin, the girls' basketball; and to Mr. Hart, Girls Volley Ball and Tennis.

In January, at the close of the first semester, the members of the League were elected by the students. In the many league events sponsored by the County West. The League, with their splendid spirit, ambition and a knowledge of the value of competition, entered the discussion of having the largest percentage of class participation of the County West. As a result, the League elected the girls twenty-five girls to represent the Silver Spring Cup which is awarded each year to the class winning most points toward High School County Organization. To the surprise of the League, and the joy of the Foreman, it was found that the girls "won" had an excellent chance at the

League to become the winner of the County Cup. This was the first year in which the cup has been won by a school since. In 1933 and in 1934 the cup was won by the Senior

Classes. The Sophomore Class won it in 1931.

The Interscholastic League work will continue to grow and return to us richer intellectual and physical qualities and characteristics of the good American if the faculty and pupils will continue to cooperate and give their best efforts toward participation in this beneficial organization.

We are proud of our accomplishments and record of 1934-1935. Let's all resolve that we are going to do even better in 1935-'36.

The Department of Education is in 1937.

The International League will continue to grow and
to be an inter-national and physical and character-
istic of the good American in the faculty and pupils will continue
to give their best efforts towards participation in this
national organization.

We are proud of our accomplishments and record of 1934-1935.
It is our desire that we are going to do even better in 1935-36.
