"I DIPPED INTO THE FUTURE- - -"

MAURICE "Hit-'em High--Hit'Em Low" HICKS was such a good Bus. Mgr. of our annual that he was offered 'leventy Million Dollars a year to take the position of Bus. Mgr of "the Mew Kork" Sun--he is now the only "billionarie" our class has produced but--Alas!-- still a bachelor

Well, there is LOUIS RUSH or 'Rawther' Col. Rush, of the National Guard. He is in charge of a brigade of elephants in Africa. He has his mighty chest decorated with medals won in the battle of Wilson Creek.

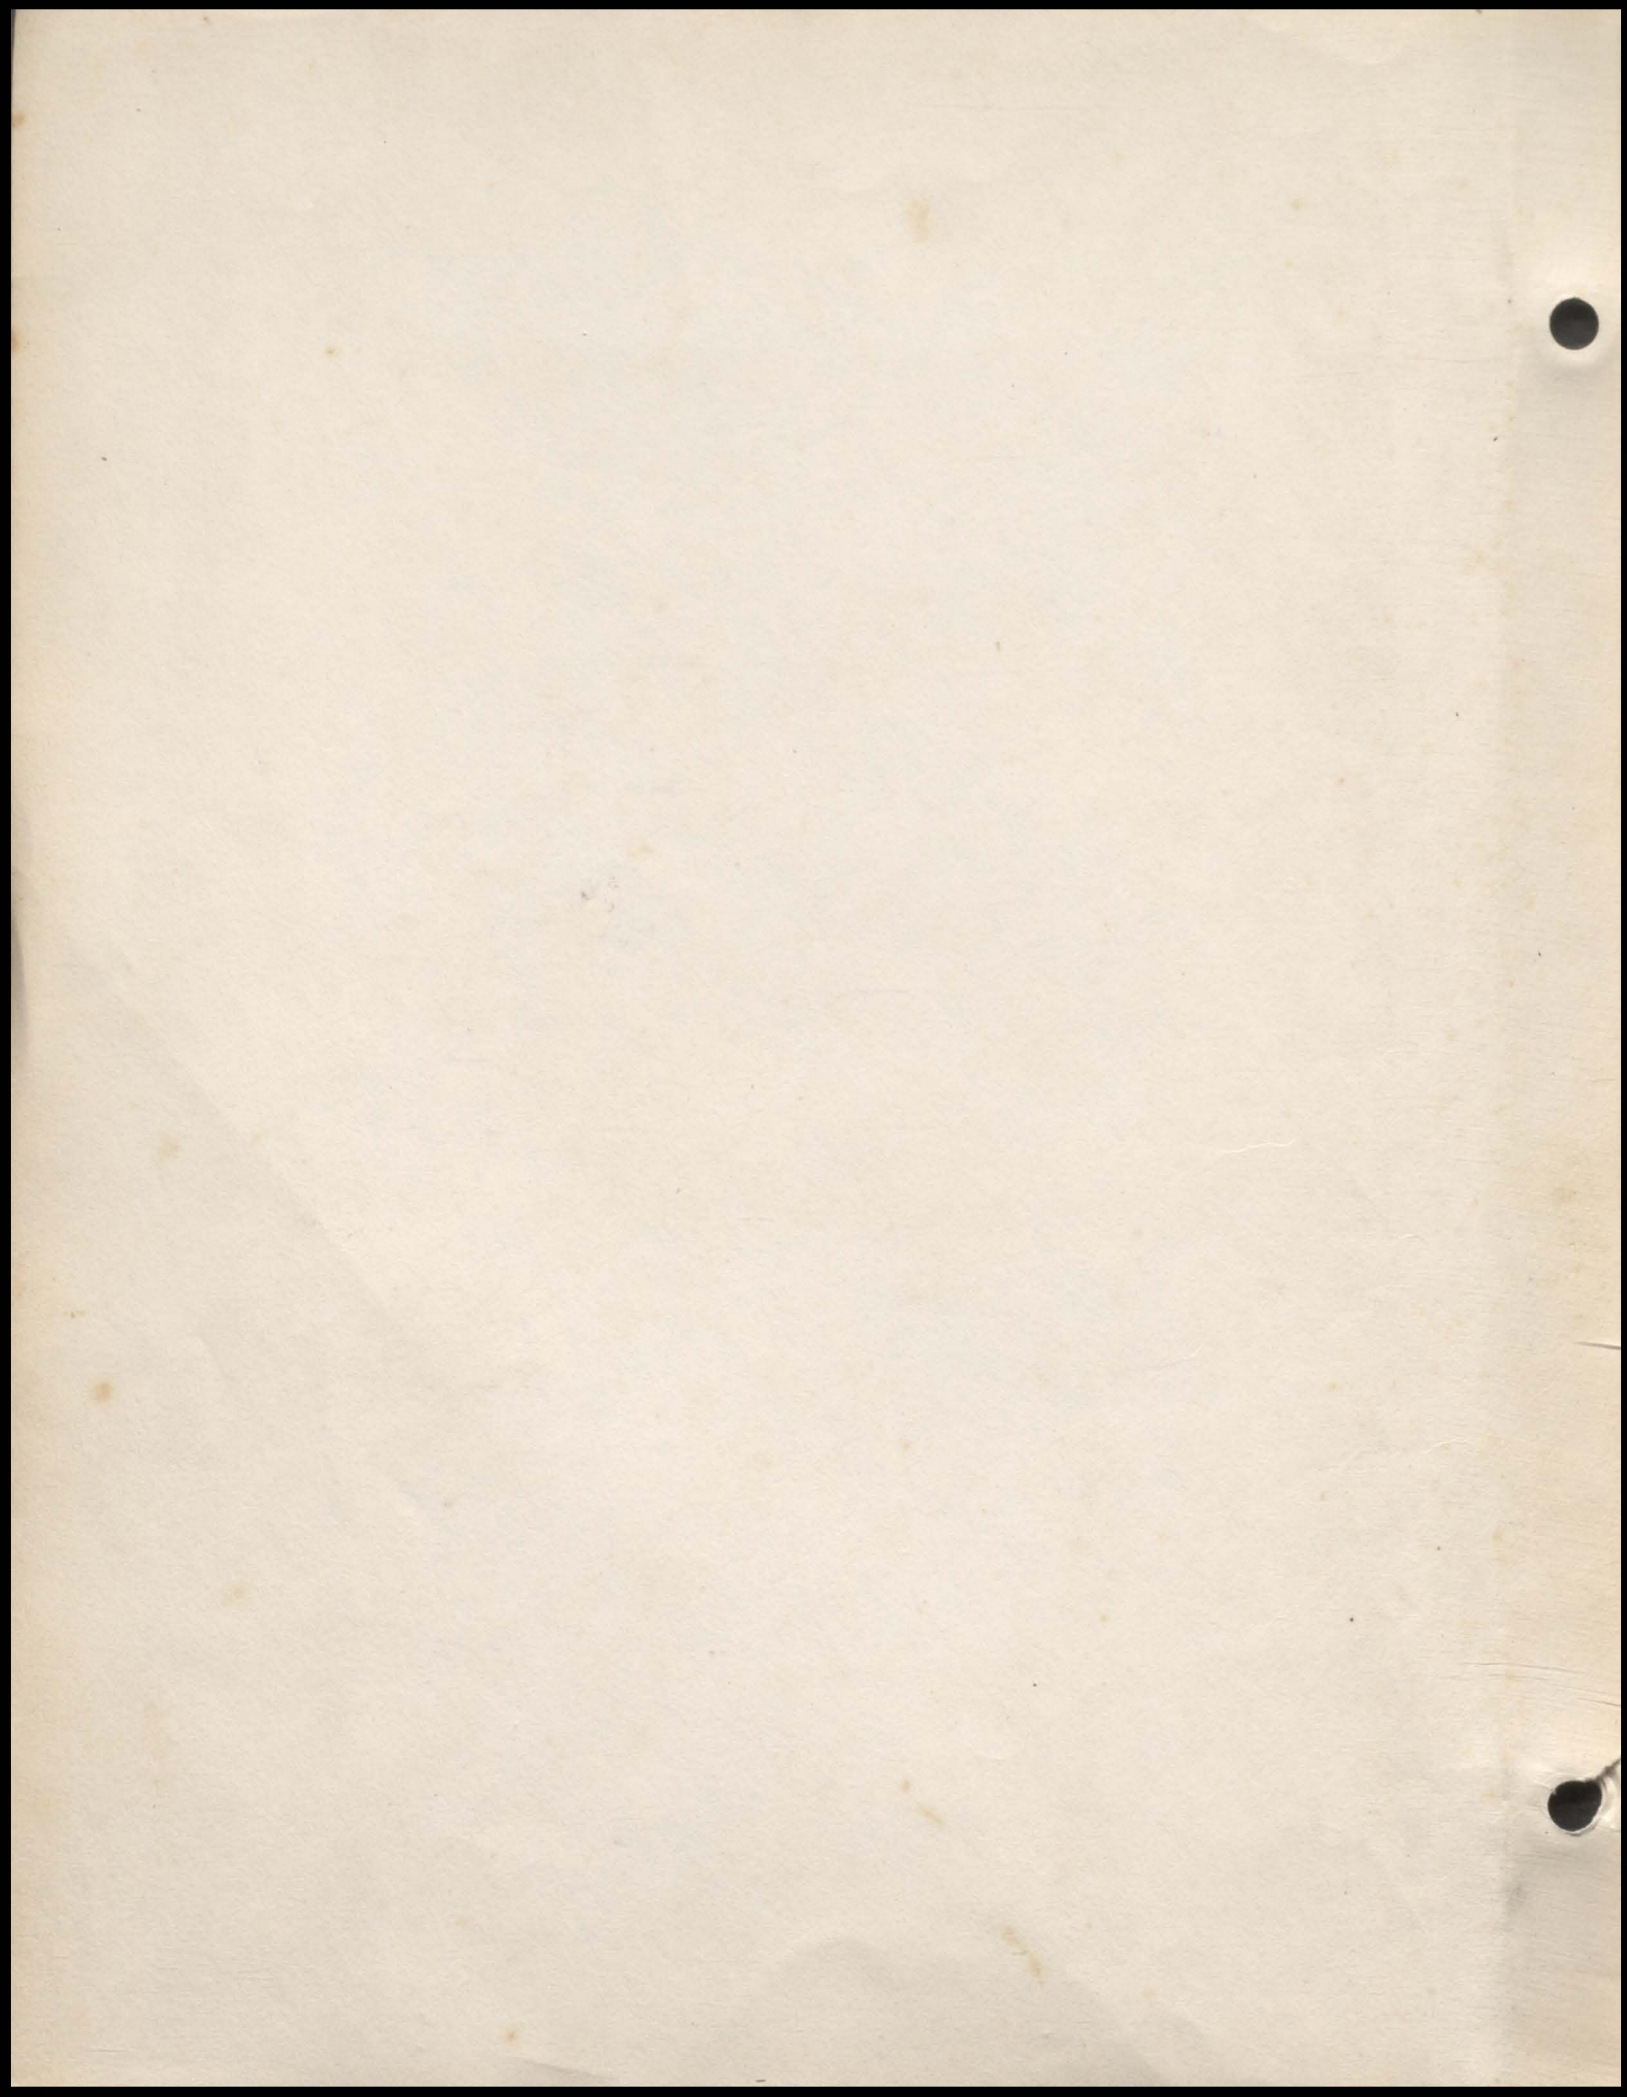

SIMON "Casper" CORNELIUS was seen this afternoon in the wild and woolly brambles of South America whistling for his pony. He is the "one" M.H.S. boy that insists on being a cowboy. He will soon become Mr. M. F. Ward.

While reviewing the "AMERICAN BEAUTY CONTEST" which is held annually in Miami, the beauty that took 3rd place was Miss "Juanita FRANCES WARD, who at the age of 27 has walked off with more 3rd places than any other lady now living. Miss Ward is planning to give up her career to become Mrs. SCC.

"CLARA MAY MILLER ART SCHOOL" is the brilliant sign that hangs above the 5th Ave. Bldg. in the fair city of N.Y. Miss Miller received her first position in the art field the day that the 1941 Mustang was published. A playboy--a--er--Mr. Vanderbilt, has the inside track.

After years of hard work the sequel to "Gone With the Wind" has at last been completed. The biggest surprise of the year came when it was announced that Miss ADALINE ESTHER "Honey-Chile DOLLY HILTPOLD would play the part of Scarlett O'Hara.

What happened to the Hiltbold-Johnson affair? Well,--Mr. Johnson accidently forgot that he had already proposed to Miss Hiltbold, and by a more coincidence he eloped with a young lady by the name of "six"-Gun Polly, (She was at one time the tallest gal in Cal.--and that is not short) on the very eve of the day that he was to escort Miss H up the aisle.

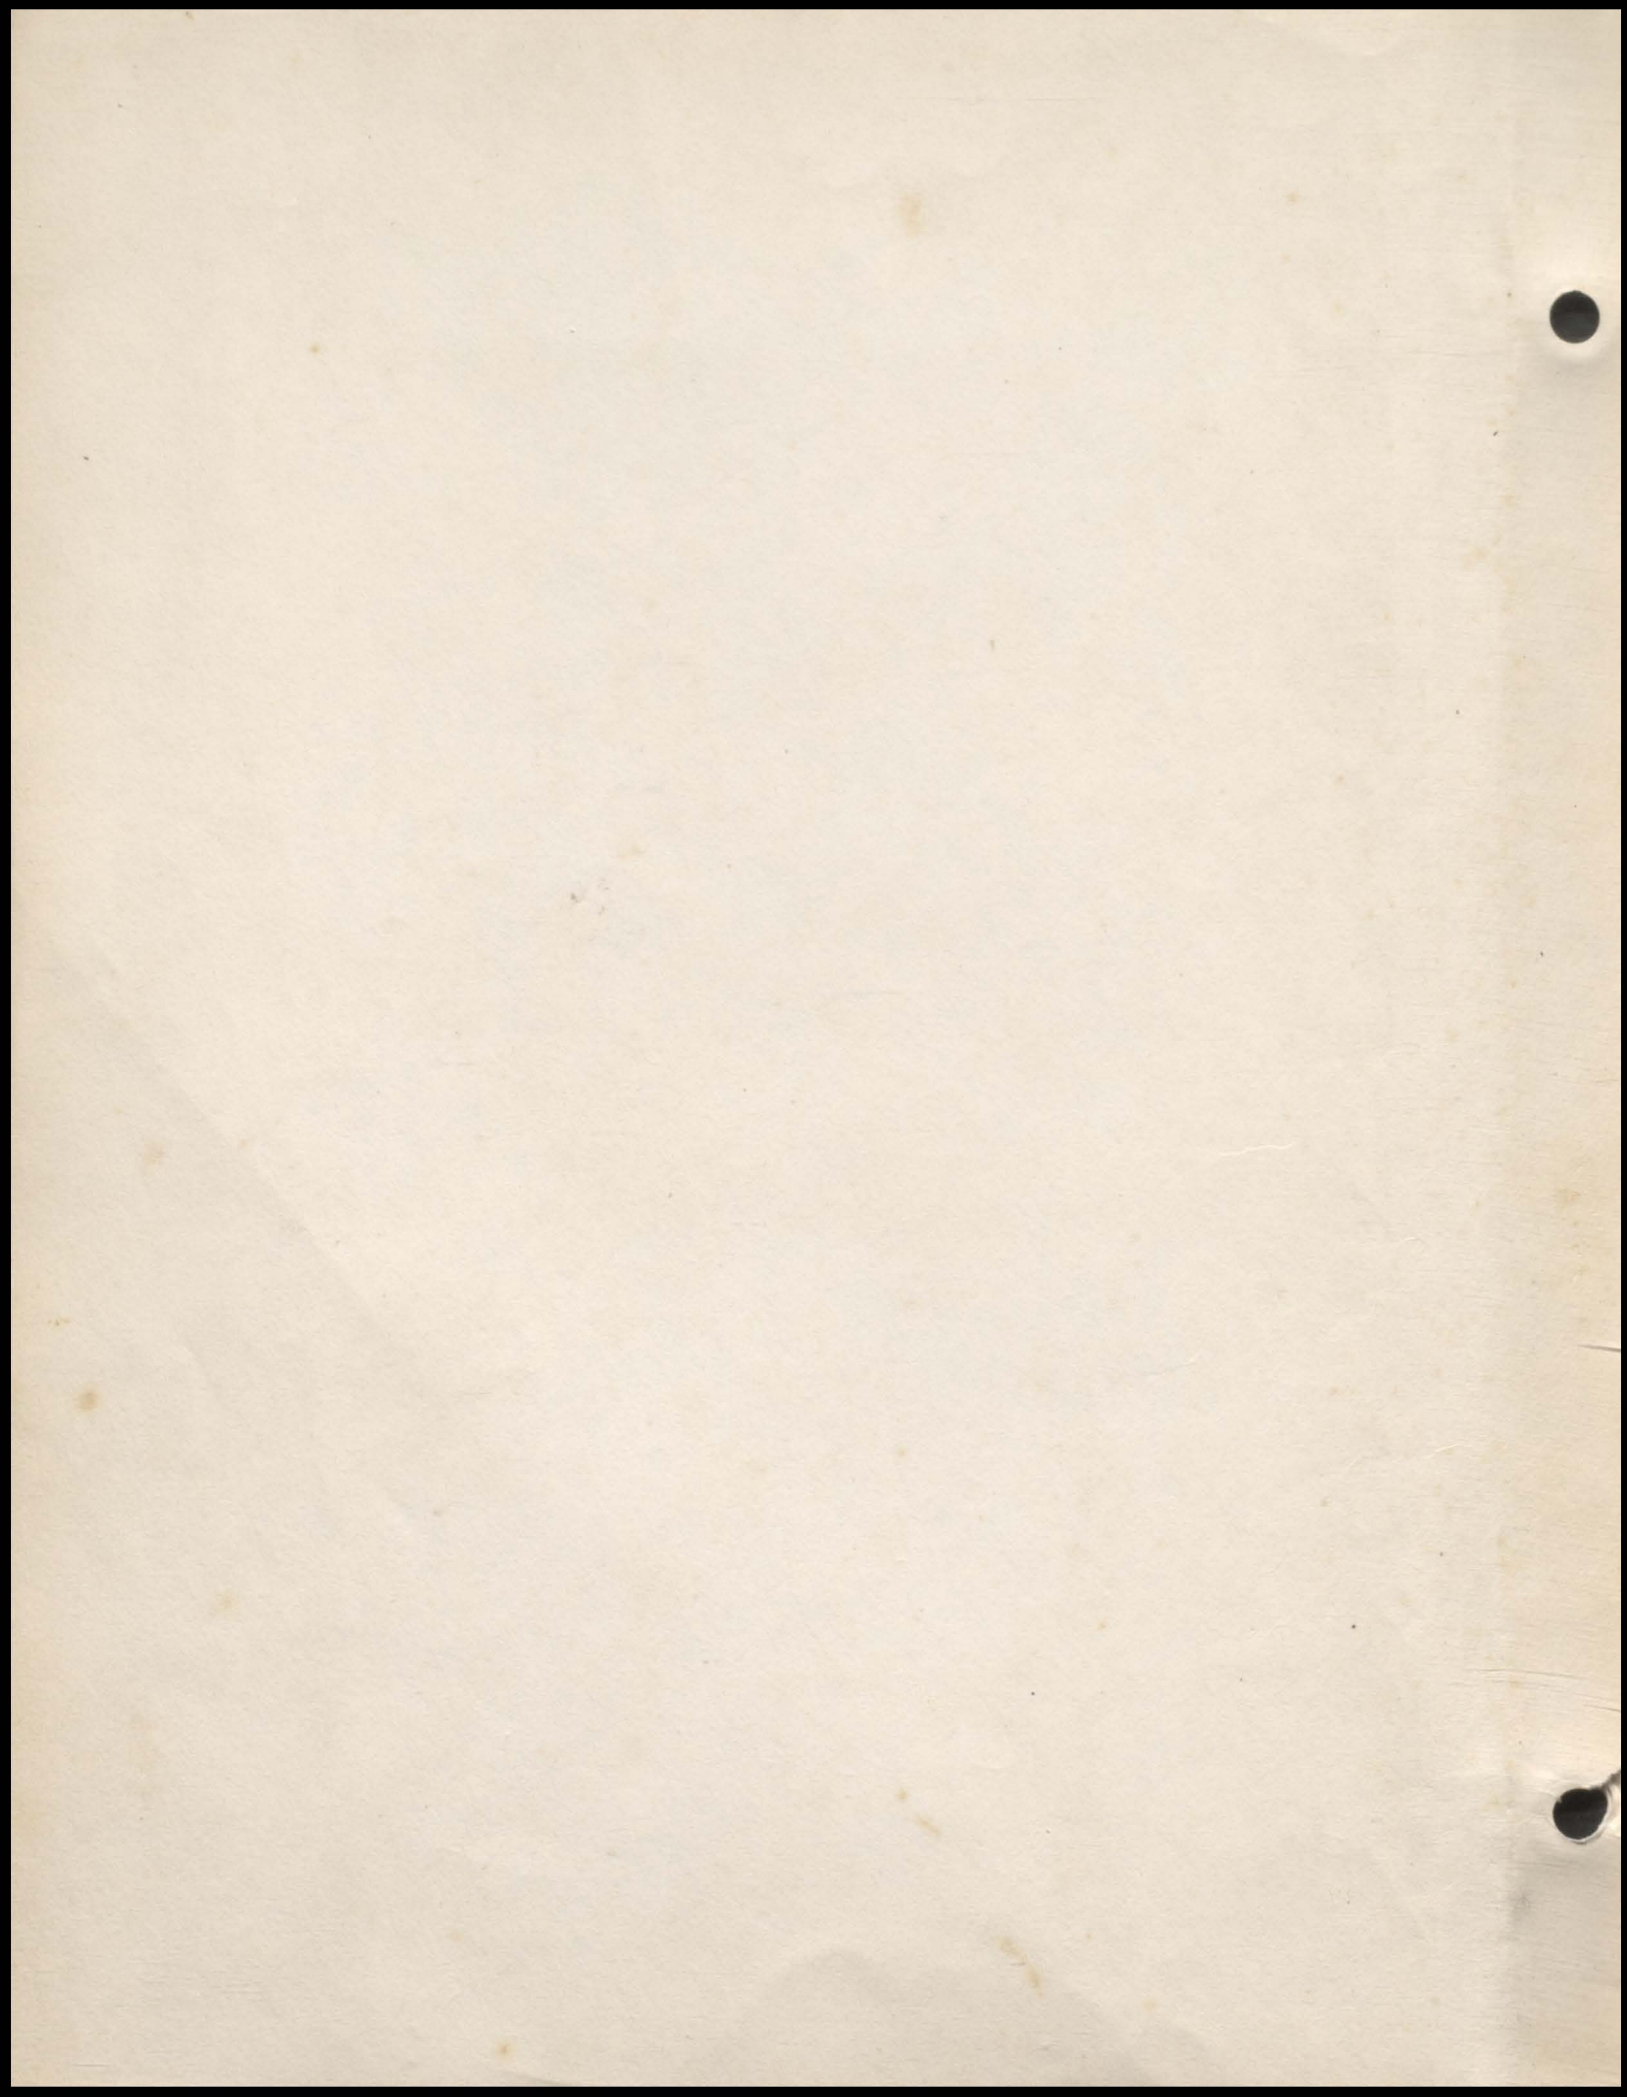

Of all the "dignified Seniors" who walked out of our school in the year of 1941, ARTHUR YNE SPARKS, who had an important role in the Sr. play, had the darkest out-look on life. (anyone who saw the Sr. play will understand this.) However, Miss Sparks wasted no time after graduation--she was married to the owner of the first-rate night club--Zero's. The happy couple live in a pent-house. The little Zeronessesssssss number only 25 in all but Mrs. Zero is thinking of adopting a few children.

ADRIENNE PERRY, one of the Sr. girls who got around more than most of the other girls, surprised us by becoming a spinister. The er, ah, young lady--had dedicated her life to caring for wounded soldiers in the hospital at Camp Pullen, Texas.

That charming young "Who's Who'er", Miss DORIS ANDERSEN, who was many times Vice-President but never the President is running as true to form as ever---She has just been elected again. Yes, our first woman President is about to go into office--She is planning to have the President impeached which will automatically make her president.

Miss DOTTIE SULADIE has had quite a stormy career since leaving high school. She has been in turn dishwasher, car-hop, cashier of a drive-in, slug tester, face-lifter, cotton chopper, hoe-filer, biscuit eater, tea sipper, mail carrier, and finally found her place in life in the state of Georgia. There in the wilds of that sovereign commonwealth she has the job of managing and bossing a chain gang. Romance???"No time fer it in my busy life"she said.

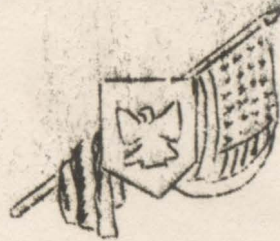

REMINISCENCE

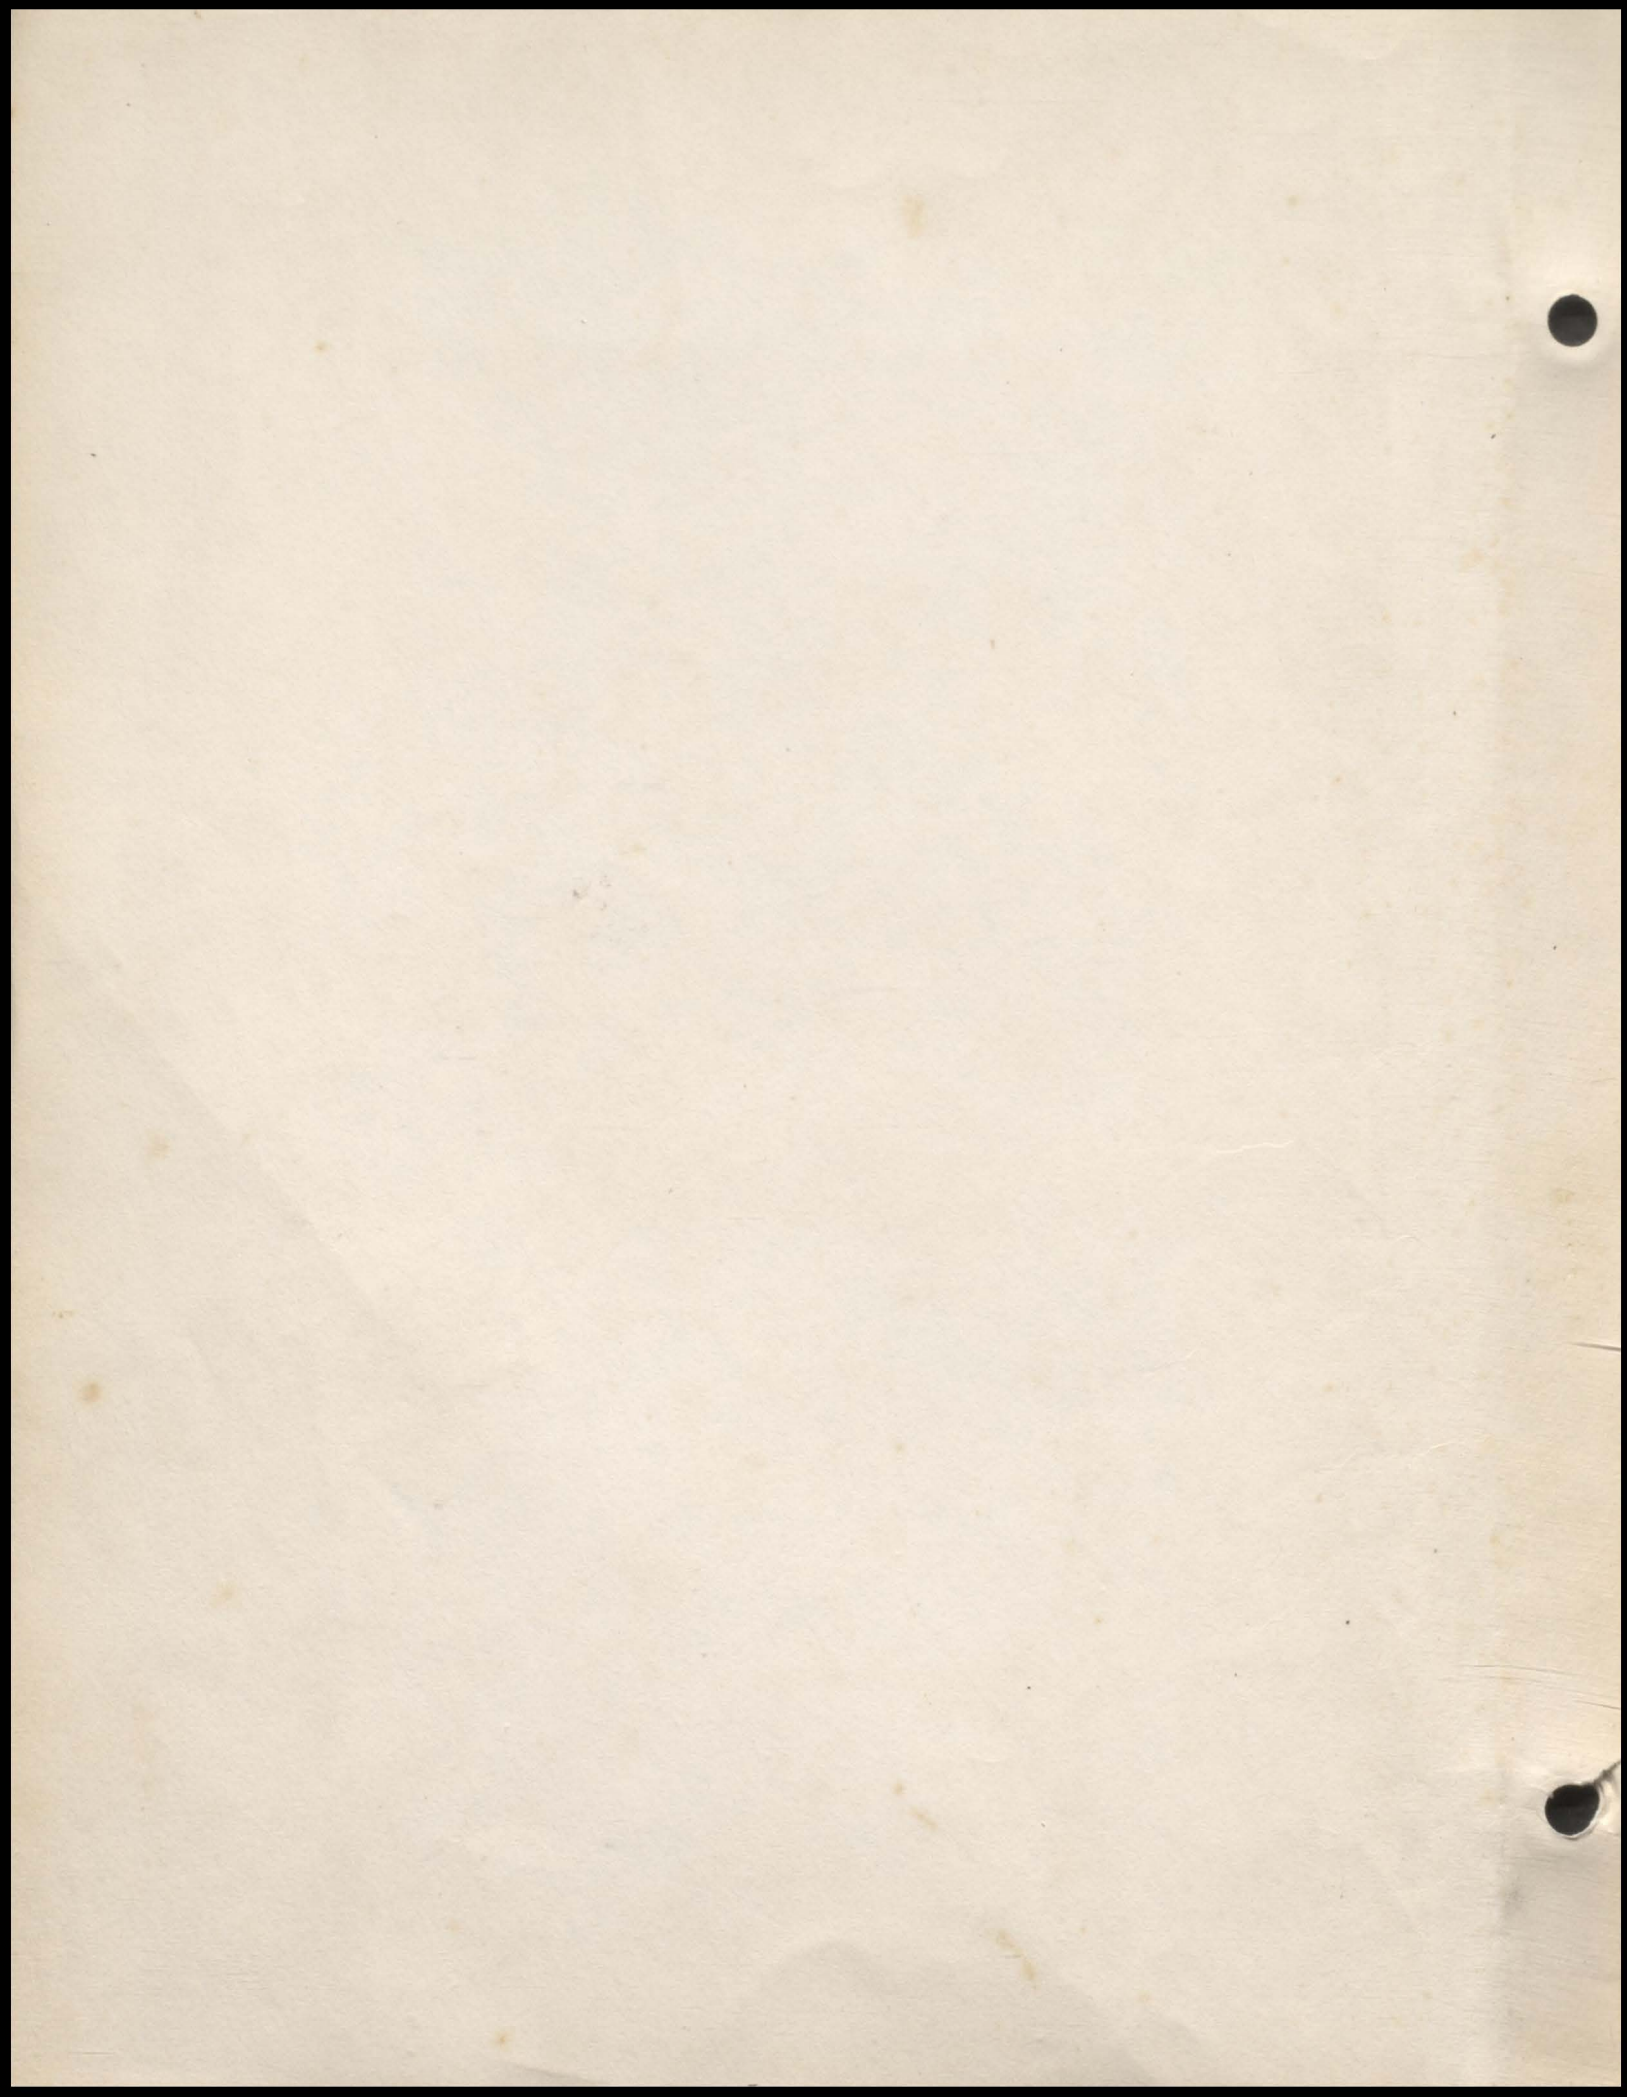

For eleven years with willing hearts
We've tarried here with you, dear school,
We've scuffed and scarred you up a bit
We've disobeyed your every rule.

We've tormented the teachers and loved 'em too,
We've passed notes and "chunked" spit balls.
We've skipped class and assembly when we could.
We have run and romped through the halls.

For every initial artistically carved
On desk, door, wall, or chair.
There's a memory within our hearts
That firmly is implanted there.

We're leaving you, for we must now
Prove whether we are sage or fool.
And on our way we'll all hold dear
Memories of you, dear school.

Mabel and Fay get wound up.
The finals come.
The subject of dancing comes up in the school.

WHY be satisfied with a six, when some of them actually cost more than a full-size, thrifty Buick FIRE-BALL straight-eight that has even more roominess inside? In fact--even some of the lowest priced cars cost almost as much as a Buick by the time you get them equipped in comparable fashion.
