Markham High School

Dedication

Foreword

The Staff of the '48 Mustang has endeavored to make this year's annual one of the best. It has been our aim to produce an annual which will present our school as you would always like to remember it. In order to clearly represent the activity, the progressiveness and the happiness of our school, our watchword has been simplicity.

As a tie that binds those who are yet to come and those who have gone before, we present The Mustang of 1948.

Superintendent's Message

Dear Students:

Another year is about to become history as far as you and your school days are concerned. For quite a few of you it is the end of high school, and for some of you it is the end of all formal education.

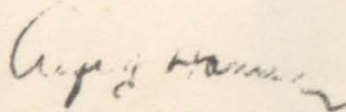

Just as having a long string of college degrees is no guarantee to security and success so will your high school diploma be no assurance that all will be well with you.

For this is the day and era of contradiction. From literature, politics, press, pulpit, home and school come dire condemnations in lengthy form as to what is wrong with you, your mode of life, and the world in general. But few, . . . a very few, offer any solution, make any effort, or in any way involve themselves in clearing away those obstacles that supposedly hinder your progress toward a better life.

You must all develop your reasoning powers in such a manner as to make the best possible choice of a job, a marriage, a livable philosophy of life, and a mode of living that leaves a little for your fellow man. Your high school education will help but not nearly enough. The rest will be up to you.

May each of you discover for yourselves the way to a healthful, happy, and prosperous life.

Sincerely

Alfred Hansen
Superintendent

Superintendent's Message

Dear Parents:

Another year is about to begin. It is an exciting time for our school and our community. We are proud of the progress we have made in the past year and look forward to continuing our work together.

Our goal is to provide a high quality education for every child. We will continue to work hard to improve our curriculum and our teaching methods. We also need your support and participation.

For this year, we have set some new goals. We want to see more students reading for pleasure. We want to see more students participating in extracurricular activities. We want to see more students taking ownership of their learning. We will be working hard to achieve these goals and we need your help.

You can help by reading with your child every day. You can help by encouraging your child to try new things. You can help by talking to your child about school. You can help by volunteering at school. We will be working hard to make this year a great one for everyone.

We are excited to start this new year and we are confident that we will achieve our goals. Thank you for your support and participation.

Sincerely,
Superintendent

PRINCIPAL'S MESSAGE

As another school year draws to a close, I hope that it has been as enjoyable for each of you as it has been for me. In this time of the Atomic Power, we sometimes forget to slow down and enjoy the things around us. We think that we might even be happier doing something else or even being some other place. Yet as each year passes, I think that you will realize that your school days were your happiest days. I feel that each of you will cherish the memories of Markham High days.

Each of you should ask yourself this question. Am I taking advantage of the educational opportunities before me today? Never before have boys and girls had the educational opportunities before them that are offered to you today. You should realize the value of your education and take advantage of these opportunities before it is too late. Sometimes some of you fail to put forth the effort needed to receive the fullest benefits from your work or your play. Sometimes your indifference causes you not to have the desire to make the most of these opportunities.

The road to success is not the easiest nor the smoothest, but success can be obtained if you have the desire, the ambition, the courage, and the ability to conquer the obstacles you meet. If the time that you have spent in Markham High has helped you in the development of these four things, we can all feel proud. We as your teachers have tried to give you the stimulations which you needed to develop your courage, and your desire so that you might become ambitious enough to increase your ability of defeating the problems that will be before you. I want to think that we have been successful in doing this.

My sincere wish for each of you is continued happiness and success throughout ~~your~~ life.

Sincerely

Lanier Hester

PRINCIPAL'S MESSAGE

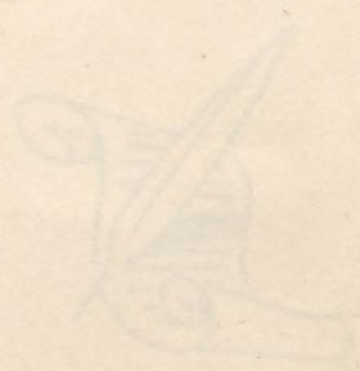

In another letter, I have mentioned the fact that the school is now in a position to offer a course in the study of the history of the United States. This course is being offered for the first time and it is hoped that it will be of interest to many of our pupils. The course will be given by Mr. J. H. [Name] and it will cover the period from the discovery of America to the present time. It will be a most interesting and profitable study and it is hoped that many of our pupils will take advantage of this opportunity.

Senior Prophecy

Maybe there isn't anything reliable about dreams but the nightmare I had the other night was indeed unusual. It was all about the Markham Seniors of 1948 and I believe it will serve as a prophecy of what they will be doing twenty years from now.

Of course Markham was the scene of the dream and it wasn't much bigger than it is now, only a little taller and quite a bit weedier. All of the Seniors had taken up their life work around this little burg and they were pretty much running things in their energetic manner.

The first person to come into view was Sidney Anderson, bald as a top, peddling lace and fine needlework from door to door. He was giving his best sales talk to Doye Dodd and Doye was about to buy out his whole stock.

Across the street was a school . . . at least I thought it was a school at recess time. There were 8 kids playing in the yard but Sidney told me that was where Mrs. Bessie Brinkley Frick lived and that she had quite a family.

Coming down the street I saw a tall woman with a basket of clothes on her head and bundle of laundry in her arms. A bright sign on the basket said "Marcella's Wet Wash. . . free delivery." She was followed by T. B. with a small bundle of laundry. They were making some deliveries.

I saw Lonnie Elliott sitting on the steps of a house with a small child. He told me that he was a baby-sitter, doing all right in a town full of Markham graduates, but that he would sit only in the daytime as he had a lot of interesting things to do at night.

A big sign on top of a wooden one story skyscraper proclaimed to the world that J.O. Frick was the town's leading investment broker. Stopping in to chat he said that his investments were mostly in ivory squares and their probability of stopping with their right sides up when banged hard against a wall. It was all very confusing and I didn't quite understand how that could make a living. He told me Joy Hebert was still living in Clemville, hadn't gotten married yet, and had finally decided that she could make quite a career out of being an old maid.

I noticed a letter on J. O.'s desk from Dr. Calvin Keith, Ph. D., Prof. of Puerile Psychology at Siwash University. He was seeking some advice about "investments" from J. O... the same kind of bad investments he was always making..he asked something about when to "fade" and when not to. I didn't think Calvin would ever fade away.

A sign on a post advised you to listen in on KICX and hear Prima Donna Lasoya and her Latin-American hour. Her singing is bringing in quite a bit of fan mail.

At the post-office, where I stopped to get some fresh circulars, I saw Alberta New behind the window. She said she had been post-mistress for some time. I didn't see any of the seniors pictures on the walls. Only a sign that Henry Sanders, the only male ballet dancer in the business, was coming to Termite Inn for a one-night stand, bringing all of his famous show back to town.

A sign proclaimed that "Wilton Week's, Esquire, Hamburgery" was open for business day and night twice on Sundays and Holidays. Ellis gave me a free cup of coffee that the preceding customer wouldn't drink since it had a fly in it, and said that he was really proud of his head waitress, Pat Thompson, who came in about that time with a tray and some soup and her finger in the soup. She seemed to be quite enthusiastic about her job and said her only difficulty was breaking dishes. . . over J. O.'s head when he came in and got "mean". All in all it quite some joint only Ellis said it was a place, not a joint.

Overhead I saw Irwin Wind's place of business . . quite a "salon". The sign said "Button holes and fancy hemstitching". Irwin said he had quite a bit of trouble making buttonholes at first but that the hemstitching was a snap. He seemed to be doing all right as most of his old girl friends still lived within a short radius of Markham.

All in all, the Seniors seemed quite happy. I was told that they were really strict on their many children, making them come in at ten every night, not letting them use the family car, and chaperoning them on most of their dates.

I woke up about then, got up and took three aspirins, some BC's, two tablespoons of soda, but I couldn't help my headache a bit.

I believe I should mention to you that I have been thinking of you very much lately. I hope you are well and happy. I have been very busy lately, but I always find time to think of my friends.

I have been thinking of you very much lately. I hope you are well and happy. I have been very busy lately, but I always find time to think of my friends.

LAST WILL AND TESTAMENT

WE, the Senior of 1948, having reached our destination and obtained our goal, having "loved, labored, and laughed" our way through all our years of school, do leave this, our last will and testament.

To Mr. Hensen, we leave the blissful thought that he will not be bothered with our misbehaving class.

To the Junior class,, who will be next year's Seniors, we leave our pleasures and privileges of being a Senior. We will them the right to run the school, initiate the freshmen, get out of classes lots and the pleasure of helping publish the annual another year! The very best of luck to you!!!

Last, to these individuals we leave the following things:

Mokey Dodd leaves her pep and energy to Yvonne Grantham and those who need it.

Pat Thompson leaves her place as drum major to Ellen Crocker.

Tooter Frick leaves his ball playing ability to Lester Wind.

Calvin Keith leaves his ability to stay in HS 5 years to Claudie.

Bessie Brinkley leaves her determination to study and be a good student to Gladys Robertson.

Henry Sanders leaves his good humor and his saying "dont ever worry" to Mary Ollie New.

Alberta New leaves her place on the volley ball team and her left handed serve to Jo Ann Whiddon.

Eloisa Lasoya leaves her sweet personality to Mary Kee.

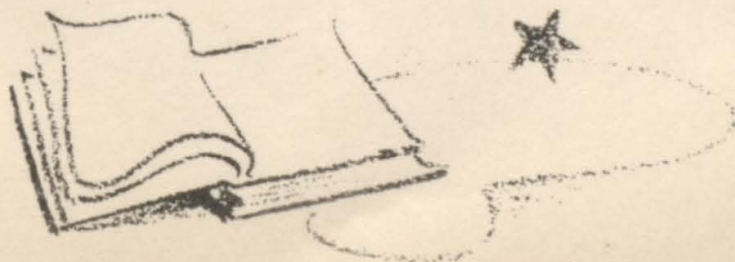

Joy Hebert leaves her talent and nice disposition to Dorothy J.

Irwin Wind leaves his ability to while away his time but yet make straight A's to Billy Frieze.

Sidney Anderson leaves his technique with the women to Lawrence Harton.

Lonnie Elliott has always been a lover of honky-tonks and dead end streets so he leaves these things to Raymond Krenek.

Ellis Weeks leaves his cooperativeness to anyone who needs it.

BAND GOSSIP

If you by any chance need seranading by a tenor Sax get in touch with George H.

The only time Irwin and Gladys get to solo is when we go to band. (Watch out Billy).

We wonder why Tooter joined the band, couldn't be because he wanted to keep an eye on Pat, would it? (or was it to go on band tours?)

Wonder why Janette keeps knocking her music stand over on Lester, couldn't be to catch his eye could it? Huh?????

Why does Mr. Havlik break so many director's sticks . . is it because the kids are so mean???

Why does Yvonne miss so-o-o many licks on her bass drum, is it because she concentrates on Irwin too much?

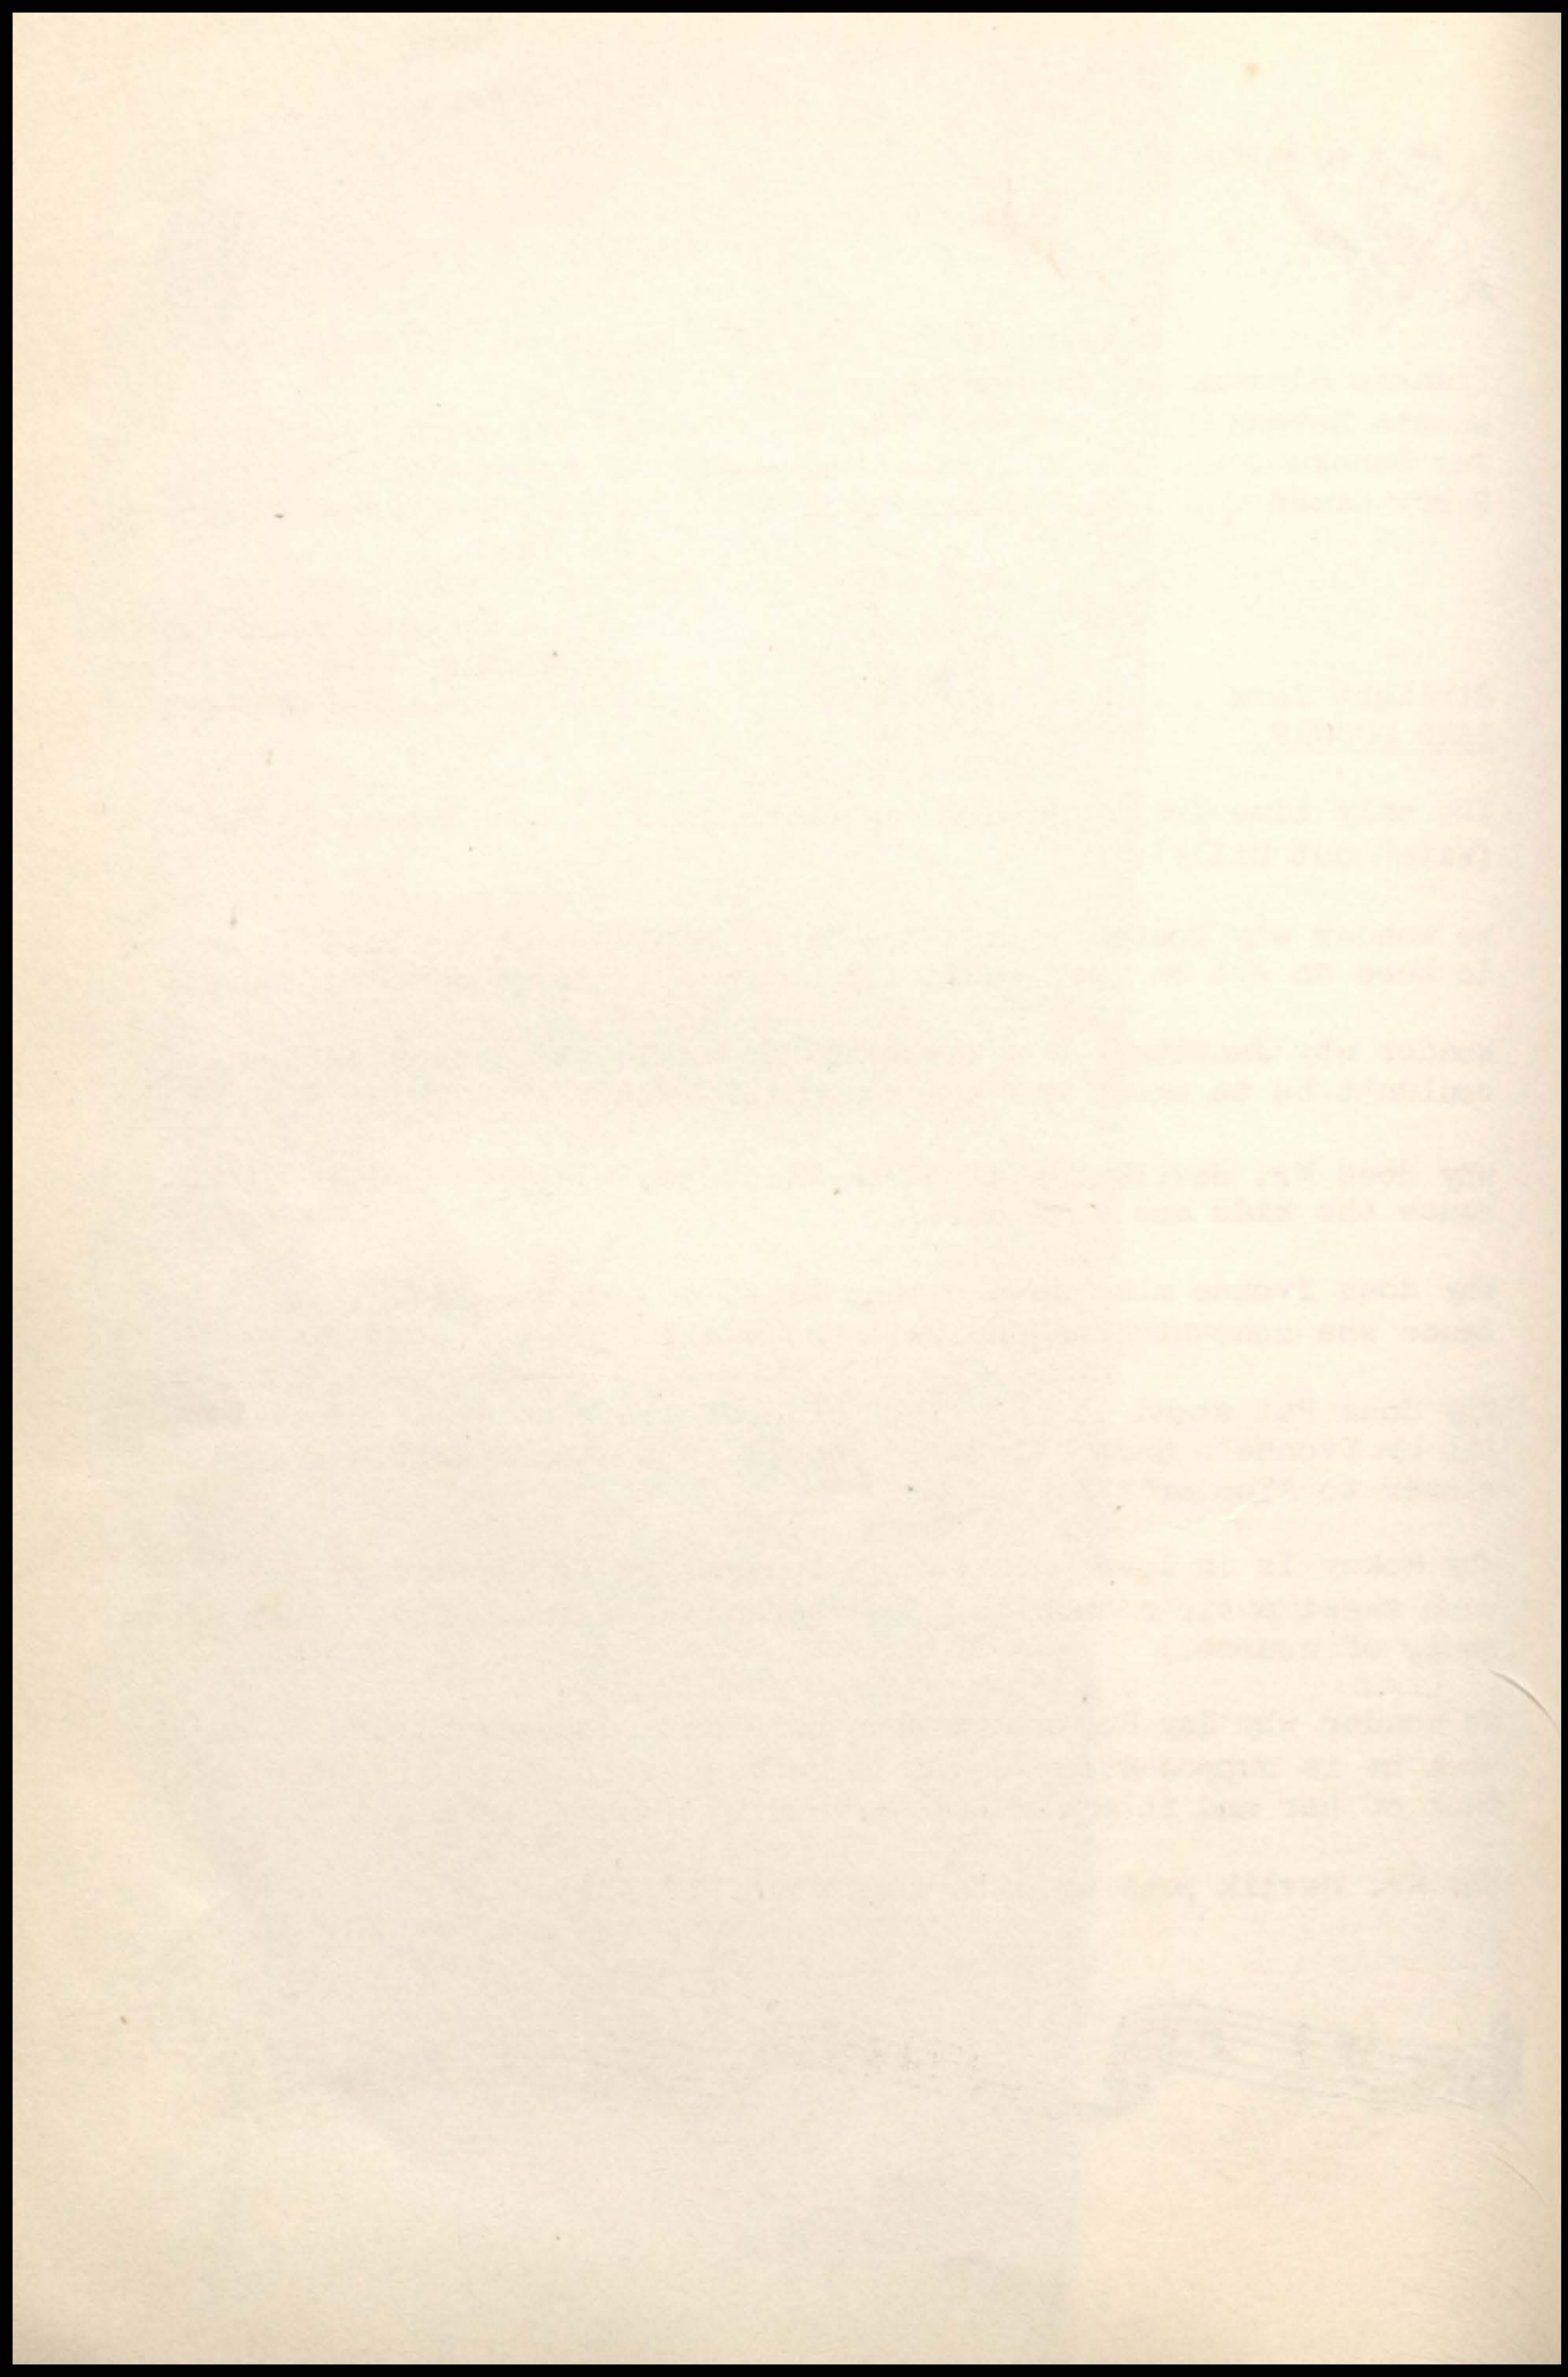

Why does Pat stand on the right side of the bass drum and risk being hit by Yvonne's drum stick, . . could it be because it's a little closer to "Tooter"???

Why Mokey is in love with her Bell Lyre, is it because it makes such sweet music resembling the "serenade of the Bells." (Her dream song, of course.)

We wonder why Kay Boy plays when he's not supposed to and doesn't when he is supposed to, could it be because he sits slightly in back of her and it makes him nervous??? (Bobby, we mean)

Why Mr. Havlik puts up with this stuff?????

We give thanks to

Mr. Hansen: for being one of the best teachers in school and such a swell guy outside,
Mrs. Grantham: for always helping with all social affairs and devoting much of her time with the Junior and Senior classes.
Miss Barnett: for having such a sweet disposition and always willing to help others.
Mr. Hester: for his tireless efforts trying to make a success of the athletic activities.
Mrs. Sirmon: for her ability to teach history and civics.
Miss Irwin: for helping with the high school social activities,
Mrs. Roecker: for being such a nice person to know.
Mr. Sparks: for his unusual and well thought of school spirit.
Mrs. Townsend: for trying to make a go with the school cafeteria.
Mrs. Sherrier: for being kind and understanding to the children.
Mrs. Newton: for being friendly and helpful at all times.
Mr. Havlik: for knowing how to get along with students and thinking as much of us as we think of him.
Yvonne: for being such a wonderful sport.
Gladys: for being so sweet and considerate to everyone around her.
Lawrence: for helping to make enjoyable gatherings of the annual staff. . happy days!
Janette: for her laughing and merry disposition.
Ellen: for being a good majorette of the band.
Richard: for his musical talent which everyone enjoys so much.
Sidney: for his ability to get along with everyone. Especially girls.
Pat: for her effort in teaching the band how to march, so we can be called a marching band.
Tooter: for keeping Pat happy.
Mokey: for holding the pep squad together and enjoying it.
Henry: for never "worrying" and always being jolly and pleasant.
Bessie: for her friendliness and honesty toward everyone.
Irwin: for his technique with the teachers.
Eloisa: for her honest grades and always ready smile.
Lonnie: for sticking by his friends.
Joy: for being such a good volleyball manager.
Calvin: for his great ambition to finish school.
Alberta: for having that non-return volleyball serve.
Weeks: for being able to make people around him laugh.
Seniors: as a whole gives thanks to you all.

The document is a very faint, illegible page, possibly a scan of a document with extremely low contrast or a very faded print. The text is completely unreadable due to the lack of contrast and the presence of significant noise and artifacts. There are some faint, illegible markings and what appears to be a faint signature or stamp at the bottom of the page, but no legible text is present.

We Wonder

Why Mr. Hansen likes this years' typing class so much better than last years. Could it be they don't eat bugs?

Why Doye likes Bay City so, or is he just covering up?

Why Raymond never gets home before the chickens are up?

Why Irvin is always dodging around corners. Could be he's running from someone?

Why Richard never has any dates. Could it be a certain girl in Collegeport?

Why Lawrence always wanted to sell fountain pens and pencils in Bay City. (Texas-Drive-In Maybe)

Why Lister gives the women the cold shoulder.

Why Billy and Gladys never fight anymore.

Why Ellen never goes out, not even for school activities.

How Lonnie knows; every honky-tonk from Corpus to Richmond.

Why Sidney is scared to go near the 7th and 8th grade room! A certain redhead maybe?

Why Bessie is so quiet about her private life.

How Pat stays so happy. Love must be wonderful.

Why Weeks never has any trouble finding him a girl.

Why Tooter and Mokey have their silent moods.

Where Joy gets her mothering instinct.

How Yvonne can put up with all the teasing she gets.

Where Henry got that black eye during basketball season or was it after a game, Henry?

Why Mary Kee likes out-of-town so well.

Why Bobbie Hebert is so friendly with the teachers.

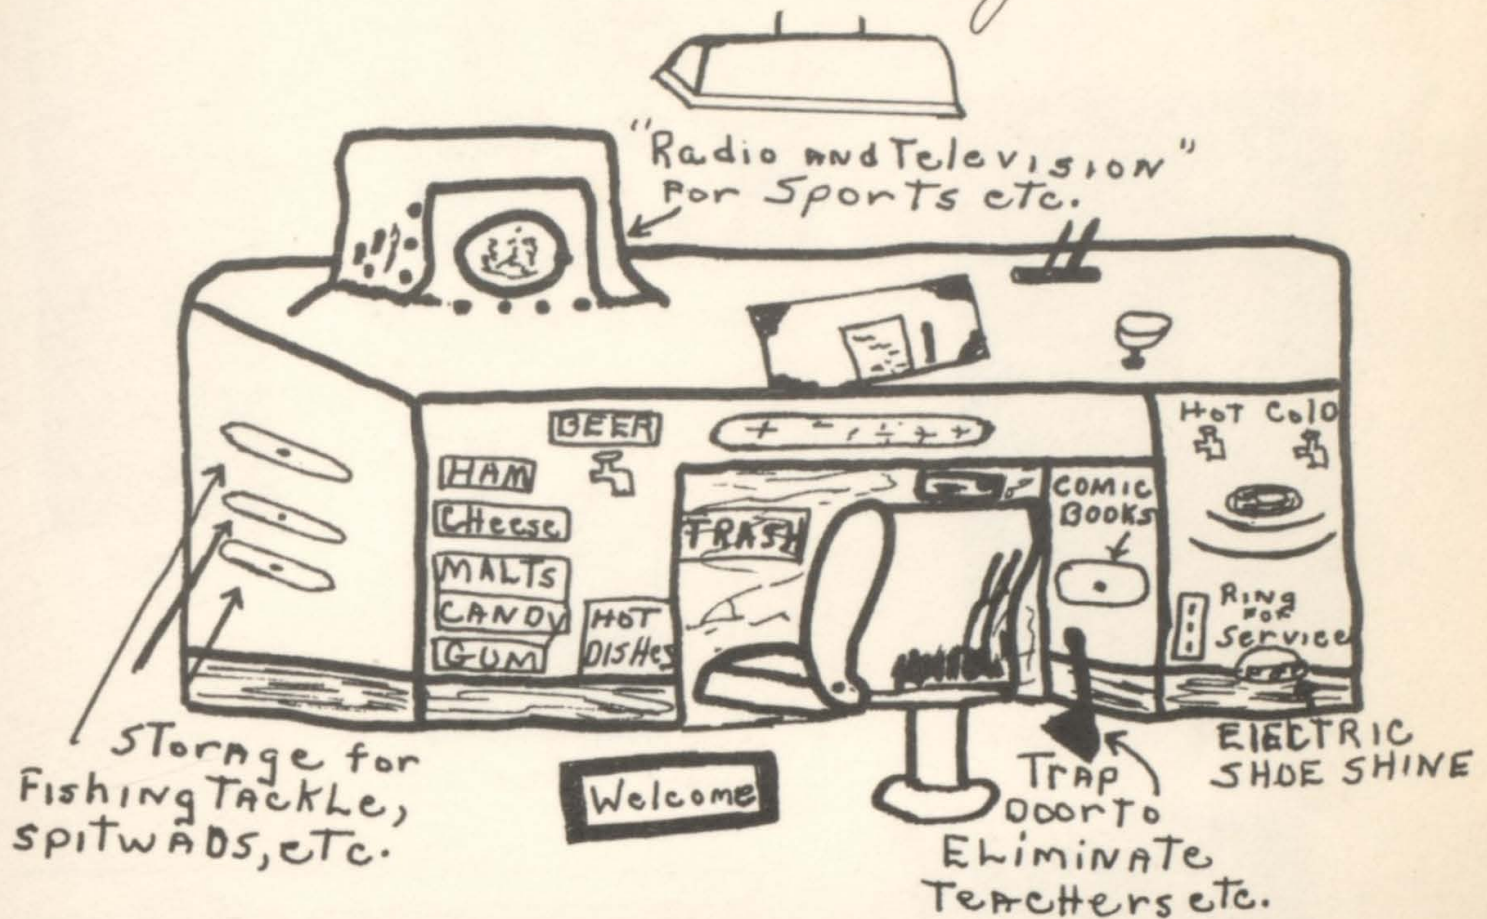

What always happened on the ad-selling tours of the annual staff. (Especially in Bay City and El Campo) HMMMMMMMM?????????

Why we are allowed to print this stuff?

1875

The year 1875 was a year of great change and progress. It was a year when the people of the United States were beginning to realize the importance of education and the need for a more efficient government. The year was marked by the passage of the Morrill Act, which provided for the establishment of land-grant colleges, and the passage of the Civil Rights Act, which prohibited discrimination on the basis of race. The year was also marked by the death of Abraham Lincoln, one of the greatest leaders in the history of the United States. The year was a year of great hope and optimism, and it was a year when the people of the United States were beginning to see the light of a better future.

Student's Delight

This is a student's dream of the very latest in student's desks. With such equipment they would be glad to go to school on Saturdays, Sundays, and holidays in addition to the rest of the days of the week. They might even consider doing without their summer vacations!

Such desks would put the students completely at ease, they say, enabling them to do much better work . . . or play? A desk of this type could easily be built for \$13756.42 each, which isn't much in these times of high prices.

Opposition to putting in such desks is expected from those students who enjoy doing home work, for with such a desk no homework is necessary.

Treasured Memories

Your yearbook is a store of treasured memories. The oft repeated thrill of recollection which accompanies each new search through its pages will many times repay you for the care and consideration which has gone into its creation.

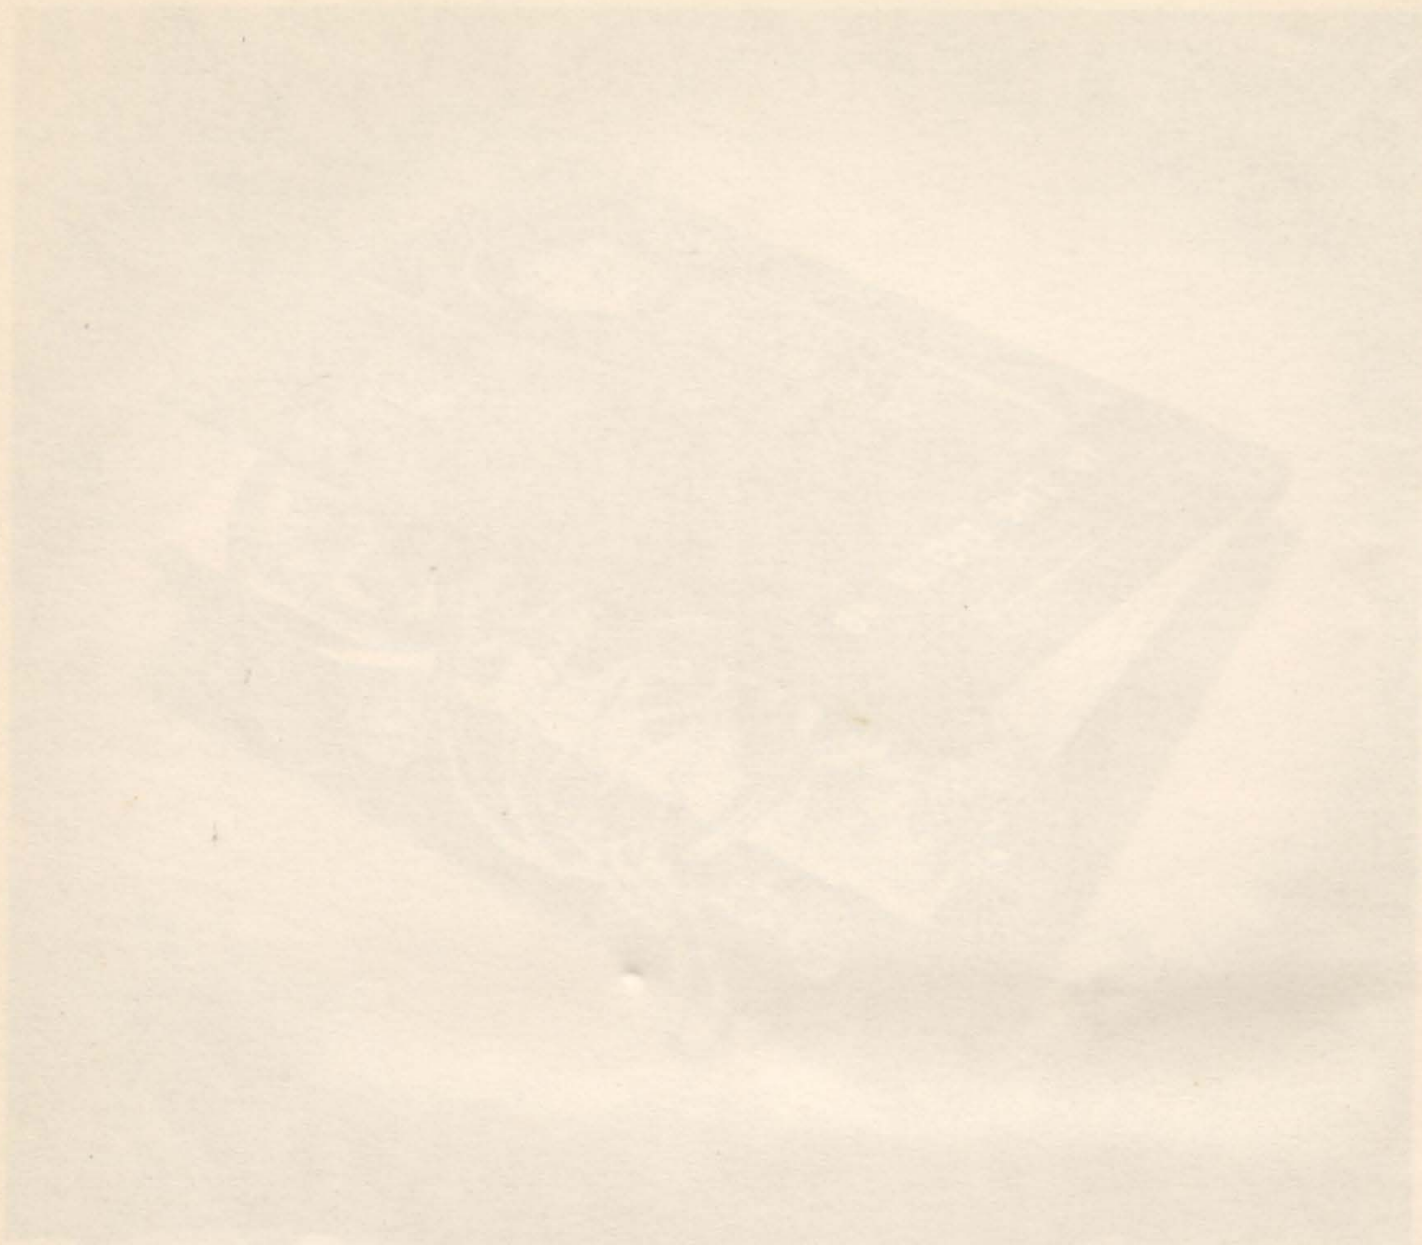

We are publishing 1948 Annuals for more than 900 Colleges and High Schools. This patronage indicates a wealth of ideas and service which has no doubt made possible the long record of our school annual achievement.
