MARKHAM HIGH SCHOOL
MARKHAM, TEXAS

The Mustang

Foreword

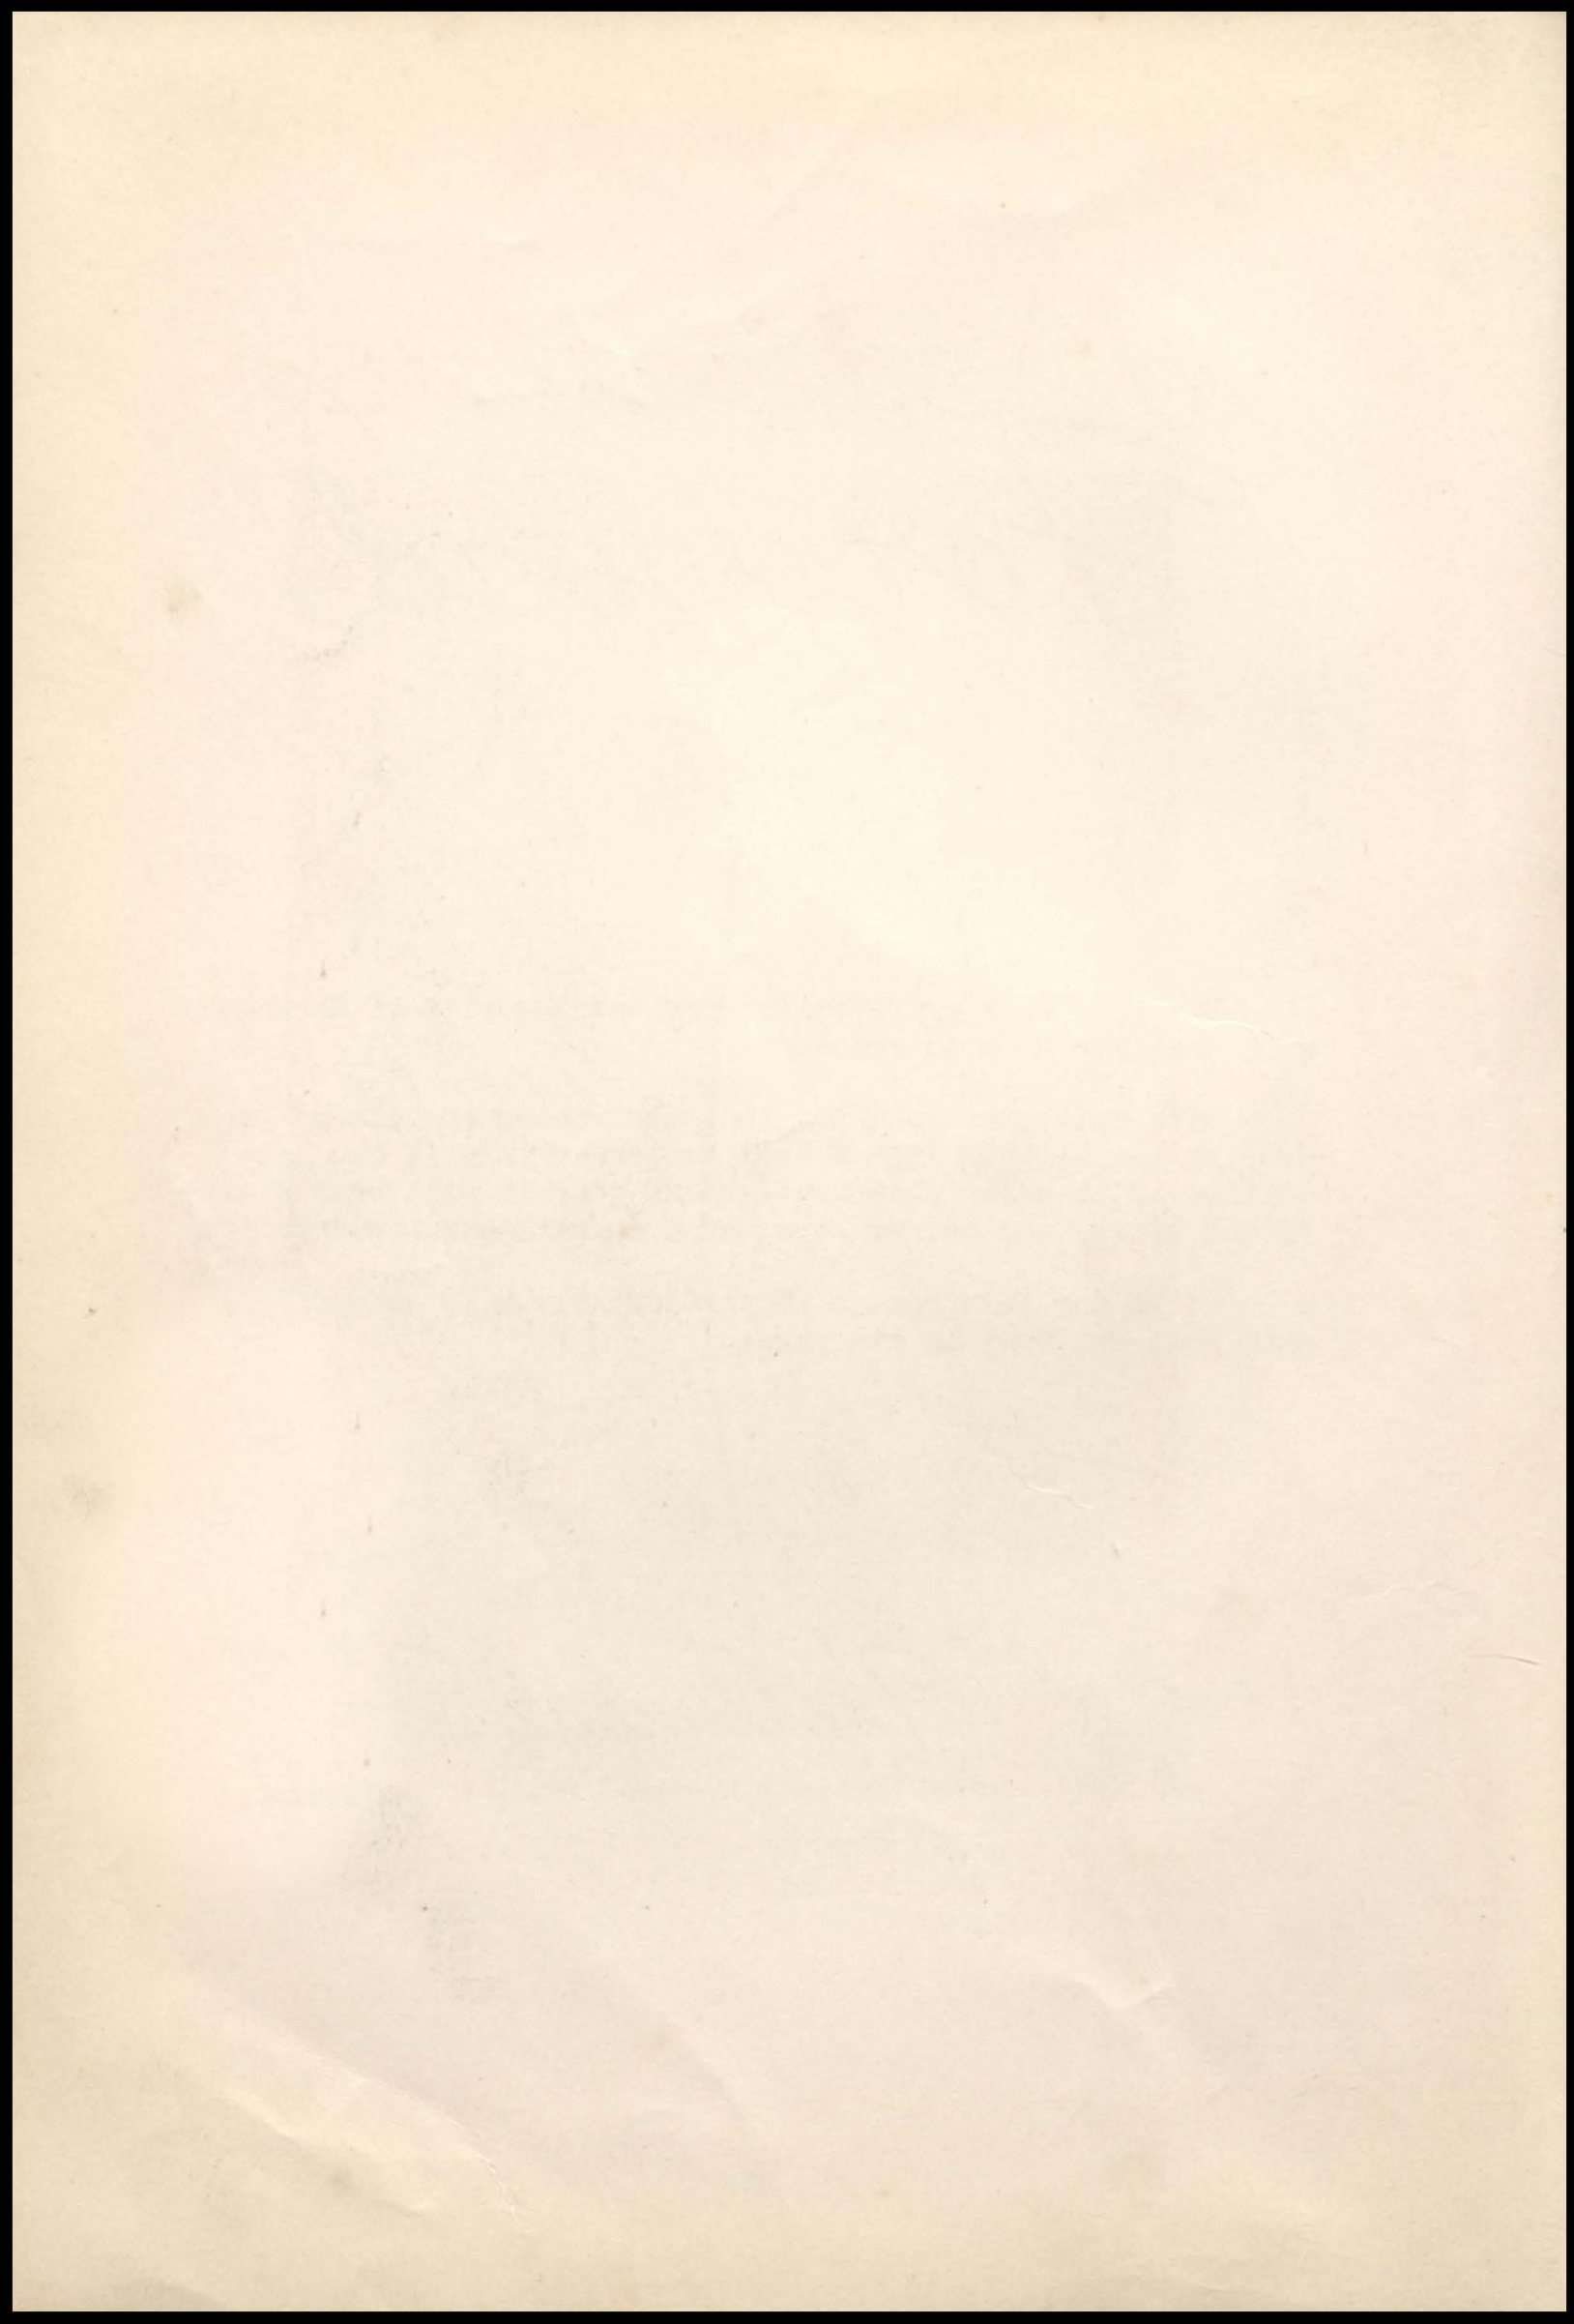

May this book preserve for you the memories of Markham High that you wish to remember.

With this, the 1949 Edition, the covers are closed forever on the Markham High School Mustang. This is the last edition of it under that name. Next year it will bear a different title, and be, we hope, an even better representation.

It is for this reason we particularly wish to please you with what you find in its pages.

The Annual Staff

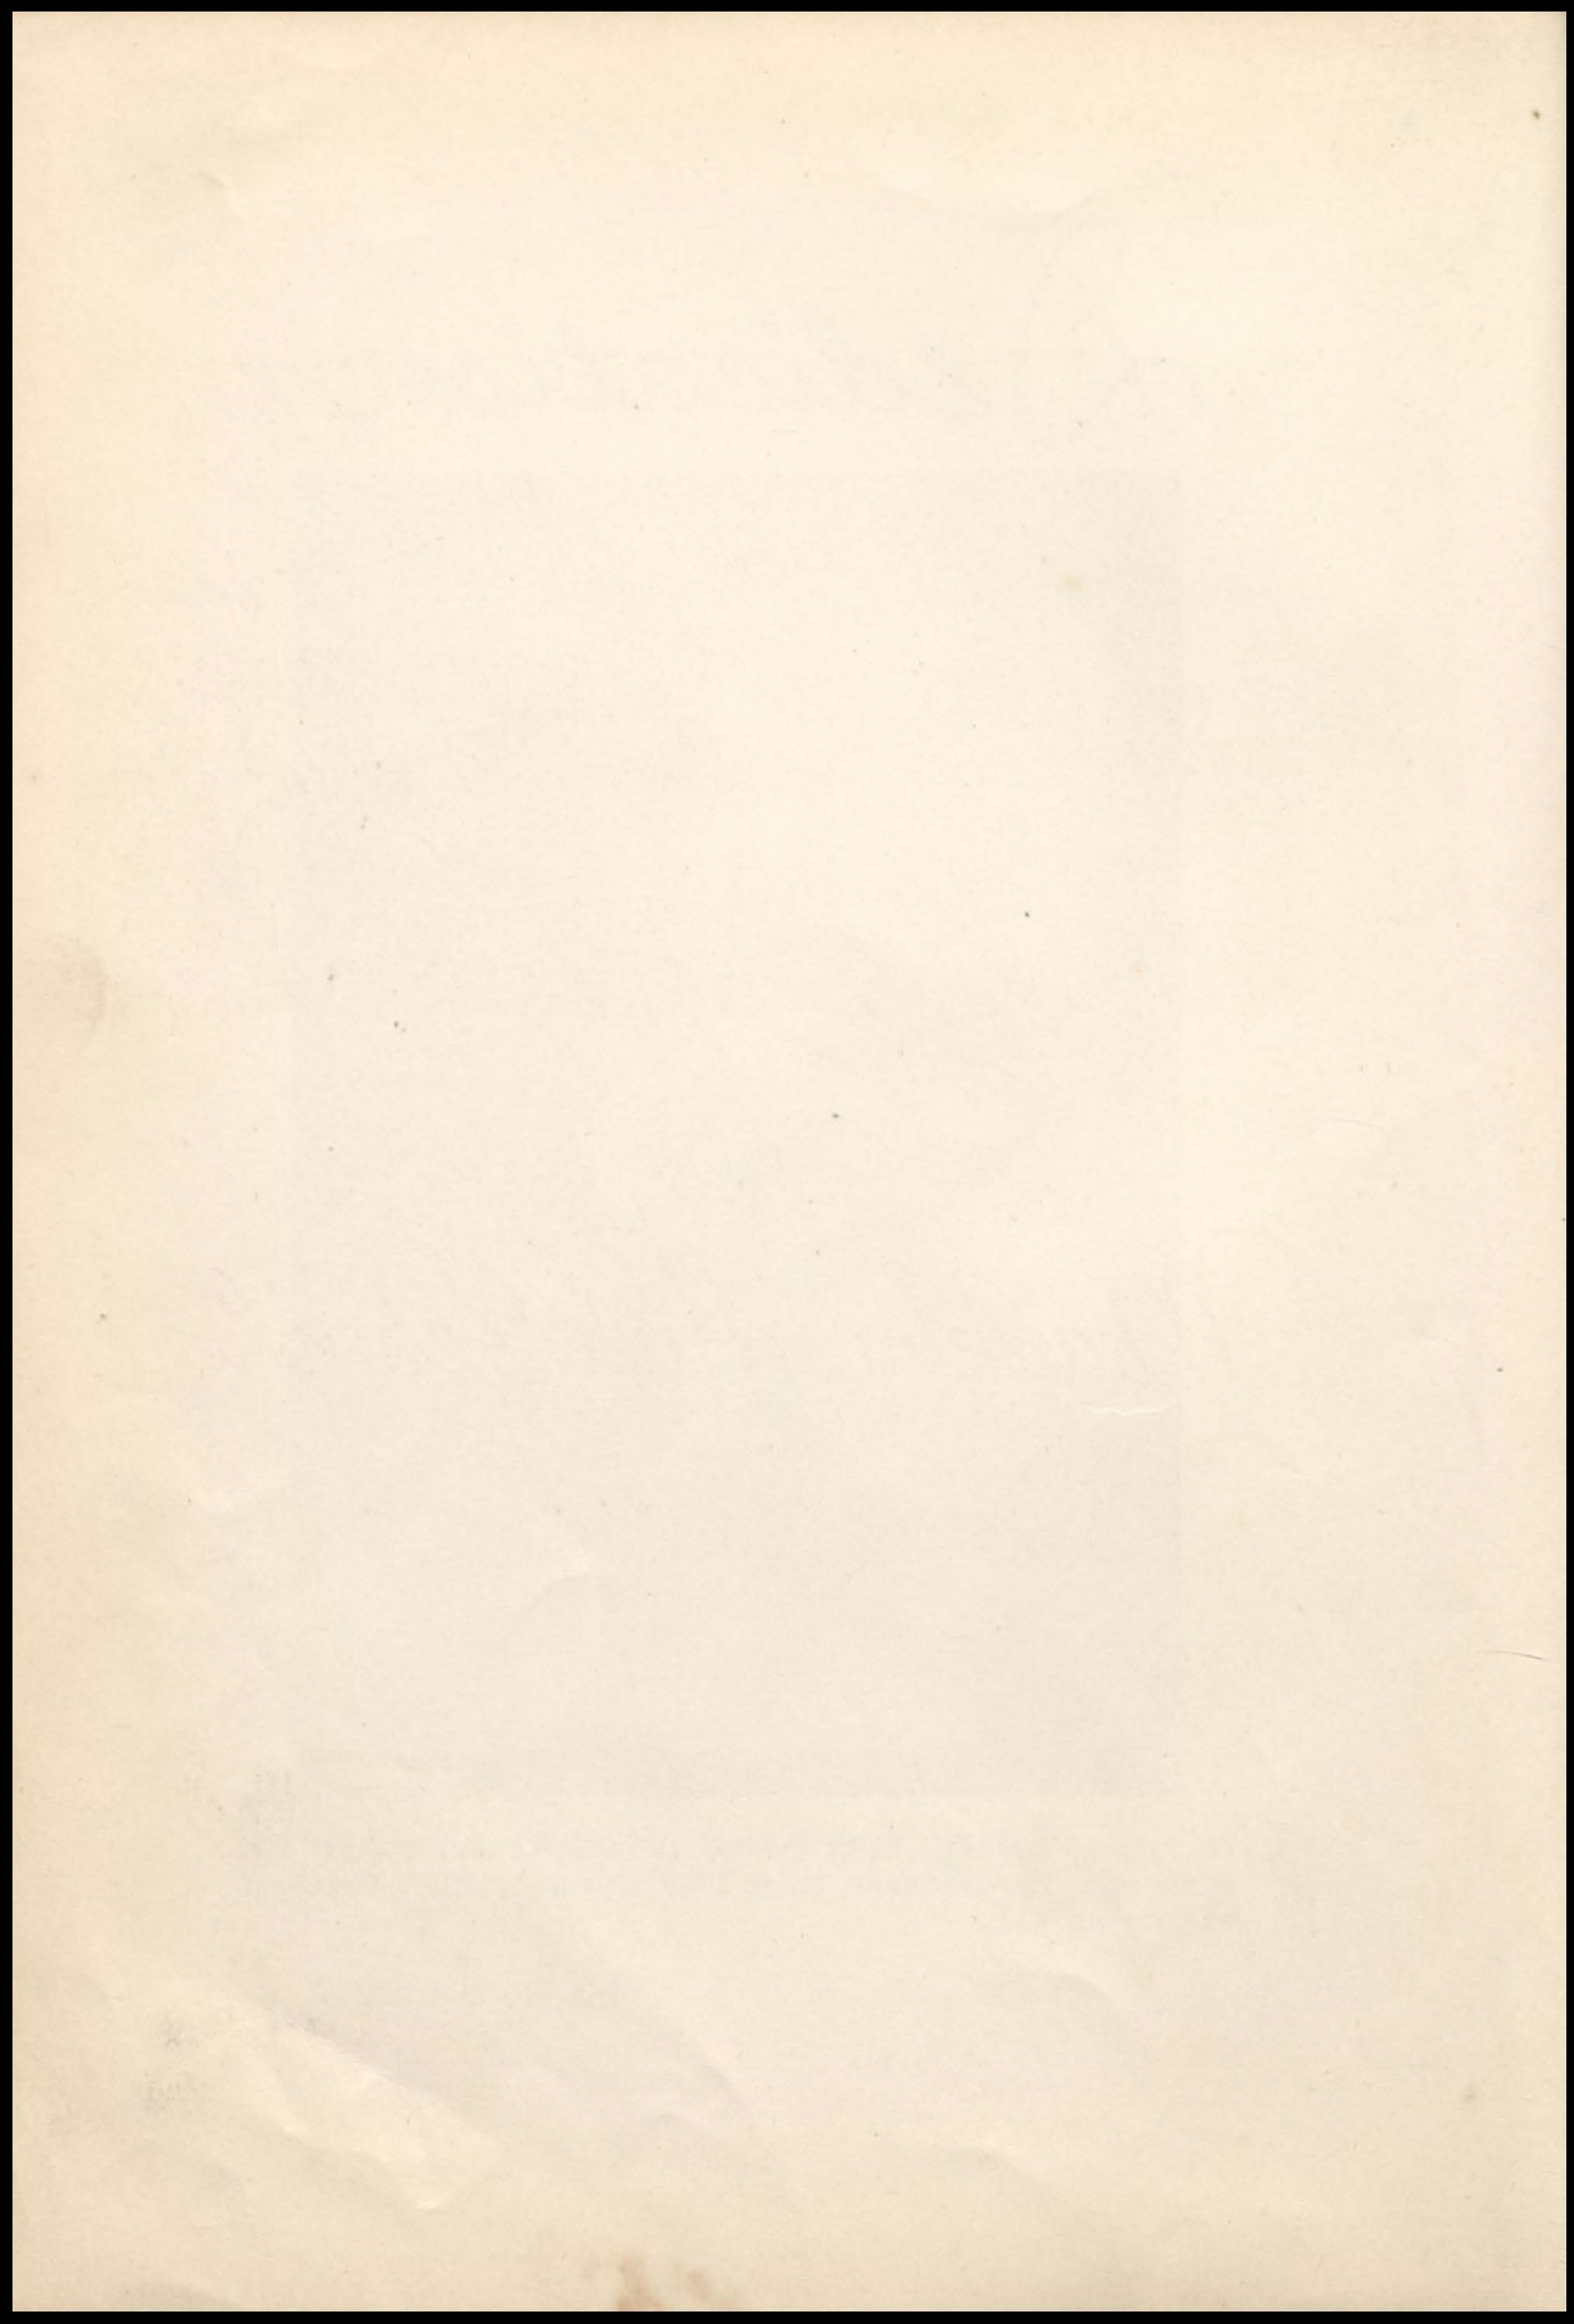

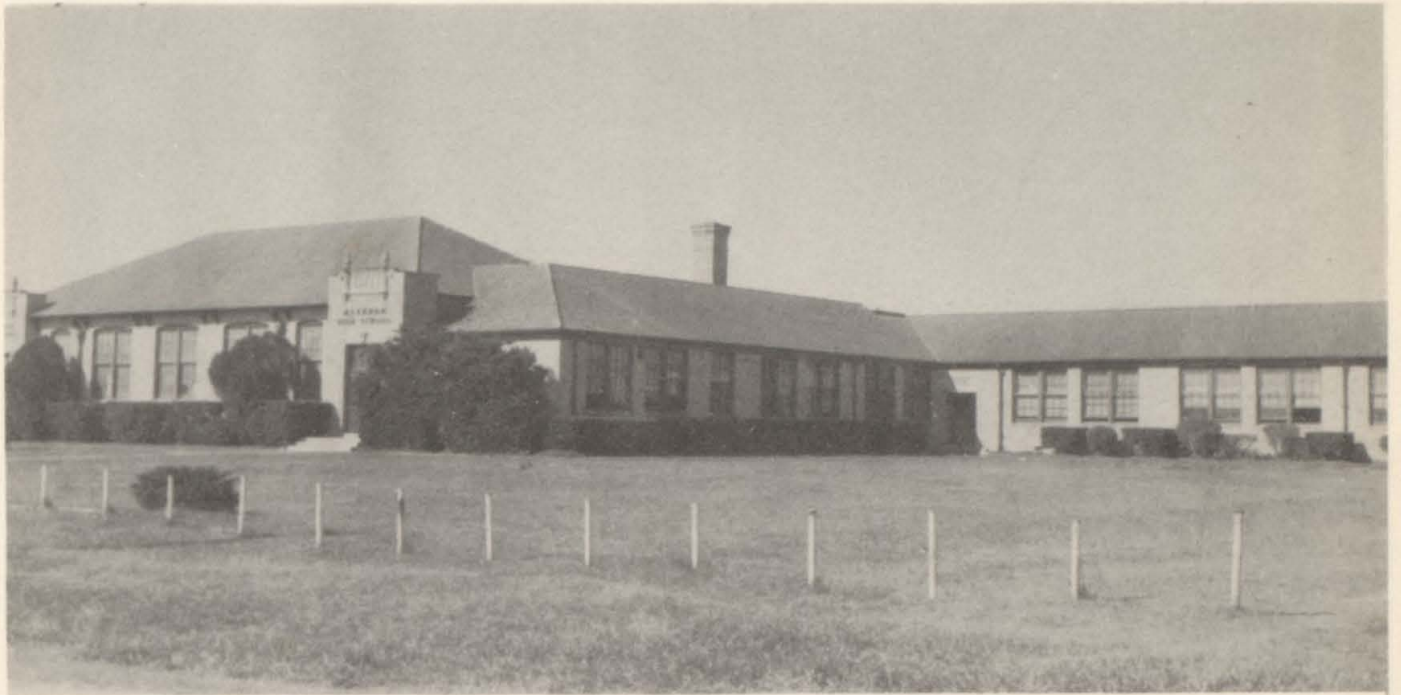

Dedication

To Lanier Hester, high school principal and coach, we respectfully dedicate this 1949 Mustang, with the best wishes of all.

Superintendent's Message

If I could say anything to you that would illustrate my sincerity I would say that I hope that this year will bring to all of you a clearer realization of the many, many, blessings you enjoy in your school days.

Never again will you have such carefree and happy days even though to some of you they may not seem as such.

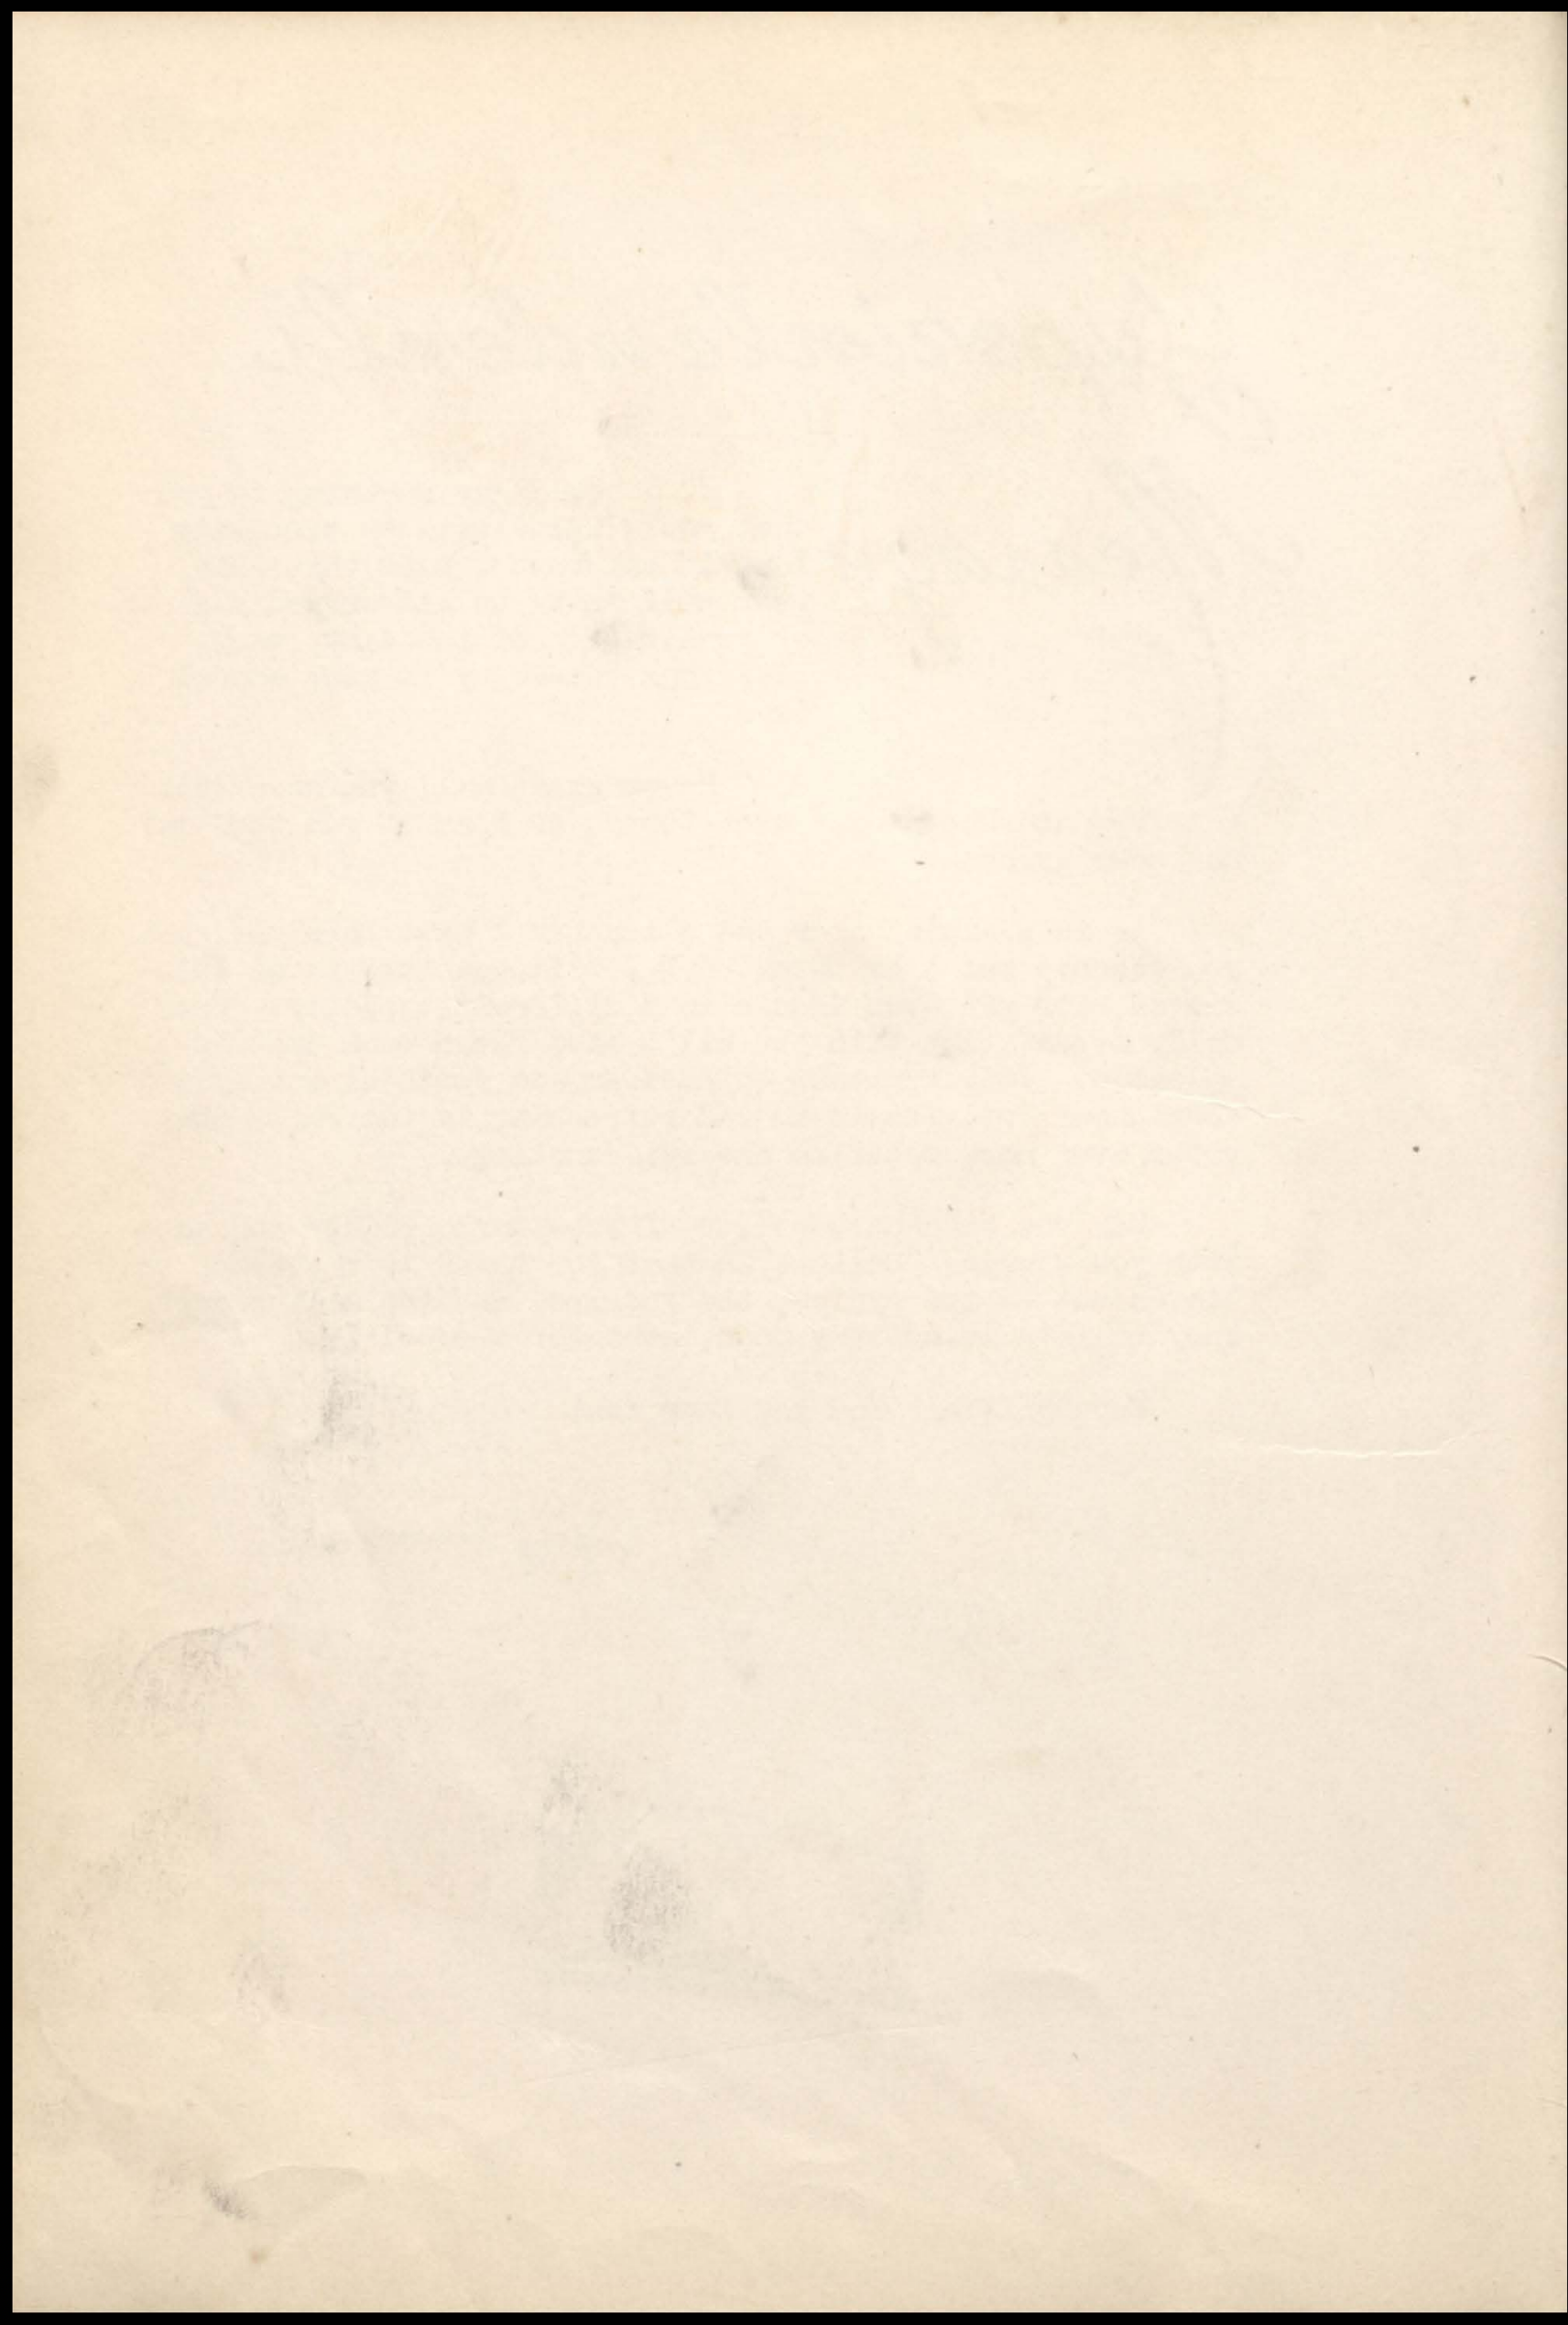

As an administrator and a teacher I must this year bid you goodbye but I am happy that I will continue to be associated with you even though in a different capacity. From daily association with you all I have found much that is valuable. Your constant enthusiasm and youthful energy and continuous optimism is indeed refreshing in the world that grows ever more material and self-seeking.

May the richest benefits of this world follow and be with you always. Believe in what you think is right and listen not to the cynics, the gossips, and the malingerers. They believe in nothing good, even for themselves.

May God Bless You and Keep You!

PRINCIPAL'S MESSAGE

Dear Students:

I appreciate this opportunity to bring you the principal's message for your year book. Through the cooperation of each of you, your teachers and your administrators, this wonderful book is made possible.

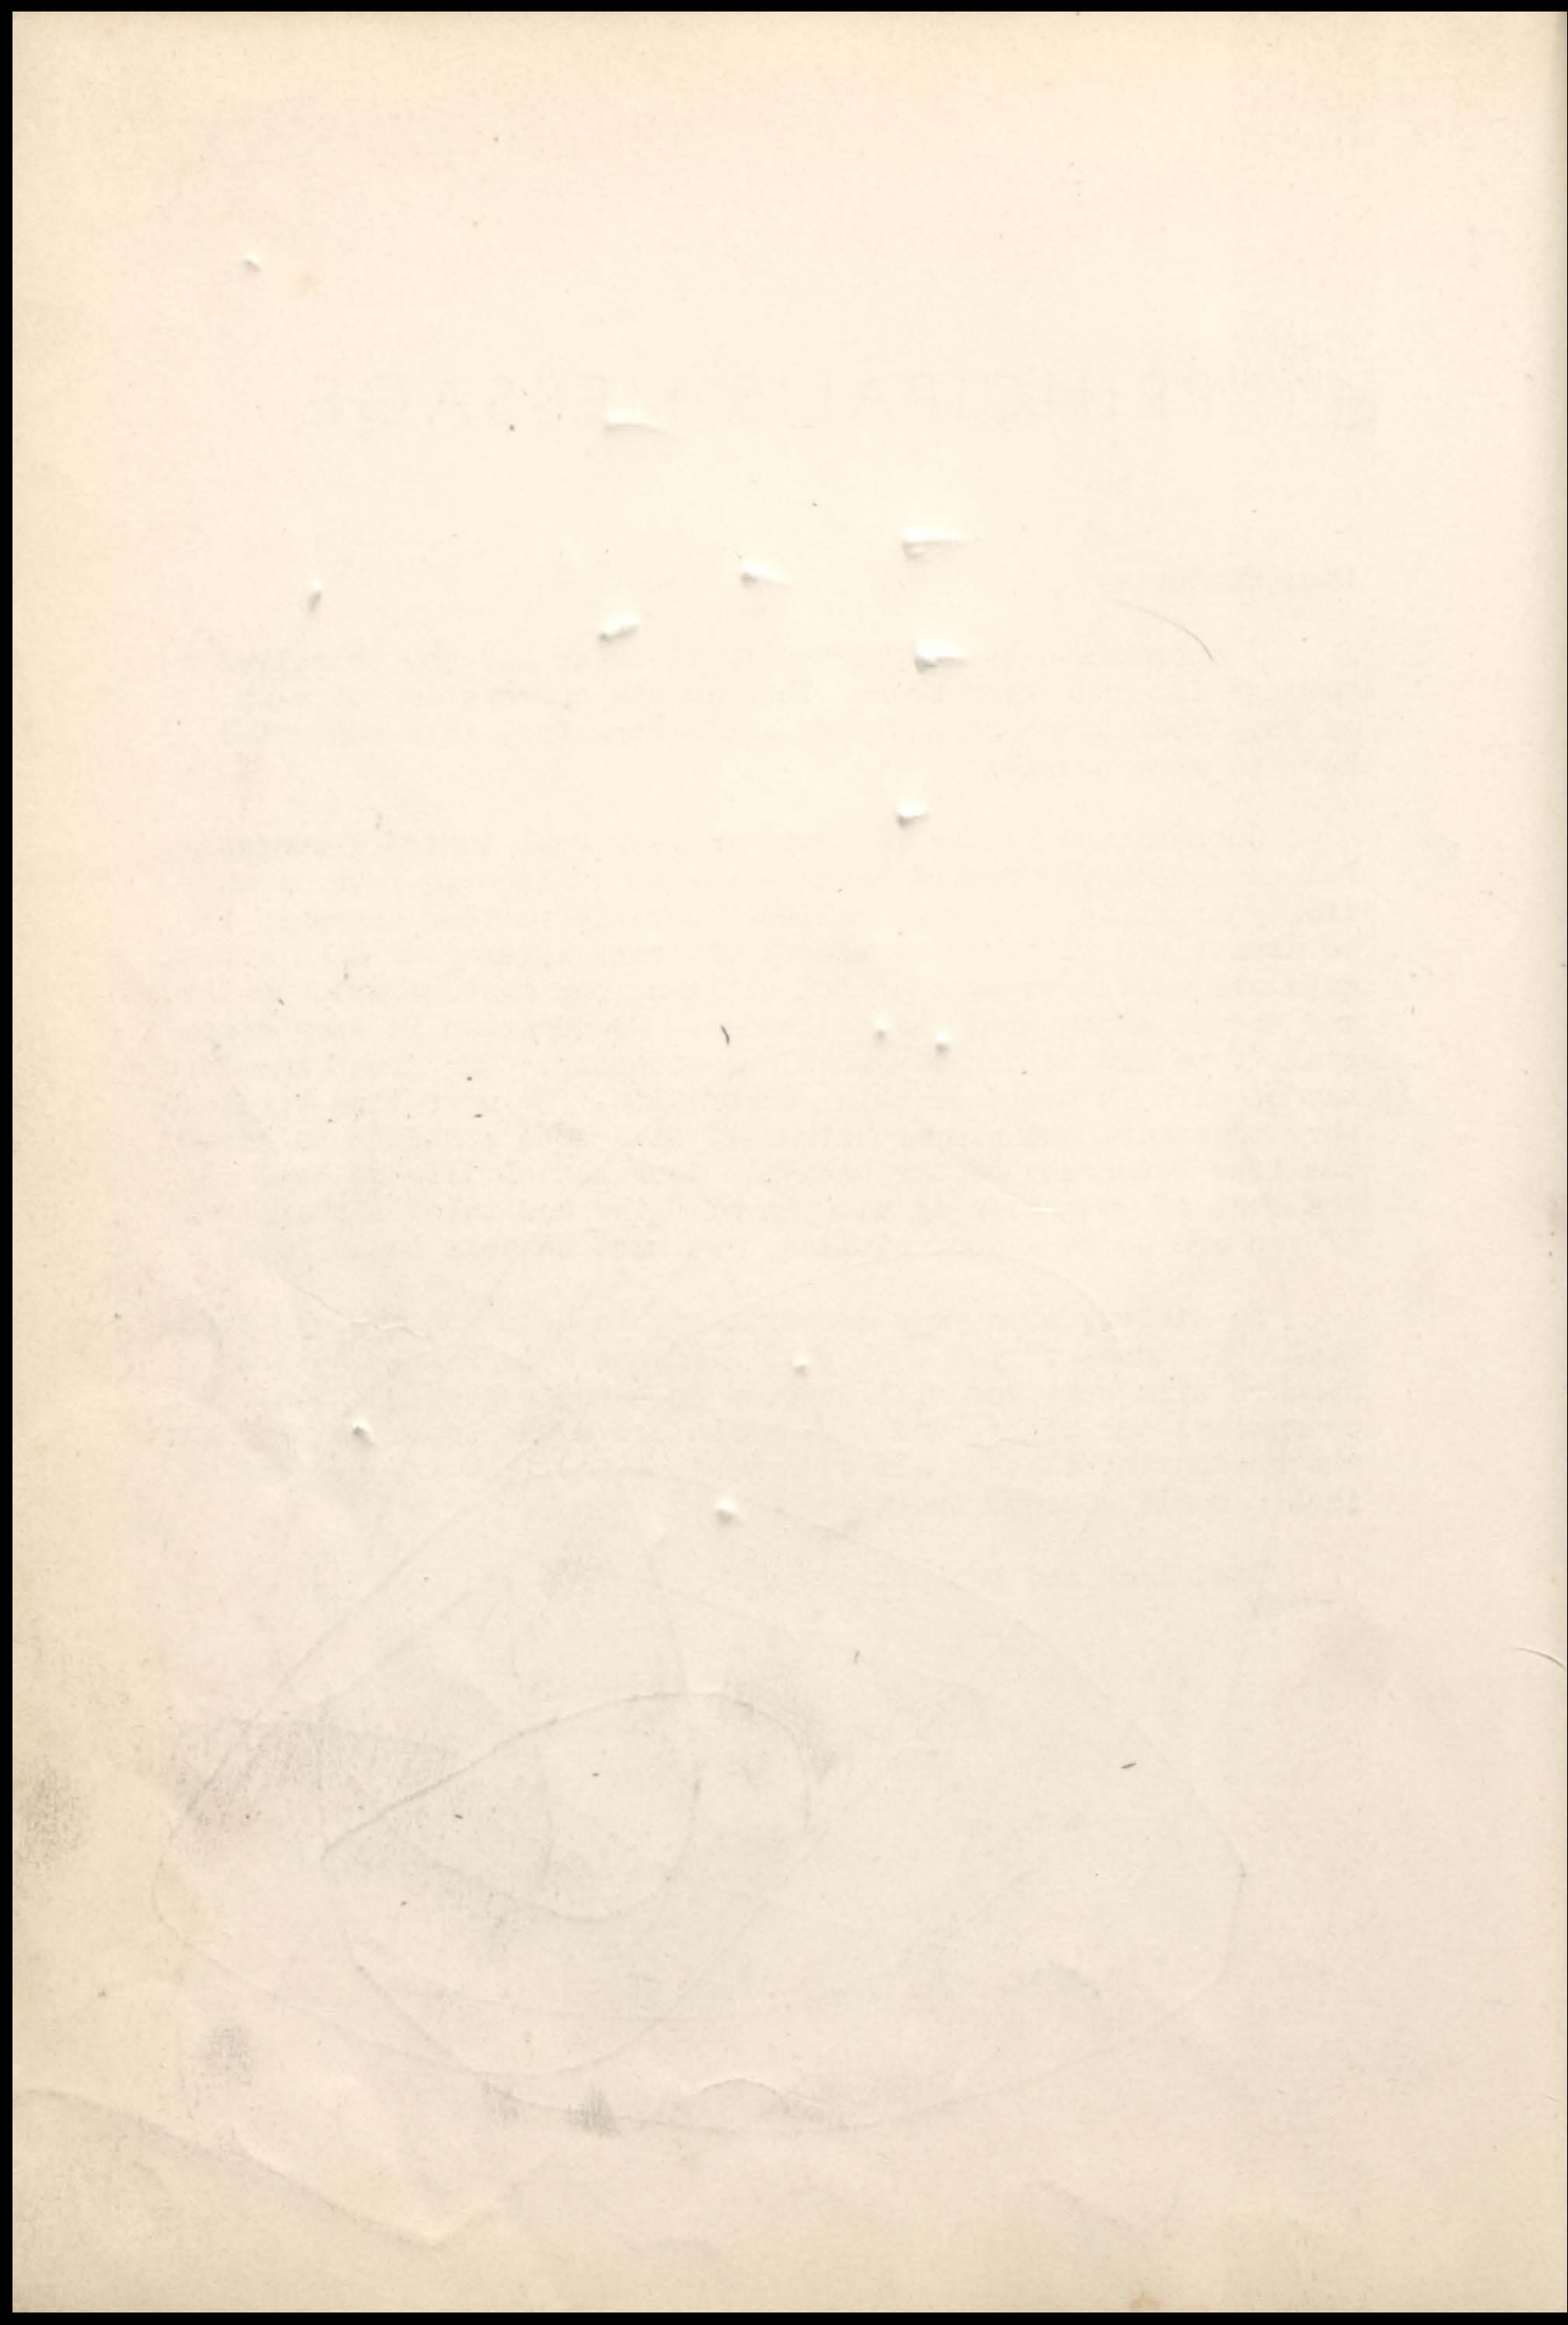

Cooperation is the key word in your goal toward a successful education and toward being a useful citizen in your community, your state, and your nation. Our aim as your teachers is to assist you in becoming useful citizens after your high school days are over. To be a useful citizen, one must be able to live and to get along with his fellowmen. Cooperation is very essential if we are to achieve this relationship. Our great American way of life is based on this cooperation. We must live together, work together, and play together if we are to continue to have the true Democracy of our Nation. Your school life as well as the rest of your life is made up of "give and take" situations. If you are to be a good citizen, you must be able to do both.

We strive, with your cooperation, to help you achieve this goal. To those of you that will graduate this year, it is my sincere wish that you will succeed in being a good citizen. Our community, our state, and our nation are depending upon you, and the graduating classes all over our nation. You are graduating into a world of opportunities.

Good luck and best wishes,

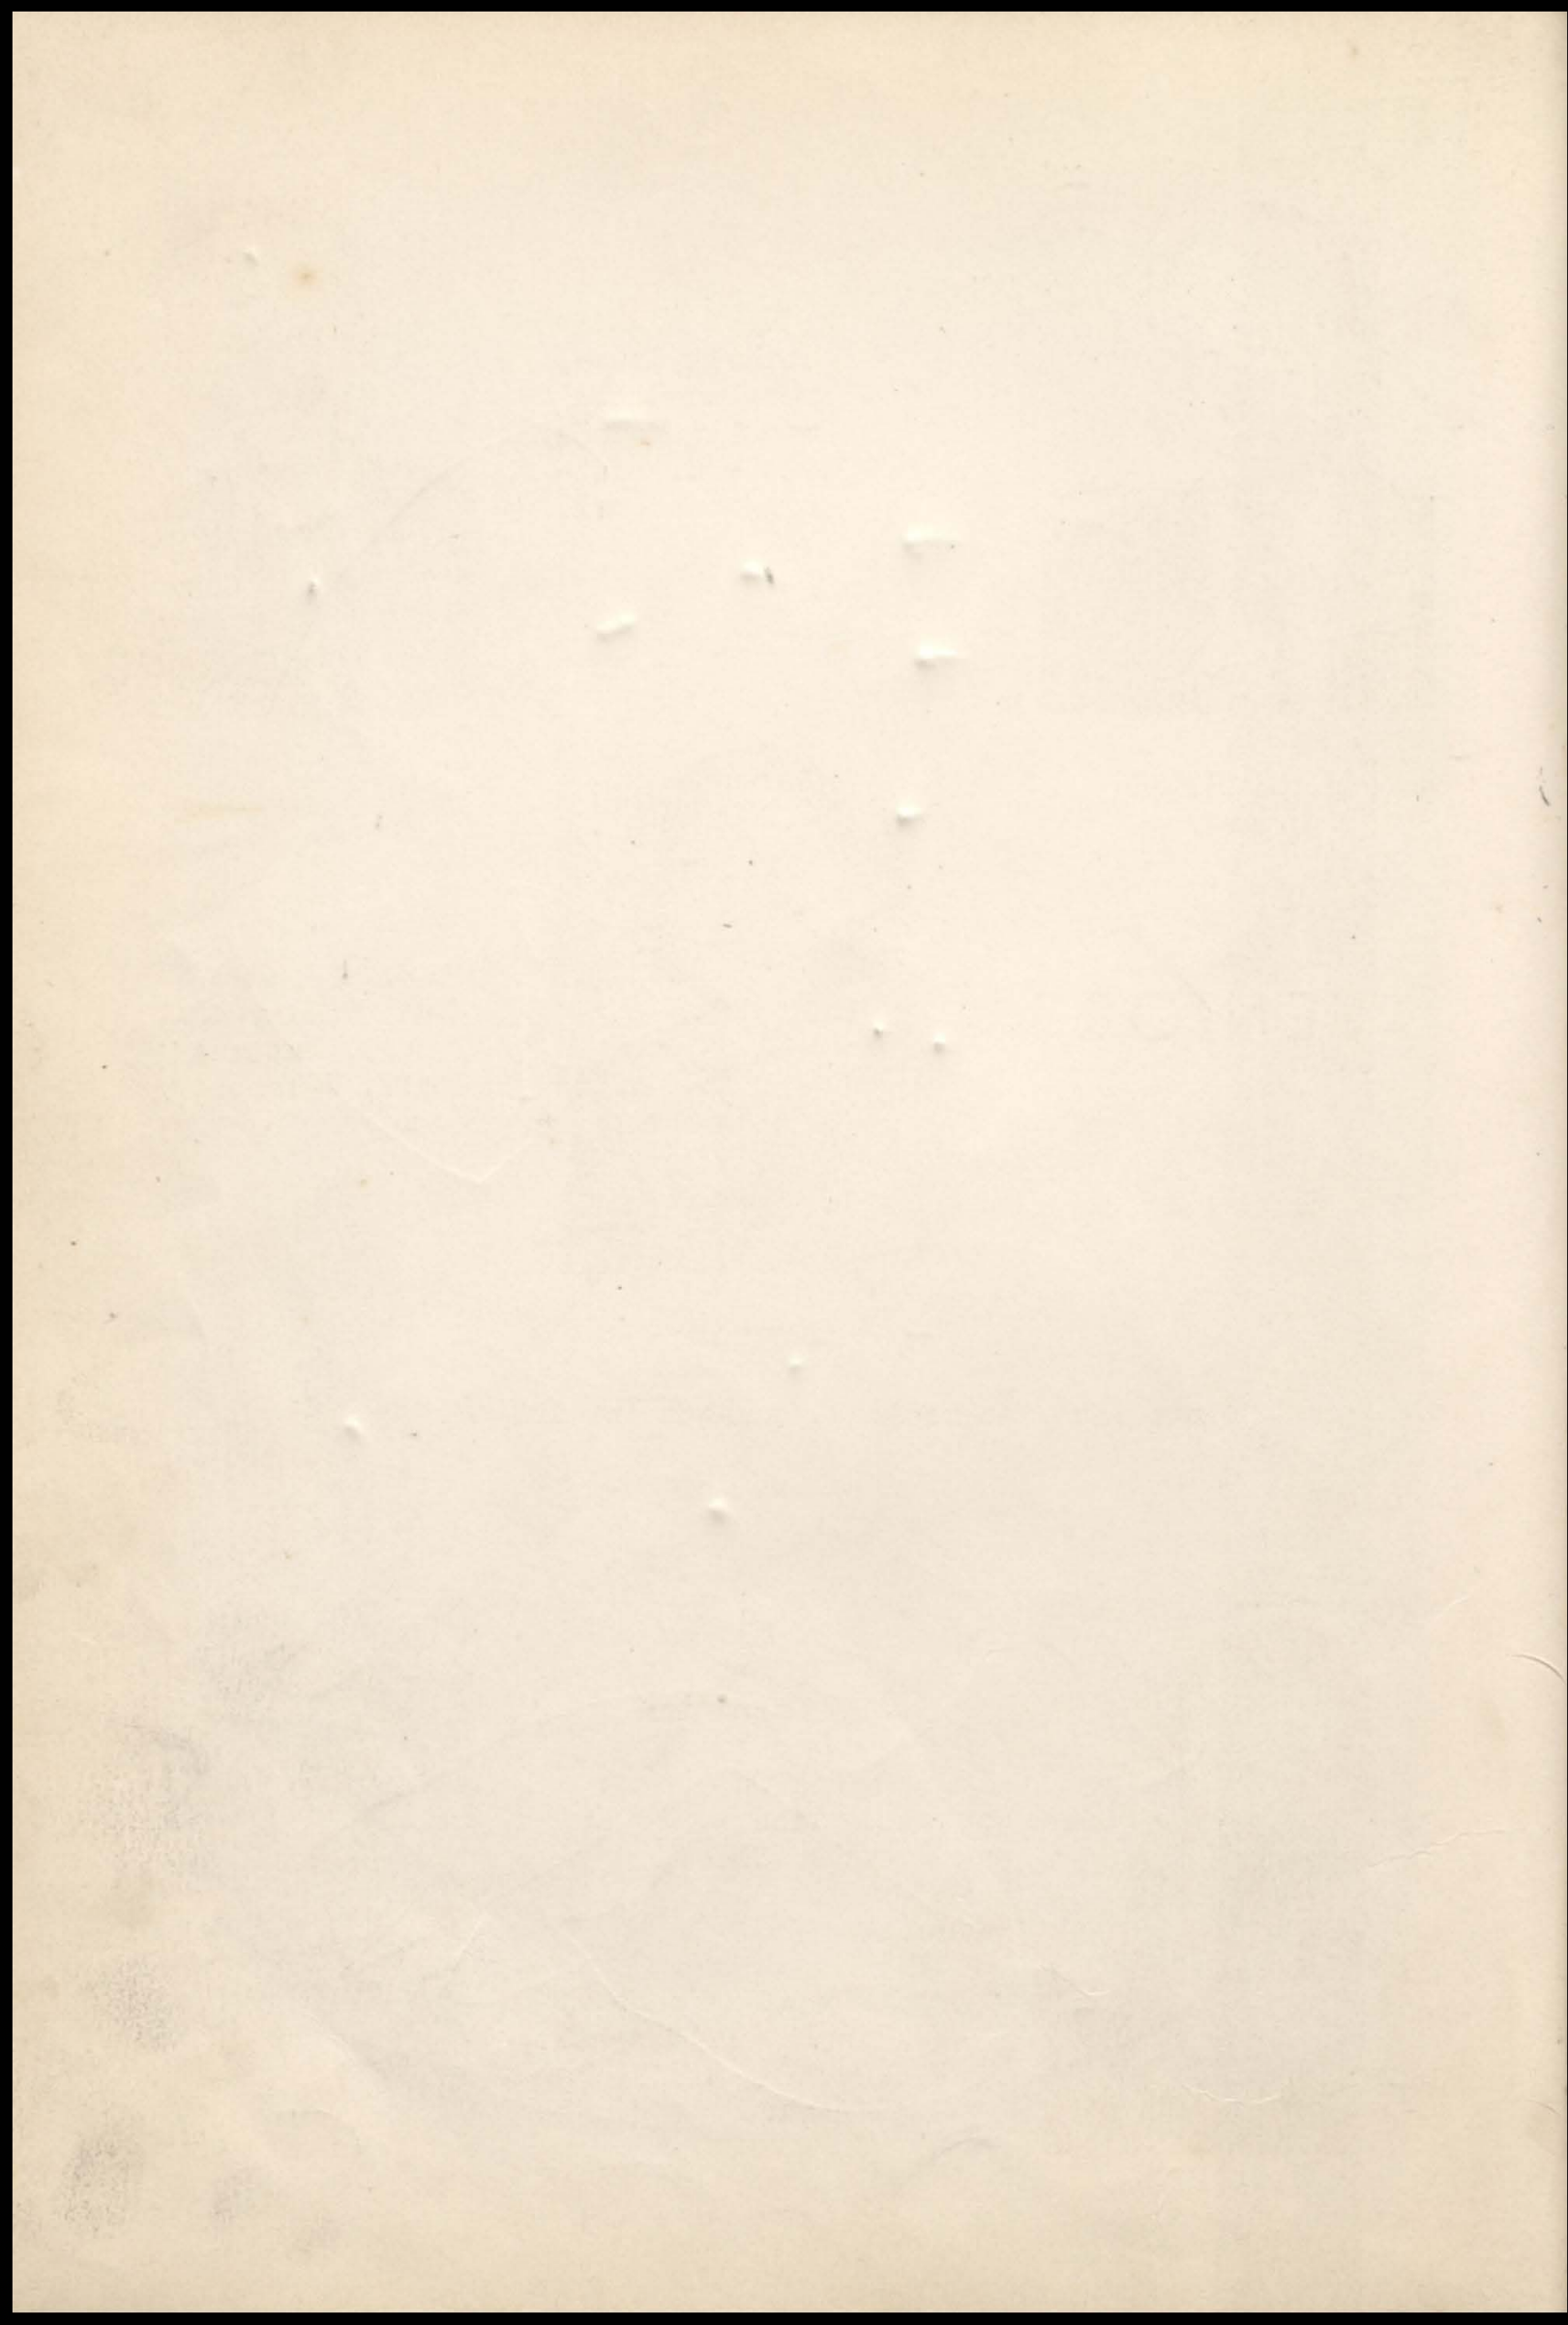

Sincerely,

Lanier Hester

Senior Prophecy

While traveling one summer in the green and wild jungles of wildest and deepest Mexico I happened to drive onto

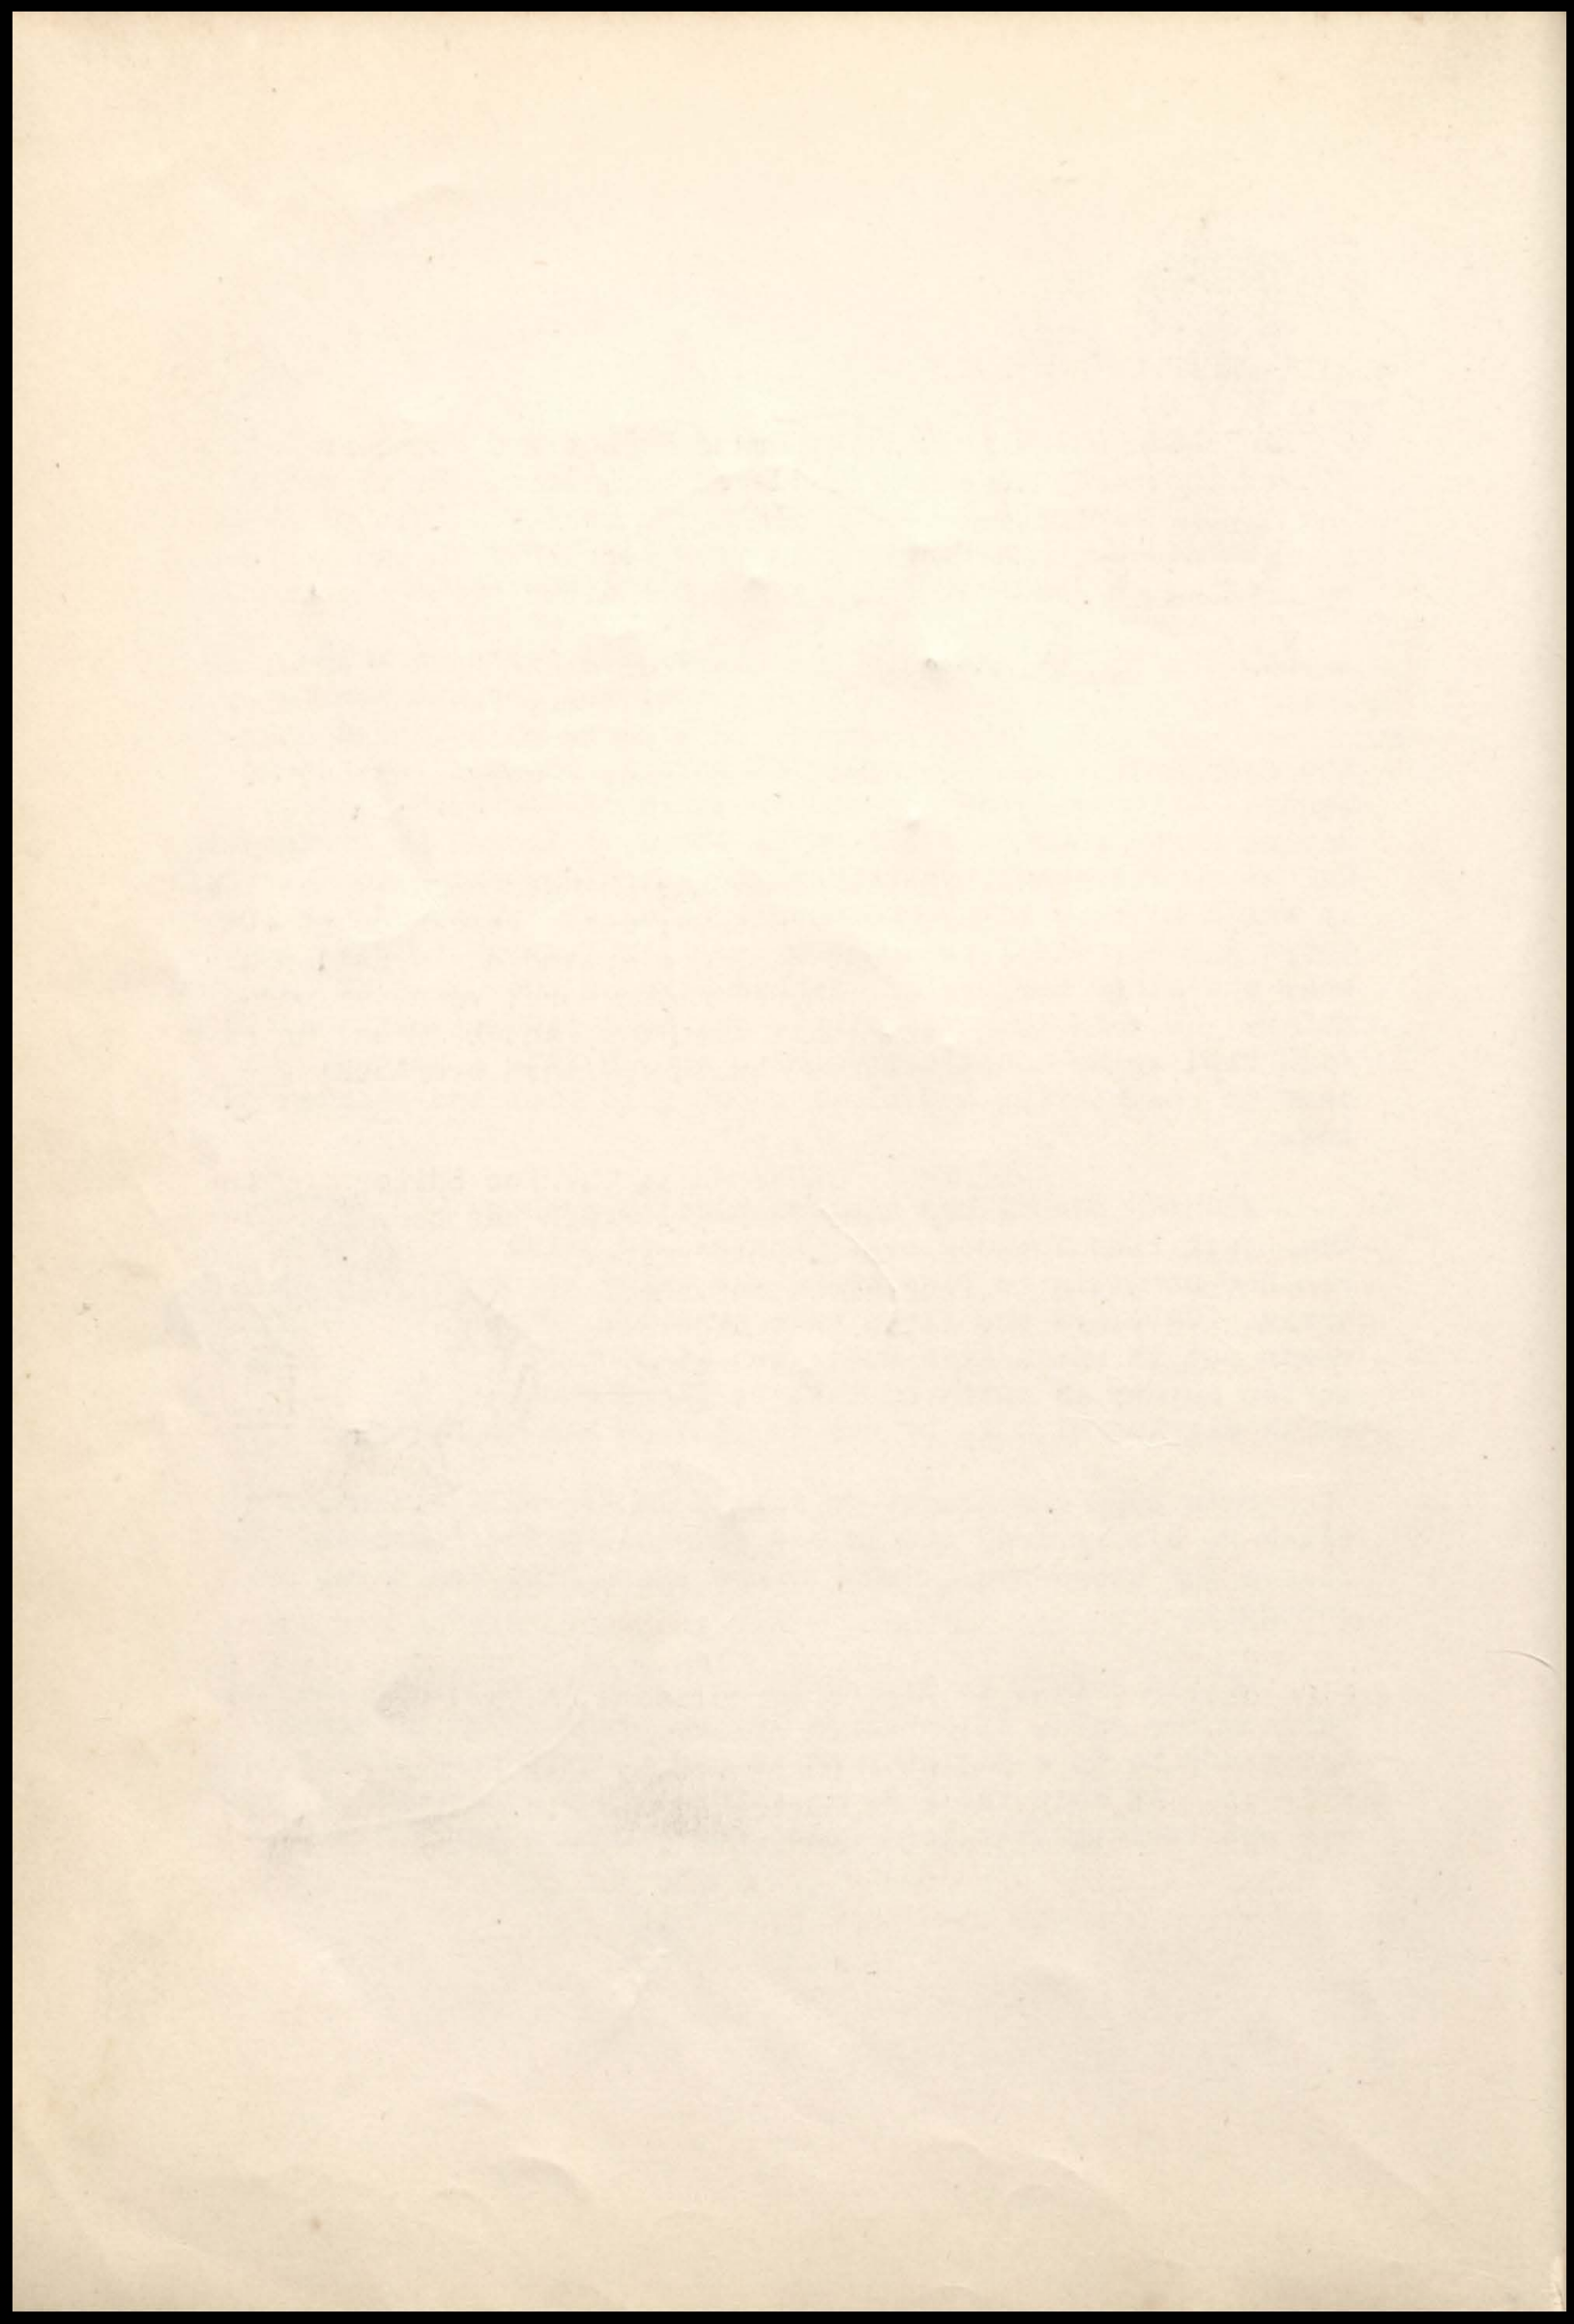

the campus of that distinguished school, The Middle-Eastern Central University of Applied Pressure of Northern Mexico. Having heard rumors of his being there, I looked up Profesorio Manuel de Villareal, Instructor in Astrology and Head Rubbing, in which he is a world-renowned specialist. I asked him if there was any way I could look into the future and find out what the other Seniors of Markham High of the Class of '49 were doing. He said that was simple and went and put his head in a fish bowl so he could concentrate and go into a trance. He came up spluttering and blowing out gold fish and started talking.

RICHARD BOWERS had his own novelty orchestra, just like Spike Jones. Instead of using kitchen utensils to play on he was using garden tools. He plays the first rake himself. What comes out is not always music but it doesn't matter anyway as noise is what he likes most. He is digging ditches by day to finance his orchestra.

DOYE DODD has bought an island in the Gulf of Mexico to which he has retired and is now serenading the seagulls. He fishes for cross-eyed crabs in his spare time and lives on coconuts.

BILLIE FRIEZE is living in an igloo in Northern Alaska, panning for gold. If he finds any he plans to go to school and study to be a minister so he can convert some of his best friends. If this fails he is going to buy abandoned oil wells and cut them up into post holes for ranchers and farmers.

SENIOR PROPHECY CONTINUED -

LAWRENCE HARTON is selling Grand Select and Southern Prize, whatever they are, to underprivileged bachelors. He is considering adding Lipton's Tea--for old maids that is. His place in the heart of downtown Danevang is very popular. He had quite a time getting started but finally managed after eight elections.

RAYMOND KRENEK has quit his black-farm and is now peddling bathing suits in Iceland. His three children, Pasquali, Luigi, and Rosa help him. When business is slow he models his product and sings and then wonders why business gets worse instead of better.

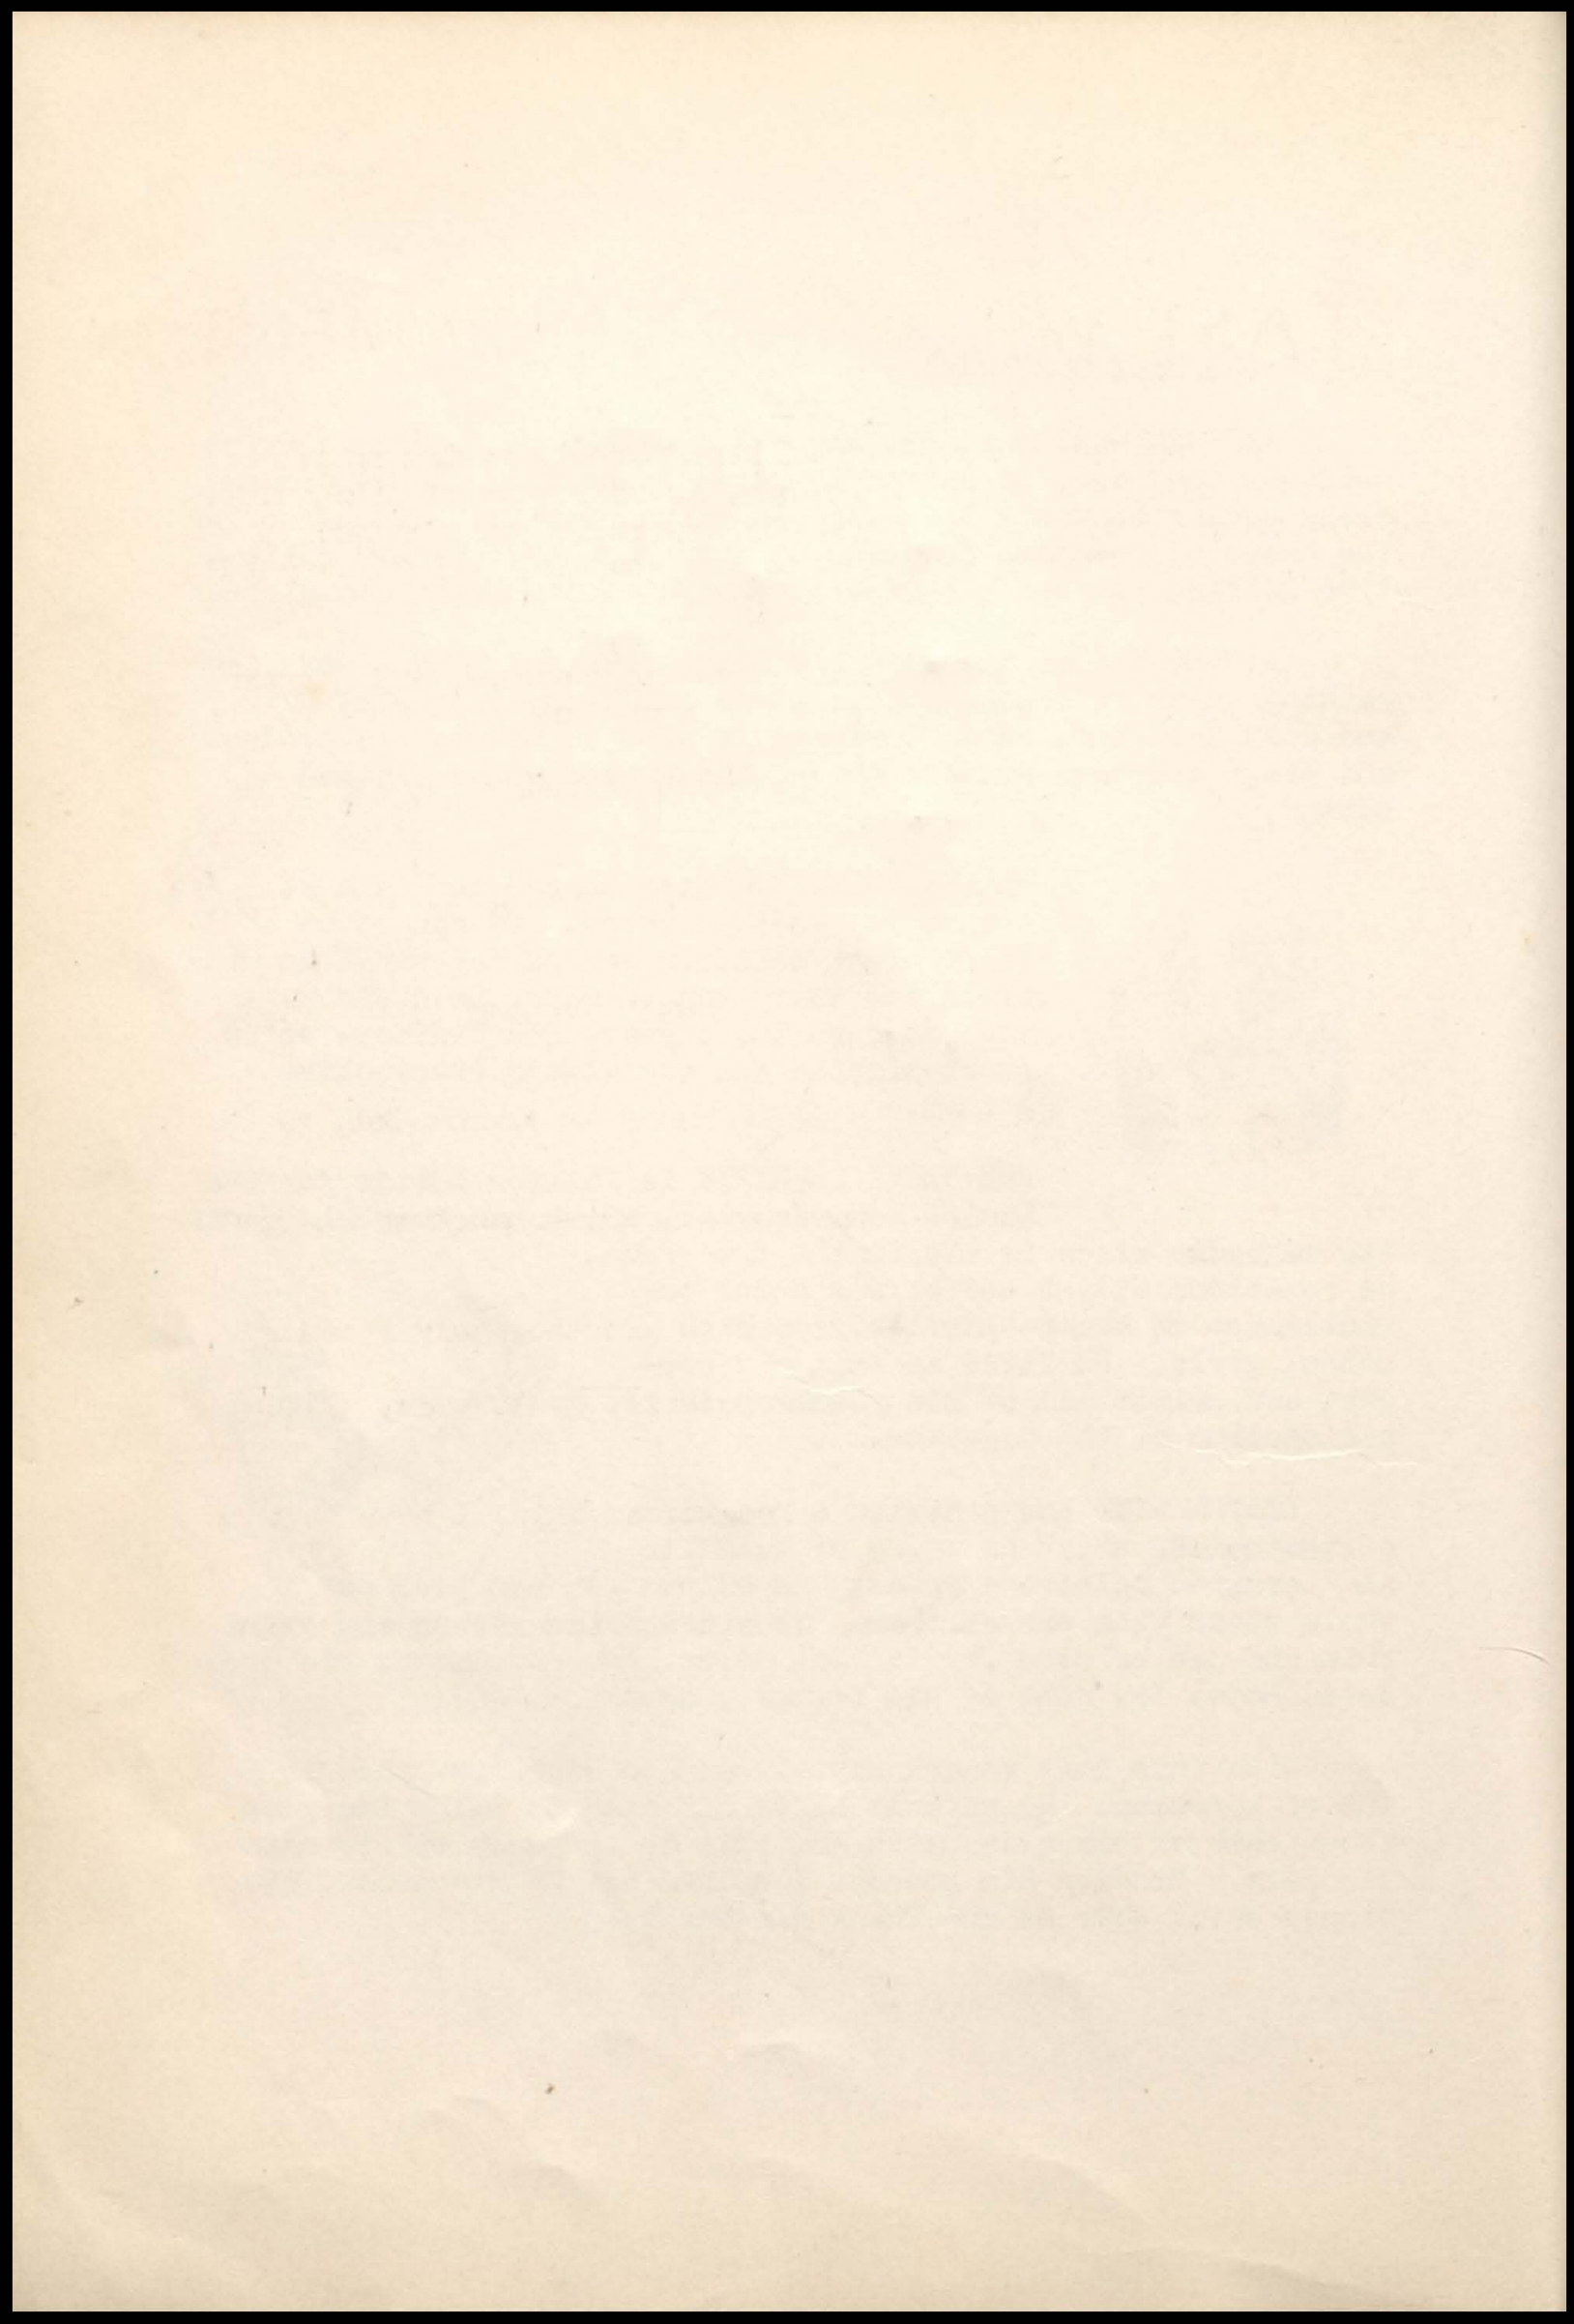

GLADYS ROBERTSON has changed her name at last, --that is, she's married. We can count at least eight children around her house in Mid-field but there may be more, we never were good at counting anyway, and besides, we're short-sighted and are always overlooking things.

JOE HENRY SENKYRIK is Fashion Editor for the Ladies Home Journal, which has been his favorite magazine since he was in the 6th grade. He sometimes writes editorials about the fickleness of women--particularly high school girls. He likes to knit and crochet and prints all of his patterns in his section of the magazine.

LESTER WIND has patented a new kind of toothpick, which he makes of bakelite and termed telephone poles. He claims you can pick out a whole steak with one of them. They are extra strong and extra thin and can be used for fishing poles. He recommends his creosoted model for some of his former classmates.

With this last remark Manuel went to soak his head--in a tub of kerosene. He says it hurts his head to think too much about some of his classmates and this is the only way to ease the pain. Bidding him goodbye I walked out of his second story window which woke me up--Thank Heavens!!

LAST WILL AND TESTAMENT

We, the Seniors of Markham High School, making no profession of sanity and sound minds, in this year of 1949, leave, besides a feeling of profound joy and relief on the part of the faculty, the following items, to wit, to wit, to wee, herewith, etc.:

I, RICHARD BOWERS, leave to the high school girls, some advice on how to dress for special occasions.

I, DOYE DODD, leave to all coming students, my skill in getting out of the study hall.

I, BILLIE FRIEZE, having seen what Doye left, leave the same.

I, LAWRENCE HARTON, leave to Bobby Gene, my "good neighbor" policy and my eternal thirst.

I, RAYMOND "Pasquali" KRENEK, leave to Archie Bob, my daughter, "Rosa."

I, GLADYS ROBERTSON, leave my saxophone playing ability to Ella Mae.

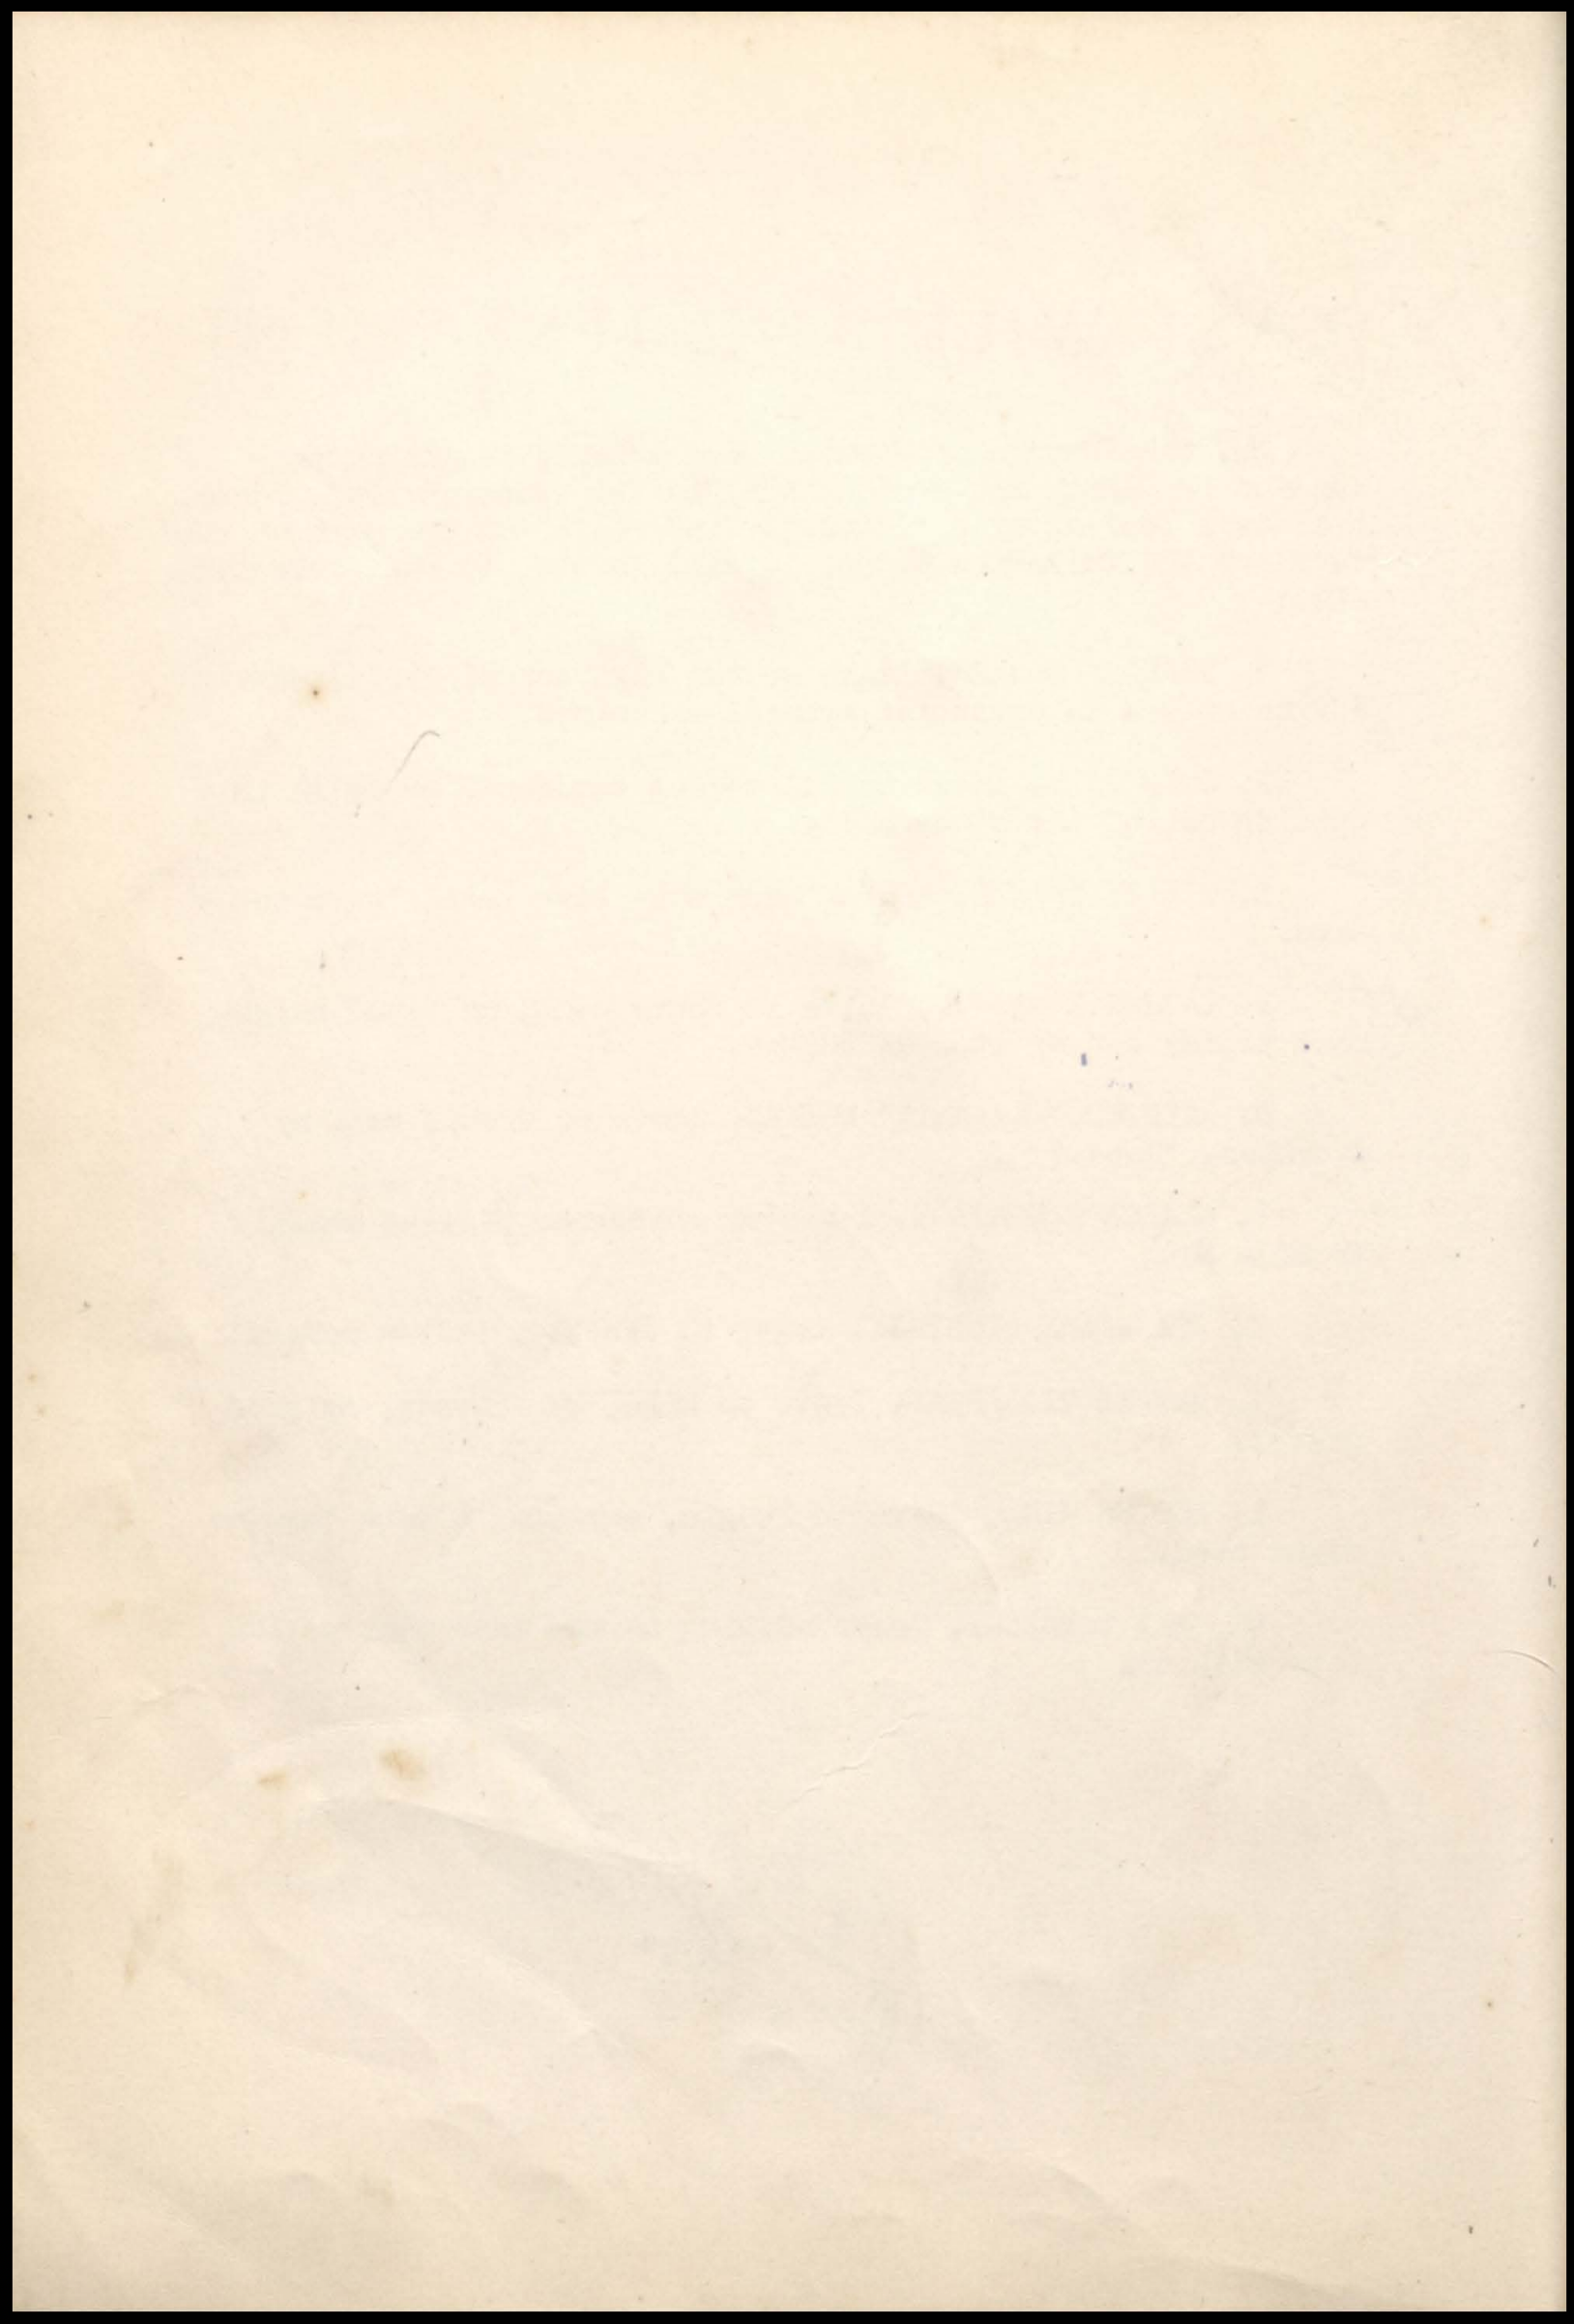

I, JOE HENRY SENKYRIK, leave to Janette, only a memory.

I, MANUEL VILLAREAL, leave to Mike, my kinsman, my good grades.

I, LESTER WIND, leave to Pudgie, anything I have that he might need.

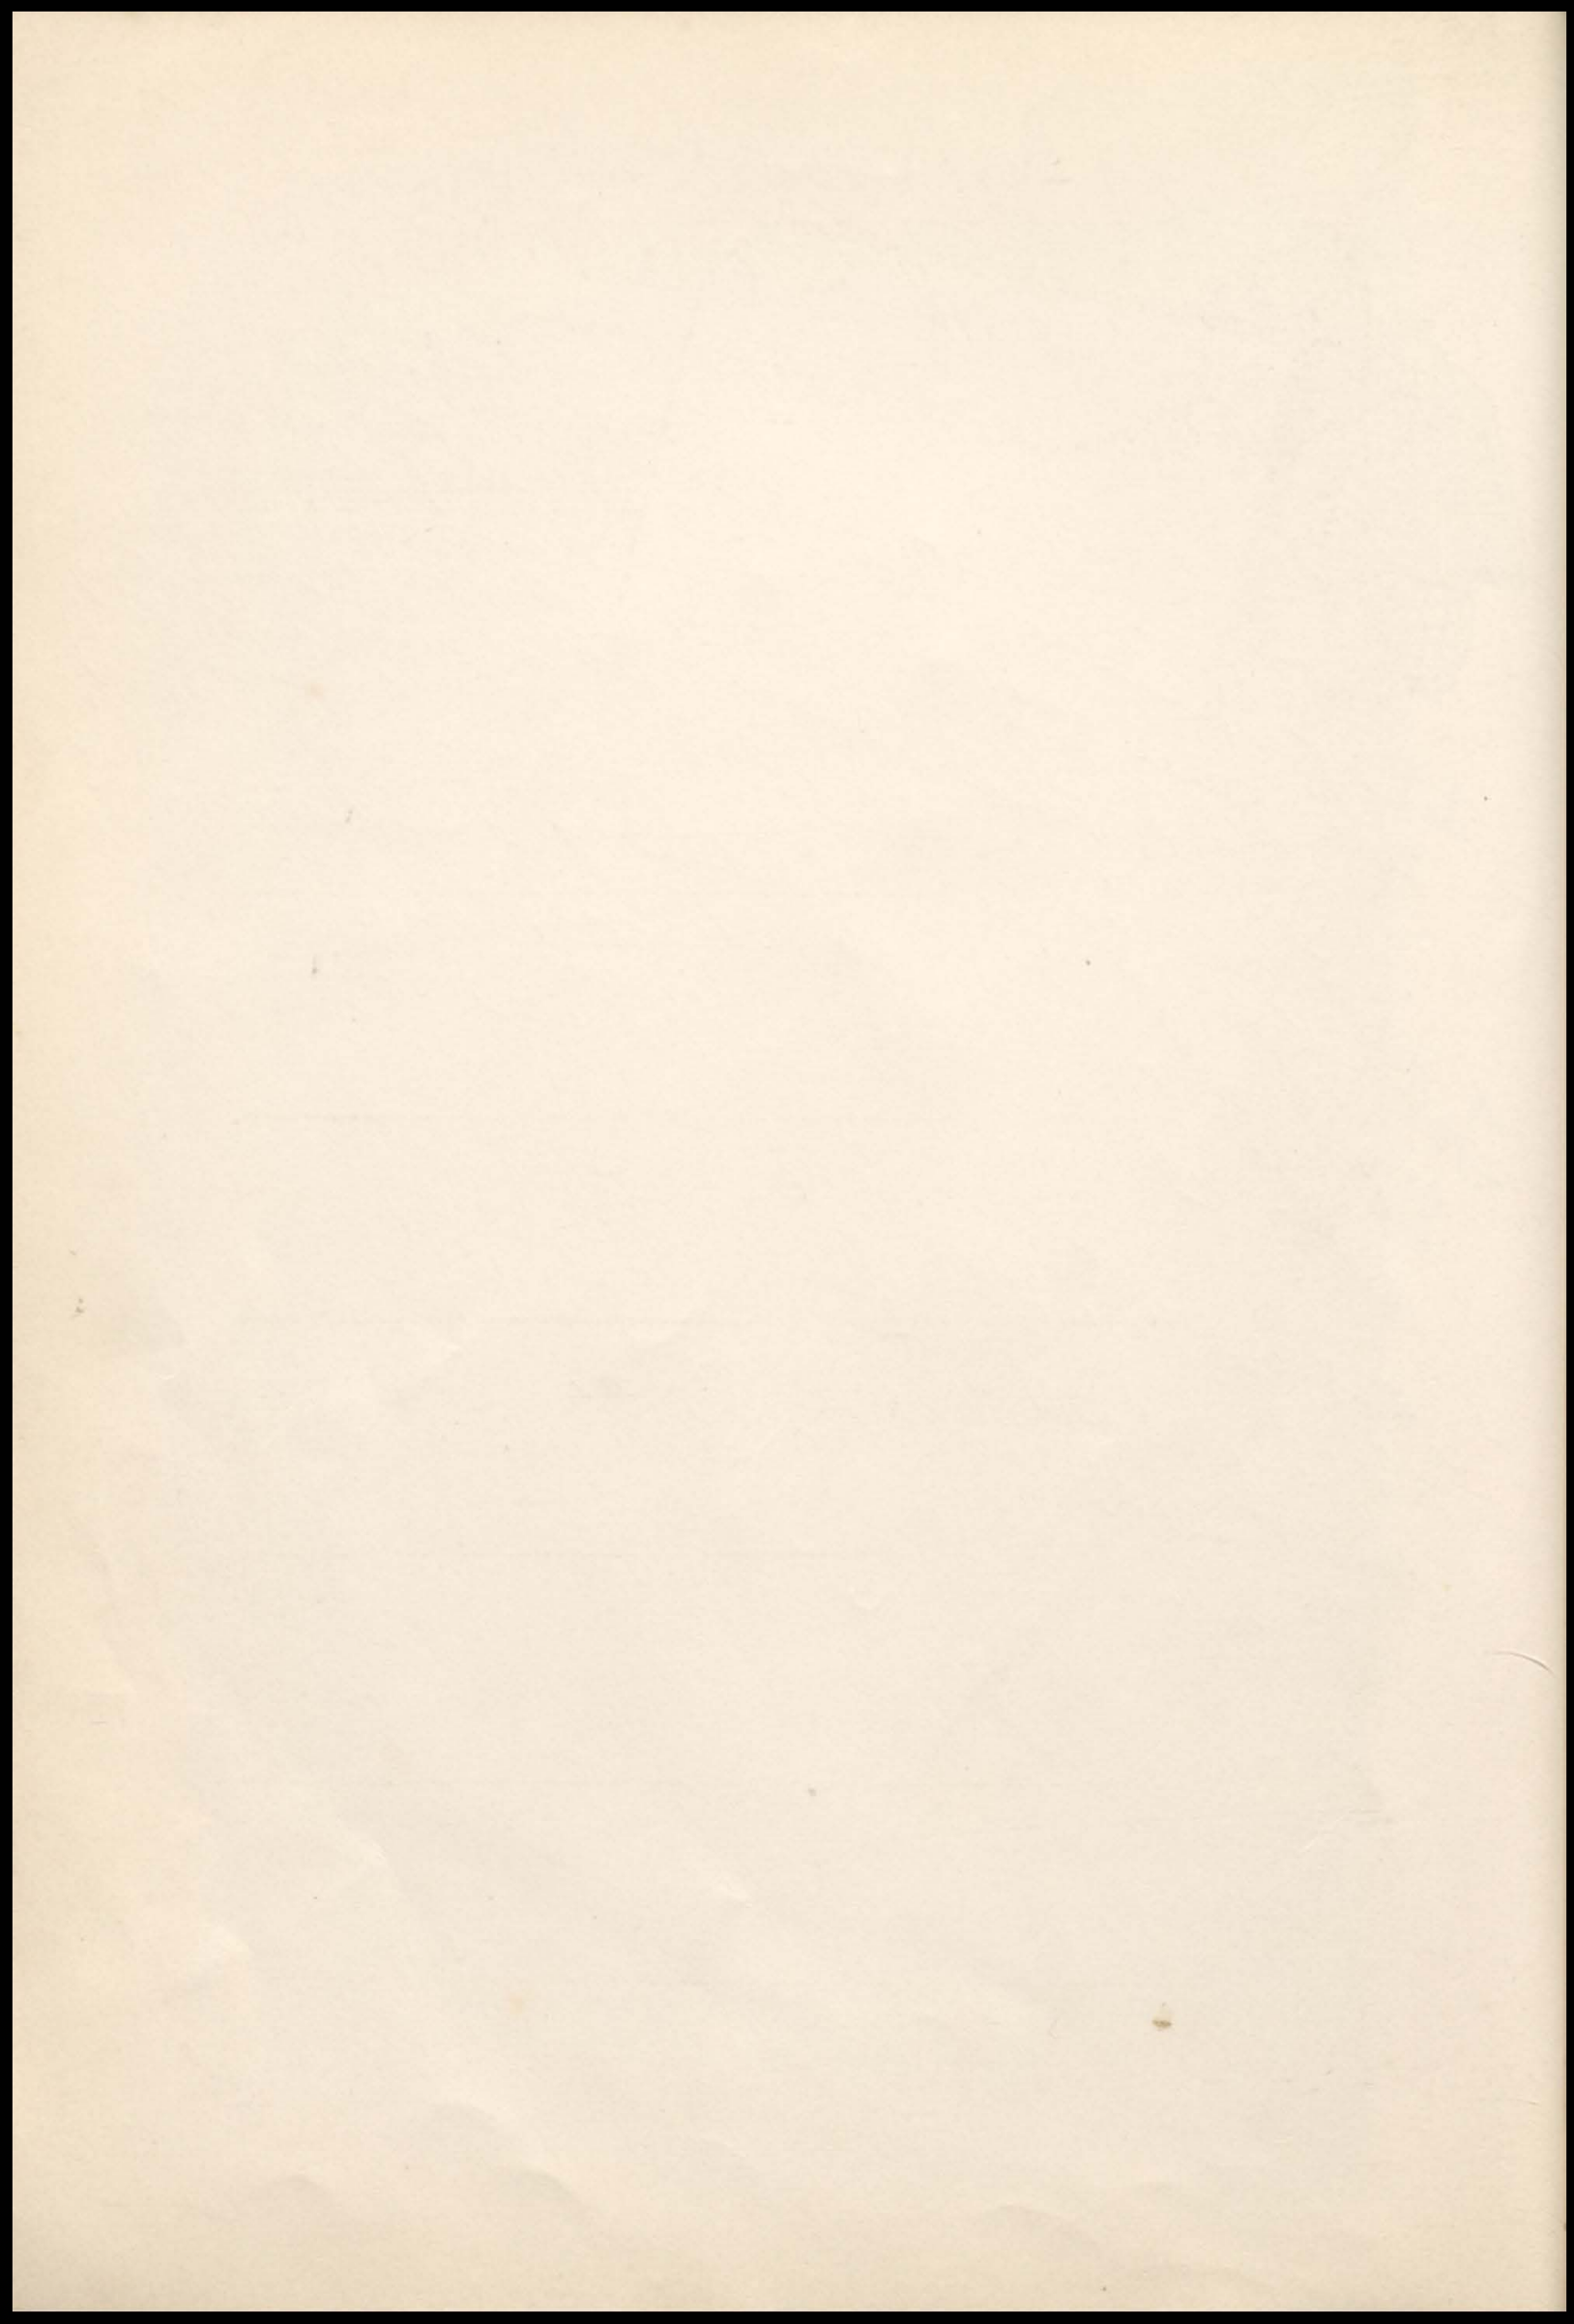

WE, all together, leave nothing to the rest that we can take with us.

Taylor Publishing Company

Your yearbook is a store of treasured memories. The oft repeated thrill of recollection which accompanies each new search through its pages will many times repay you for the care and consideration which has gone into its creation.

We are proud of the part we have had in preserving "treasured memories" in 1949 Annuals for more than 1100 Colleges and High Schools in seventeen States.
