We Make The Music

Q: What is the best part about being in band?

A: "The best part of being in band is knowing that you're a part o something greater than yourself and a part of a group of unique and talented individuals at the same time." -Jackie Molina

Q: What was the most challenging thing you encountered in choir this year?

A: "Saying good-bye to Mr. Dean was probably one of the hardest things I've ever encountered. It took it's toll on my heart."

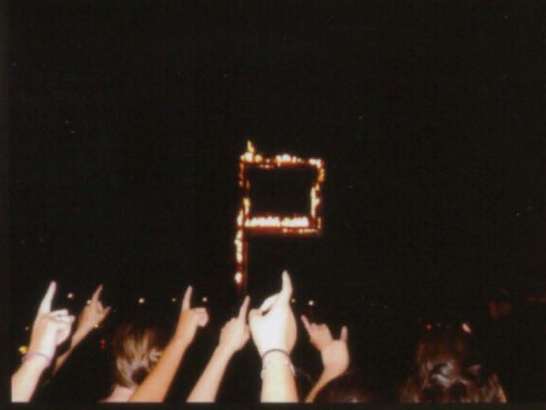

-Seseley Hyde

This is High School; the place where we meet our best friends; the place where we find our first love and for some, our first heartbreak.

Homecoming, prom, and graduation are probably the most important times of high school, but the memories that will forever be embedded into our mind are the times that weren't planned. The times we sped too fast down the back roads; got home too late, and made friends with people we never even thought we would talk to.

So go out and have fun, take chances, make mistakes. These are the memories we will carry with us forever. Make sure they're worth remembering.

Victor Muniz rapping to an original song of his.

Vanessa Nguyen showing her skills and doing what she loves.

Music On Campus

We, Bryttany Vu & Margaret Castanon, tasked ourselves with asking students around campus about the types of music they listened to and how it affected them. It was fascinating to see the similarities and differences in the types of music that our student body listens to. It also shows that we're not as different as we sometimes think we are.

Kaitlin Bui

Song: "Scene 1- James Dean & Audrey Hepburn"- Sleeping with Sirens
Genre: Punk Rock
Impact: "It makes me happy and brings sunshine to my day."

Carlos Valdez & Chris Garcia

Song: "Dance Floor Anthem"- Good Charlotte
Genre: Country/ Pop Rock
Impact: "Helps me deal with my stress"/ "Helps me get through the school day"

Serena Zamarripa

Song: "Skinny Love"- Bon Iver
Genre: Indie Rock
Impact: "It helped me become the person that I am today."

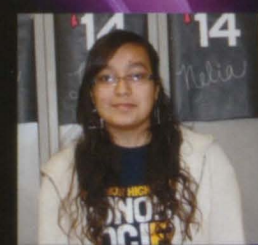

Sarah Mckissick

Song: "We Can't Stop"- Miley Cyrus
Genre: Pop
Impact: "It puts me in a good mood."

Barbara Perez

Song: "Start of Something New"- High School Musical

High school doesn't last forever. Thank goodness! (Just kidding.) But it is true. One day, you'll be sitting on the football field, wearing those sharp looking red robes, surrounded by your classmates, your best friends, and that will be the last time you'll see most of them. For a few others, they'll stick by your side for the long run. Hang on to them and don't let them slip by.

Soon, all you'll have are recollections of those late Saturday nights, the chill Sundays and, of course, the many memories you made, with all those great people at PHS.

"Thunder" by Boys Like Girls

Every once and a while, some lucky person will graduate out of the "friend-zone" and into the "more-than-friends-zone."

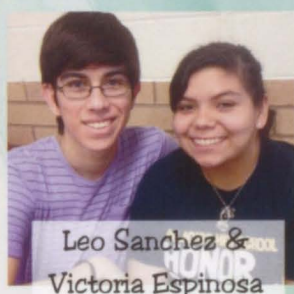

Here's what happens: you start out as friends with this person, maybe really close friends, but mainly just friends. Then, you start hanging out a little more with each other: going to each others houses, giving up your sleep for one another, and going to party's together. Then soon you start skipping the party's, just to stay with each other. That my friends, that is when you have successfully made it out of the "friend-zone" and on to the 'Couples' page for your high school yearbook!

"Counting The Days 'Till..."

We may make the music, but these guys are making the money! Whether it's when the final bell rings at 3:40, or when 1:45 rolls around for those co-op kids, everybody's jetting to clock in.

It's hard juggling a job, remaining in clubs & organizations, competing in sports and managing to get all the homework done after clocking out, but these guys somehow manage to get it all done with no problem.

From working Happy Hour at Sonic to making sandwiches at Subway, a job's a job to them. Whatever it takes to getting that pay check, they'll get the job done..

The final bell rings and life is good again. Of course, there's homework and work, but other than that, no more school for at least a good 16 hours or so.

The phone is everybody's number one priority when walking out those doors. Replying to those unread messages that we would never reply to during a regular school day is the only thing you see on everybody's screen. Then, it's the social networks: Twitter, Instagram, Facebook, etc... Who doesn't have an account?

Friday night is everybody's favorite part of the week. Whether it's going to the game, attending the party of the week, or maybe just hanging out with friends; nothing is better than those High School Friday Nights.

Palacios High School was ready to help their students **make their own music** this year. Freshman learned to find the right notes and rhythms for their music. Sophomores and Juniors brushed up on their skills and added the final touches to their songs. As for the seniors, they put the last little bits of their musical compositions together before they have to take the lyrics and beats with them and show the world the melody they've created.

"Show us how to succeed"

Head Honcho The Queens of the Stone Age

"Reflecting on the 2013-2014 school year, I couldn't be prouder. When I think of the student successes that we have celebrated, it causes me to smile and cheer. Even more so, the number of teachers and staff members who are hardworking, caring, and dedicated to our students makes me beam with pride. I feel truly blessed to continue to work in such a great district."

NEW ATHLETIC DIRECTOR, BRAD BOWDEN

Coach Bowden talks to the offensive line before they step back on the field for another series.

Coach Bowden talks strategy with the offense.

Coach Bowden congratulates the offense for a steller performance before they get back on the field to face Tidhaven Tigers once again

Q: What did you think of your first year in Palacios?

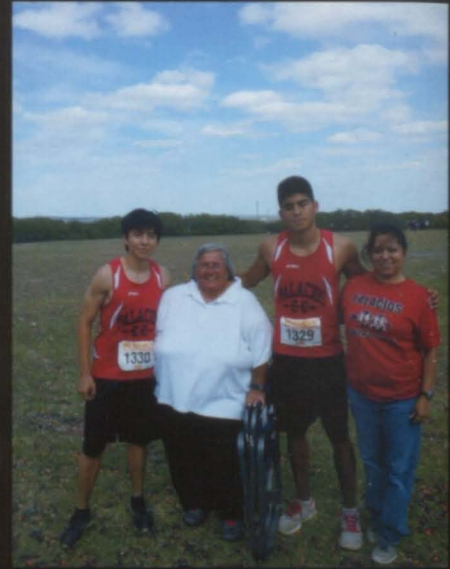

A: *"Throughout the first year, I was repeatedly impressed with our kids and the community. We have a lot of necessary work ahead of us to establish a consistently competitive athletic program, but I believe we are closer. I do know this, if this community truly wants one, we can build one."*

Q: What were some difficulties this year?

A: *"Really the only difficulty we have encountered is some resistance to any sort of change. Ironically, the ones resisting any sort of change are the same ones that were calling for change a year earlier. However, that's actually a pretty common phenomenon. Everywhere you go, there are happy people and unhappy people. Too often, the unhappy ones refuse to find anything positive or uplifting to change their outlook. Instead they concentrate on trying to tear down other's happiness. So instead of wasting time trying to appease the disgruntled few that will never be content, I'm better off focusing on the ones that are willing to roll their sleeves up and help makes Palacios better."*

**"Another year you made a promise
Another chance to turn it all around" -
Great Big World- "This New Year"**

"She will never give up on you"

Thirty-six years ago, Palacios was introduced to Coach Luz Arredondo. I doubt those who hired her could foresee the impact she would have on the thousands of students that have walked through her classroom, gym, or field. Her style of teaching and coaching was unlike any other. As we know, that is what made her so special. She truly cared for her students and athletes no matter their ability level. She preached that failure only occurred when you quit trying to improve yourself and everyone had something to offer. The lessons we learned were not left on the field or in the gym. We utilize these lessons in everyday life, in work, with family, and personal challenges. She has impacted so many lives and we are extremely grateful. Coach Luz Arredondo is no longer here, but her legacy lives on in each of us.

Cross Country

Her cross country kids thought of her as a mother, her encouraging words before a race brought dedication to the team.

We Love you mama Dondo you will never be forgotten

From Cross Country Kids <3

Track & Field

Coach Dondo started coaching track about 30 years ago. With her dedication she made runners successful. There was nothing more important to her than her runners.

You will forever be in our hearts
From Track girls <3

Coach Dondo may not be here with us physically, but she will always be here with us spiritually. You will always be remembered Mama Dondo.

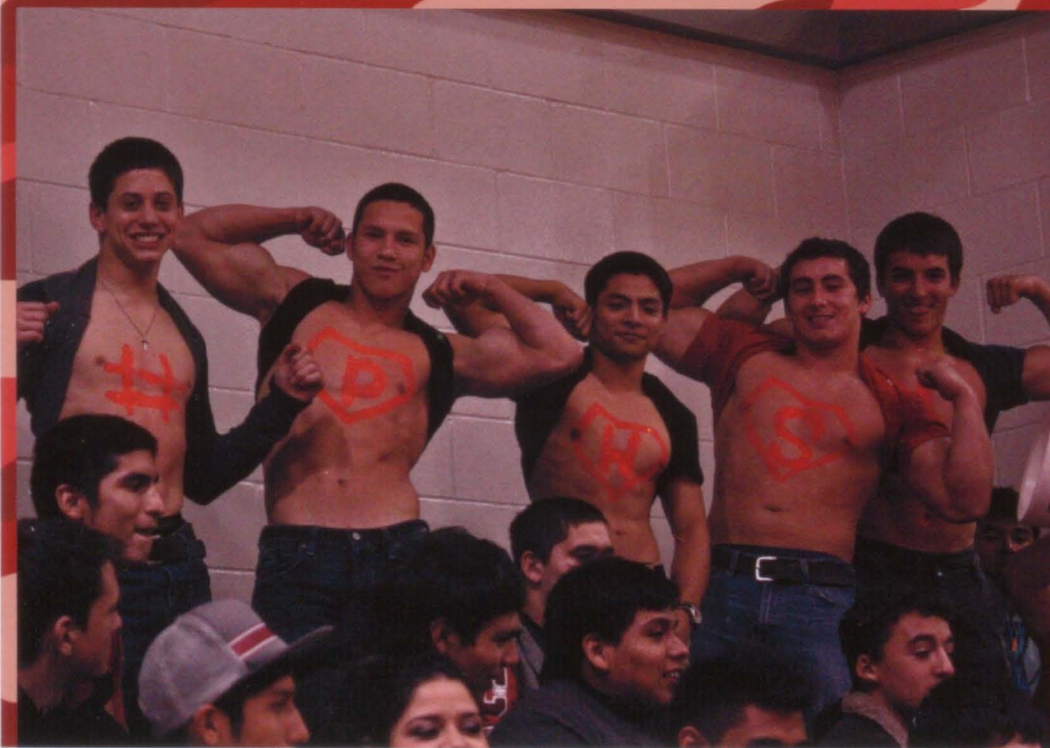

Coach Arredondo has been a part of the Palacios school district since 1979 inspiring students to push them to their highest potential. She has impacted many peoples lives by pushing them to their limit and believing they can acheive their goals. Not only did she encourage them not to give up, but to work harder for what they wanted. She played a major and important part in many young people's lives by being there every step of the way.

Students come together to honor Coach Arredondo in their memories by placing their awards and medals that coach arredondo helped them achieve. Inspirational quotes were placed across the fence too.

She may be gone, but she will always be remembered here in Palacios ISD.

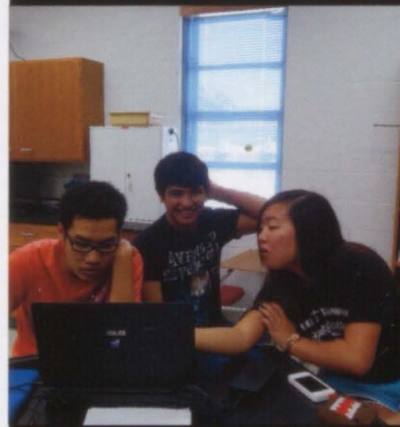

A Year in Review

Palacios High School really excelled this year in terms of academic achievements. The academic UIL team did great, having 11 students qualify for regionals and 2 lucky students - Serena Zamarippa and Courtney Carrizales - advancing to state! UIL, Debate, Top 10, and the rotary students of the month did an excellent job representing the home of the Palacios Sharks!

DISTRICT MEDALISTS

Christopher Garcia
and Seth Garcia

The debate team did great this year with 2 lucky students - Christopher Garcia and Seth Garcia - receiving medals at the academic district debate meet.

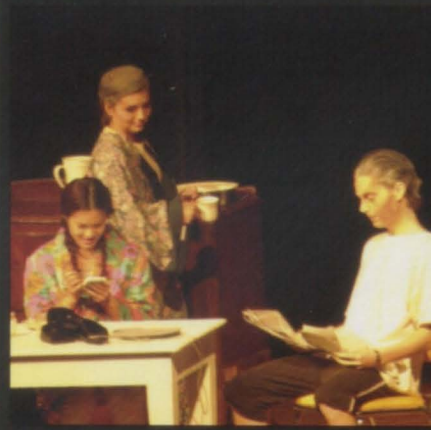

The 2013-2014 served as an amazing year for the Performing Arts division. Believe us when we say, we MADE the music. With impressive results from band, choir, and theatre at competition, we proved that Palacios may be a small town, but we sure do have skills.

Band began the winning season with Sweepstakes at contest. They not only got straight ones, but they advanced on to Area to represent Palacios High School.

Following band's great success was theatre. With no returning One Act Play students except one, it was scary to think about how the year would go. They were all pretty much new. However, trusting the new theatre director Jacqueline Pritchard, they showed that the new kids on the block could still run the show. This years One Act Play advanced past the UIL District meet. Along the way, they took home All Star Tech Crew Award, twice, Best Technical Company, All Star Cast, honorable mentions, and Best Actor.

Last but certainly not least was choir's time to shine, and shine is exactly what they did. Choir received perfect scores across the board with all 1's in sight-reading and in concert, carrying back another sweepstakes award. It was a great way to say goodbye to wonderful director Mr. Perry Dean, who has helped the Palacios choir and students in unimaginable ways. We will surely

CHOR

"YOU CAN MAKE IT, MAKE IT HAPPEN!" -MARIAH CAREY

"I wasn't sure that we could repeat our "Sweepstakes" in choir this year. We graduated 28 seniors the year before and most of our returning members were underclassmen. But people step up. We worked hard and when it came for the competition; we went for it! We held nothing back. We gave our all because the music deserved it. I'll miss this awesome bunch of kids. You'll always have a place in my heart." -Mr. Dean

Jones.

**"Never in my wildest
dreams could I imagine
that the Handbell
Ensemble would be so
good. They started from
scratch, with no
experience. They learned
quickly and eagerly and
surpassed all of my
expectations. They were
a joy to work with this
year. It was always a
great start to my day. I'm
so proud of what they
learned and
accomplished this year."**

IT'S A WONDERFUL LIFE

"Working together was a great experience for all of us. We worked hard day after day to put on a great show, and all of our practices and sacrificed time paid off. The Theatre and Choir classes worked well together and overall had a wonderful spark. No matter if you had no experience or the most, if you were chorus or the Student Director, everyone was important in their own way."

"Every morning I put it on. I walk outside and I am gone" -"Persona" by Blue Man Group

Extracurricular activities can be a hassle in our busy school lives. We sometimes have to skip lunch every once in a while just to hear someone talk and give us papers. Some of us wake up before the roosters on Saturday mornings (or nights, depending on who you are), or we miss so much school that our teachers' lectures sound more like gibberish than they usually do. Clubs and organizations can, at times, be very satisfying and fulfilling.

In Memory of Rudy Arteaga

Now you are gone;
and there is nothing to say.
Except one question; why,
did they take you away?
You were a treasure;
one of a kind.
You had a lifetime ahead of you;
now it's all left behind.
This moment in our lives;
we wish you to share.
Can't hold back the tears;
this moment I can't bare.
One minute you were here;
and now you are gone.
Here with us;
is where you belong.
But now you are watching us;
as you always will.
With you in our memories;
time stands still.

Rudy,

It's sad knowing you're no longer here, but it's also a great feeling knowing I have a guardian angel to watch over me. I love you and can't wait to see you again. See you soon buddy.

Sincerely,
Marissa Estrada

If there was one last thing I could tell Rudy it'd be that I love him. I'm so thankful that you gave your life for me. There's not a day that goes by that I don't think of him. He is the reason I try to live a better life.

Sincerely,
Iris Polk

Courtney-

I am so very proud of you and all of your accomplishments throughout High School. I have no Doubt that there are great things in store for you as your new life as a college student begins. Take advantage of every opportunity; this is YOUR moment in time! You will always have my support, my understanding and above all my love. Know you will always be in my thoughts and more importantly, my prayers.
With much admiration, Mom.

We can't begin to tell you
Just how loved you are
We can't believe how time has flown
And how you've come so far
Forgive us when we stop and stare
And tears fall from our eyes
Time flew by so quickly
Sure took us by surprise
Now here you stand before us
A respectful, honest young lady
Strong-willed and determined
Who always says, "I can"
There are no doubts within our
minds

That you'll indeed succeed
Your future holds so much in store
But 'that smile' is all you need
You've always been so gentle,
So loving, kind and giving
No matter where life leads you
No matter what you do
We'll always be your biggest fans
And we'll be here for you.
Love, Mom & Dad,
Seth & Jojo

YEARBOOK EDITORS

"Yearbook was not easy like I expected it to be. It was definitely a challenge for all of us. Fortunately, our staff was able to get it together and make this yearbook happen. I was honored to be Yearbook editor and work with such great people. I will miss it so much next year" - Nataly Garcia.

"Being yearbook editor this year was very challenging. Especially because it was also my first year in yearbook, and I had know idea what I was doing at the beginning. Some how Nataly and I made it work."
-Nelia Perez

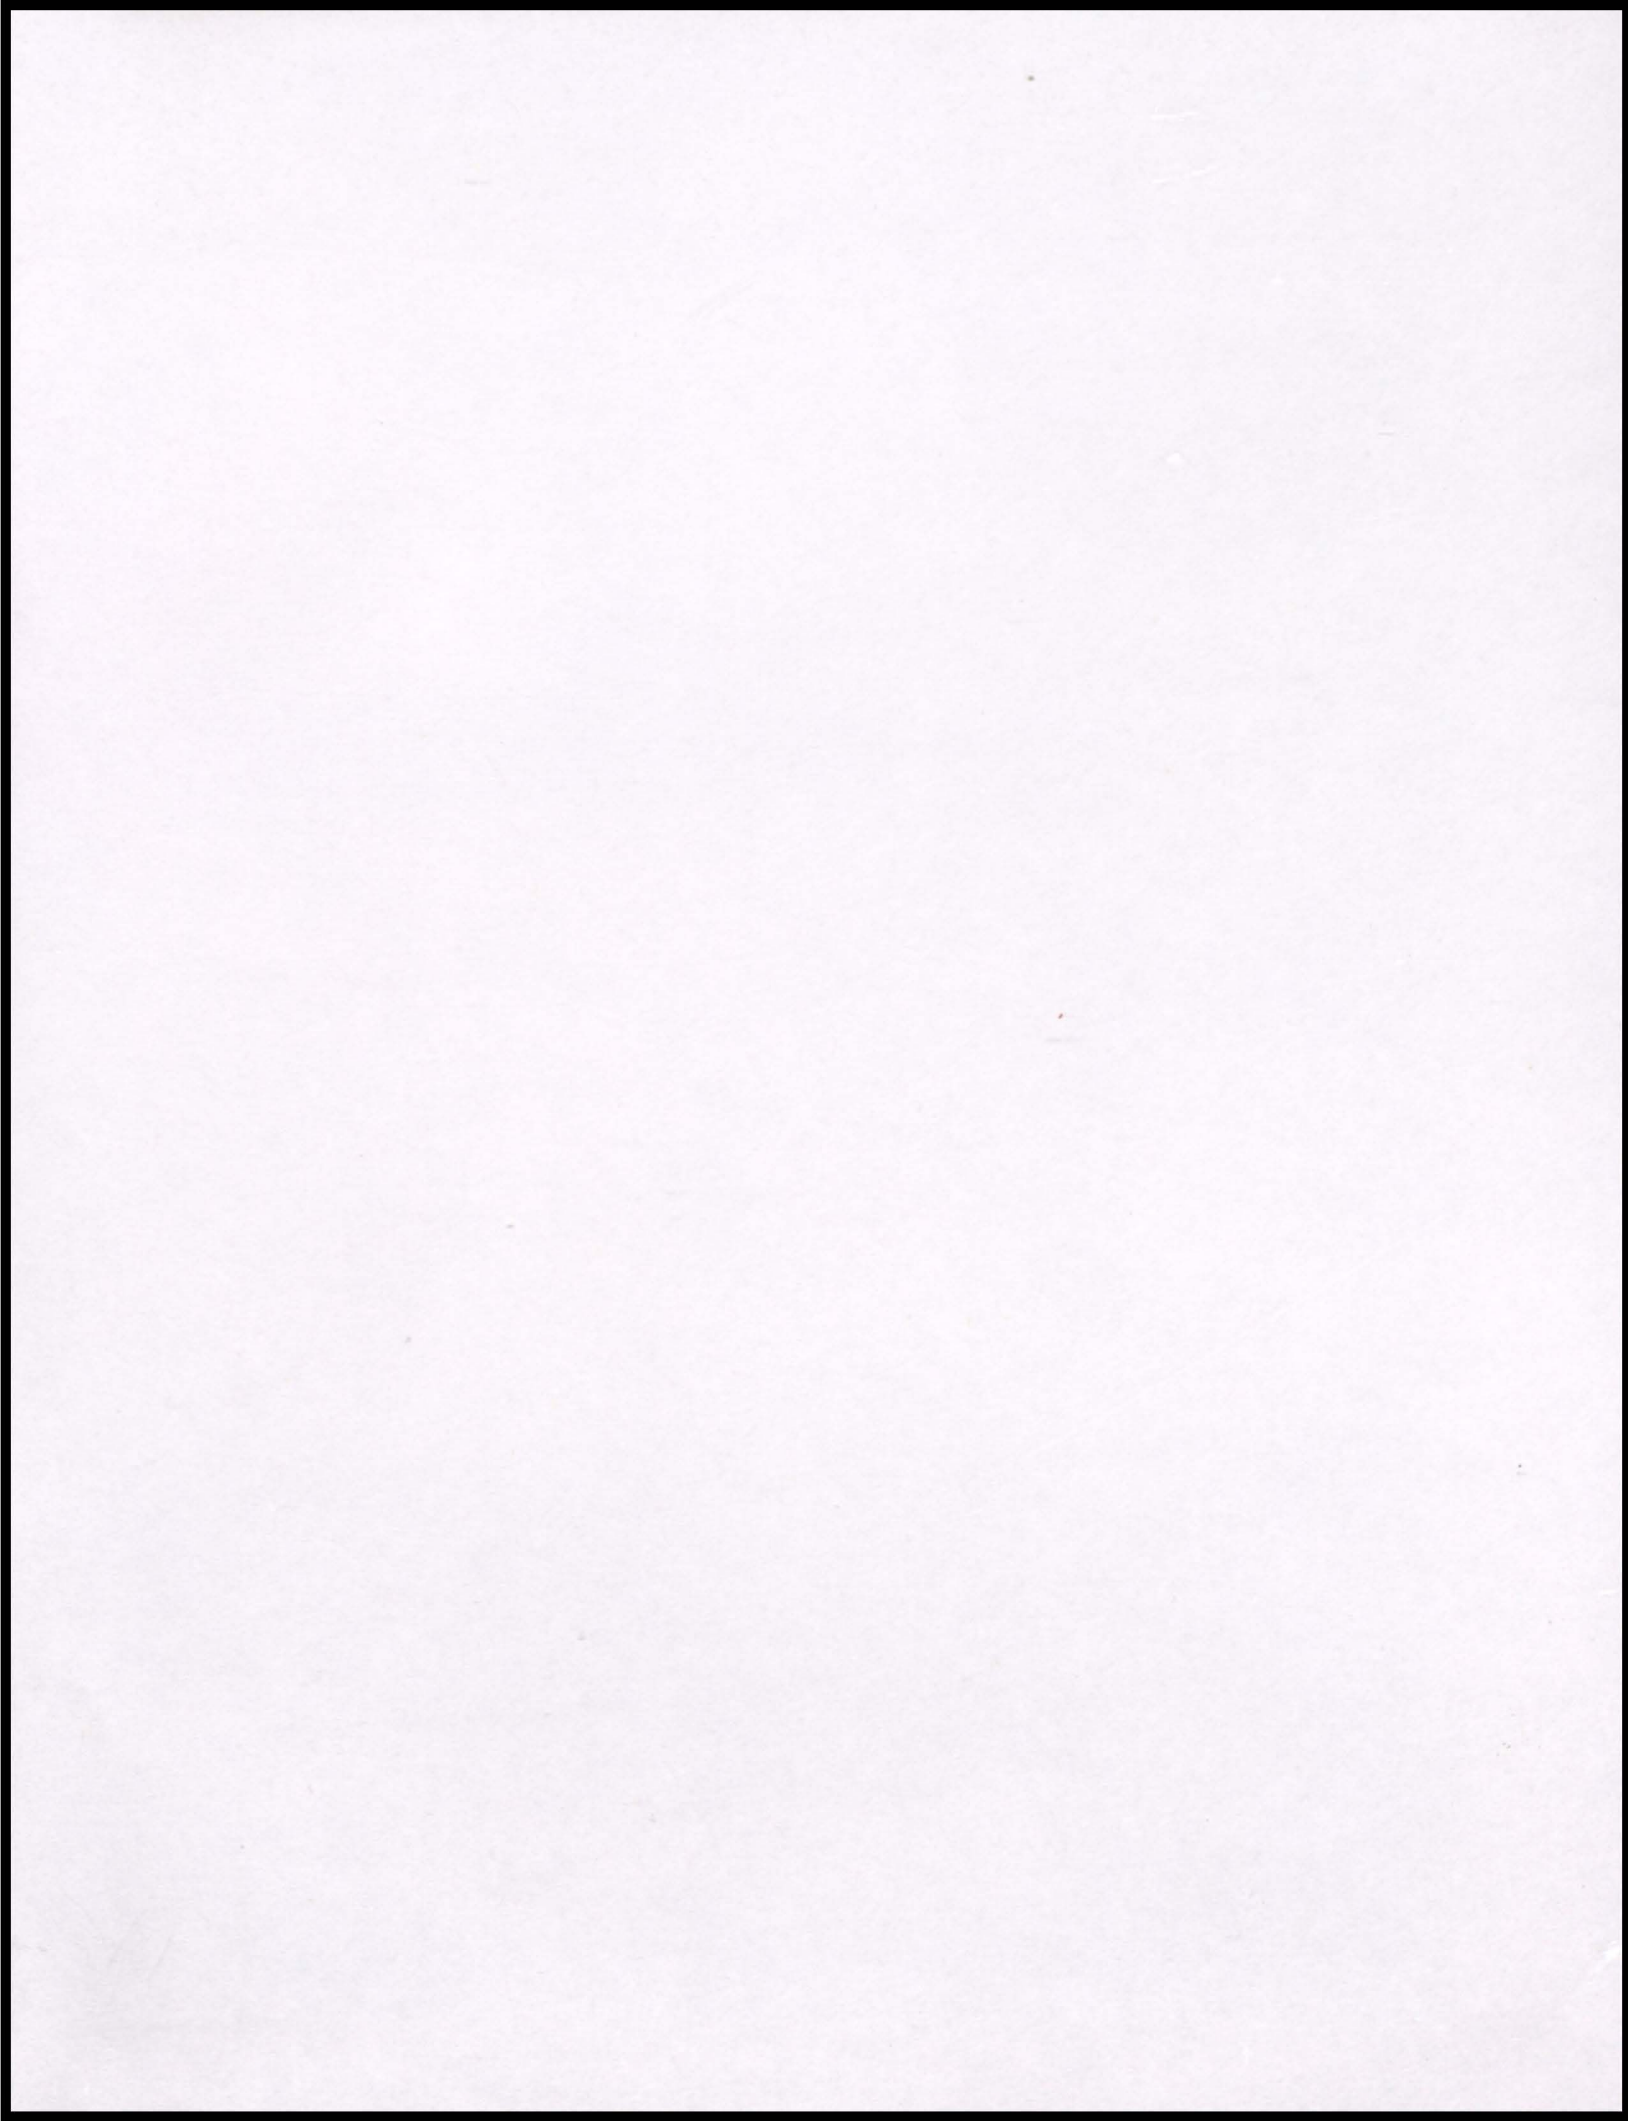

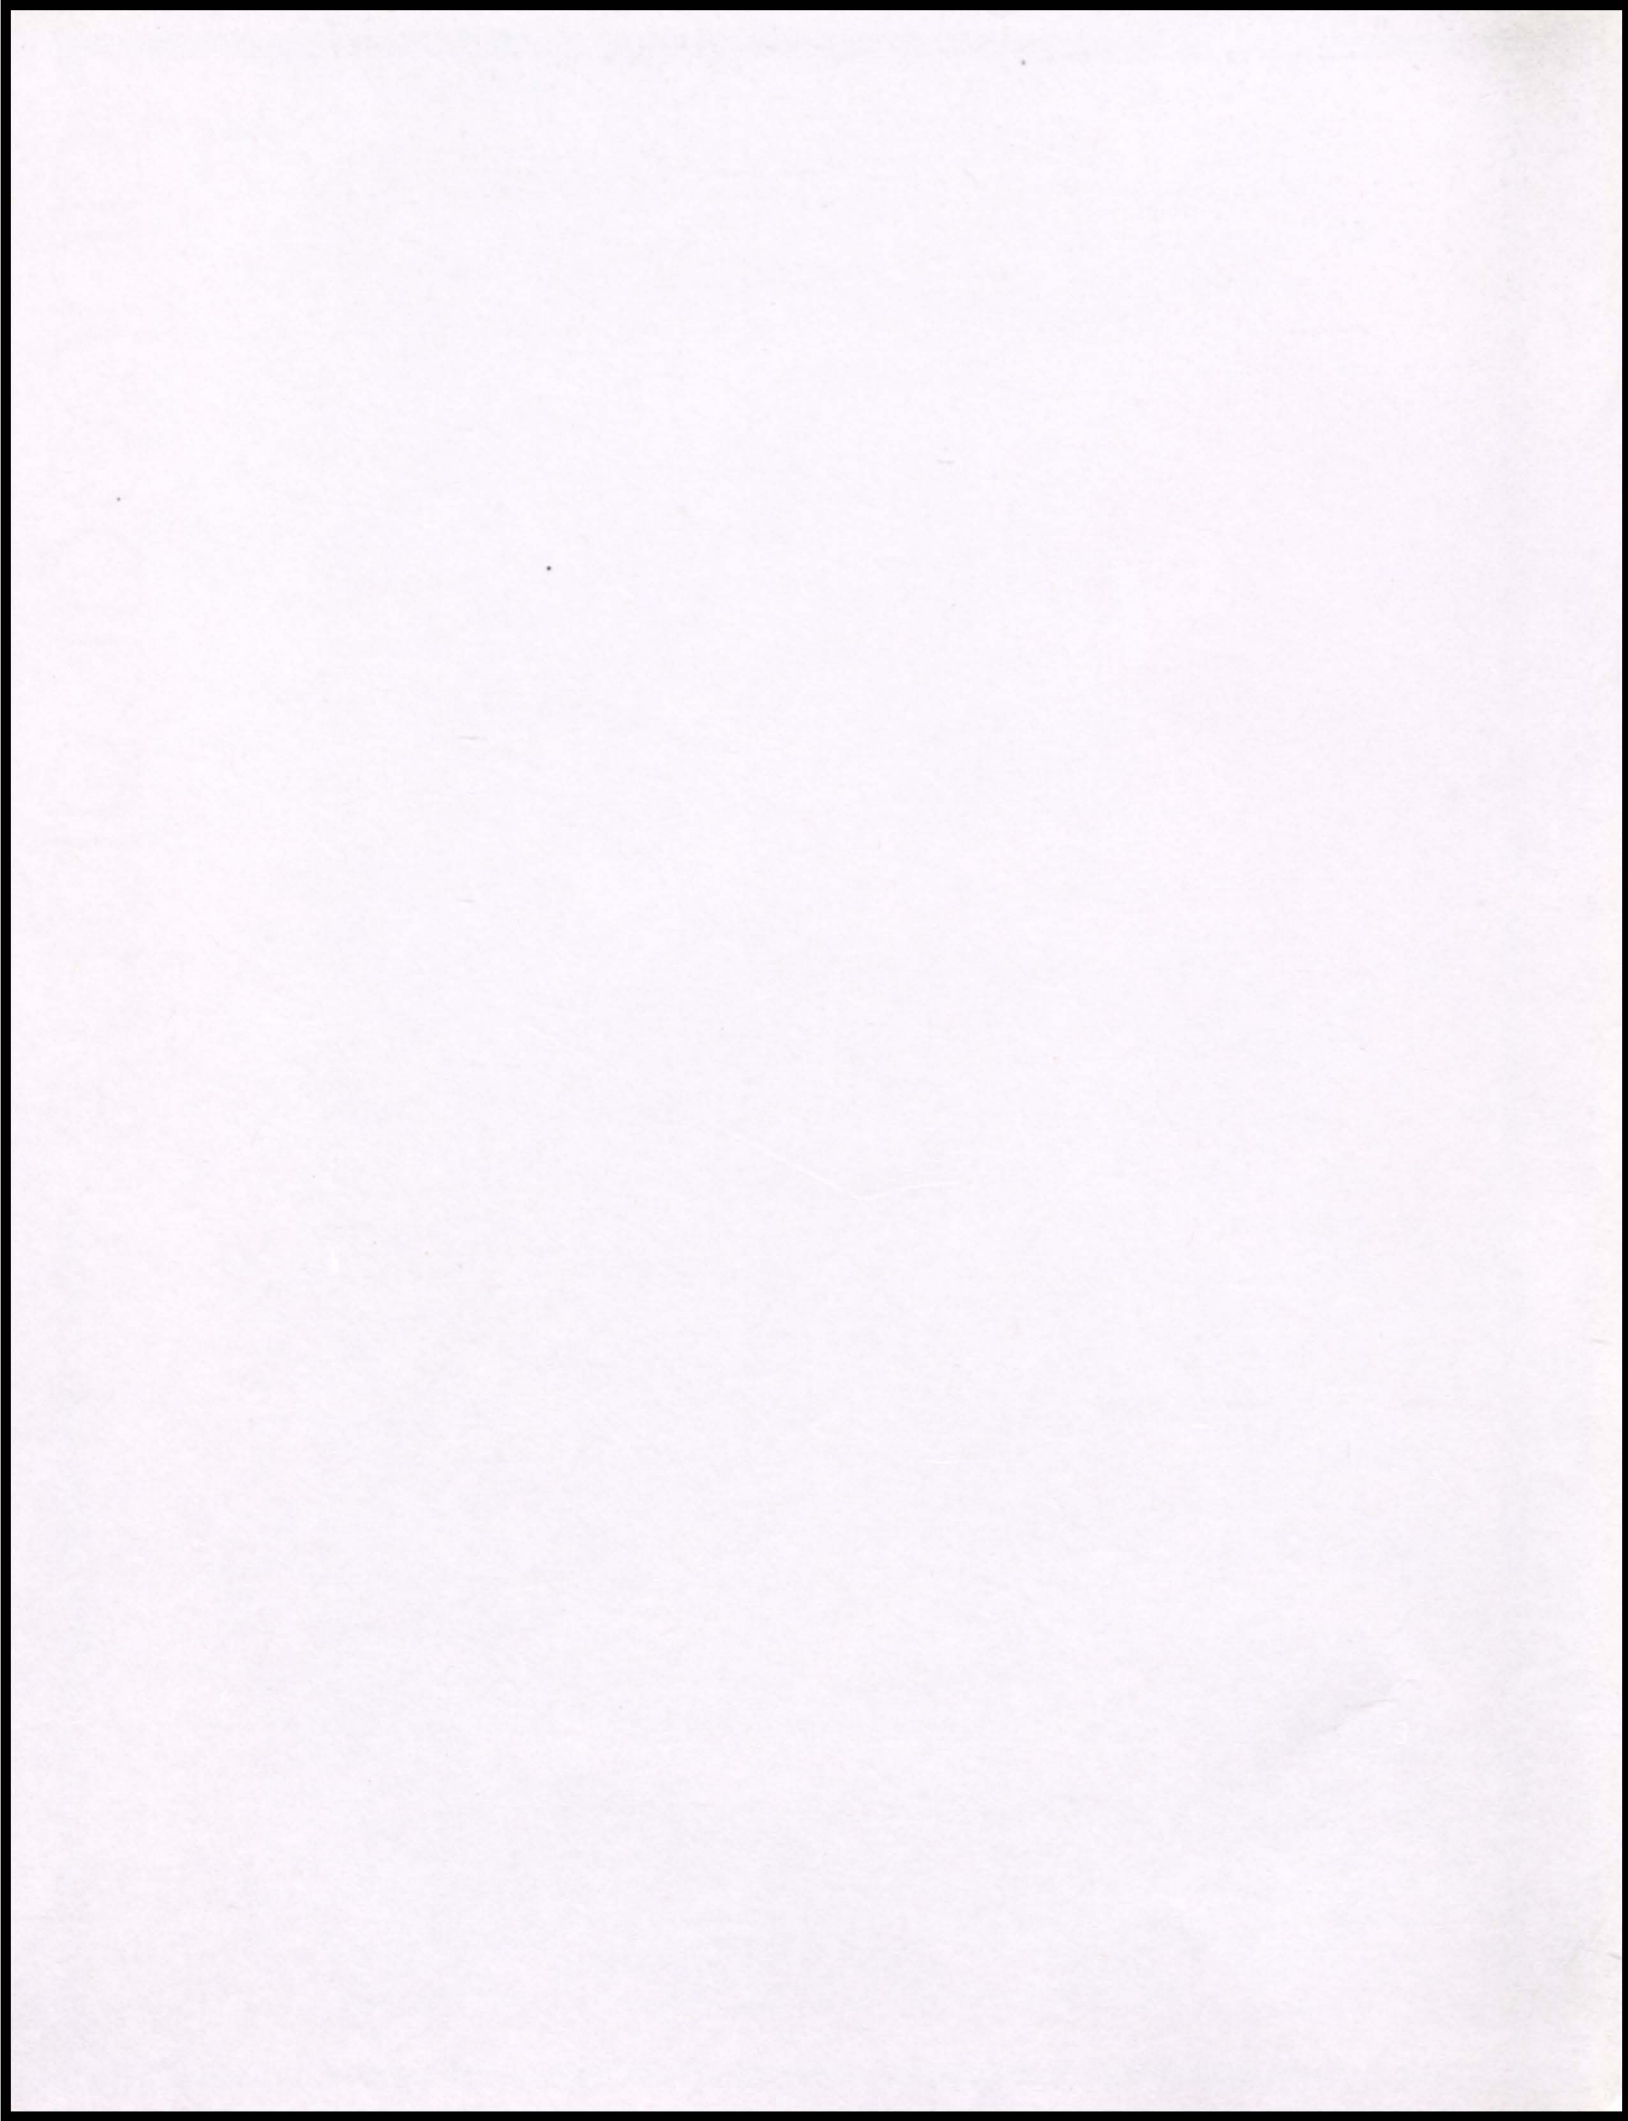

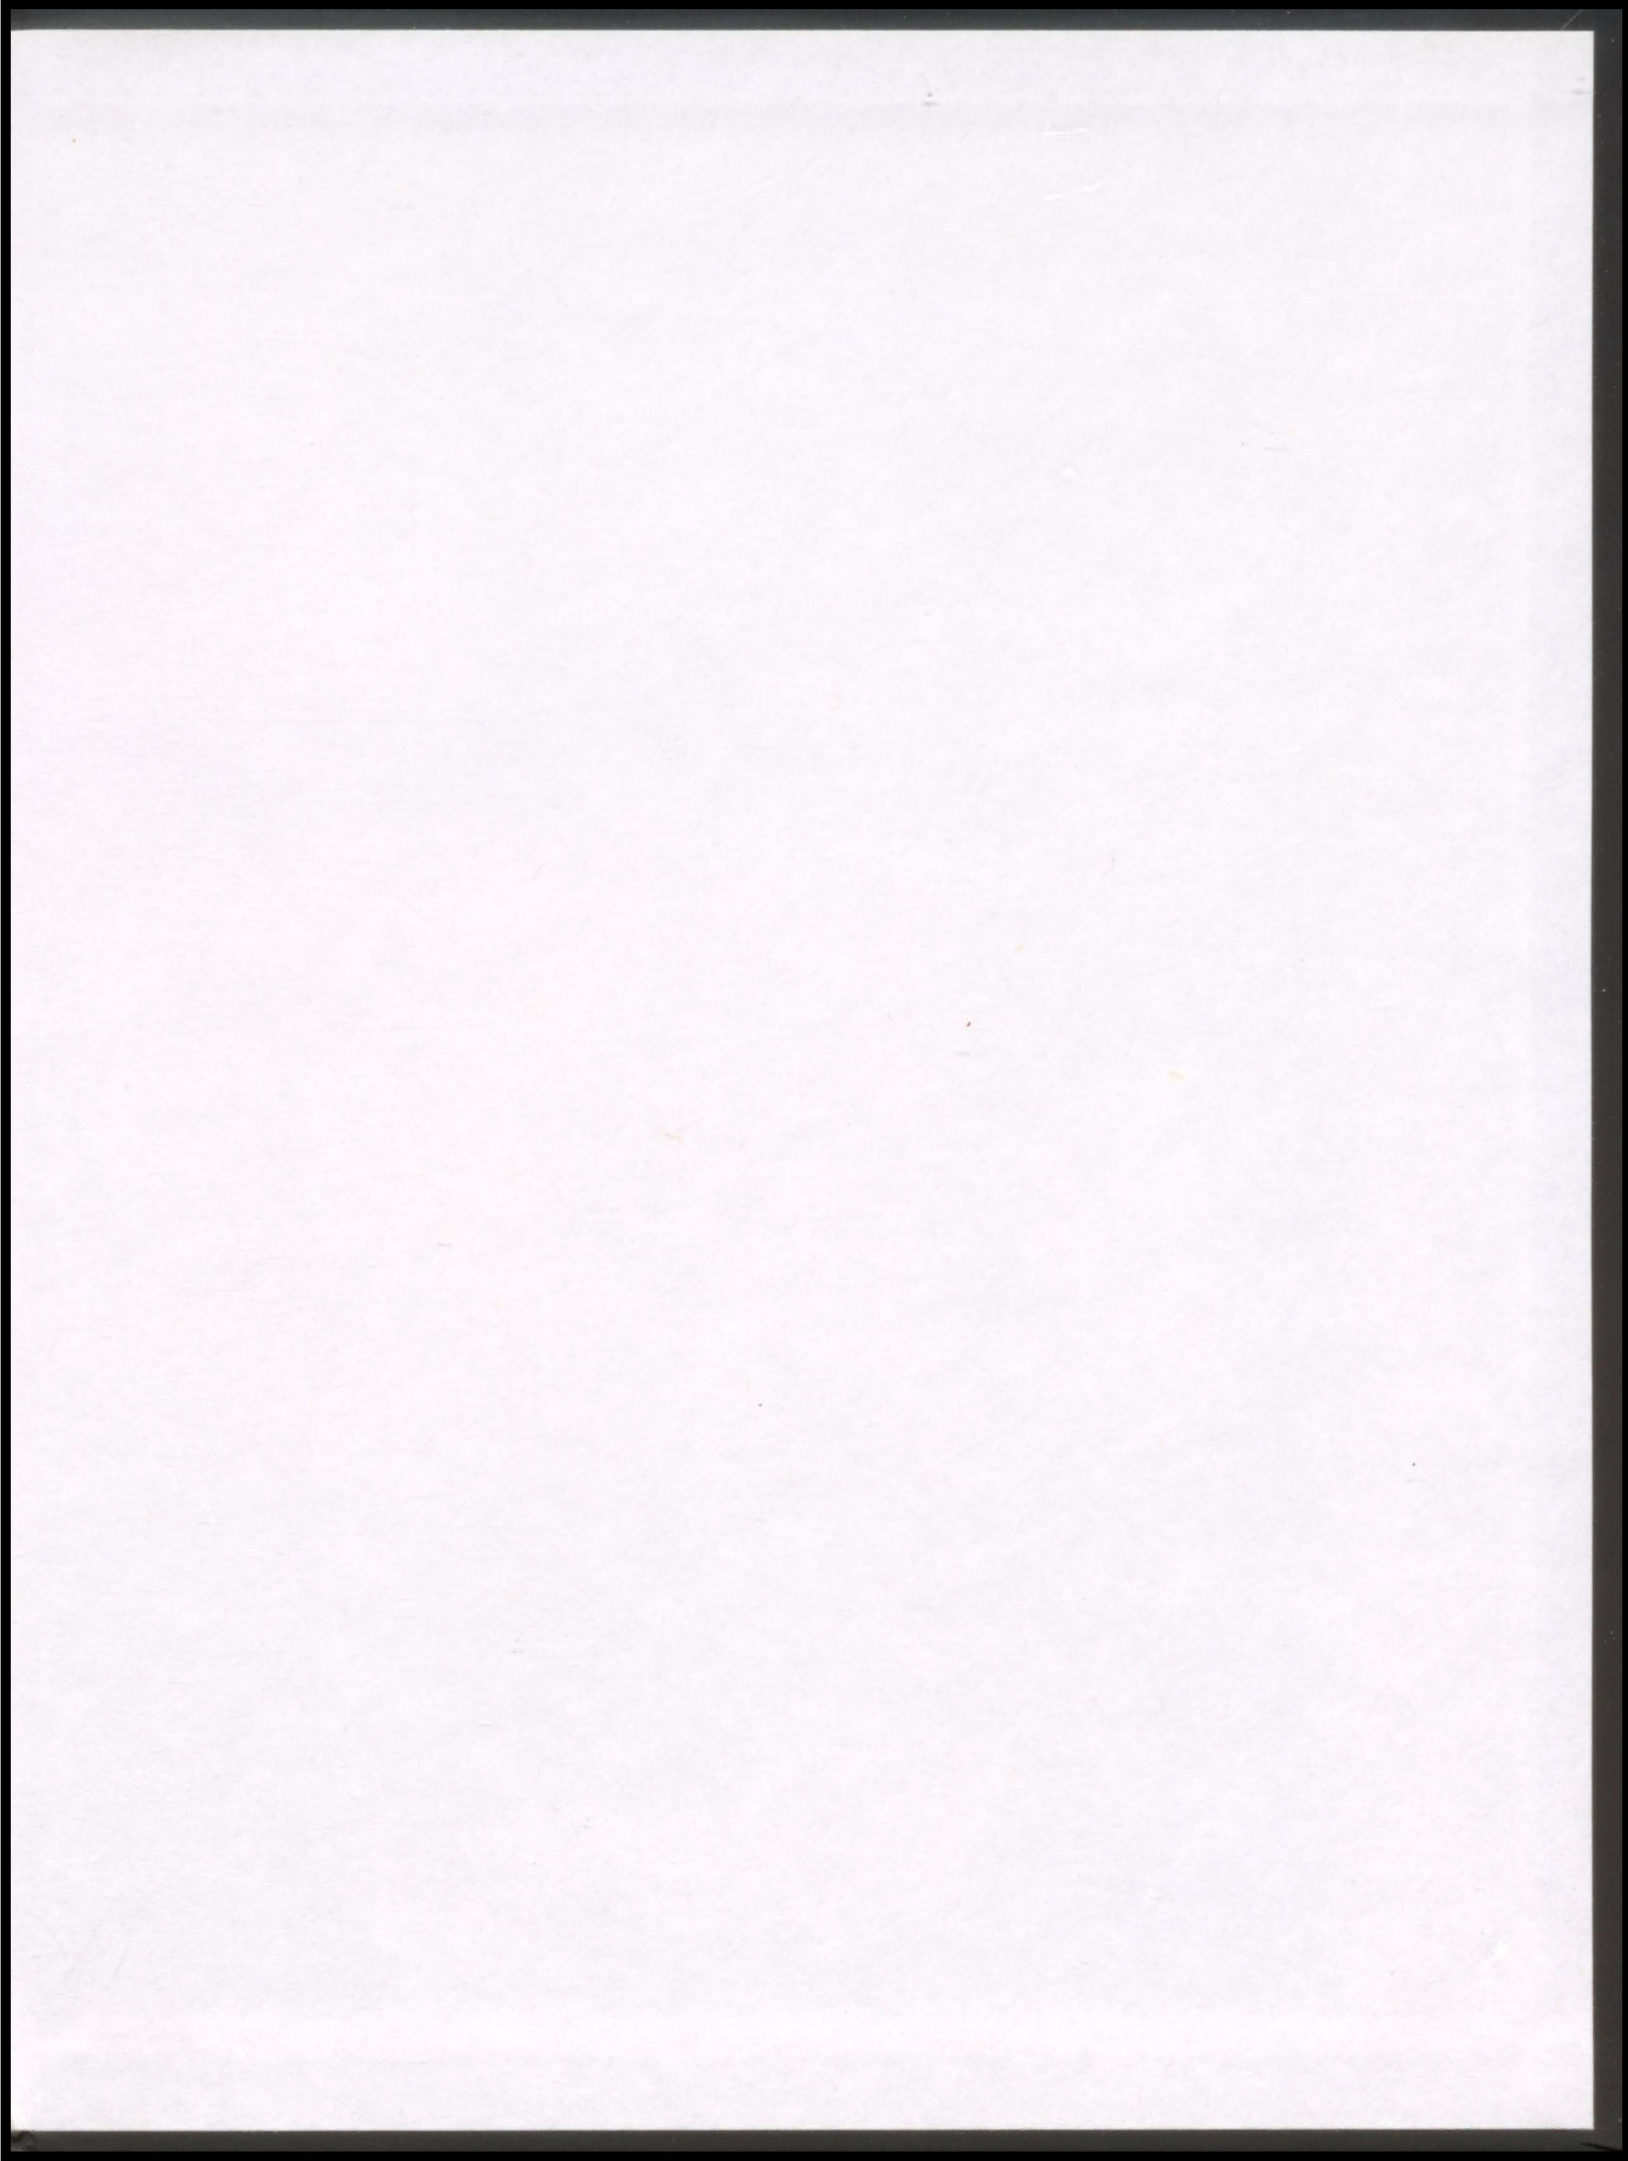

I hope you had the time of your life...
