As residents of Matagorda County approached the end of the 80s, 1989 made its mark. Several events changed the county and its inhabitants.

Tragedy struck in April. Gunfire pierced a peaceful Palacios afternoon, leaving Justice of the Peace, T.J. 'Jack' Dooley and his assailant dead. A specific shooting motive was never determined.

In May, Matagorda County purchased the county fairgrounds for \$1.15 million. This was met with disapproval from segments of the county. The commissioners agreed to lease it back to the Fair & Livestock Association for the annual rodeo over the next eight years, for \$5000 per year.

In June, local and Houston Lighting & Power officials "plugged in" the South Texas Nuclear Project. After 16 labor years and \$5 billion over initial projections, STP became a working nuclear plant.

Tidehaven made big marks in 1989. The first mark was by the Tiger basketball team which compiled a 30-6 record on their way to the state basketball finals and ended the season with a 2 point loss to Edgewood, 46-48. Finishing as state runners-up, the Tigers claimed a second straight District 29-2A title. Tidehaven earned its' first football playoff birth since 1981 and a first win over East Bernard

since 1971. Refugio ended the Tigers' year in the bi-district game, 36-13. Also, Tidehaven returned to baseball playing after a 30-year absence, ending with a 2-5 record. Tidehaven was definitely in the news for 1989.

As 1990 rolled around, residents of Matagorda County are looking forward to new challenges. Good luck in the 90s!!

## Face Lift

The 80's decade brought many changes to Tidehaven. In the early 80s, both Markhan and Blessing campuses received four new classroom buildings. For 1987, fans saw a brighter game as new lights were added to the football field. 1988 brought a new building for the Intermediate school which includes an office, classrooms and library. At Intermediate and High School, the ceilings were lowered, new floors were installed and the walls were painted brighter colors. Also, the Administration building was enlarged to include office space, meeting room and storage area. At Tidehaven, a student area and new field house were added in 1989. Tidehaven is looking great. Who knows what the 90s will bring?

Coach Jasek meant it when she said, "turn your homework in today."

Mr. Gibson relieves his tension after a hard day at school.

## New Choices

Over the past ten years, new classes have been added to the THS schedule. Among these are Art, Computer, and Word Processing. Local credit courses were added such as Yearbook/Newspaper, UIL, TEAMS English and Math. Instead of new classes, some old classes were given new names. Homemaking I was changed to Comprehensive Home Economics while Homemaking II was broken into two semester courses: Food Science and Nutrition and Textiles. Students in AG class could choose from several course titles such as landscaping, Equine Science, and Wildlife Management. A greater variety of classes makes coming to school for students more enjoyable.

## Project Clean-Up

If one was traveling west on Highway 35, a large sign would be clearly visible about Tidehaven's faculty. The faculty at Tidehaven High School joined together to help beautify Matagorda county. They are a part of the Adopt-a-Highway program sponsored by the State Department of Highways and Public Transportation. The teachers have pledged to clean up a two mile stretch of roadway four times a year for the next two years. The county will provide trash bags and safety jackets for the teachers. Mrs. Ona Lea Pierce suggested this project and Mrs. Glasscock did the necessary paperwork. Congratulations to the faculty for uniting together and devoting their free time to such a responsibility.

Ms. Driver studies a handout while Mrs. Glasscock listens closely during a faculty meeting.

## Making The Grade

Twenty-five minutes into class, someone creeps into the room and sits quietly in the back. Do not worry!! It is only someone to evaluate the teacher. This evaluation is part of a state law which regulates classes and teachers. Evaluators have a list of specifics to look for in the teacher's abilities. First, a teacher must be able to get the students' attention and keep them working all period. Then, a teacher must have an objective to accomplish for the class. Finally, the teacher must be able to close the class with something learned by the students. So . . . next time someone comes into your classroom, be on your best behavior . . . for the teacher's sake.

## TEAMS

Just when you think that all you have to do to get out of school is pass your classes, the rules of the game change. In 1985, a new hurdle was added to the graduation obstacle course. This hurdle is the TEAMS (Texas Educational Assessment of Minimum Skills) test. Students get plenty of practice on this test which includes math, English, and writing. The TEAMS tests are given in the first, third, fifth, seventh, and ninth grades and the Exit level test is given in the eleventh grade. If a student fails the Exit level test the first time, they have three more chances before graduation. This important test will determine whether or not a student receives a high school diploma.

Several faculty members show 'wild' enthusiasm during a pep rally.

Mr. Beck checks on several students in front of the school.

## College Bound

If you are college bound, the road may seem a little rough. There are three tests a student must do well on in order to get into the college of their choice. The first two tests are the SAT and the ACT. A student must take one of these to get into any college in the United States. The newest test is the TASP, which a person must take to get into a Texas college or university. A student may take any of these tests as many times as they wish. Of course, there is a fee charged for every test. So, if you are interested in college, it is a wise choice to register early for these tests and then hit the books! Good luck!

## OOPS!!

Embarrassing moments are a part of everybody's life. These moments seem bad when they happen but time passes and hopefully, you can look back and laugh. Some people were happy to share their experiences while others were a bit shy. Here were some people who were willing to share:

Lisa Day, "My most embarrassing moment at THS was when they rolled up the mat at the door by the coke machines and I tripped over it. I fell on the floor with half the school looking at me."

Scotty Crow, "In computer class, doing a program, my leg pulled the cord and I switched off everyone's programs."

Cathy Biskup, "My most embarrassing moment was when Laura, Larry and I took Garry's truck and a car started flashing their lights. We thought it was someone we knew but it was a cop. I started honking my horn at him and he pulled me over."

Shana Skutca, "When Kristi and I were in the drive-thru at Whataburger, I got out of my car, went to the car in front of us, and grabbed this lady's head, thinking it was someone else."

Cindy Perez, "In high school, someone took a picture of me while I was sitting on the commode and studying for a test."

Elizabeth Torres, "I was riding tubes at the beach when a wave hit me and knocked off my shorts. But I didn't know it until I got back to the shore and someone told me I didn't have any shorts on."

# Spirit . . .

In the last three years, the Tidehaven Tigers Boys Basketball team has brought Tidehaven fans lots of excitement, joy, and tears. All of this brings plenty of spirit to both the school and the community. Here are some replies when students were asked what it means to have real pride and spirit in our school.

"School spirit is when everyone comes to school wearing red and blue and talks about going to the game. Then they scream and yell for the Tigers to win!!" Cody Holloway, Junior.

"School spirit is when people begin to get involved to improve everyone's attitude toward our school and it's achievements. HOOPS!!" Michelle Tobola, Junior.

"School spirit is when you stand up every time the cheerleaders do 'Two Bits'." Laura Maupin, Junior.

"School spirit is when students cheer for their teams, wear red and blue on Fridays, and get involved in school activities." Tamera Quinney, Sophomore.

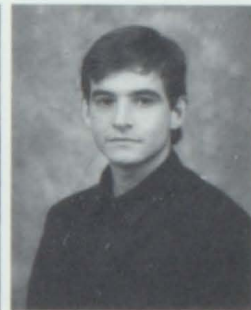

Everyone will surely agree that when it comes to school spirit, Tidehaven fans are eager to show their spirit. This year, the faculty has tried to explain to the students that, as a group, we need to put out a lot of positive attitudes about our school. With these positive attitudes, a chain reaction will occur. Soon everyone will catch that Tiger feeling of being awesome! Go Tigers!!

## Lost In the Middle

What is it to be a sophomore? It is really just studying and trying to keep a 70 average in every class. It is nothing like being a freshman, when you get all of the attention about being new and being a 'fish'. It is also nothing like being a senior. Seniors get the most recognition because it is their last year and they are graduating.

Being a sophomore is just being in the middle. It seems as though nothing ever happens when you are a sophomore.

Jason Glenwinkel stated that "being a sophomore sure feels good!"

Heather Poessel also added, "being a sophomore means that you're not a freshman anymore."

"Halfway out of high school," is the meaning Nolan Savage gives to being a sophomore.

Apparently Kenneth Johnson agrees with Nolan. Kenneth said the only good thing about being a sophomore is "I only have two more years and I'm outta here - hopefully!!"

Robert Brown said, "It means I have two years left to party."

Some people probably like being a sophomore because they are not picked on or expected to do anything special. Then, again, there are probably those who do not like being sophomores because they get no recognition for being one.

# Pet Peeves

*Peeve - a thing that annoys one (a pet peeve).*

*Do you have a pet peeve? It seems like almost everyone can think of something or someone that really annoys them. Your parents may get 'peeved' if you are late getting home! Several students were asked what their pet peeve is and here are the responses:*

*Billy Quinn, "I hate homework."*

*Stacey Morris, "When we are supposed to have a choice on something and it already has been chosen for us and we have to pay for it."*

*Greg Carter, "I hate having to take books home."*

*Ed Howser, "When people 'front' me."*

*Andrea Solis, "When people wear clothes and the clothes don't match."*

*Trista Livingstone, "I hate Algebra."*

*Derrick Collins, "I hate the so-called salad bar at school."*

*Nolan Savage, "Being forced to do something you don't want to do."*

*Robert Brown, "Girls who talk too much."*

*Maria Eufrazio, "Neat people."*

*Kenneth Johnson, "When someone repeats what I'm saying."*

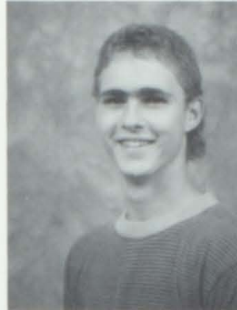

*Mark Ramirez, "People smacking their gum."*

*Angie Rocha, "When people talk real loud so they can get attention."*

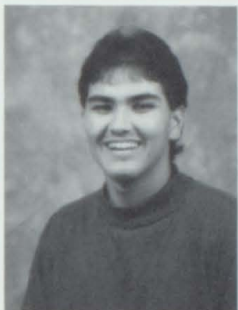

*James Edwards, "At a fast food drive-thru, when I order and then they ask if you want 'an apple pie'."*

## Good, Bad and Ugly

"It's very underrated." Gene Evans

"Looked down on." Chad Hurta

"No fun, easy." Shannon Hill

"Cool and fine." Peter Eisenstein

"Lost, confused, scared." Sue Adkins

"Fun, new, exciting." Stacia Kelley

"Very small people." Raymond Thibeault

"Fish, small, lower." Karen Rooks

"Put down alot." Rhonda Kemp

"Excited, smart, funny." Nellie Rodriguez

"Small, funny, crazy." Stuart Lynn

"Small and underrated." Jeff Stewart

"Smart, wild, crazy." Bubba Glaze

"Small, very mistreated." Nickie Suttle

"Fun, exciting, terrific." Carol Morales

"I don't know!" Belinda Alvarado

"I hate it!" Rosemary Rodriguez

"I'm having fun!" Jessica Riley

Hopefully, all of these freshmen and their other classmates will find many special memories in their first year in high school.

# Freshmen

## That's Life!

Is it hard being the new kid on the block? Before people really get to know you, do they tease you or just plain ignore you? Who would know about this more than a freshman? To some freshman, high school might feel like a whole new world.

Over the years, the amount of freshman initiations has decreased because of the penalty for hazing. But the fear of the initiation tormenting will always exist. Once they get through the doors, hopefully the fear disappears.

After initiation, Mary Brown had this to say, "The seniors were cruel and it was hard, but we survived."

Michael Glasscock felt differently. He stated, "It was fun but a little boring because I expected the seniors to be a little more bossy."

It must be quite a transition from being an upperclassman in junior high to being a lower classman in high school, but not all people feel this way.

Stephanie Heller does not agree because she was expecting something more challenging.

Even with some strange and unusual treatment and tormenting by the upper classmen, most of the freshmen will strive to enjoy their first year in high school. And we hope that these special years will bring many rewarding challenges. Good luck, Fish!!

## How Do You Use the Cafeteria?

One might think that a person uses the cafeteria only to eat. Actually, people find other ways to make use of the cafeteria. Several people were asked what they use the cafeteria for and here are their responses:

"To eat and to socialize with my friends." Tim Petrich

"I use the cafeteria to analyze how others eat their lunch." Nellis Rodriguez

"To eat, to talk and to do unfinished homework." Robert Wisham

"To talk with my friends and to look at girls." Peter Eisenstein

# Three and Counting

## Boys Basketball

Three years in a row! The Tiger Basketball team came back after last year's defeat at the State Finals to win another district and area title. With a 'young team' of four sophomores, two juniors and four seniors, the Tigers worked hard to overcome many setbacks and hardships.

The Tigers started district play with a record of nine wins and four losses. After losing to the Stafford Spartans in the first game, the team came back to win a district co-championship. To decide the first-team advantage in the play-offs, the Tigers had to meet the Spartans once again. With a 72 to 66 win, the team met

Yorktown for the bi-district title. It was a heart-stopping game, but the Tigers pulled ahead to win by four points, 66 to 62. In the Area game, Tidehaven met the Bulldogs of Three Rivers. The Tigers made it look easy with a 65 to 49 win.

For the third consecutive year, Tidehaven traveled to the Regional tournament in Victoria. The Tigers' rival was Ingram Tom Moore H.S. The boys played a very good game but were bumped from the race to the final four while Ingram went on to win the State title.

Once again, following the team was great fun for everyone. Keep up the good work! Let's try for four next year!!

# Against All Odds Football

Second to last in district. Who? The Tidehaven Tigers? No way!!

Under the guidance of Head Coach Mike Tobola, the Tigers proved many people to be wrong. After a slow start with losses to Palacios and Schulenburg, the Tigers stepped up the pace for their first win over Industrial. The Tigers then gave up another win to Stafford. People were beginning to doubt the Tigers, wondering if they really were going to be second to last in district.

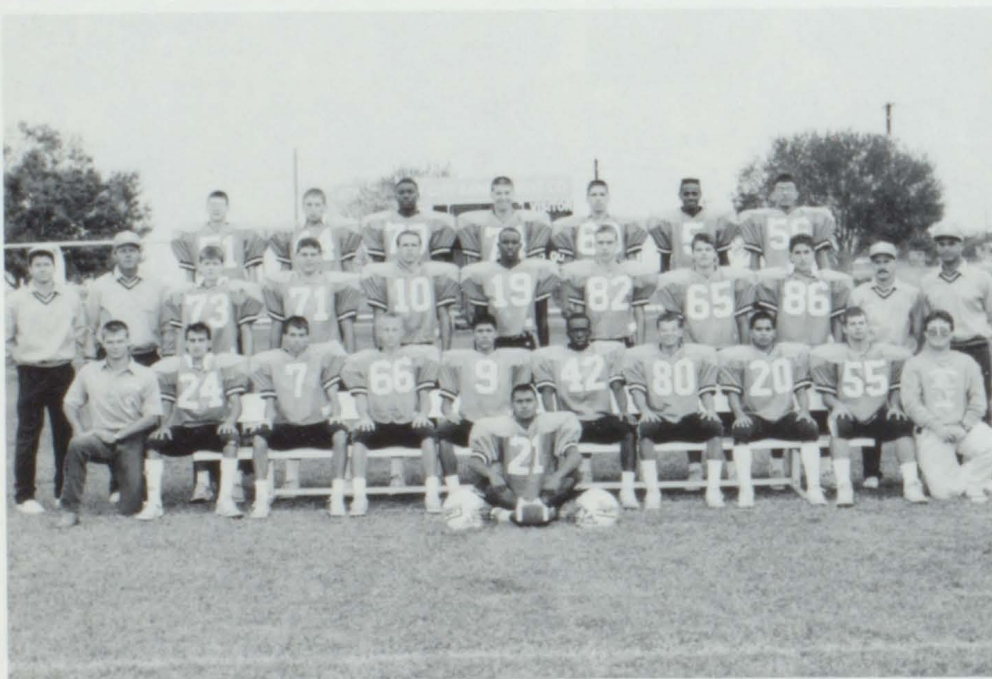

The Tigers never gave up, coming back to beat East Bernard for the first time since 1961. With the shutting out of Boling, the win streak increased to two. But, disaster struck when the team lost a key game to Brazos.

In a must win situation for a play-off shot, the Tigers proved their power. They won games over Danbury, Ganado and Van Vleck. Van Vleck was the only team that stood in the path of the Tigers and their playoff spot. Caution was thrown to the wind as the Tigers steamrolled the Leopards, 47-7.

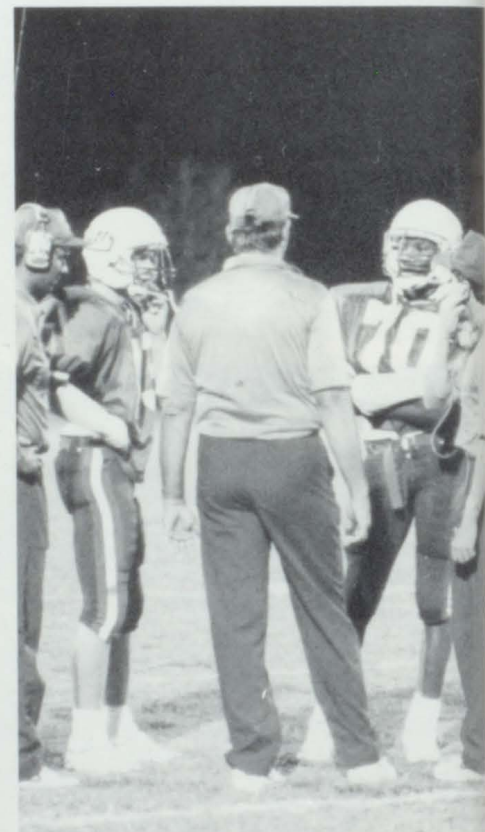

For playoffs, the Tigers faced the high-ranking Refugio Bobcats. The Tigers battled in valor, only to be denied a victory as they lost, 36-13. After the season, Coach Tobola resigned. Good Luck, Coach! Also, good luck to the new coach and the 1990 Tiger team!

# Getting Attached Volleyball

Even though the Lady Tigers did not have a successful season, they practiced hard and had fun in the process. The ladies worked together as a team. They won, as well as lost, together. The Lady Tigers had to regroup and get adapted to a new way of playing. Coach Jolene Byrd took over the head coach position to try and restore the Lady Tigers' confidence to rise to the top.

The Lady Tigers competed in two tournaments. At the Tivoli tournament, they first played Rockport-Fulton and defeated them two games to one. The Lady Tigers then competed against Ben Bolt, losing two to one, and against Austwell-Tivoli, losing two games to one.

In the second tournament, the Lady Tigers traveled to Boling to compete. The girls were defeated by Brazosport but bounced back and defeated Bay City in a county grudge match, two games to zero. The Lady Tigers were topped by Wharton in the third game of the tournament.

The Lady Tigers ended the season with a record of seven wins and fifteen losses and a district record of two wins and ten losses. Good Luck Next Year!

## Girls Basketball

The Tigerettes had a tough season, but remained positive and determined to do their best throughout. The pre-district line-up was tough, as they played several teams a class or more above THS. Two of the teams, Edna and Bloomington, made it to the playoffs and Edna advanced to the State finals. The team competed in the very tough Victoria Toast of the Coast Tournament, as well as the Ganado and Van Vleck tournaments.

The first round of district was a long, hard battle and the ladies didn't play to the best of their ability. However, the second round was played by a vastly improved team and they were able to close the scoring gap, many times within 2 to 5 points. Our opponents were surprised to find the Tig-

erettes were not such an easy target the second time around.

The Tigerettes closed out the season with a 2-23 overall record and a 2-10 district record. Unfortunately, records do not show the true talents of a team. The improvement the Tigerettes made was monumental and their 'never die' spirit was commendable. The losses were taken with lady-like grace and the wins were joyously celebrated. The Tigerettes are to be congratulated on their display of true sportsmanship.

Good luck to graduating team members! The upcoming underclassmen will have to fill the leadership and talent roles. The best is yet to come and the Tigerettes will be making their tracks!!

# The Second Season Baseball

The young Tigers of the Tidehaven baseball team struggled through their second season. With only two seniors in their starting line-up, the Tigers competed and played their hearts out in every outing. The highlight of the season was beating Ganado at home, 3-2, in the bottom of the seventh inning. Even though the Tigers managed just one win this year, they showed improvement with every game. The Tigers will come out next year and continue to improve and start putting some wins up on the scoreboard. Good luck, Tigers!

# Gaining Speed Girls Track

Our Tigerettes track team ran at Brazos, Palacios, Stafford, Austwell-Tivoli and Schulenburg. Even though they had a large number of injuries throughout the season, the girls never gave up. The Lady Tigers improved every week. Michelle Tobola finished either first or second in every meet she participated in. Four seniors and one junior participated in the varsity division at the district meet in Stafford. The remainder of the girls participated on the Junior Varsity team.

At the district meet, the Junior Varsity team was very impressive. Bambi Byrd set a new record in the long jump and the 1600 Meter Relay team also set a new record. Overall,

the Junior Varsity team placed second with 156 points.

For the Varsity, at district, Michelle Vacek made the finals in the 100 Meter dash while Paulette Collins placed 6th in the 200 Meter dash. The 800 Meter relay team, which included Paulette Collins, Michelle Vacek, Kellee Saha, and Angela Timmerman, placed fourth. The big winner for Tidehaven was Michelle Tobola who won first in the discus. This qualified her for regional for the third year in a row. At regional, Michelle placed fourth.

With a young team and the dedication these girls exhibited, we're looking forward to nothing but good things next year!

# Cross Country

The cross country team was very impressive with competition in the Sweeny meet and the Bay City meet at LeTulle Park.

The district meet was at East Bernard. The Lady Tigers finished second, which qualified them for regional in Pasadena.

The regional meet was held on a gold course at San Jacinto College. The girls did very well with Beth Kowalewski placing 15th out of 120. Beth missed a state chance by five places. We hope to see this young team going back to regional next year. Good Luck!!

Aside from picking up three more participants, the Tidehaven tennis team did not have a very successful year. The new junior varsity players included Israel Olguin in singles and Theresa Reyes and Wendy Hicks in doubles. The varsity team consisted of Christeen Hobbins and Greg Carter in singles and Kelly Dees and Scotty Crow in doubles. These athletes dedicated a great deal of time to bettering themselves in a particular sport. The training and coaching was contributed by Coach Mike Tobola.

## *Organizations*

The Council of Presidents consists of the class presidents and vice-presidents. These people are responsible for the flags, prayers and programs for football games and maintaining the soda water and juice machines. The club sponsored a trip to San Antonio for freshman and sophomore students with perfect attendance. The students visited the zoo, the Alamo, and strolled along the Riverwalk. A-B Honor roll juniors and seniors were treated to a college day on the Texas A&M campus which included a tour of the campus and an Aggie football game.

As a member of the Fire Staff, a student is responsible for the life and safety of the students and faculty. This year, the fire staff had a fire drill each month. Also, the fire staff had a visit from the Bay City Fire Marshall who gave a volunteer inspection of the school. This inspection included checking a fire drill, the electrical outlets, fire extinguishers, and exits from the school. Very few problems were found and the fire staff received an overall rating of very good.

The dedication and time spent by the fire staff on keeping our school safe is greatly appreciated by everyone at Tidehaven.

Does pica, gutter, white space and Kabel Italic sound like a foreign language to you? Don't worry, it's only yearbook talk. Putting together a yearbook requires work from the beginning of the school year with the students selling ads to help pay for the book. Other projects include taking pictures, writing captions and articles, and drawing layouts. The newspaper is also part of this class. The students gather information to write informative articles about school activities. The staff hopes you will enjoy this yearbook.

# Discover the future of electricity

## at the South Texas Project

The future is here today, now that STP is on-line bringing nuclear power to South Texas. And now you can learn more about nuclear energy, its sources and applications, at the South Texas Project Visitor Center.

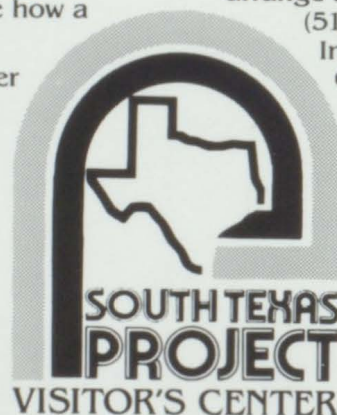

The center offers a variety of educational films and exhibits to further your understanding of nuclear power, whatever your background or age. Discover first-hand how much energy it takes to power a light bulb. See how a nuclear reactor works.

The STP Visitor Center

is located on Farm Road 521, just 21 miles south of Bay City and 19 miles northeast of Palacios. Hours are 9 a.m. to 5 p.m., Monday through Saturday. The center is closed on Sundays.

You can also arrange for your group to tour the plant itself at 10 a.m. or 1:30 p.m., Monday through Friday. Advance reservations are required.

For more information or to arrange a tour, call the center at (512) 972-5023 or the STP Information Office in Bay City at (409) 245-1477.

Operated by Central Power and Light Company.

# SENIOR PROPHECY

The year is 2000, and we are on an Excellent Adventure through El Maton, Texas. Man O' Man! We've noticed some vast changes have taken place. This isn't an ordinary rural area anymore, but an urban metropolitan city. It's filled with large buildings and changed faces. As we approach the directory, we're greeted by the re-elected mayor, CLINT WALKER! He screams out, "Welcome . . . to the Funk Shop!" Of course, on the side, Clint runs a repair shop for monster trucks. He points out the extremely renovated Tidehaven High School. Wow! Talk about changes, it's so big they had to raise the classification to 6A! We go in and enter the elevator, and can you believe it? Yep . . . it's KEVIN HILL as the Bellhop. He quickly takes us up to the 15th floor to meet the greatest Spanish teacher in the state, MARGARITA CHAVEZ. She tells us she'll be receiving an award at the assembly. Also, at the assembly, we find out ALBERT ALVARADO will receive an award for 'World's Most Educated Man.' On the 14th floor, we spot AARON NELSEN as he is explaining the Pathagorean Theorem. We find out he has replaced his father, after his father retreated to the Bahamas! Then we see Sgt. JAMES EDWARDS who is a recruiter for the U.S. Army. He points out to us his good friend, PAUL GONZALEZ, who is the head track coach. Incidentally, Paul still carries on the traditional 'Pierce Stretching'. Walking up is his assistant, and Olympic High Jumper, BLAINE BECK, with his wife, LORI MCMILLAN, who is a full-time mother with their quintuplet sons! Soon we're run out of the halls by ERIC DRY, the principal. When we go to the administration office, we find out ERNEST REYES is offering Celenese for the THS Sports Banquet since he works there. (Looks like they'll always have it there!) We then decide to find out who the Girls' Coach is. Would you believe it? ANESIA RILEY is out on the track making her girls run 'the Circuit'. We hear a sound and end up in the band hall, and we see that CORENA OLGUIN is the band manufacturer, and is making her delivery. After all that, we inquire about where everyone hangs out, and we're so hungry, so we speed to the nearest place, and before we know it, we see blue and reds flashing behind us. As the officer walks up, we automatically recognize him. Why, it's JASON BLACK! (We guess he decided it was better to give than receive.) He informs us that his close buddy, STEVE JONES, had gone off to school and is now the top surgeon in El Maton. While we are pulled over, we notice a group of motorcyclists. Who's that in the front? None other than DARRELL TOMASEK! Jason lets us off the hook this time, but informs us to watch out for the sheriff, BRUCE HURTA. He says Hurta won't let anyone off. We arrive at the newly acclaimed 'Largest Mall in Texas', owned by Jemie Pierce. She personally shows us around and we see KIM ANDERSON in her store, 'Tall Women'. We then spot TAMMY DAVIS instructing karate for young men. In the bookstore is RACHEL RAMSEY with her best seller **How To Be Shy**. ANGIE ROCHA flags us down and insists that we come into her boutique. When we walk by the television store, we see MICHELLE VACEK at the Grammy's, winning an award for 'Choreographer of the Year'. When we switch the channel, we hear a beautiful voice. Why . . . it's our own SHEILA VAUX. Wait! There's an interruption! Oh . . . it's just the T.V. evangelist SHANNON GRAY. And who's that on ESPN? None other than LARRY 'the bird' SANFORD doing his acrobatic ball handling. As we watch Larry, a brief announcement comes across the screen saying the KELLE SAHA's college basketball team wins again. We decide to move on, but are stopped short by a loud salesperson. Oh no! It's DAVID ROBINSON insisting we buy his vacuum cleaners. He explains to us that his are considered the best. We decide to buy the local newspaper. When we open it up to the classified pages, we see MELISSA KACZMAREK's name desperately advertising for a job as a nanny. We then see the new and improved Geos advertised by the luxurious CHARLOTTE KEMP. There's an ad to buy ELIZABETH TORRES' hair. (She could spare a couple of locks.) We also see an orchestra concert being held tonight by the talented ANN HOWSER. As we are about to leave, we are stopped by ANGELA TIMMERMAN, who informs us that she traveled the world, learned four more languages and now works at a traveling agency. She also tells us that she sees MELVINA WILLIAMS going to work everyday as El Ma-

ton's number one airline pilot. With our stomach growling, we decide to stop at STACY BEASLEY's restaurant and order out. After lunch, we have a craving for some good ol' soft ice cream at Dairy Queen and we are greeted at the window by the manager, DAWN POLASEK. Dawn informs us that she decided to take 'Peanut Butter Parfait' off of the menu . . . guess it was for the best. We ask Dawn about the El Maton night life. We aren't surprised when she tells us that everyone who's anyone rocks till they drop at the hottest nightclub . . . 'PC's FI-SLAM JAM'. When we inquire about directions, Dawn gives us the scenic route. First, we drive toward the outskirts, passing SONJA DRY's Duck farm. As we pass, we see Sonja in a sundress and bonnet, nurturing her ducks. Across the road is the very successful Rocking W Ranch, which is run by TAMMY WILSON. Finally, about five miles past the farms, we are blinded by the massive neon lights. We read the signs and find out MARK BISKUP will be the opening act at Paulette's! We drive up behind a limo and out steps HENRY CHAVEZ with women hanging all over him! Eventually, we make our way into the club and the first person we see is MIKE EISENSTEIN who has proved Einstein wrong and now spends his time replacing every Einstein picture with his own. It's not long before Paulette notices us and advises us to 'Get it, Girls!' Everyone was having an awesome time, way into the night!

It's true, we had been worried about the future of Tidehaven and El Maton, but gratefully, they are both in the capable hands of the EXCELLENT SENIORS OF 1990!

## Heaven In Your Eyes

After selling t-shirts, working concession stands and selling candy during the noon hour, the Juniors were financially able to start work on the prom. The Homemaking kitchen was transformed into a work area and covered eventually by glitter, stars, tinsel and more glitter.

The night of the prom was a great success. Approximately 175 people enjoyed the evening, which was held at the Bay City Oasis on Saturday, May 19th. The highlight of the evening was the announcement of the Prom King and Queen. These honors went to Aaron Nelsen and Rachel Ramsey.

## Seniors Conquer Juniors

Throughout the entire evening, the battle was fierce and competitive. Outnumbered by the Seniors, the Juniors suffered a loss in the final event, the tug-of-war, and consequently the championship.

Competing in events such as free-throw basketball, four-legged races (involving four people), and food-eating contests, the Juniors and Seniors showed their keen sense of competition. All of this took place on Tuesday, May 22nd in the THS gym.

After the final event, everyone enjoyed a hamburger meal. During the meal, the Senior Prophecy and Will were read.

*Six Flags does involve more than just roller coasters.*

## THS Rocks With Milli Vanilli

On Friday, May 11th, the Seniors flew to Dallas for Senior night at Six Flags. After arriving in Dallas, a quick stop was made at Wendy's for munchies. At Six Flags, everyone enjoyed rides and a concert by Milli Vanilli. The park stayed open until 2 a.m., then the crew loaded up, went to JoJo's for breakfast and on to Love Field to catch the plane home. Most people had a chance for a quick nap. After a safe flight, the crew arrived at THS at 12:30 p.m. on Saturday, May 12th.

*Will the Dallas Love Field Airport ever be the same?*

*Someone left their unwanted baggage. Will anyone claim this lost soul (ie: Mark Biskup).*

*Angie Rocha shows her new senior ring to Elizabeth Torres while Corena Olguin tries to figure out whether her cap will stay on.*

## A Memorable Ceremony

Tidehaven's 40th annual graduation ceremony was a time for firsts. When Angel Timmerman received her diploma, Angela became the first foreign exchange student to graduate from Tidehaven. Another first came when Valedictorian Sheila Vaux received her diploma. Sheila is the first valedictorian of a Tidehaven graduating class to be schooled at home before attending Tidehaven.

The commencement exercises were held on Friday, June 1, 1990 at Tiger Stadium. After presentation of diplomas, the graduates were declared 'graduated' and mortar boards went flying in the air.

Jedie Pierce steps onto the football field while Aaron Nelsen and Corena Olguin wait for their turn.

James Edwards proudly displays what he received for twelve years of hard work.

Proudly displaying their diplomas are Paulette Collins, Sonja Dry, Melvina Williams and Maggie Chavez.

Kellee Saha exchanges hugs with a fellow classmate.

Charlotte Kemp and Rachel Ramsey receives hugs from friends, Kim Hurta and Laura Maupin.

Sheila Vaux and Aaron Nelsen exchange hugs and wish each other the best that the future can give them.
