Foreword

In order to typify the curricular and extracurricular activities carried on by the student body of V. V. H. S., we have not followed a definite illustrated theme. We hope that you will enjoy seeing your annual as much as we have enjoyed presenting it to you. We wish to express our appreciation to the merchants who contributed toward our annual and to the students and faculty members for the assistance they have given us.

Superintendent's Message

I congratulate the students and their sponsor of the Van Vleck High School on the completion of this year's annual. The spirit of co-operation and loyalty which you have shown here is characteristic of the entire school. I commend you for it.

The same spirit of determination and work will win for you not only a place among your fellow students and teachers, but in later life as well. I am counting on each of you.

PRINCIPAL'S MESSAGE

The primary function of schools is the development of good citizens. Today as never before, our nation needs them--citizens who can think for themselves and who will not be led off to false goals. This development is our aim, inside and out of formal classrooms. We provide experiences in student body elections, on teams, on committees, on publication staffs, on field trips, in punctuality, and in dependability, citizenship is being developed all day, everyday. We want it to be the best possible for each student.
