1958

Leopard

Van Vleck School

Van Vleck, Texas

Foreword

In this 1958 edition of "The Leopard", we have tried to illustrate in our division pages the various industries found along the Gulf Coast of Texas--the ranches, oil, transportation, rice, and farming in general.

We wish to thank the faculty, students, and all our many friends who have helped to make this yearbook possible.

Senior Class Prophecy

Good evening, ladies and gentlemen, and welcome to Carol Calloway and the news. Now the happenings for this, the third day of March, nineteen hundred and sixty-eight.

The first item on the news tonight is a report from our middle east correspondent, Howard Boyd, on the latest developments taking place.

Today there is excitement and joy in Egypt over the completion of the left-hand lane counterpart of the Suez Canal. For American engineers Larry Weldon and Larry Land who worked devotedly on this possible project, it was a very happy occasion. And to show Egypt's new friendliness to the West, the oil tanker, Giant, owned by Texas oil millionaire Larry Chambless was the first to pass through the locks. Mr. Chambless was on hand for the ceremonies and was so pleased with the project that he gave Mr. Weldon and Mr. Land each an oil well.

Now from Hollywood, correspondent Phyllis Hanna with the reports on the Oscar awards for happenings this year.

The annual presentation of moviedom's Oscars has just ended and here are the major winning awards: best actor, Scott Bolling; best actress, Carolyn Finster; best supporting actor, Robert Horton; best supporting actress, Sharon Hall; best director, Eugene Burt; and best script, Janet Clements. Bolling was selected for his role in "Top Gun", which was also chosen as the best directed, and from what has been overheard here tonight, Eugene Burt was wisely chosen. For her support of Miss Finster in "I Love You Both", Miss Hall was justly chosen. Mr. Horton was selected for the performance in "Around the World in a Daze", which received the most awards. Miss Clements, winner of the best script award replied, "It wasn't my best, but who cares?" Who does?

So much for Hollywood. A short note. Paul Jacobs copped the Indianapolis Speedway record today with a time of 176.8 miles per hour. He drove the VVHS Special, which he has owned ever since he was in high school in South Texas. Announcer of the event, Ricky Mallard, was so enthused over the success of this good friend, he forgot to announce the other winners. Now a report from Paris; From Gloria Garcia, on women's fashions.

BOB McMURRAY

Remember the old Vanguard rocket used a few years ago for launching some of the Navy's first missiles? Well, designer Shelby Wooley dug up a model for it and went into seclusion for the winter to emerge this spring with a garment which she calls "Vanguard 68". It does seem out of this world. Well-known American models in the style show were Alice Ramirez and Martha Hanna, TV starlets.

Steele Hudnall, Melvin Joice, Donal Moon, and Richard Shepard, members of the Air Force's acrobatic team, the Thunderbolts, put on a different kind of exhibition today: A quadruple ring ceremony and they lived up to their system of unity by marrying four sisters. Smooth flying, fellows.

And now our Washington reporter from the Nation's Capital, John Barnard.

Peggy Huff, the lady who plans the White House parties, announced today that when U. S. lady foreign ambassador to China, Wanda Keith, returns shortly that she is going all out for her old friend.

Washington anticipates a hum-dinger. And today marks the beginning of a new man-in-charge of the F.B.I. A twenty-year man in federal upholding law-enforcement who always had a childhood desire to be good and uphold the law; this was a happy occasion for him. The feeling here is that Jimmie Smith will at least equal J. Edgar Hoover's outstanding record.

At Forrest Hills today, tennis star Shirley Tallas announced she is finally hanging up her racket. Said her famous manager Barbara Showers: "She is the greatest!"

And on the lighter side of the news, here is an interesting story. Unknowingly, two husbands who happen to live next door bought new '68 Thunderbirds and presented them to their wives, named Carole Blanchard and Charlotte Boyd, for approval. At first there were only adoring glances. Then the ladies spotted both automobiles. What followed is better unsaid, but both cars were taken back. The reason: both were the same color!

Thank you and good-night.
