VAN VLECK I.S.D. 50 YEARS YOUNG

The year 1989 represents the 50th anniversary of Van Vleck being an independent school district. In this issue of "The Leopard" we are presenting a few pictures of teachers and students of back then. The years being 1941 through 1950. These persons I am proud to say, still live here in our school district.

Van Vleck schools have always held strong ideals and traditions. Over the past 50 years, they have changed to grow with the times yet have still remained in tact along with high standards of achievement. In the last 50 years the foundation for growth was laid by these "pioneers." The students who are pictured through these pages are our future of tomorrow and hope to carry on.

What we have held so dear. The Yearbook staff would like to say "Happy Anniversary Van Vleck I.S.D."

VAN VLECK'S SCHOOL BUILDING IS COMPLETED

New Structure, Erected This Summer Has Modern Equipment

The little community of Van Vleck, with a population of only a hundred or so, now boasts of one of the most modern school buildings in South Texas.

On March 12, 1983, a bond issue of \$35,000, was voted 70 to 20 to finance the construction of the one-story brick "scholar haven."

The reason given for pushing through plans for a new building was voiced by Mrs. T. L. Rugeley, secretary of the Van Vleck Independent School District.

"We wanted to keep the school here in the community," she said: "That's it in a nutshell."

Van Vleck's "Life"

She went on to explain that the school was Van Vleck's "life" in the way of entertainment and culture. In a town like Bay City, she explained, people are offered many things in the way of diversion and entertainment, but in a community like Van Vleck the school is the backbone.

"As someone recently said, even the church without a school couldn't hold up very well," Mrs. Rugeley pointed out.

After W.P.A. agreed to furnish a grant of \$28,830.00, work was started on the construction of the building on November 22, 1938. It was completed just a few days ago — on June 20, to be exact.

Kirk was Engineer

Ratcliff and Fleming of Livingston were the contractors for the job; C. A. Johnson of Houston was the architect, and Mr. Kirk was the W.P.A. engineer who nursed the dream of Van Vleck's civic minded community people into a reality.

Mrs. Phillip Johnson is president of the school board and, as has been stated, Mrs. Rugeley is secretary. Other members of the board are Mrs. L. T. Bickham, Vincent L. Holub, and Mack Brown. Elijah Rudd, sterling pitcher on Taylor Brother's softball team, is superintendent of the school.

The building itself is an ingenious, modern architecture achievement. One cannot realize the practicibility or its sheer beauty until it is inspected.

With Maple Floors

Its spacious auditorium, with maple floors, basketball court, stage, radio address system, fire alarm, steam heat, and electrically cooled system is enough to convince anyone that little Van Vleck has "gone to town" in doing something in really a great big way.

The building is composed of a study hall, the superintendent's office in which is located the radio address system, six class rooms, boy's showers and lavatory, girl's showers and lavatory, two rooms for home economic study, a chemistry laboratory, a boiler room, steel lockers, storage rooms, and other incidental rooms.

Can Talk Over Mike

One of the niftiest features seen in a long time is that Mr. Rudd will be able to switch on the radio in his office, press a button, tune to a certain room number, and talk to that class over a microphone without moving from his chair.

The school boasts of its own electrical plant and water system in addition to the steam heat generated in the modern boiler room. The water well bottoms 110 feet, one person informed a Tribune reporter.

And the doors to the building cannot be locked from the outside! Figure that out yourself . . . or better still, visit Van Vleck's nice, new modern school building which houses grades from one through the ninth.

FINALE

The last copy has gone to press. The rush and bustle is over; everything is strangely quiet and peaceful. We can hardly realize that you for whom we fashioned THE LEOPARD 1989 will soon have IT in your hands.

We have made mistakes, yes — but every one does at some point in his life. We hope you will forget them and will love and appreciate the book as WE do who have made it.

May you enjoy it for what it means and for the memories it brings to you.

STUDENT LIFE! Basically it is what the teens of Van Vleck High like to do for fun. In the past students went to drive-in movies and hung out at places like Cain's Drive-in. Things really have not changed, students today still find hot spots in which to hang out. These spots change occasionally from places like El Maton, to the K.C. Hall, to Stanley's parking lot, and of course now to the local Jack-In-The-Box. As long as students have a way to get around, they will be happy just cruising like they did in the 50's, 60's, and so on. We have taken a few surveys of favorites; such as, most popular wheels and favorite hang-outs of today's students and have presented them here in pictures.

THE WAY WE WERE

Wait, before you take the picture I want to put my bracelet on.

... And you just thought I got rid of the dog.

My Mommy says that not everyone has cute little ears like me!!

Wanna Lick?

What do you mean I'm in trouble again?

I always want to stand out!

I'm a born leader!

I'm a futuristic G.I. JOE

Born to go shopping!

LOOKING FOR THE FUTURE

Wait for me I want to go too!

I don't think it is nap time yet.

I'm sitting on top of the world!

You will never guess what I just did.

I want one too.

I just saw the Easter Bunny.

If you don't give me my turn, I'll hit you with this stick!

It's a bird, it's a plane, no, it's mom's hand

Why do you look so funny?

When I grow up I want to be a fire-fighter!

Daddy's little girl!

What do you mean, throw the baseball!?!?

The NHS ranks as one of the oldest and most prestigious national organizations for his students. Chapters exist in $\frac{3}{4}$ of the nation's high school and, since 1921, more than 9 million students have been selected for membership.

Thousands of dollars in scholarships have been awarded to senior members since 1945 by the sponsoring organization, the National Association of Secondary Principals.

Students not only have to maintain a 3.5 grade point average but also possess certain qualities to be elected into the NHS. These qualities are

TO EDUCATE OUR
YOUTH
IN THE DUTIES
PRIVILEGES, RIGHTS
AND
RESPONSIBILITIES
OF
AMERICAN
CITIZENSHIP

PURPOSE

The objective of Girls and Boys State is to educate our youth in the duties, privileges, rights and responsibilities of "American Citizenship." It is wholly a plan for training in the practical aspects of government. It is functional in that applications of the principles of democratic government are made in every way possible. The Constitution and the Statutes of the State of Texas are the patterns from which the fundamental law of The American Legion Girls and Boys State has been developed. Girls and Boys State should be thought of as being a mythical 51st State with a constitution, statutes, and ordinances constructed by its citizens to govern themselves.

Citizens of Girls and Boys State not only be required to review knowledge already acquired concerning the political machinery of a commonwealth, but they will find themselves performing exactly the same functions as real office-holders in the everyday world. In Girls and Boys State citizens organize their own city, county and state governments. They choose their own officials in accordance with regular election procedures. They learn the duties of the various city, county, and state officers. They introduce and argue their own bills in a legislature.

Each person "LEARNS TO DO BY DOING."

TO THE STUDENTS OF 1988-89

The LEOPARD is both a picture and a story of school life among students; it portrays vividly the activities, enterprises, and aspirations of young boys and young girls; it reveals very largely the inner spirit of the School. On and away from the school grounds, the LEOPARD gives interesting information, and is a joy to the students and friends of the School. It is a permanent record of student efforts and student organizations, student hopes and student dreams, and, therefore, for later life, a pleasant reminder of happy and useful years. That the LEOPARD of 1943 as now of 1989 may ever be an inspiration to our students, is the fond wish of your staff.

This article was found in the "Leopard" yearbook (1942-43).

The Student Council is the official organization of the student body of the school. Each class elects from among its number, representatives as members to the council. The qualifications of the students serving on this council are as follows: They must have been in school at least one term prior to election, must have at least a "C" average, and must not have been under discipline at any previous time. The school class sponsors.

The Council deals with such measures pertaining to the general well-being of the student body. Through this closer cooperation between the faculty and the students, many helpful measures have been attained.

The National Emblem is made up of five symbols, each of which has a unique significance. The cross section of an ear of corn, which forms the outline of the emblem represents common agricultural interests since corn is native to America and is grown in every state. The rising corn, signifies progress and the new day that will dawn when all farmers are educated and have learned to cooperate. The plow is the symbol of labor and till age of the soil. The eagle, signifies the national scope of the organization. The own, is the symbol of knowledge and wisdom. Within the FFA emblem are the letters "FFA" and the words "vocational agriculture signifying the integral relationship of the educational program."

"All in the name of football"

Who's got the ball?

Nothing can stop me now!

Corey, this is football, not soccer.

I really don't know how it happened!

FOOTBALL

IN THE NAME OF

"Good practice, guys." Ron, Joe, Ray, and Phil

I don't know why we punish our bodies this way.

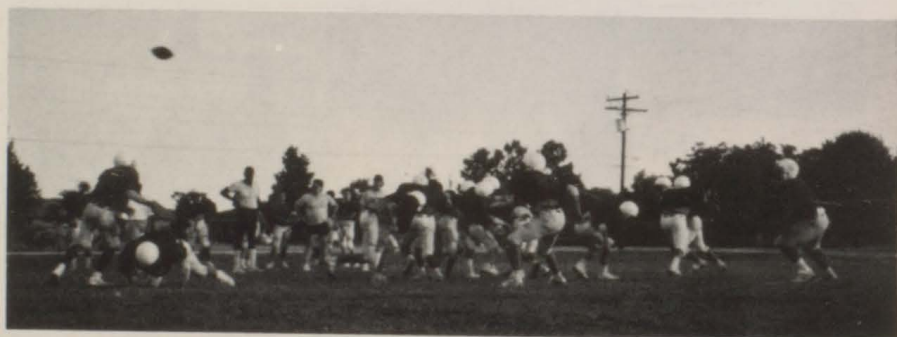

We love cheerleading!

I've about had it. Michael Hopkins

I told you this ball was mine and I'm going to keep it.

Where did the ball go?

Watch out I'm coming through!

Practice makes perfect.

Quit standing there! Shoot the ball!!!

Where did it go?

The coach was really counting on this one!

I hope my luck holds out.

This year the Lady Leps had a good year along with a good time. There was a minute number of senior girls on the team and this may be their final time to play basketball. At this time we would like to recognize the senior girls! Kerchever Mangum and Shana Jackson

TENNIS

One of the premiere events of 1988 was the fourth annual USTA National Junior Tennis League Invitational Tennis Camp, held August 6-13, 1988 at Indiana University — Purdue University at the Indianapolis Sports Center. Thirty-two 12-14 year-old intermediate USTA/NJTL players from 30 different local programs attended the week-long tennis and life experience, which focused on tennis and personal development through high level instruction and training, fitness and nutrition education, and social and cultural activities. The campers were selected from a large pool of local USTA/NJTL recommendations based on tennis skill, speed and agility testing, financial need and demonstrated sportsmanship, attitude and motivation. Bryan LeMaster of Van Vleck Jr. High was one of these players chosen to attend.

On court, the players improved their stroking skills and learned tactics under the supervision of Lew Brewer, tennis director for the camp and administrator of training centers for the USTA Player Development Program. The final week was a mock Davis Cup competition complete with team cheers.

A HARD DAY AT THE O.K. CORRAL ELEMENTARY STYLE

First there were the enduring barrel races.

Next were the races but you really have to watch your horse or he could get out of hand.

THEN IT'S BACK TO THE OLD GRIND STONE .

Mrs. Mollie Gaeckler and her class produced a giant dinosaur. You guess if it is real or not.

PROM NIGHT '89

Mike — I'm FRIED!!!

Kyle — Man, I'm good!

Sunny — I'm having a blast!

Angie and Latham — dancing the night away.

Chris — Hey you G-U-Y-S!

Micha — Hi Sweety!!!

Enjoying the night life!

Partying at Its Best!

Why the smirky grin?

Peek-a-boo!

Having fun, Margery?

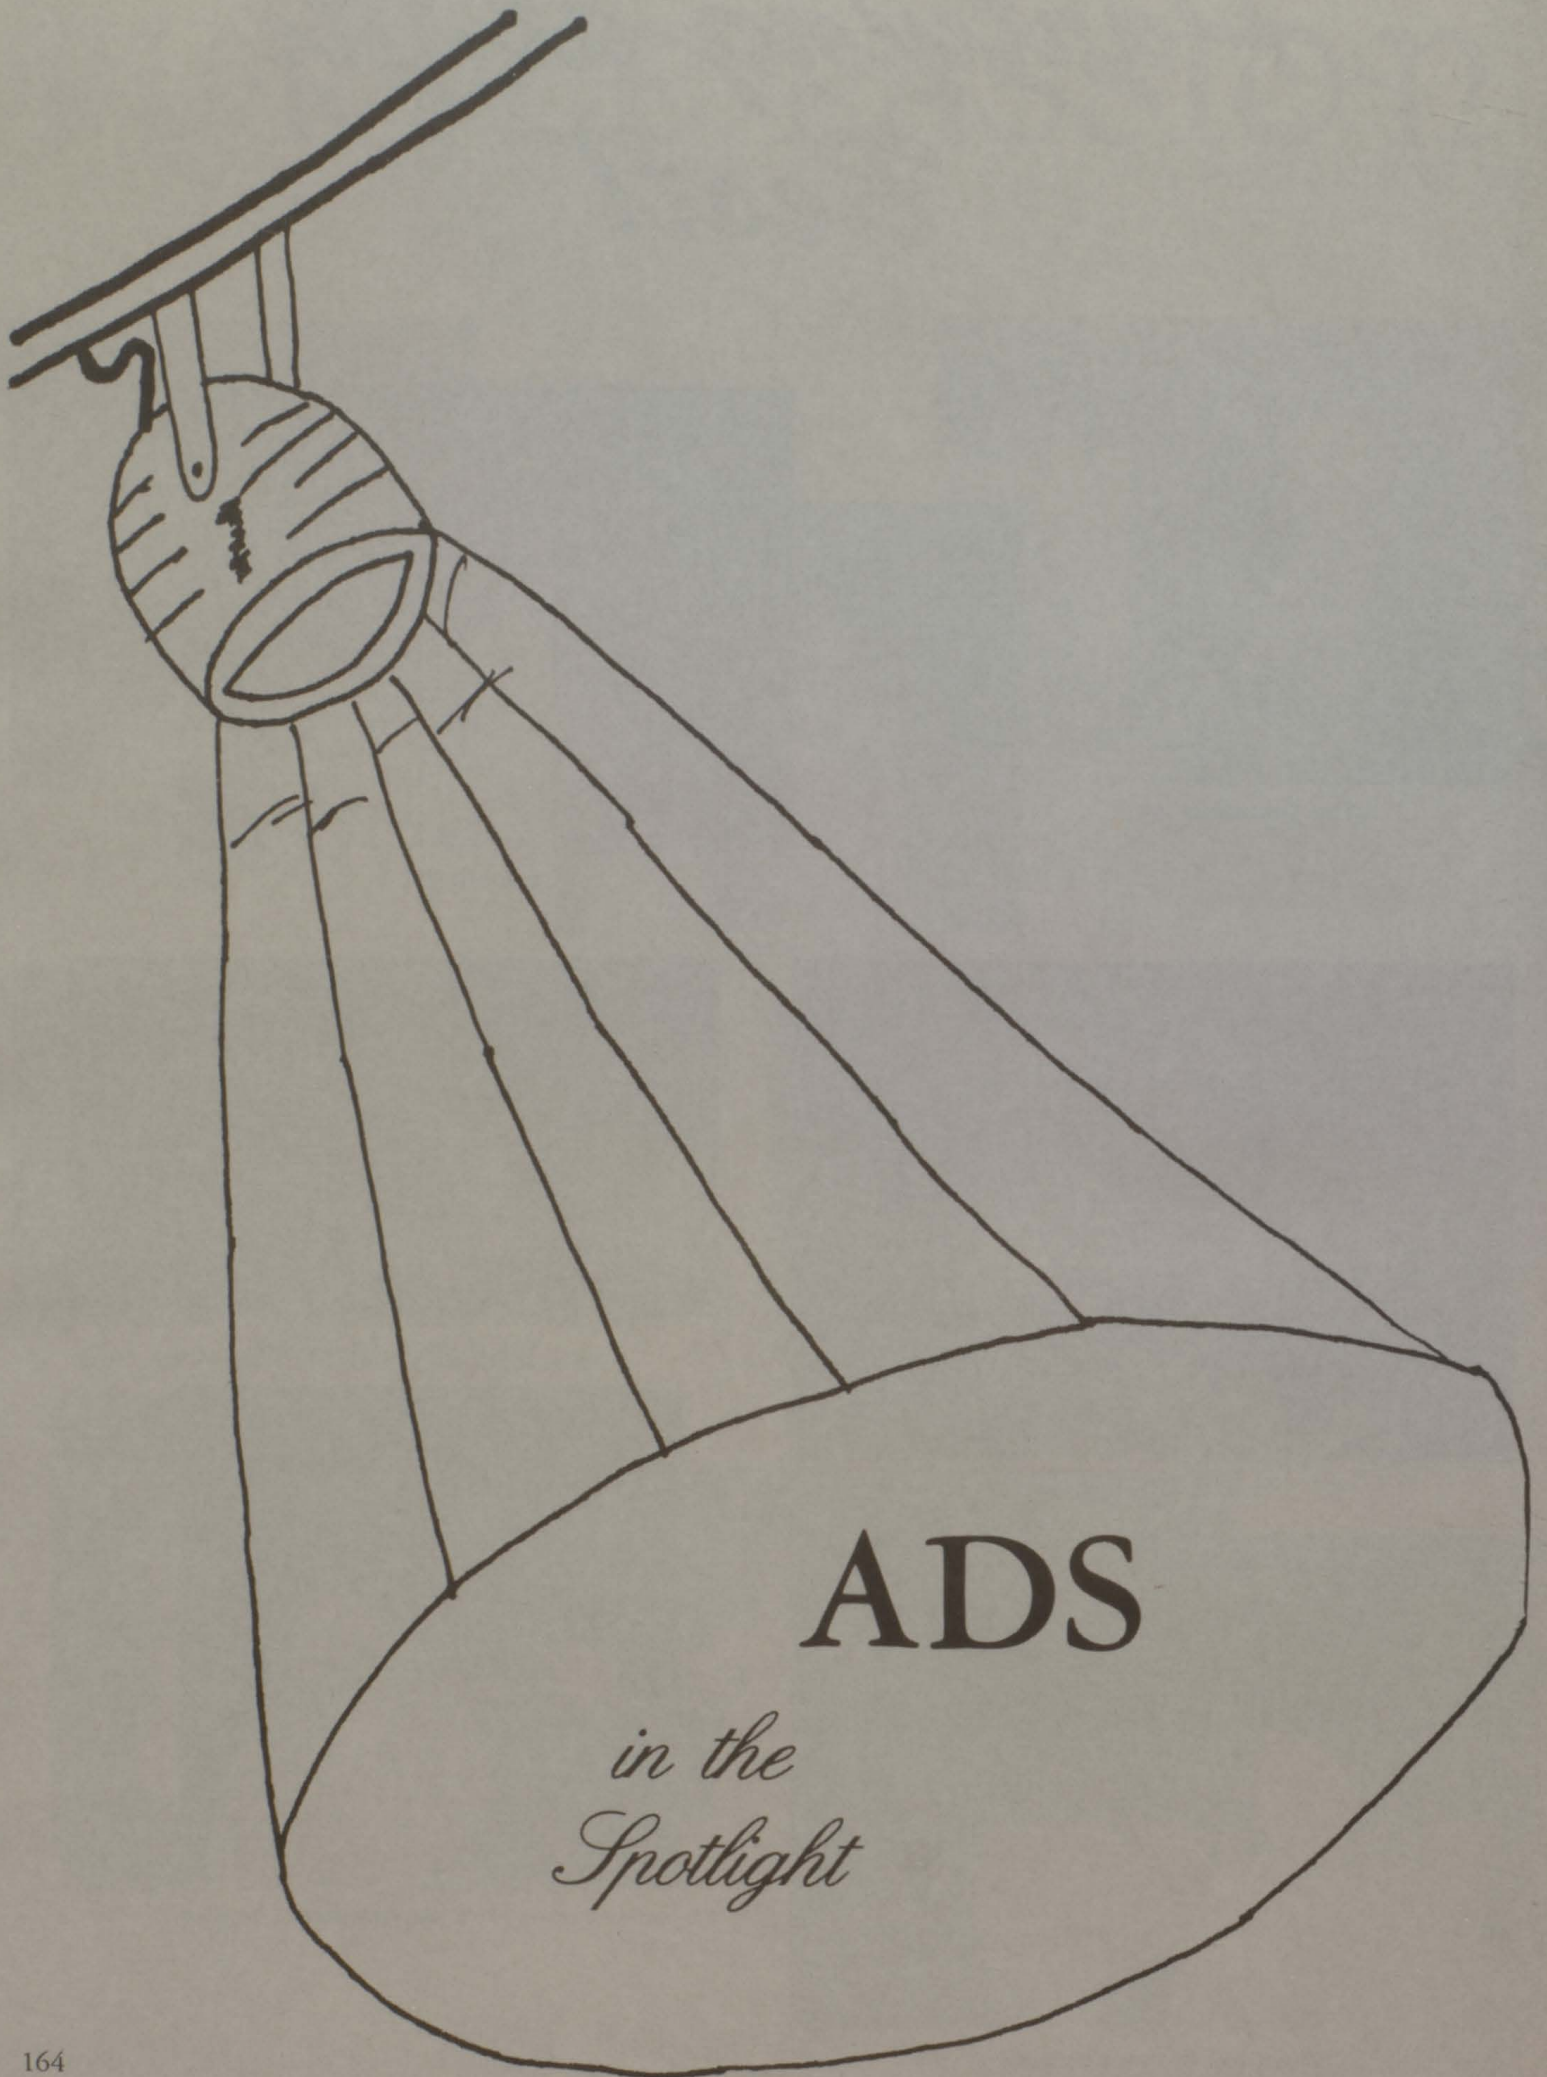

You've got to be kidding.

When will this ever be over?

Joe — I never knew dancing would be such work!
