ACADEMIC RODEO

Each year in Matagorda County, the F.F.A. & 4-H boys and girls raise animals for show and then are able to sell them hoping to make a profit for college. This year the Matagorda County Fair Association wanted to get more students involved in the County Fair. Not only did they want the ones raising animals, they also wanted to involve the ones who were more academic.

The Association came up with an Academic Rodeo. This was to be opened to the county schools. Not all the schools are in the same district. For example: Bay City is a 4A school, Palacios is a 3A school, and Van Vleck and Tidehaven are both 2A schools. All competed against each other. Questions came from Matagorda County History, Current Events, Sports, as well as Agriculture. Our team was led by Coach Mike Treybig. The team consisted of Roy Kirkpatrick, Loren Smith, Nell Cone, Nancy Matthews, & Kelly Hackworth. Van Vleck won First place.

Questions being asked to the Van Vleck team.

Van Vleck came out in 1st place. This also had a cash value in which the team could spend on something for the school.

Roy Kirkpatrick receives the trophy for the team.

F.F.A.

The Van Vleck F.F.A. is an organization that teaches many skills to students. Some of the skills offered to students are: food processing, mechanical skills, wildlife preservation, raising and showing livestock, and parliamentary procedures. These are some of the activities offered.

The J.E.T.S. (Junior Engineering & Technological Society) is a club to help prepare interested students in engineering.

This year the club listened to speaker from Dow.

They also attended a field trip to Texas A&M. There they visited with the engineering department projects. They then watched the Aggies play a great game of football.
