Allison Hayden James

Hi, my name is Allison Hayden James. I have been involved in football through my whole high school career, where I won 2nd team All - District honors as a linebacker. I have also played basketball. I was a state qualifier as a Financial Specialist in BPA. I have also been involved in the PALS program and I am also the Senior Class President. In the near future I plan to go to college and obtain my BA, MA, and PhD Degrees. I hope to achieve this in about four to five years. I plan on staying somewhere in Texas but it depends on where my job takes me. The goals I have for myself is to play professional football and make lots of money. I also want to coach football at a high school or collegiate level. I plan to obtain these goals by staying in school, away from drugs, by staying on top of my game, and by keeping GOD first in my life. I see myself ten years from now as a multi - millionaire, in the Football Hall of Fame, and living in luxury. SLOGAN: I get what I can, while I can, however I can, and whenever I can. I take one thing at a time, step by step and day by day.

HomeComing 1998

Unlike last year's Homecoming, this year's ceremony was held outside like it normally has been in the past years. This year the Homecoming candidates were chosen differently. Instead of a representative from each class, five girls were chosen from the Senior class: Stephanie Mireles, Alexis Sidney, Caroline Wyche, Iris Martin, and Jaclyn Ramsey. Everyone worked hard to make this a special day for all. The ceremony ended with the 1997 Homecoming Queen, Wynette Trevino, crowning Jaclyn Ramsey as 1998 Homecoming Queen.

We would like to thank all of those who helped us with the annual. We would like to give our special thanks to Ms. Dykes who proofread, also we would like to thank all of the teachers, coaches, administration, and most definitely Mrs. Hobbs for helping out. We give our most appreciation to Mr. Peabody for being our leader; he kept all of us sane during the school year by helping us with the annual at the last minute to get it done in time. We would also like to give special thanks to Coach Wilson & Mrs. Wilson who have been with us for many years. We will miss you a great deal and we will never forget what you have taught us.

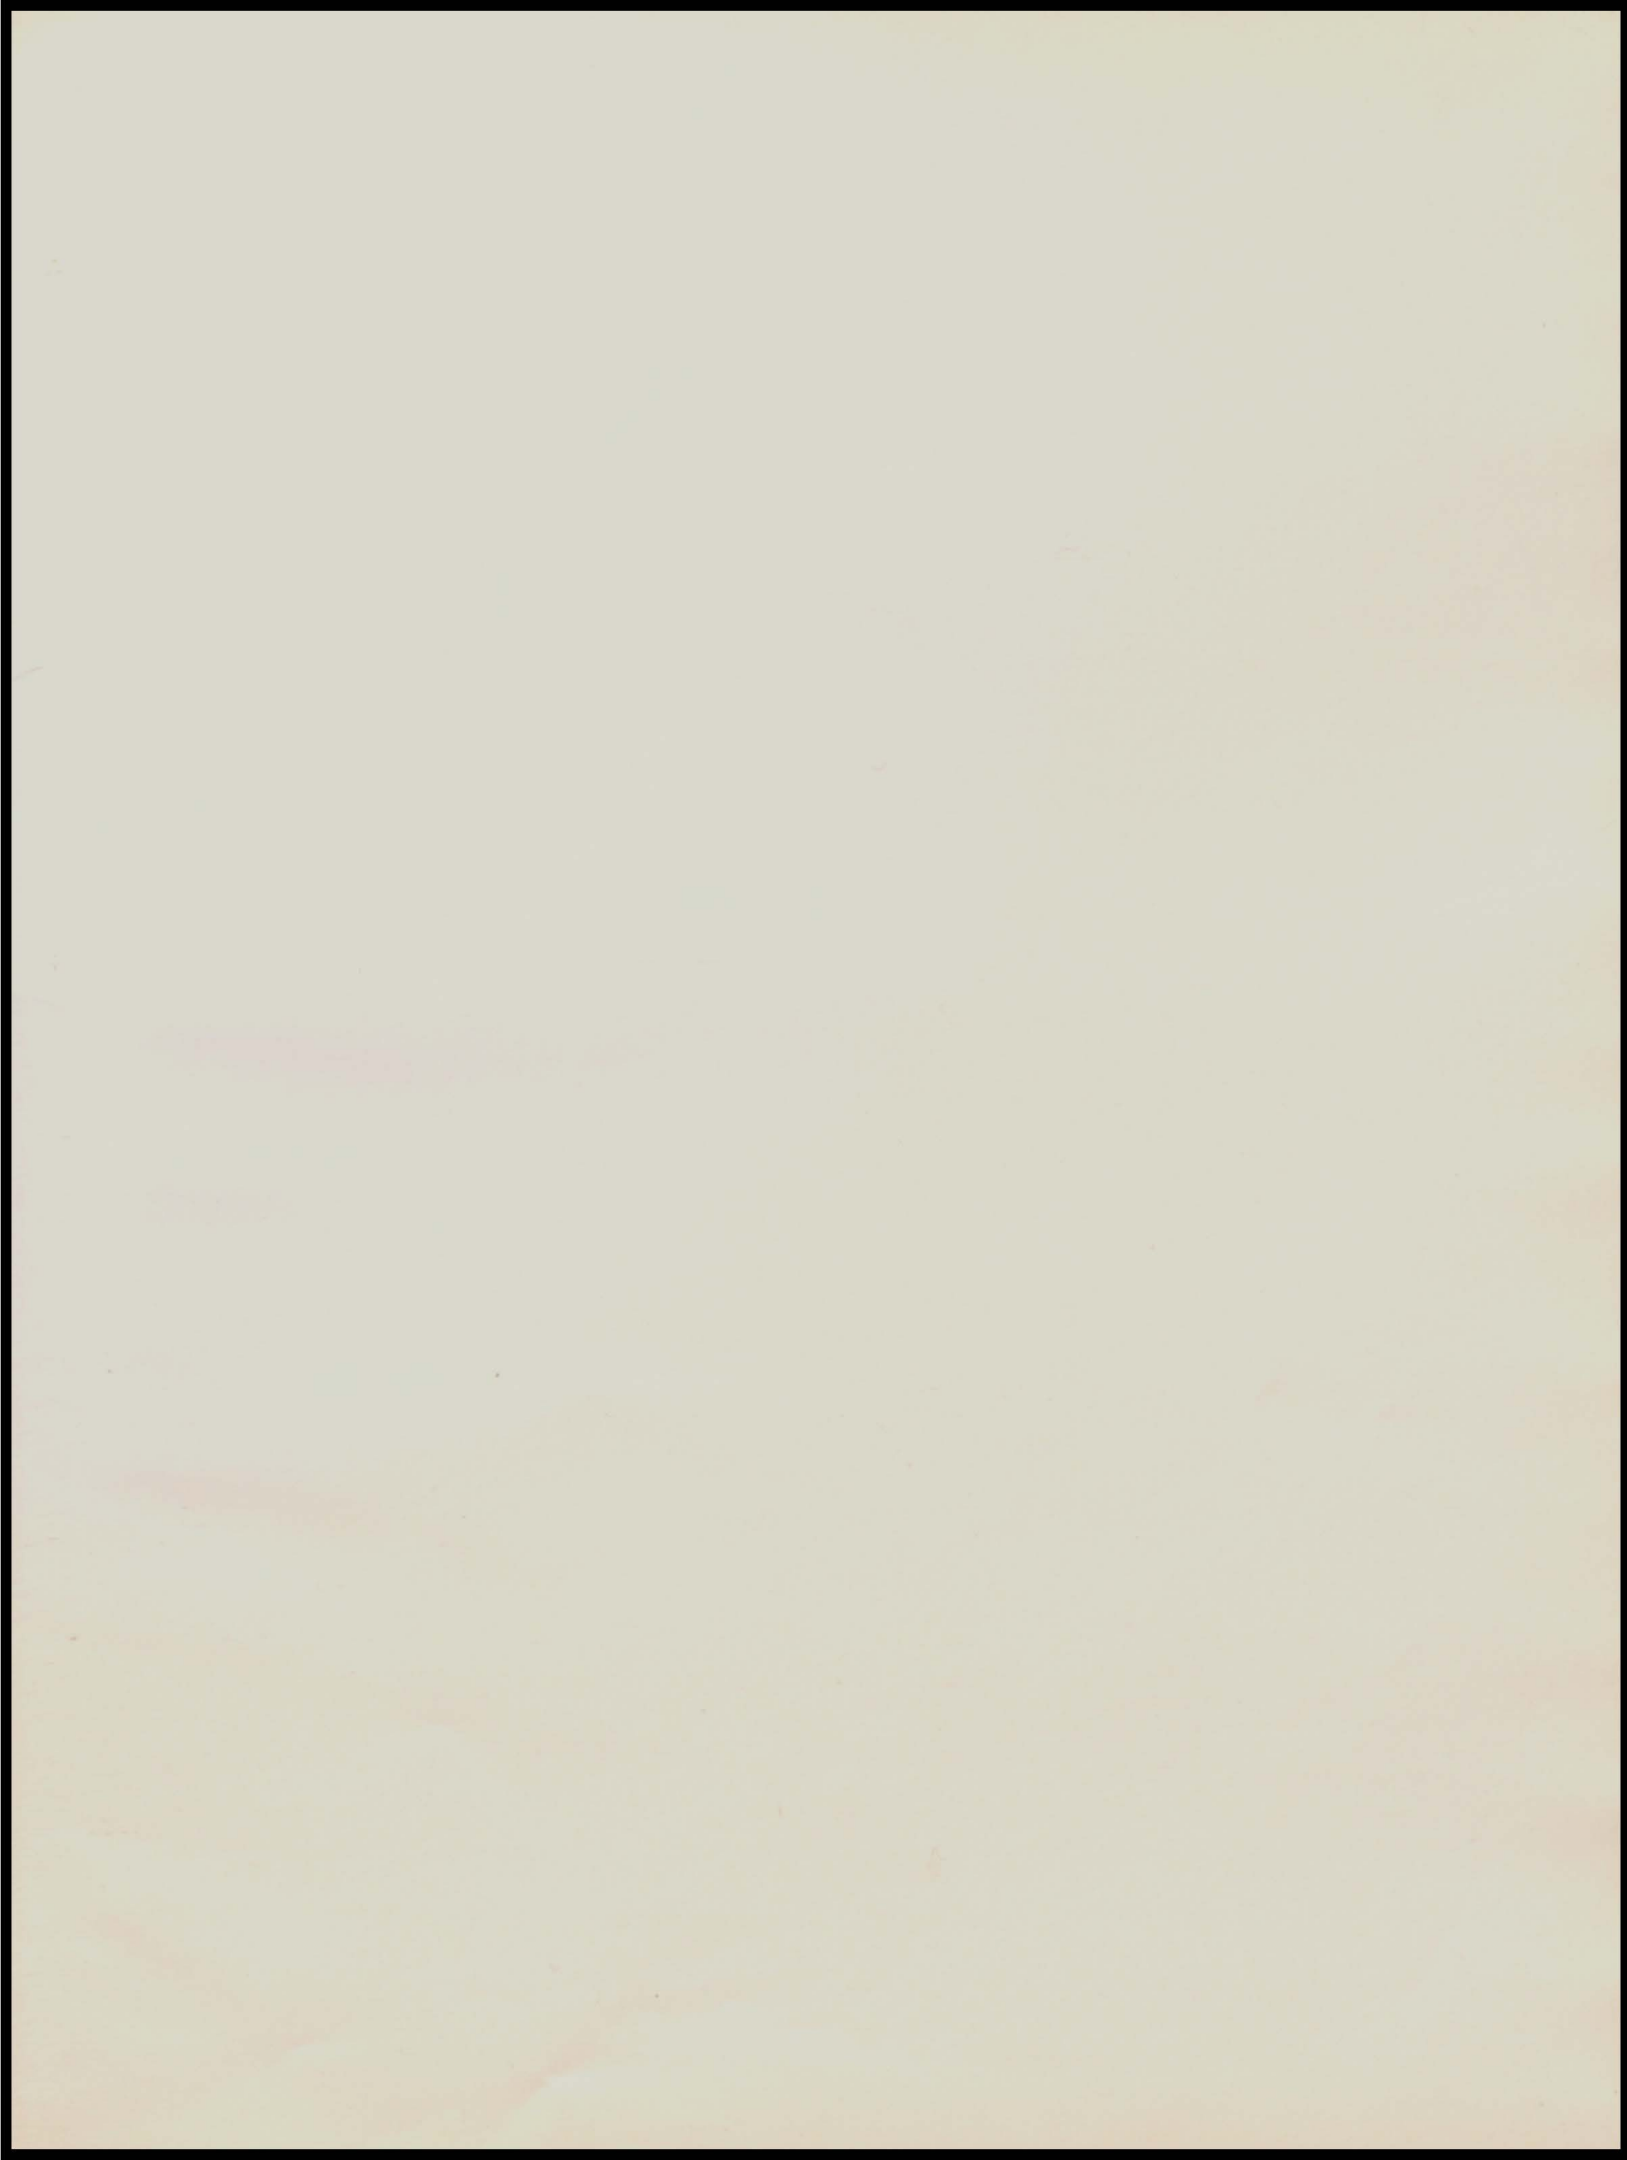

And a special **Thank You** to **Matt Weldon** for doing all the Art Work in this year's Annual.

The first of these is the fact that there was a great deal of work done in the year 1871, and it is not possible to say whether this was done by the same person or by different persons. It is also not possible to say whether the work was done in the same place or in different places. It is also not possible to say whether the work was done in the same way or in different ways. It is also not possible to say whether the work was done in the same time or in different times. It is also not possible to say whether the work was done in the same order or in different orders. It is also not possible to say whether the work was done in the same manner or in different manners. It is also not possible to say whether the work was done in the same place or in different places. It is also not possible to say whether the work was done in the same way or in different ways. It is also not possible to say whether the work was done in the same time or in different times. It is also not possible to say whether the work was done in the same order or in different orders. It is also not possible to say whether the work was done in the same manner or in different manners.
