

The background is a textured orange color. It features several large, embossed decorative swirls. Two large swirls are prominent, one in the upper left and one in the lower left. Numerous smaller swirls of varying sizes are scattered throughout the background, creating a rich, ornate pattern.

# Fall Traditions

It seems that the more things change, the more they stay the same. This is obviously clear when dealing with children in a school system. The faces change and even some of the names, but all in all, the activities remain rather constant. From the eager minds that join us as kindergarteners through the celebrating seniors that gladly take their leave, all of them make their marks on our hearts. It is through community and school traditions that we are all brought together as one family. Many backgrounds, many temperments, even several cultures are all joined together to create Van Vleck Independent School District where we are all proud to be Leopards!

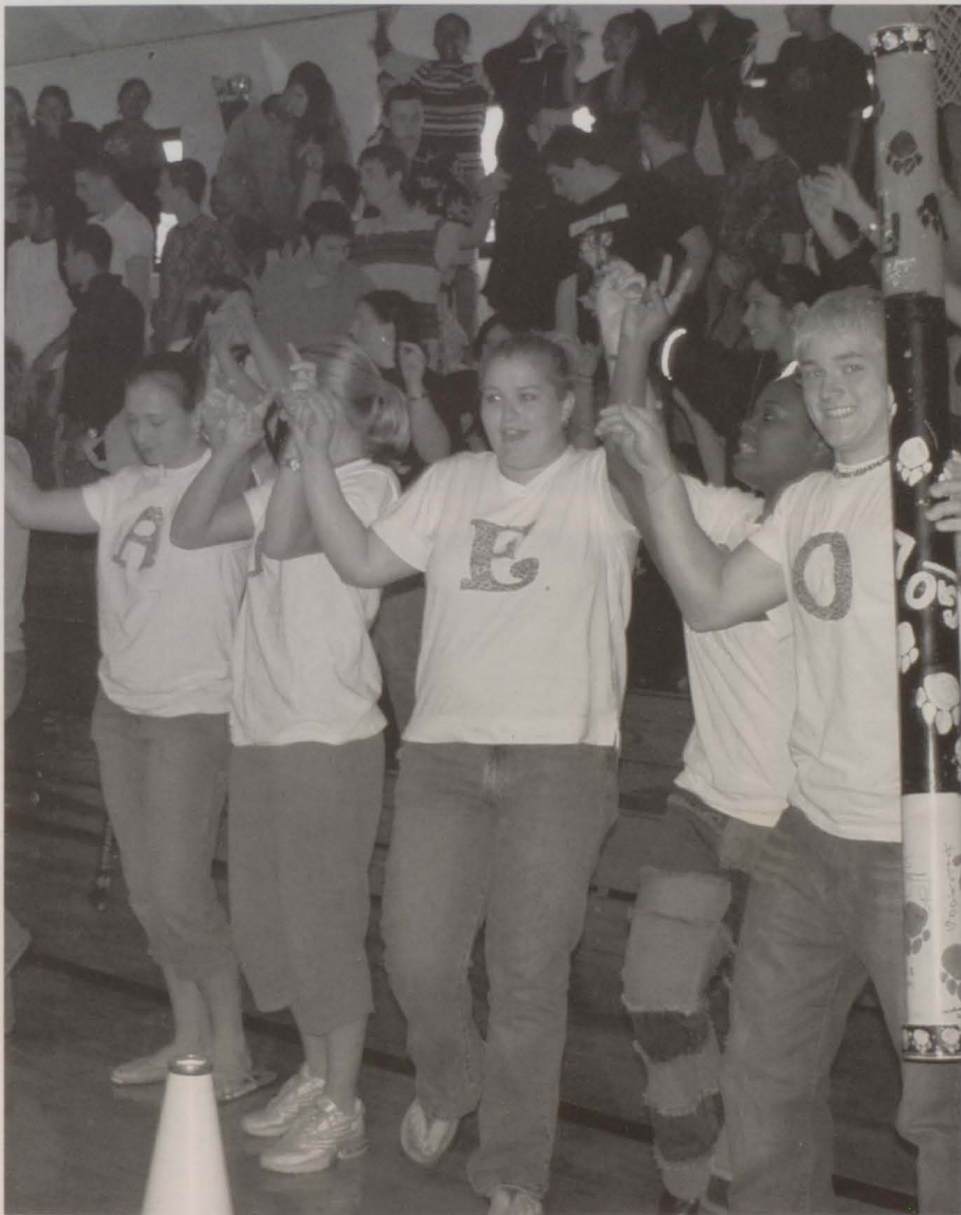

The traditions continue into spring!

## A New Face

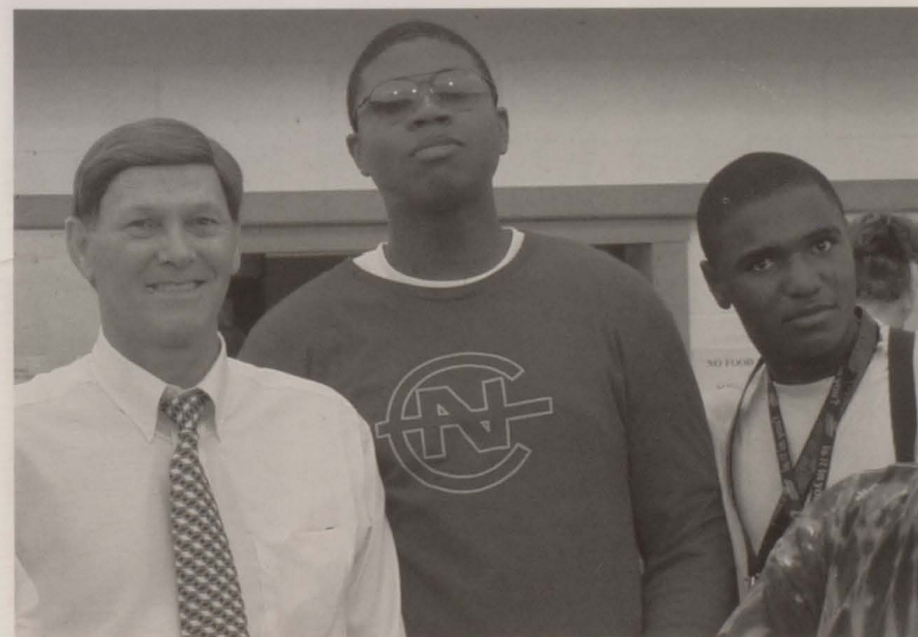

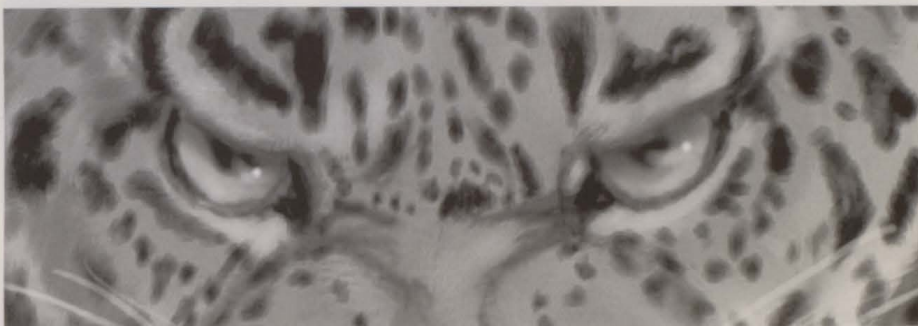

# VVHS Welcomes Mr. Meche

*There is no way to describe this school year except 'Fantastic'. It has been Fantastic in every sense of the word. Van Vleck High School is just a great place to be. In every activity, event, or program, I have been extremely impressed. The faculty and students here are exceptional.*

*The teachers are concerned, dedicated, and show their expertise in the classroom daily. The students are most friendly, hardworking, and extremely intelligent. The parents have been wonderful. Without a doubt, we have the best teachers, students and parents that I have ever worked with.*

*I am extremely proud to work here. I would gladly compare VVHS to any other high school in the state. I appreciate the opportunity to work here and I look forward to many more productive and exciting years here at the best high school in Texas, Van Vleck High School.*

*Larry Meche*

Chris and JB give Mr. Meche lessons in fence standing, a serious tradition at VVHS.

# O. H. Herman Middle School

Welcome to the greatest place in the world to be. O. H. Herman Middle School is the best middle school in the entire country. We have the greatest students, the best parents and community, and the most wonderful staff any school could ever have.

The middle school years are an important time of growing up and preparing for high school and college. At O. H. Herman we try to help our students make the transition to their teenage years and adulthood meaningful. Our students are ready to face both the academic and social challenges moving to high school brings. Our students leave O. H. Herman confident and ready for successful learning at a higher level. They transform from Kittens to Leopards possessing great school pride ready to support their school and community with confidence.

Not so long ago, I was in the same shoes our students are in right now. As a student, I loved going to school here in Van Vleck. As a principal, I have the best job anyone could ever have. We have excellent academics, a super band program, and a championship athletic program. We are so lucky to live in such a great community like Van Vleck and have such a great schools like O. H. Ms. Keelan and Mrs. Brooker were selected to participate in separate scientific research cruises. Ms. Keelan's trip begins in San Juan, Puerto Rico and will take her in a zig-zag pattern around the end of Venezuela. On the northern end of her trip, they will be studying the colliding plates, and on the southern end they will be studying the Mud volcanos.

Due to rioting and unrest in the area, Mrs. Brooker's trip had to be postponed indefinitely. However, she continues her own hard work right here in Van Vleck where she guides many in their own scientific discoveries at O. H. Herman Middle School.

# Intermediate & Elementary Gifted and Talented

During a once a week pull-out program, the GT students challenged their minds through the use of several units including "Inventions" which culminated in an Invention Convention and "The Rain Forest" which led to an exciting trip to Moody Gardens in Galveston.

Mr. Keys, Mrs. Buss, and Mr. Holubec led the rodeo parade in all their western finery.

# Van Vleck Elementary

I am very glad to be a part of the Van Vleck school community. This is my fourth year as principal of Van Vleck Elementary School — *a great place to be!* We are very fortunate to have wonderful students and supportive parents. Our gifted teaching staff provides the best possible learning experience for all of our children in Early Childhood through Grade Three.

Our campus enrollment averages approximately 290 students. Various activities, special events, and projects prepared and enjoyed by our students will be depicted in this Yearbook. We believe that every child can learn and contribute to our school.

Our “Little Leps” continue to excel and maintain their Exemplary Status. At Van Vleck Elementary we are committed to academic excellence and believe in our motto —

**Van Vleck Elementary — *a great place to be where kids join together to do great things!***

Sincerely,
