# B A Y C I T Y I. S. D.

Movie ratings often carry a negative connotation of denoting which material is suitable for young people to view, and which is not. I sometimes wish that these ratings would portray quality rather than controversy. If they did, a rating of "B.C." would imply a great number of positive things about the 1990-1991 school year. For one thing, it would denote the enthusiasm and excitement that I have noticed in this year's students as they prepare for their classes and extracurricular events. It would also reflect the dedication that the students and faculty of Bay City High School have to make that institution an even finer place to learn. Finally, it would stand for the tremendous support that this year's students have received from their parents and other community members. Most of all, a rating of "B.C." would be special because it would not merely be a label that someone else gave to the school, it would be a rating that the students and teachers of BCHS developed themselves through their own spirit and dedication.

I hope that the 1990-1991 year was one of the most special in your life, and that you were able to grow in ways that will help you realize your future goals. Most of all, I hope that BCHS served you well enough to enable you to give it a superior rating ten or twenty years from today. Only if that is so will a high rating for your high school experience truly be justified.

Yours truly,  
Dr. Damerall

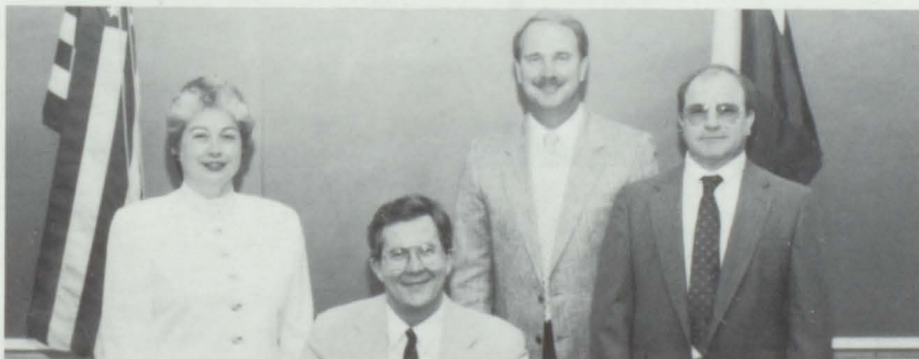

Instruction increases inborn worth, and right discipline strengthens the heart.

Horace 65-8 BC  
Odes, Book IV

I hope that the instruction you have received here at Bay City High School will enable you to fulfill your goals and reach your maximum potential. We have attempted to strengthen your heart to give you the courage to strive for excellence. Always remember that you are part of the Bay City High School family and will remain in our memories.

No other generation in the history of our world has faced the challenge and opportunities that now lie before you. In preparing for your future, remember that your educational experience has only begun at BCHS. More and more opportunities to learn will come before you in future days ahead. Don't be found guilty of turning away from them. The only difference between you and the other young people of the world will be what you "know". Your education to this point is truly "Rated BC" and is decorated in and out in Blue and Gold.

As you pursue your dreams, remember and repeat to yourself, "I can do ANYTHING I really want to do," and I can BE anything I truly want to BE.

Mike O'Bannion

I would like to take this opportunity to commend the faculty and student body of Bay City High School for the excellent way in which you have adapted to the recent administration changes. Losing your favorite principle was not easy. And then to have three new faces appear on the "scene" was, I am certain, difficult at best. However, you have shown great character and enthusiasm in your acceptance of us and we appreciate you.

Sincerely,  
Barbara Gordon

**Coming to America**

I was born in Sevilla, a city in the southern part of Spain, on September 11, 1973. I like reading, listening to music, playing with my friends, and going to the movies. I used to attend a Catholic school in Spain, with boys and girls.

I am a member of Student Council. I used to belong to groups like that in Sevilla.

My parents are both doctors and my brother is in the fifth grade.

My host family are Russel and Tommie Lou Tordick, and their son, Jeff, who is 16 and attends the 10th grade at BCHS. They have another son Cevert. They like hunting and fishing. We might get a horse. I am looking forward to it because maybe I will learn to ride it.

Maria Luisa Aguilar

I was born in Madrid, Spain, on November 24 of 1974. I am the second child of a family of five children. My father is a civil engineer and my mother is a housewife. We moved some years ago to Alicante, a city on the East coast, where I used to attend a private school of the Jesuitas' order. My schedule was from 8:30 a.m. till 1:30 in the afternoon. We'd get two hours for lunch and then go back to school for two more hours. Each day of school consisted of seven class periods.

The host family I am living with lives in Bay City.

Two of the three children do not live in the house and the other child is a Senior in high school.

My hobbies are reading, swimming, being with my friends, etc. This year I am a Junior, at BCHS, and I am a member of Student Council.

Begona Ruiz Gonzales

My name is Marina Coll i Riera. I was born in Barcelona, Catalonia on July 12, 1972. My father's name is Ferran. He is 44 years old. I have a sister Christina, and she goes to college in Barcelona. I also have a fox terrier called Badax.

My host family are Ron and Rita Cowart. We live in Hales Acres. I came to Texas because I want to learn perfect English, and I want to be mature and know what life is like without my family, by doing things for myself. My favorite hobbies are snow skiing and softball. In Bay City High School, I am on the cross-country team, swim team, and student council. Out of school, I'm a Teen Council member. This year I am a Junior, taking Physics, Chemistry, Maths, English, and P.E.

Thanks for a great year and you can be sure that I will never forget our Blue and Gold Bay City High School.  
Marina Coll i Riera

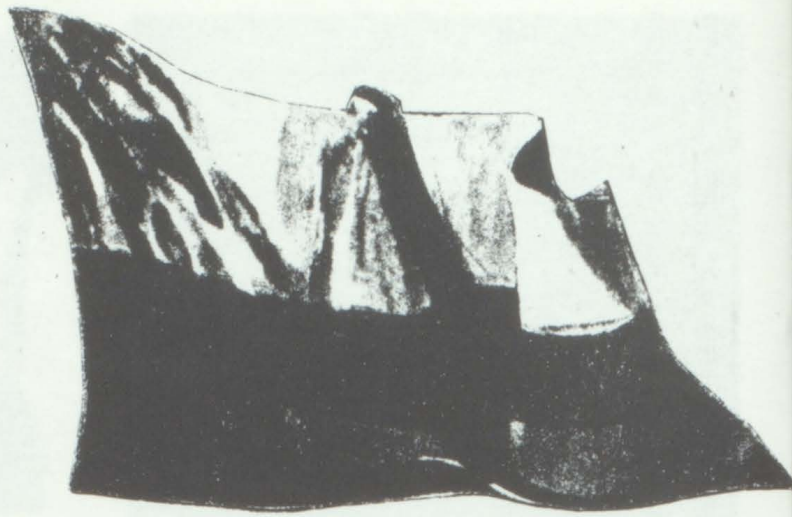

Dear Friends,  
You gave me a special time during my stay in Bay City High School. I think I will miss you very much. So, nothing to say. . . just keep our memories in your mind forever, and don't forget that I exist on the island of Japan.

With love,  
Yoh

I'm Clara Paola Lamus, an exchange student from Columbia, South America. I live in Bogota. I have an older brother, and a twin sister, Andrea. My parents are George and Clara Lamus.

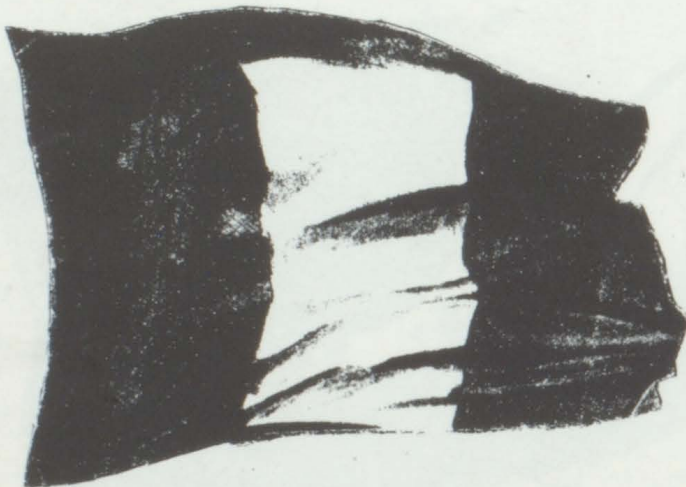

My host family consists of Joe Bolduc, Debbie Bolduc, three sisters, Emily (12 years old), Suzanne (10 years old), and Laura (7 years old).

My favorite sports are aerobics, weights, and running. My favorite foods are fish and vegetables, and some desserts.

On weekends, I go to Houston, or I stay with my family at home, and I go with my friends to the beach.

I'm very happy to stay in the United States and I want to be your friend.

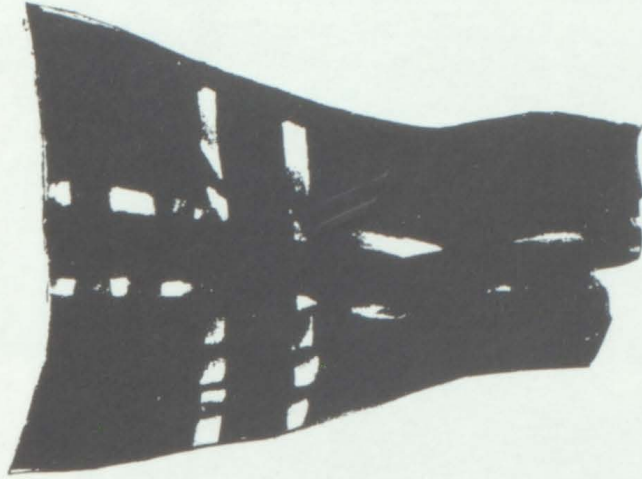

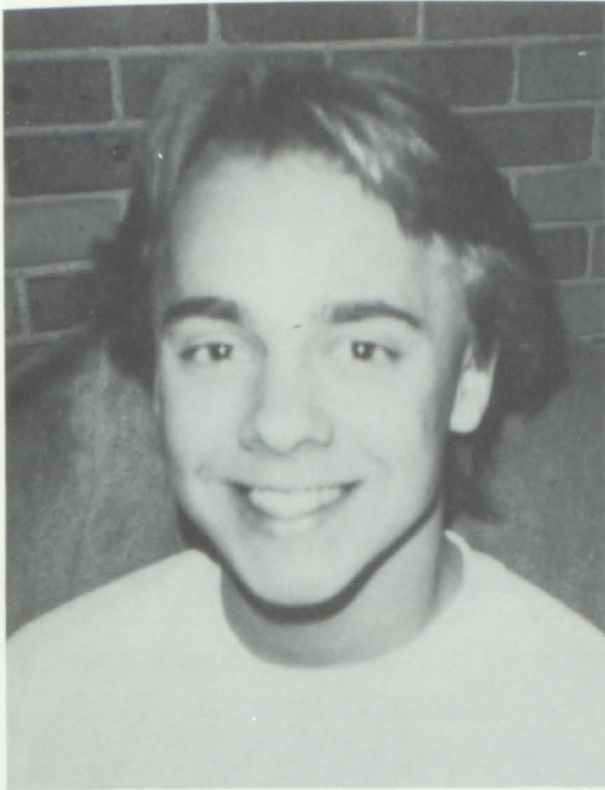

My name is Elisa Testa, I was born on July 16, 1973, in Alessanobua, a town in the northern part of Italy, between Twan and Milan. I am 17 years old and a Senior. I am an exchange student from Italy, but all this is obvious to you. My hobbies are reading and listening to music, but most of all I like to draw and do creative things.

I also like sports, such as, skiing, swimming, and hiking. I like having fun with my friends, not competing.

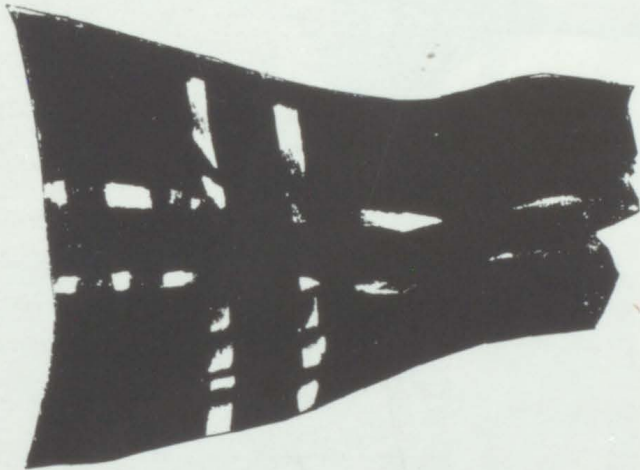

In the end, I am an exchange student this year because I like to travel, to meet new people and because I'm very curious. I also need to say, and it is absolutely true, that I really love the USA and their people.

I lived in Norway's capital, Oslo, which is about the size of Austin. That's where my mom, Eva-Lill; my dad, Erik; my 11 year-old sister, Line; and my 9 year old brother live. Over here my host mother is Tim Sloan, and her 2 cats. I think Americans, especially Texans, are fun people to be around. I used to be the only wierdo at the school in Norway-here I am in good company. I've really had a lot of fun, some crazy times and I've learned more this year than in 9 years of school in Norway taught me. I love ya'll, and I'm gonna miss you when I go home to Norway!

Ha det morsomt  
(have fun)  
Yours,  
Christian Kamhaug  
"The Norwegian"

Before I came here, my impression of Texas was cowboys and oil wells, now that has changed. I think Texas is a fun place, everything is so different from what I'm used to in Norway. It's strange, though, living in a small town.

Hei! (Norwegian Hi!)

My name is Elin Trapnes. I was born on June 18, 1973, near my hometown Steinkjer in the middle of the country. In my family in Norway, I'm the youngest and both my sister and my brother have moved out, and they have their own kids.

My host family is Johnny and Vickie Jones.

My hobbies are volleyball, basketball, movies, music, and writing letters. The subjects I take this year are: English, Typing, French, U.S. History, Computer Math, and Basketball/Volleyball.

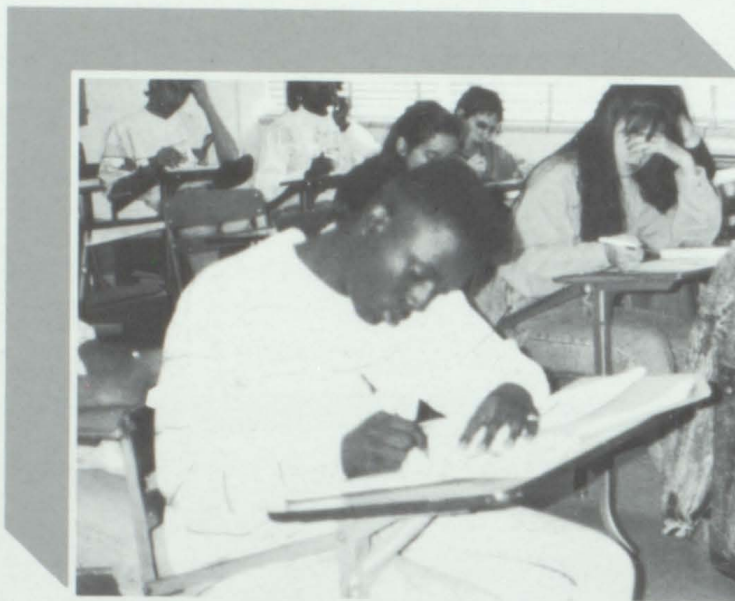

I just want to say I enjoy it here and I'm sure I'll be back sometime. I love Texas! See y'all later.

# DO YOU DIG IT?

Because a great deal of world history depends on archaeological finds as opposed to written records, it is important that world history students understand how the archaeologist works. Using a portion of the school campus, history students from Mr. Farthing's and Mr. Kautz's class worked at digging up and classifying artifacts that might be found in the year 2430.

First, it started out as an experiment, but then his whole world was crumbling around him- he knew he had to get out. With the help of the Lord up above and friends and family he is now free from all drugs, and is happier than ever.

Mr. Anderson and Mr. Roynel Young tell people every chance they can that getting into drugs is just not worth it.

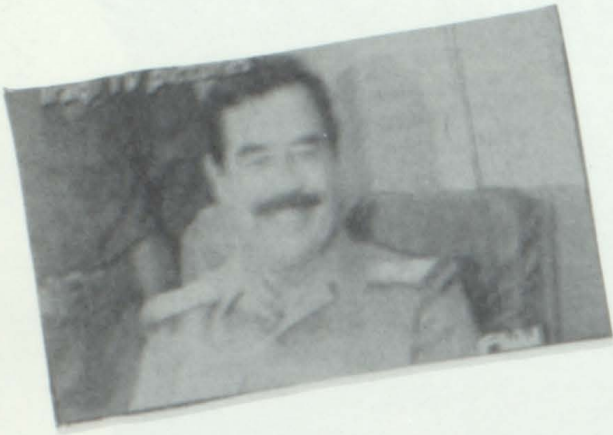

# VETERAN'S DAY

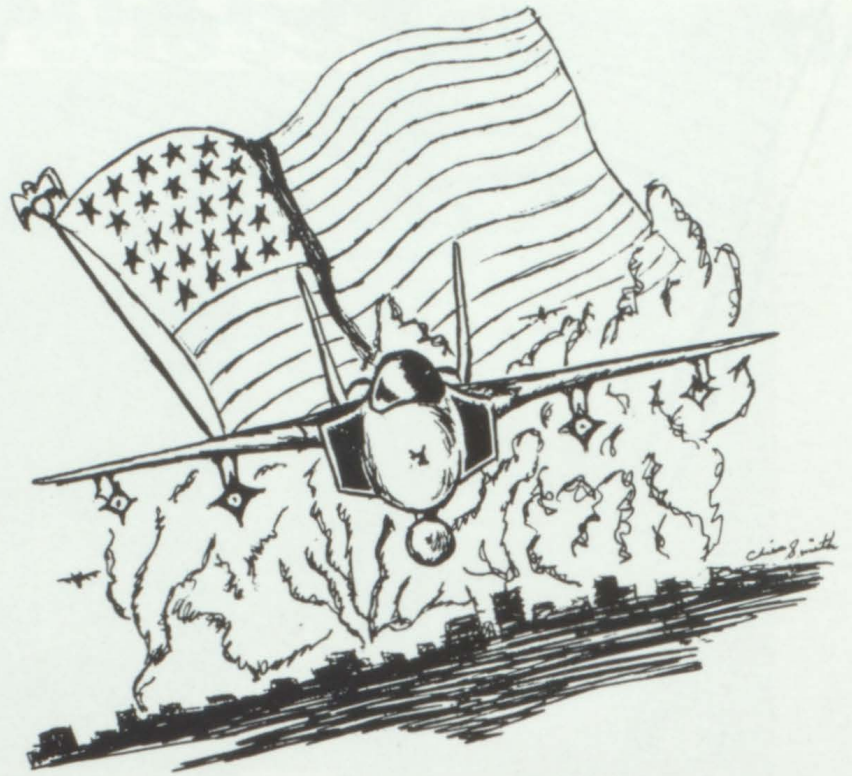

This year all the student organizations held a special Veteran's Day program. Veterans from World War I, World War II, the Korean War, and the Vietnam War were escorted to the program by members of the different student organizations. All were honored by the student body. Here, in these pictures, are Ashley Miller and Chris Pennington reminding us of why these Veterans should be honored and who they are.

Saddam

U.S. Patriots

in Saudi Arabia

Though it appears the missile launched against Israel were armed with conventional warheads, Western analysts believe the Iraqis have developed and are capable of deploying chemical warheads.

Western intelligence agencies believe the Iraqis have thousands of tons of poison and nerve gas stockpiled and are capable of producing, by the most conservative estimates, hundreds of tons a year at heavily guarded plants around Iraq.

If a person is exposed to a nerve agent, their chances of survival are directly proportional to the amount ingested.

# Colorado River Rats

LCRA (The Lower Colorado River Association) has involved B.C.H.S. in their river testing program in order to evaluate the water quality of the Colorado River. It has been a wonderful opportunity for all Biology, Chemistry II, and select Chemistry I students to have a first hand experience with science. The two sites used for the water testing were at Steve Snyder's house in Selkirk and under the bridge at Highway 35. A few of the tests performed were for determining the amount of nitrates, chlorides, and fecal coliform in the water. Pictured are: Ross Moody, Fred Middleton, and Gargi Mukherji.

## Sophomore Class Officers

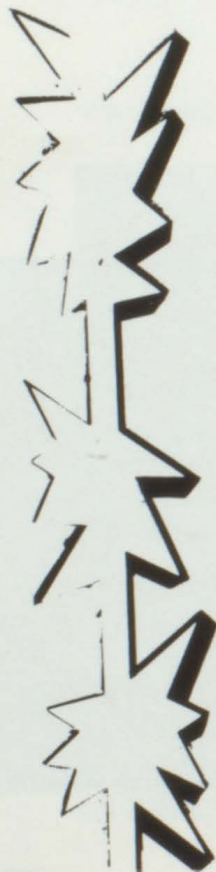

Baker, Robert  
 Barnes, Karey

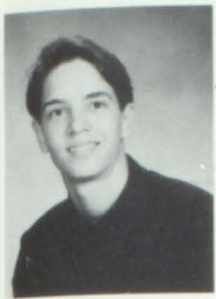

Below are the 1991 Sophomore Class Officers with our mighty, valiant Blackcat. (Left to Right) Treasurer: Jennifer Pustka; Vice President: Jamie Moye; Reporter: Kristi Orsak; Secretary: Shelly Matthes; and President: Kasey Fast.

Remember last year, when they were just a little scared. Scared to go to or even say anything at the pep rallies, scared to go to the cafeteria, and even some classes, but not this year. They are no longer Freshmen, but Sophomores. They are twice as rowdy as they were last year. Now they walk the halls with their heads held up high and their spirits soaring even higher. Now they're walking on air on their own two feet!

Boultinghouse, Ben

Bricker, Stephanie

Briggs, Kimberly  
Brinkman, Stephanie  
Brown, Andre  
Brown, Baron

This year most of the Sophomores are about as active as some Seniors. At least 70% of them are involved in some kind of sport or extra curricular activities. The remaining 30% are not involved in any club or sport, but they are still full of that Blackcat spirit!

## The Band Performed

### “Les Miserables”

A Series of circles and starbursts were seen as the band performed a thrilling fieldshow to “Les Miserables.”

Although the band consisted of more than half-Freshmen(100 people), and was directed by a new director, they still advanced through Area to Regionals.

Their performance was definately anything but miserable.

# FRIENDS

Someone who is there when no one else is;  
 Someone who cares when no one else does;  
 Your savior when you're down;  
 Your encourager when you're sad;  
 Your sharer of fun times;  
 Your sharer of bad;  
 Someone who depends on you when you can't  
 depend on yourself;  
 Someone who needs you when you don't need  
 yourself;  
 That's the description of a friend;  
 A friend good and true;  
 That's the description of a friend;  
 The friend I have in you!

These and many more of my fellow friends and classmates have touched my life and never will be forgotten. I would like to thank you for being there when I needed you and for everything that you have done for me. If I have forgotten anyone please forgive me, it has taken many hours to remember and collect your names. The past four years have brought memories that will change my life forever.

Donald Loose

“Farewell” is not the word for the future.  
The better ones are “Friends Forever”.

Bryan,  
I may not have said it or  
showed it, but I am very  
proud of you. You aren't just  
my son, but my best friend.

Love,

beautiful woman. Rhon-  
da, we're proud of you.

Love ya,  
Your family

Peter,  
 Teach me to hear mermaids singing,  
 Or to keep off envy's stinging,  
 And find  
 What wind  
 Serves to advance an honest mind.

 Mom, Dad, and Chrissy

# Colophon

Five hundred forty copies of the 1991 Blackcat Annual, volume 77, were printed by Taylor Publishing Company at the plant in Dallas. Our local representative was Randy Elliot and account executive Flo Walton guided production of the book at the plant.

This 7 3/4 x 10 1/2 inch book has 240 pages printed on 80 lb. enamel paper. The cover design, created by Chris Smith and Joey Wilhite, was mylar laminated in the Lithocote cover process.

Sixteen pages are printed in full color. All body copy is set in geneva standard; headlines are in either geneva bold or jefferson script. Senior names were printed in Seville script.

Delmar Studios was responsible for individual student portraits in black and white. Senior photos in color were taken by Castillo's Photogrphy, Curtis Photography, Delmar Studios, and Photography by Norma. The band and senior group photos were taken by Panaramic Pictures. Favorite shots were handled by Castillo's Photography. Special thanks go to Mike Morgan of the Daily Tribune and Bay City Community Education for providing some of the pictures needed for a book like this.

Over 700 feet of black and white film and 10 rolls of color film, providing over 1400 frames went into covering the 1990-1991 yearbook.

The 25 member staff sold individual copies at an advance price of \$30 in October and for \$35 in January.
