# STARTING UP AGAIN

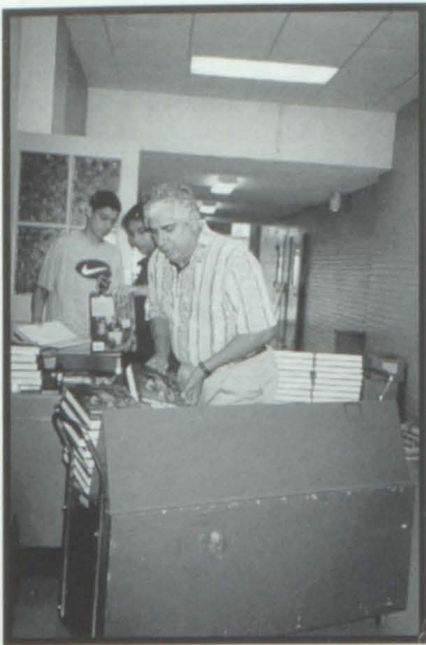

This summer the BCHS students and staff worked hard to make this a great and enjoyable year to remember. The Aristocats, tennis, band members and flags, practice hard while the cheerleaders and student council welcome the new freshmen and returning students to school.

# BCISD Administration

BCISD School Administration Members above as follows: Front Row (L to R) Laura Loveless, Director of Curriculum and Instruction; Bobby Kimball, Assistant Superintendent for Administrative Services; Back Row (L to R) George Rodgers, Director of Business Affairs; Richard Walton, Superintendent of Schools.

Time. In today's society it's been said to be more precious than gold. As you've grown through this school year, how often have you said to yourself, "If I just had a little more time."? Extracurricular contests and practices, club meetings, part-time jobs, homework, tests, final exams. I'm sure you've thought, "I could get it all done if I had a little more time." As you look through your 1998 BlackCat, you will notice that all those activities you've been involved in have been chronicled. you may surprised to note that somehow, you had enough time.

Our graduating seniors, the busiest of all students, are just experiencing the tip of the iceberg in regard to their use of this valuable commodity. As you advance through college or develop a trade you will look back on your high school years and wonder what you did all the time. Right now, you may not fully appreciate having a yearbook that provides a photographic record of you, your friends, and everything that went on during the 1997-98 school year, but someday you will. It's just a matter of time.

Sincerely,  
Richard Walton

BCISD School Board members shown above are (L to R, front row) Pat Kirsch, Secretary; Paul Johnson, Board President; Lloyd Barr, Vice President; (L to R, back row) David Shield, Pete Sardelich, Shirley Franklin and Andrew Smith.

# BCHS Administration

Dear BCCHS Students:

Congratulations on the completion of another year of your education. I hope the past year has been a successful one for each and every one of you.

Years ago, when you were a small child, I'm certain your parents at one point uttered the words all parents at one time or another have said, "They grow up so fast. It will be just a matter of time before they're off on their own." That time is fast approaching all of you.

From my own experience I can assure you that time passes very quickly. What seems like an eternity now will someday seem to have been all too brief. Take advantage of the knowledge and skills you have acquired at Bay City High School. Make good, positive use of the time you have been given to prepare yourself for a successful future.

For those of you who are graduating, whether you have decided to continue your education or to enter the world of work, I hope your experience at Bay City High School has helped prepare you for this time. We wish you much happiness and success. To those who remain with us, we promise to continue to provide you the best possible opportunities to prepare for the day when you too will venture out on your own to pursue the goals you have set for yourself.

We're depending on you to become the leaders of our community. We're depending on you to make ready the next generation of students just as we and your parents have prepared you. I know you are all up to the challenge and will make us all proud to have worked with you. It will be "just a matter of time" before the future is in your hands - make the most of it.

Sincerely,  
Rick Bowles

Left to right: Director of Career and Technology, Robert Matthews; Assistant Principal, 9th grade - Walt Wendtland; Assistant Principal, 10th and 11th grade - Lee Anne McGonagle; Assistant Principal 12th grade - Joe Tanguma.

Mrs. Diana Frankson was nominated as Region III's candidate for Texas's "Teacher of the Year." Region III contains 45 school districts, and the Region had many high school and junior high teachers competing for the nomination. She will advance to the state competition along with the other nominees.

Mrs. Frankson attributes her nomination to the success she has had with the AP Biology program. She has had 49 students receive college credit in her first two years of teaching the class. This is a very high passing rate for the AP college exam. She has also been nominated for the "AP Teacher of the Year" award by Mr. Bowles.

# El dieciseis de septiembre

On September 15, Mexico celebrates their independence from Spain. In 1810, Catholic priest Miguel Hidalgo, from the town of Dolores, proclaimed Mexico's independence. With a small force, he attacked Spanish forces in various cities. Many people enlisted in Hidalgo's army, and they continued to win victories over Spanish troops. Hidalgo rang the bells at his church on September 15, 1810 as he shouted the famous Grito de Dolores or victory cry, as he demanded Mexico's independence from Spain.

# Renaissance Festival

It was the year of chivalry and romance. A concept that our Art and French Clubs saw set into action. We witnessed the bravery of knights seeking dragons. We stopped to smell the roses in the Royal Rose Garden. And we still had time to taste the huge variety of foods that came from all cultures. Although it might seem that we traveled back in time, the truth is that our adventure began on a school bus and ended at the Renaissance Festival. — Keli Chaffin

# DUNGEONEERS ROCK IN 1997-98

The cast of "Brighton Beach Memoirs"

"A baseball on my floor!"

Danielle Rodriguez gets ready for the next drama production speech tournament.

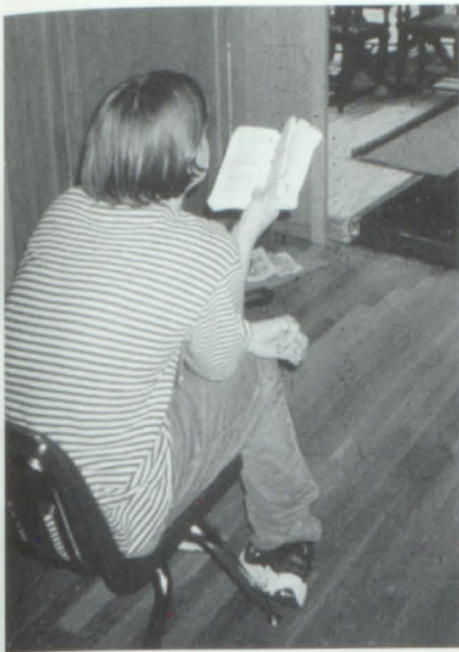

"I will always love you, Nora, no matter what you decide."

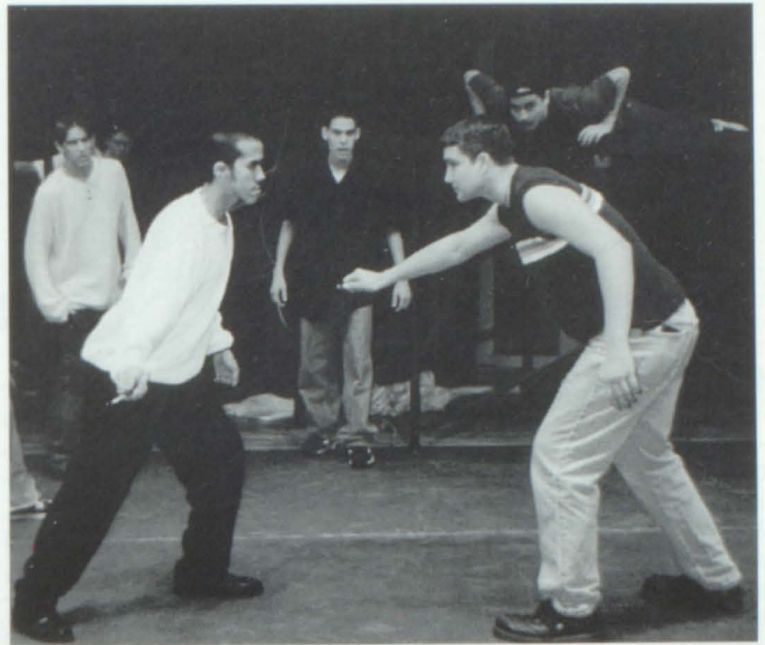

The domineering Dungeoneers had a spectacular year. They started things off with a magnificent performance of "Brighton Beach Memoirs", which featured seasoned as well as fresh new faces. Then in January, a stellar production of Romeo and Juliet was given and Mr. Berkovsky's unique ideas and staging style gave the audience and cast a renewed view of Shakespeare's classic. The Dungeoneers also participated in Speech and Drama Tournaments this year, bringing home many prestigious awards due to their hard work and dedication. Their UIL one Act Play this year was Pippin. They turned out a wonderful performance and won numerous awards. With the excellent guidance of Andy Berkovsky and Magda Mirelez, the Dungeoneers have once again left their mark and proved that all the world's a stage.

These students are participating in a project for pre-engineering class called the "Cardboard Boat Race." Students are put in groups of three consisting of one lightweight, one middleweight, and one heavyweight student. The group makes a boat that will hold two people made only of cardboard and duct tape. Then they race 25 yards across the swimming pool. They have 4 days to make the boat and race it on the 5th day. It is lots of fun !

# HALLO CIAO OI

Marien,

I was born in Hamburg, Germany on September 3, 1980. I like to play guitar, ballet and go out to discos with my friends. I am involved in choir and I wanted to go into the Aristocats, but I came to Bay City High School in September, so it was too late to do that. In Germany, I had classes like Math, History, Biology, Chemistry, German, English, Physical Science, Geography, Art, and graduated from school in Germany and when I go back, I plan to attend college. The school here is much easier than in my home country. But that is good, because I don't have to study all the time. Before I came to Bay City, I lived two months in Seattle. In Germany I live with my parents, Harald and Karin, and sister Kirsten in a house fifteen minutes from Hamburg. Sometimes I miss them very much but I enjoy the time here with my host family. My host parents are Janet and Joseph McCann and my two host sisters are Tracy and Andrea Hoepfner. Here at school I had my first mum for Homecoming and I celebrated my

first Halloween. I enjoyed those experiences! I made some good friends here at school and I'll miss them all when I leave in June 1998.

Fernanda Herbst-Soto,

I am seventeen years-old and in the eleventh grade. I wanted to come to America, but not as a tourist. Finally, I decided to be an exchange student. I have always been fascinated by the English language, how Americans acted and their lifestyles. I think it is hard for most teenagers to make a decision like that: Do I really want to stay far away from my family for a entire school year? And what happens if I don't like it? If I'll be too homesick? I asked those questions to myself, and I decided that a year in America would be an unforgettable experience, and I'll keep the memories forever. I am from Sao Paulo-Brazil. My city has about 16 million people, it is pretty big compared to Bay City. When I arrived here, I could get to know Bay City in just one day!! I was really scared!! The school system over there is really different. There are a lot of things that are different. First of all, I leave my school at 12:30 p.m., the teachers change, not you, and we do not have homework, etc.... But anyway, I'm really enjoying my school year here. I have a brother, he is fifteen, and every time we talk on the phone, one of us cries. That is very hard for me. My parents are always in touch, because it is not easy to stay away from your son or daughter. I bet that everybody thinks it is pretty cool to stay away from home, but a word of advice: enjoy your

family to the max, as much as you can, because when you are away from them, you will see how hard it is. My host family is wonderful. We can spend the day laughing (that is no big deal!). They are very kind and really care about me as though I am a part of the family, I really appreciate that. At this school I meet alot of cool people, and I am glad because everybody can learn of other cultures. Coming to the United States was the best decision I ever made.

Laura Bettini,

I was born in Brescia, Italy on the first of July 1980. I enjoy aerobics, swimming, learning foreign languages, and traveling. I am not involved in any extracurricular activities in the high school(Bay City H.S.), but I tried out for the Aristocats. The school I attended in Italy is very different. I stay in school from 8 a.m. to 12 or 1 p.m., just in the morning, but in the afternoon we have alot of homework! We can't decide which courses we want to take and we have different schedules everyday. We do not change classrooms but the teacher comes to us. So we become very good friends with the kids in the class. One thing that really impressed me in the first couple of weeks of my arrival was the football games. That was truly exciting for me: the football players, cheerleaders, band, and all the enthusiasm. One thing that can really make or break an exchange students year is their host family. I am staying with

Richard and Ruth Bari. They are very nice and kind to me. They always help me when I am homesick or when I have some problems. I consider them like a family and they consider me like a new daughter. I like my new sister, even if she is already married, and my new brother, they live in Austin. But even here I found so much warmth and love in my new family, sometimes I miss my wonderful family in Italy: Christan( my dad), Caterina (my mom) and Maddelene ( my 14 year old sister).

# Building On a Solid Foundation

Students in these pictures are doing their "individual foundation project". They are gaining experience using hammers, nails, and tying knots. In addition, they use skills learned in the classroom such as measuring, the pythagorean theorem and their various applications, in general construction techniques. Students grades are dependent on measuring diagonals and general measurements to within an eighth of an inch. This project is a precursor to the group project.

Clockwise: Travis Ryman and Matthew Mainer anxiously await Mr. Brown's verdict; Jay Hargrove supervises as Robert Hawkins demonstrates his measuring skills; Robert Henderson and Maria Luna are glancing over their measurements; Danielle Torres and Raul Franco trying to tie up some loose ends.

# May I Have This Dance ?

The freshman class sponsored a dance on January 30th. Though this was a dance where people are supposed to come and dance and to have fun, all that was done was a lot of sitting. The girls stayed on one side of the room and the guys stayed on the other. At the end of the night, there were a few dancers, and all three were girls!

However, at the Valentine's Dance, sponsored by the Senior Girls Interact, the scene looked quite different. Many people actually got out on the floor, and danced with the opposite sex.

# THE BLACKCAT SINGERS

This year we gave a presentation of a patriotic choral revue called "Song of America" concert featuring many of the choir members singing solos, duets, and trios, dancing and two students doing sign language while the choir sang. As soon as the Fall Choir was over, the choirs began work on the annual Madrigal Dinner. We learned music from the fourteenth, fifteenth and sixteenth centuries and dressed up in period costumes with a king, queen, royal court, and an outstanding jester! The Show Choir went out into the community and gave many mini concerts for Christmas. They sang at Sea Breeze and Legacy nursing homes, Norwest Bank and at the BCISD Administration Building. In the spring, the choir will take part in many UIL contests, attend a choir festival in San Antonio and present our annual Dessert Concert which will feature music from the past fifty years of rock n' roll.

The 84th volume of the Blackcat was published in El Paso by Taylor Publishing Company. The 216 pages were printed on 80 pound enamel paper using Eric and Seville typeface for the body copy. The sapphire blue and black lithocote cover is embellished with gold and super blue foil. The Yearzine is a four color history section published by Taylor Publishing. Twenty-two staff members published the '98 Blackcat using Ultravision, and developed the theme "Just a Matter of Time". With the exception of the Yearzine, the majority of the photographs were taken by the Blackcat photographers. Individual student pictures were taken by O'Neal Studios and favorite pictures were taken by Ultra Photo. Taylor Publishing Company's advisor to the staff was Donna Magana and we would like to thank her for her help.

This years book went on sale to the student body in September for the price of \$45 and then increased to \$50. During distribution, the book was sold at a price of \$55. There were 560 copies of this years Blackcat printed.
