The Class of Ninety-Nine

Bay City High School
Commencement Ceremony

Eight o'clock
Friday, May 28, 1999
Memorial Stadium

Bay City Independent School District

It was a night they would not forget.....

the band did not play Pomp and Circumstance and the sun did not shine. Instead thunder was heard while dark clouds filled the sky, and rain fell on the 237 seniors as they marched onto the field for what turned out to be a wet, if not proud moment in their lives.

Jeff Jernigan, senior class president, welcomed everyone to the graduation ceremony and Mr. Rick Bowles, principal, introduced the top ten seniors (see page 13). Eric Heraly, Valedictorian, then spoke about what success meant to him. He believed that the traditional view of success, being fame & fortune, is a mistake that needs to be revised. He felt that real success comes from caring of others - the welfare of others - that caring individuals have the potential to succeed since they have earned the love, respect and admiration of people. His classmates can enhance or degrade someone, but need to be remembered because of the positive effect they have on people; respect of others yields respect from others and that is a true measure of success.

Emily Coe, Salutatorian, also spoke about success stating that it is not a destination - it is a journey. She spoke about not being afraid to try new things, that humor is important, and not to give up easily. They all needed to remember to do what is right and not what everyone expects them to do. Both Emily and Eric quoted Ralph Waldo Emerson ... to know even one life has breathed easier, that is success. Ralph Seidel, III, a BCHS graduate noted that on the night he graduated in 1981, it also rained. He, too, spoke about success stating that going to college, having a good job and a lot of money is not the only definition of success. Faith, family and friends are really what success is about. Faith, because you believe in a higher power than yourself; family, because then you find out that your parents got smarter as you got older; friends because the only way to have a friend is to be a friend. The hard part is not making a friend, but in keeping a friend.

The rain finally stopped as the class of 1999 was presented and Richard Walton, Superintendent, and members of the Board of Education awarded each graduating senior their diploma.

As the Alma Mater was played, hats were tossed in the air and for these students "The End of the Millennium" was here.

Introducing.....

BCHS, the home of the Bay City Blackcats. This is the home of champions.

That winning tradition runs through the veins of every past, present and future alumni that ever graced the halls of BCHS. As you flip through this yearbook, whether it be the day you purchase it or 20 years down the road, many memories will be illustrated in your mind. During football season, everyone had Friday night fever. As the blackcats run onto the field, any true Blackcat fan would begin to catch chills that run up the back of your spine. From the first kick-off of the season, to the last breakdown, the Cats continued to represent the fighting heart and positive attitude of not only the individual, but also the whole community of Bay City. You will remember the victory dances, and there was always a pumped-up crowd of game-goers to help celebrate the victory. With the end of football season, we all find ourselves with free time on Friday night's to utilize as a party day. Some of us went to swimming and playing tennis or soccer, while others switched from 5th period football athletics to 7th period baseball. Others went to ballin' in the gym after school to prepare for the upcoming season. No matter if we're chunking the softball, going to drama tournaments, dance competitions, or just trying to pass, we're all trying to avoid the day when the world says "It's time to grow up" and we must make the decision to sacrifice the friends we have known all of our life in exchange for finding our vocation, our calling, and ultimately, ourselves.

On a lighter note, let me break it down for ya'll: It's 1999, you've just graduated, and you seniors, you have every reason in the world to party till you drop !! Summer is right around the corner and this is your last chance to "go nuts" before it's time to face reality. Freshman, disregard these statements, you still have time to do it right. Sophomores, so do you, but you can tell that 4 years doesn't last very long. Juniors, Live It UP !! Next year it will be your turn to pass on that torch.

For all the Seniors, don't waste one minute, because every one is precious. As time passes by, the BCHS that we know will fade away. There will be a new school soon, new teachers will be hired and the students will, of course, come and go. Our friends may pass on or move away and we may lose all contact with them. But as the years go by and the times change, we will hold dearly our memories of BCHS.

Above-Lane Bradford having a good time at the pep rally. Above right- Kim Evans thinking hard for the answer.

Raymond Padron
What was your most embarrassing moment during high school?

Whenever I was running for an office in DECA, I was being videotaped and I kept on stuttering. Everyone saw the video and laughed.

If you were stuck in an elevator with 3 people, who would they be and why?

Sandra Bullock - she looks good; Paul Rodriguez - need someone to laugh at and Leanne Rhymes - we will need someone to sing once Paul gets boring or runs out of jokes.

Where will you be 20 years from now?

If all goes well, in a vacation house in Sweden.

Above left: Devin McBride playing Space Invaders, scoring high. Above right: Meg, Sam, David and Shawn wondering whether or not to work on their paper.

Kara Collins
What was your most embarrassing moment during high school?

I went to the bathroom and there wasn't any toilet paper and no one was in there. Finally, Mrs. Kennedy walked in and I had to ask her for some. She asked me if I had been waiting long and she knew it was me.

If you were stuck in an elevator with 3 people, who would they be and why?

Jared Leto, Matt Damon and Deon. It doesn't take a genius to figure it out.

Where will you be 20 years from now?

Hopefully out of Bay City.

Emily Coe and Artricia Allen talking about their research paper.

Apryl Hammons
What was your most embarrassing moment during high school?

When I had my picture taken for this profile (I'm not embarrassed easily).

If you were stuck in an elevator with 3 people, who would they be and why?

Deon Burnett - because he demanded that I write his name; Jared Leto - he's hot and Kara Collins - because she could protect me from Deon.

Where will you be 20 years from now?

Somewhere in Northern Ireland living comfortably under the name of Cheryl O'Donnelly with a fat bank account in Zurich.

Clarissa Collins and Shelley Dry, along with two other seniors, decorate the 100 wing hall.

Meg McCarthy and Richard Muniz looking on as Kaylyn Mariner draws a picture of a tiger.

Juan Irizarry walking the halls.

Matthew Kacal looking through an encyclopedia for information.

Chris Slack, Meg Mc Carthy, and Victor Everett putting up a palm tree for hall decorations.

What was your most embarrassing moment during high school?

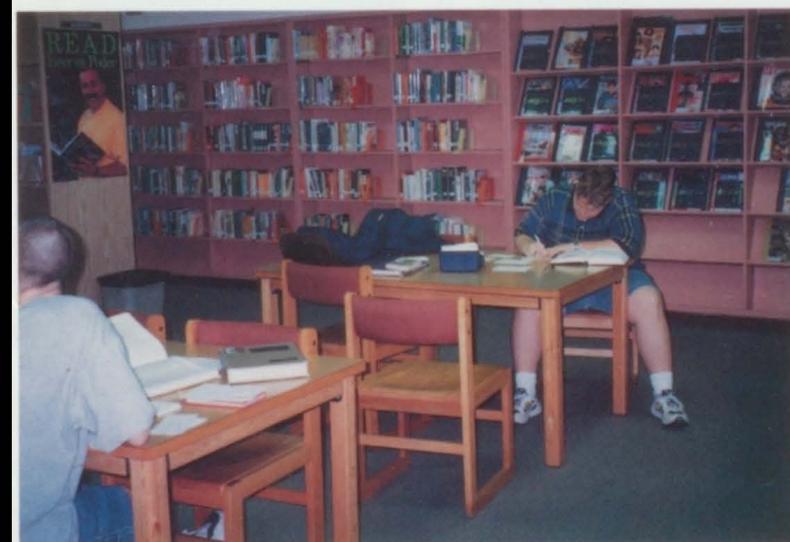

Never had one, I don't get embarrassed that easily.

If you were stuck in an elevator with 3 people who would they be and why?

Jennifer Kovar - So we can get lifted; Mariah Carey - to keep me company and my cousin Lil' Bizzy - he's my role model.

Where will you be 20 years from now?

If people keep harrassing me, probably on lockdown.

Jeff Jernigan working on his research paper in the library.

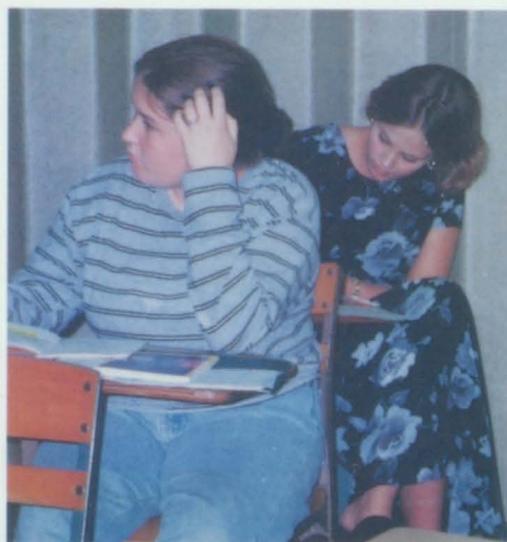

Kim Evans, Lindsey Huenber and Randi Reed standing in line at the homecoming pep rally.

How about we all do our own work, and Trent, Pay attention, No Day Dreaming!

So, do you think that sucker is as good as it looks? Ask Mendi.

We know exactly what we are doing with Mr. Bender's parlimental procedure.

Artricia Allen, you're doing great work on your English A.P. research paper.

Drew Ashcraft

What was your most embarrassing moment in High School?

Wearing the sign for NHS
If you were stuck in an elevator with three people, who would they be and why?

Three Bud girls, you know why.

Where will you be twenty years from now?

Living in a big city, making big money.

Ashley McCloskey

What was your most embarrassing moment in High School?

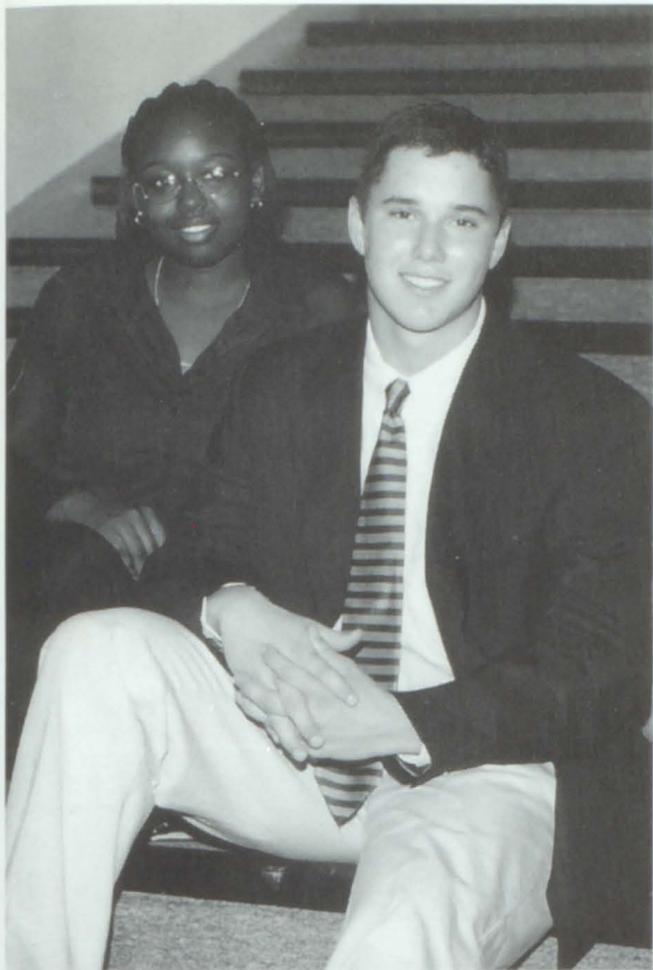

When they called out the top twelve for the Rice Festival Paegent, I was so shocked, I fell off the risers in front of everyone.

If you were stuck in an elevator with three people, who would they be and why?

Leonardo DeCaprio - he's so gorgeous; Alex Davis - to help me calm down around Romeo and a photographer to take pictures of the real Romeo and Juliet.

Where will you be 20 years from now?

In a big city (not Bay City), rich, famous and single (unless all goes well with me and Leo).

Richard Walton
Superintendent of Schools

Dear BCHS Students:

Wow! Where did that two thousand years go? Time really flies when you're having fun. Seriously, as we near the End of the Millennium young people have more opportunities, more reasons for hope, more potential for success, and more responsibilities to society than ever before. There is an old saying: "to the victor goes the spoils," and it has never been more true.

As we stand on the brink of a new millennium, victory and success will go to those of you who have had the foresight to prepare yourselves to continue your education or enter the workforce. For the Senior Class of 1999, that next step is upon you. We wish you luck and pray for God's wisdom and leadership in your lives.

For our underclassmen, now is the time to make decisions about your work ethic and act upon those decisions in a way that will allow you to take advantage of the opportunities that will come your way. As we approach this exciting time in our history, I am confident that the students and graduates of Bay City High School will be among those leading our nation into the next 1000 years.

Sincerely,
Richard Walton

Bay City I.S.D. Central Administration

Dear BCHS Students:

Publicity abounds concerning the end of the current millennium. Many take a somewhat nostalgic view of the century that has passed, focusing on what has been. Many refer to events in 1999 as "saving the best for last". I prefer to take a more positive view of the "End of the Millennium". While it is a time to take a good look at ourselves and what we have accomplished, I believe it provides us an extraordinary opportunity to look forward. Afterall, 1999 signals not just the end of a century, but the beginning of a new one.

For those of you who will be remaining with us, we reaffirm our commitment to provide the best possible preparation for your life after Bay City High School. The coming century will offer opportunities we can only imagine and we must all acquire the skills that will enable us to live and compete in that world.

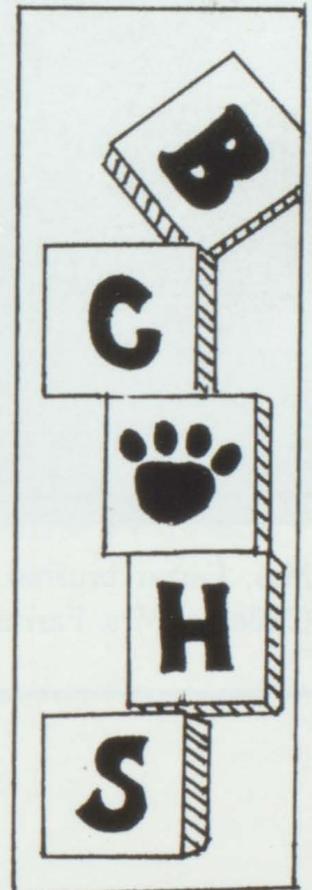

To the Graduating Class of 1999 we offer our admiration for the hard work you have displayed both inside and outside the classroom. Our seniors have proven themselves as outstanding scholars, athletes, musicians and artists. You have been exceptional leaders and role models at school and have devoted hundreds of hours of service to your community. We encourage you to continue to make the most of your own special skills and talents. But whether you choose to go directly to work or continue your education, to pursue a career in agriculture or aeronautics, our hope is that Bay City High School has helped you take the first step toward achieving your goals in a new century and making the most of all that it will offer.

I wish you all the best and thank you for making this year, this "End of the Millennium", a memorable time for all of us.

Sincerely,
Rick Bowles

If you don't give me a good grade, I'll leaf!

It's that time again! Time for the "dreaded" leaf project. Students must collect twenty-five specific leaves as a requirement for the Biology I course. Seen here are the students from Mrs. Cornman's class, as they are scavenging around the school to see how many leaves they can find. Phew! Good Luck!

The Agony's Almost Over...

The Senior A.P. English Classes awaited the most dreaded project in education's history.

That's right, Research Papers! Students search high and low, fought tooth and nail for any scrap, reference, or fact about various British authors. "Oh no!" and "It's due when?" were among some of the student's remarks when it came time to do a little research. But, in all, it's an educational experience to hold onto and remember and when it's over and done with, they can look back and see what they have accomplished.

Bundles Of Joy

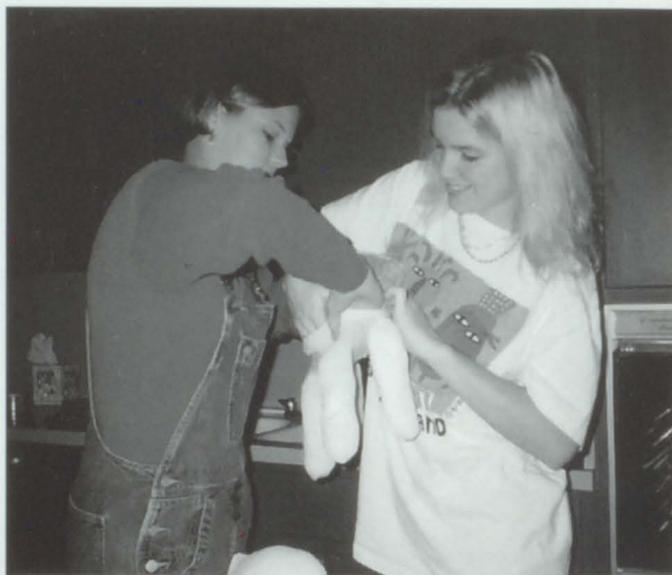

Rice babies, a new experience in parenting at BCHS

Well, it's that time of the year again. That's right, Rice Baby time. Some of Mrs. Dibbern's Individual and Family Living classes' had to dedicate a week's worth of patience to their unique little bundles of joy to get a hands on experience of what raising a child in today's world is all about. Although many hands were full, the students had a great time taking part in being a temporary parent.

Here in Mrs. Kennedy's honors government class (1st period), many students found out what it was like to be a member of congress as we became senators and made our own bills. Once the bills were made, we all had a chance to argue and support them or to argue against them, as we followed all the real rules of the Senate. The whole class participated as we passed bills from the Senate to the House of Representatives (which was her 5th period class).

Bye Bye Stress; The Bubbles are Here!

In Mrs. Hudson's psychology class, we were going over stress management. We learned how stress affects our life both mentally and physically. In addition, we learned how to cope with anxiety, nervousness, and stress. On that particular day, our class stepped outside onto the patio and broke out the bubbles. To relieve our minds from stress, we blew bubbles all class period and just enjoyed ourselves. —Mike Pena

Clockwise: Nishia Lavelle and Michael Pena blowing bubbles. A.J. Vargas amazed by the bubbles. Let's get in a group and make a big bubble!! The sociology class having fun!

A long way from home

Moritz Lück

I was born on December 8, 1981 in Kiel, Germany. Back in Germany, I used to play soccer (for 9 years), a little bit basketball and I am interested in-line skating. The activities that I'm involved with here are football (kicker and outside line backer) and Boy's Interact. School in Germany is a lot different from school here. There (Germany), we have 3 different levels after elementary school and I attended the highest, which leads to the Abitus, after graduation you can attend university. As we have lots of differences in school-life,

our whole schedule is different. We do not just have 7 classes a year; we have at least 12 different classes a year. So, when I came here, I already had math for 6 years (I'm in Pre-Cal (H) now), chemistry for 2 years, biology for 6 years, physics for 4 years, English for 6 years, French for 4 years, Latin for 2 years, sports, history for 6 years, geography for 6 years, music for 4, art for 4 years, etc.

I and my family in Germany, live 12 miles away from Kiel (250,000 inhabitants) on the Baltic Sea. I also have a 14 year old brother. We live in a house and my dad's hobby is to raise Iceland ponies. He works for the local government and my mother is a physical therapist. Here in Bay City, I'm staying with the Roberts family and I really enjoy the time we share.

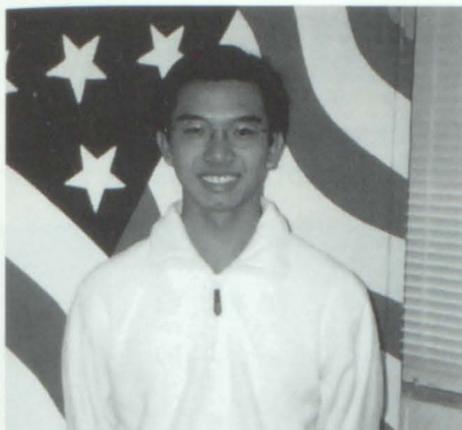

Lena Wilde

I was born on June 7, 1982. My hobbies and special interests are meeting friends, going out, dancing, listening to music, and going to the movies. School in Germany starts at 8 a.m. and ends at 1 p.m. So, there's much spare time to spend with my friends. In school, I took mathematics, P. E., Biology, Philosophy, Sociology, French, German, English, Latin, Geography, and History. My school over there has around 1,000 students, which is quite big-compared to other schools. School is different over there.

In Germany, I live with my parents and my 20 year-old brother in a quite big flat. Minster, the town where I live in, has about 280,000 inhabitants. I really like this city-there's a lot of things to do, especially for teenagers or young adults.

My host family is Joe and Charlene Garcia. I have a lot of fun with them. They don't have any children, but 20 cats, which live outside their house. Joe and Charlene already planned a lot for me, like going to Mexico, Tampa, Florida, New Orleans, San Antonio... I enjoy my stay and have fun!

Heisen Cheng

I was born in Hong Kong on July 26, 1980. My hobbies and special interests are going to concerts, play tennis, watching movies, and swimming. This year, I want to improve my English Language and try to enjoy the American Life. In school, I want to make many friends and talk with them, then I can know about the difference between American students and Hong Kong students, and the difference between American education and Hong Kong education. I have six members in my family. One mother and father, one younger brother, and two older sisters. When I joined this program, they were very supportive of me. My mother is a housewife,

my father is a businessman. My brother is studying in the secondary school. And two older sisters are working in the office.

My host family are the Kellogg's-Woody, Robert, and Curtis. Woody works at the IBC Bank. Robert works in another state. Their son-Curtis-works in the laboratory in Bay City. They are very nice. I like them.

In Hong Kong, I took chemistry, biology, calculus, english, chinese, physics, algebra, and was on the Road Safety Patrol after school. School lasts from 8:30 to 3:30, and goes from September to July. And we don't have football. Here, I am taking-government, chemistry II, Calculus, English III, Choir, and Public Speaking.

Borre Tandberg

I was born on March 17, 1981 in Ringerike, Norway. My hobbies are snowboarding, windsurfing, and a little basketball now and then. cross country team and soccer, when ever the high school team starts up. P.E., physical science, maths, economy, Norwegian, German and english. School in Norway is what you make of it. You usually pick what ever homework yourself and it is your own responsibility to actually learn something. Our kind of high school is more or less just a preparation for college or university, or you can pick a kind of trade school instead, to get a job quickly.

At home, in Norway that is, I have an awesome brother, who plays the drums in a tight band called "Puke", and a cute, little sister, who's about to finish junior high, and also, of course, a couple of parents.

My other family, here in Texas, are great too; dad Tripp, mom Irma and my brothers J. J. and Ian. J. J. goes to Bay City High (the kid whose only word is "skill"), though Ian has left for Houston. Dad works at STP and Mom's at home.

Texas is real different, but tight! (or whatever ya'll say)

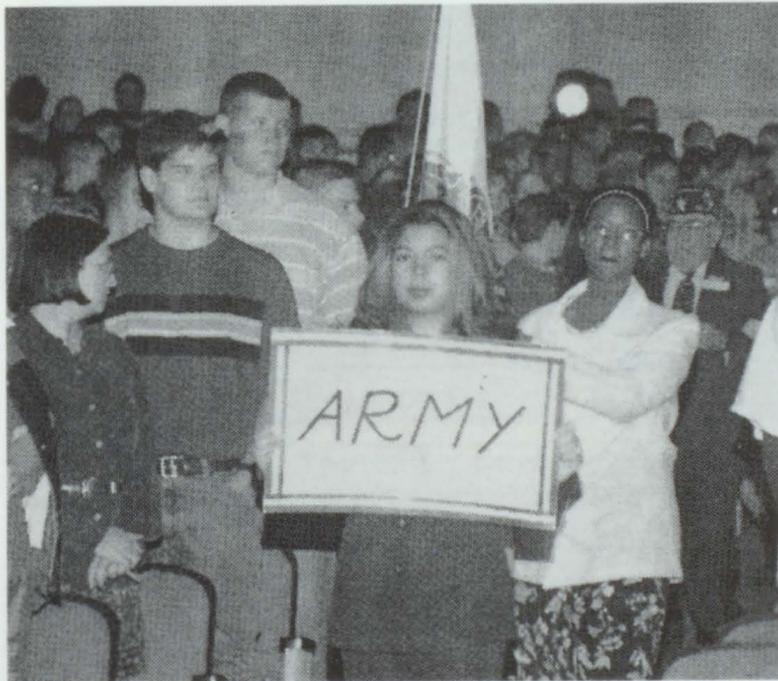

They Shall be Remembered...

On November 11, 1998, some of Bay City High School's students had the honor of escorting various men and women to join the ceremony of our yearly event of the Veteran's Day program. There they met and caught up with old times and shared the true meaning of what sparing ones life can mean to the country in which we live today. Judge JoAnn Otis spoke as veterans and auxillary were honored for their time well spent in the service to our country.

They're Not Just For Sippin'

This year, Ms. Kenyon's freshman honors Geometry class took the time to create geodesic domes. The goal of this project was to be able to take cut-up straws and elastic bands and connect the straws halfway around a basketball. When the basketball is removed, the dome must not lose its shape. The students show great interest in the creation of their domes, as seen here. Their creativity is expressed through the various shapes they formed by connecting the straws and how accurate the shapes of their dome are. This assignment really allowed the students to have fun and be creative.

(left)-Penny Grebe and Haley Turner putting the finishing touches on their dome before turning it in. (right)-Craig Sabrusula, Angela Rawlings, and Kevin Heraly are working diligently on connecting their straws together with the elastic bands.

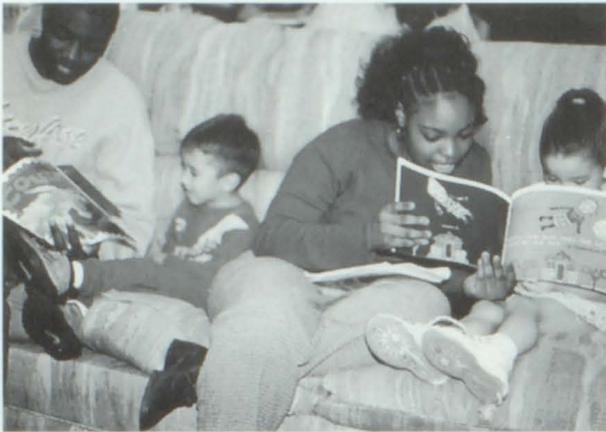

Mrs. Kenyon's honors Geometry students are combining their imaginations and competing against one another to see who can build the strongest bridge. With the help of 40 straws, a piece of cardboard, and pins the students constructed a bridge of their own and tested them at the end by adding weights to see how much it could hold before breaking. The strongest bridge held up to 48 lbs.

Look Who's in Charge Now!

This year, Mrs. Kennedy's AP Government classes took a day off from school to experience what it is like to be a part of the working community of Bay City. Each student was assigned to a specific person in the community and had to go around for the entire day and learn about their occupation and what kind of impact they have on our community. Some of the major positions were the mayor of Bay City, the treasurer of Bay City, the district judge, the county judge, and the sheriff and police departments. The students had a great time learning how the city of Bay City functions and now understand how the smallest job in our city can make a huge difference.

LOVE is in the air

B. C. H. S. 1999 Sophomore Sweethearts are Nicole Horne and Ryan Luedecke. Congratulations!

The Sophomore Sweetheart Dance was a night of pure fun. There was love in the air as couples came to dance the night away. The evening was full of excitement because of the dancing, singing, and the crowning of the Sophomore Sweetheart and Sophomore Beau.

The Bay City High School Choral Program was pretty busy this year. In October they hosted the Region Choir Auditions to which four BCHS students placed. In December, the choirs presented a Winter Concert featuring songs like "Rudolph the Red-Nosed Reindeer", "Frosty the Snowman", and "Merry, Merry Christmas Baby." In the spring semester, several students attended UIL Solo/Ensemble Contest and seven students qualified to advance to State Solo/Ensemble Contest in May. In March, the BCHS Ladies Chorus will attend UIL Concert/Sightreading Contest with the hopes of a second consecutive Sweepstakes Trophy in mind. To end the year, the BCHS Choirs will present their annual Dessert Concert featuring the music of the Gershwin Brothers.

BLACK CAT FIGHT NEVER DIES

The 4-A Division I State Championship was held at Texas Stadium in Dallas on December 12.

Despite tremendous effort and a whole lot of pride, the Black Cats fell one win short of a championship season. The '98 football season is over, but the Cat's will never be forgotten.

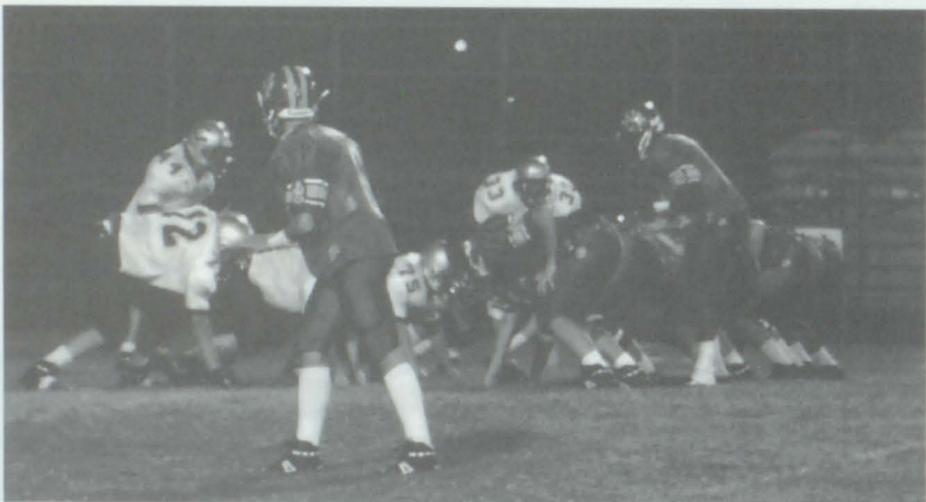

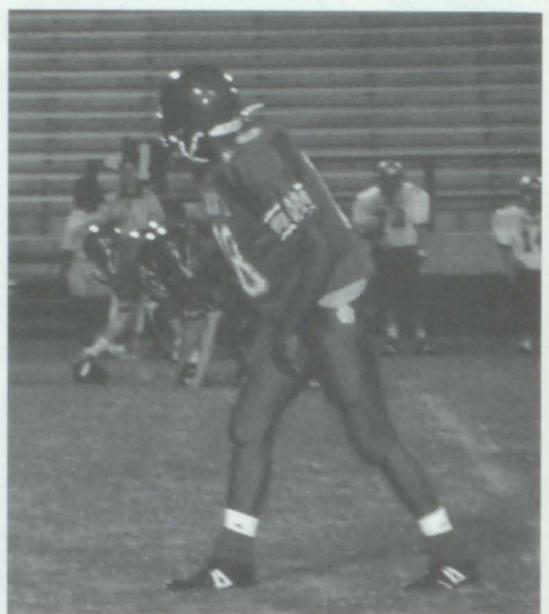

The Black Cats finished their season with a record of 12-2! Their last loss was against Grapevine for the state champion game.

This year's football team is losing 19 seniors who will be replaced by very able underclassmen.

Clockwise from top-JV kicker sends the ball into another time zone; another first down for the Cats; 3 players are in on the play, 19 players are spectators; cats on the move; Andrew Smith (QB) changes the play at the line!; Varsity players are on the prowl.

Touchdown!! Bring out the champagne.

A great run by one of JV's finest!

Leading The Way

The Bay City Blackcat's had a very strong season. The freshman football team had an outstanding season and finished undefeated ! Way to go Coach Brumelow ! The J.V. Football team also finished very strong with a record of 7-2. The varsity finished with a regular season record of 8-1. Their only loss coming from a well fought game against the El Campo Ricebirds.

Audra Bree

A.D.

Through the years you have done many things to make me proud as a mother. Always know there is no one person who is perfect and try to learn from your mistakes. Set your goals high in life... Strive hard to reach them.... (and you will) And always remember there is room for improvement.

Love,
Mama

Denton Rawlins

Denton,
It has been an honor and privilege covered with love to be your parents. We pray

that you always remember that we love you but that God loves you more. Keep reaching and anything can be yours.

Love,
Mom and Dad

Amanda Turner

Amanda,
Each new step
you take will give
you more courage and freedom. Rid
yourself of doubts and you will re-
joice with how you turn out. Though
you may struggle and fall, too. Know
that I've been there, and will always
love you.
Mom

Rusty Claxton

Rusty,
You are a wonder-
ful person. You
have great determination, and the will
to succeed. You have made us very
proud. Continue to follow your hopes
and dreams.
Good luck,

A POLICY STATEMENT

The Blackcat student yearbook at Bay City High School, attempts to cover the people and events of the school community as fairly, impartially, and accurately as possible. It provides a history in pictures and copy of a particular year. Through the emphasis on the skills of writing, design, photography and business, it offers an educational opportunity for staff members who must learn to accept responsibility and assume leadership roles. It serves as a form of public relations for the school and community.

The editors and staff members reserve the right to select content and determine priorities in both photographs and written material. They never knowingly libel, invade the privacy of, deny the rights of, or ridicule or mock an individual or group. Good taste, common sense, school and community standards, and ethics of responsible journalism are observed.

The yearbook focuses on school news and personalities. Community, state national, and international events are covered as they relate to students and the school and contribute to a complete picture of a school year. Student activities and groups not sponsored by the school are not covered on a regular basis.

COLOPHON

The 85th volume of the Blackcat was published in Dallas by Taylor Publishing Company. The 224 pages were printed on 80 pound enamel paper using Memento and Nouveau typeface for the body copy. The lithocote cover is super blue and gold foil. The Yearzine is a four color history section published by Taylor Publishing. Twenty-two staff members published the '99 Blackcat using Ultravision, and developed the theme "End of the Millinnum." With the exception of the Yearzine, the majority of the photographs were taken by staff photographers. Individual student photographs were taken by O'Neal Studios and favorite pictures were taken by Ultra Photo. Special thanks to Deborah Cook, Jimmie Bellah and Jimmy Bagent for band and sports pictures. Taylor Publishing Company's advisor to the staff was Donna Magana and we would to thank her for her help.
