Class Motto: "As we go on we remember all the times we had together and as our lives change, come whatever, we will still be friends forever."
 -from *Graduation* by Vitamin C

Class Flower: White Rose

Class Song: *Hanging Around*

On Friday, May 26th, 235 members of the Class of 2000 marched on the field at Memorial Stadium as the band played *Pomp and Circumstance*. After Principal Joe Tanguma introduced the top ten graduates (see page 13), the Valedictorian address was given by Sarah Manna. She spoke about how, as graduates, they must have character and that courage will carry us to our future destinations. She reminded them that everything they do emphasizes the choices they make. She was followed by Shelley Naiser, who gave the Salutatorian address. As she reminisced about their four years at high school, she reminded them that they will face many cross-roads in their lives and to follow their dreams to wherever they take them. The commencement address was given by Arthur Milberger, a 1968 graduate of BCHS. He stated that while graduation is full of great memories, many things have shaped their lives in the last twelve years and that some events in life make time stand still. He reminded the graduates that the only thing guaranteed in the future is change- it's okay to change your mind- change can be very positive. Milberger told them to keep their options open because plans are always open to change. Also, to keep their sense of humor and ability to laugh at themselves. In closing, he stated that they should have a passion for what they do in their lives and to look for inspiration in many different ways. Superintendent Richard Walton and members of the Board of Education then presented the graduates their diplomas. As the *Alma Mata* was played, members of *The New Generation* tossed their hats into the air.

STOCATS ARE TAKING A
 AATHER FROM THEIR LONG DAY
 PRACTICE.

From the words of the group Sugar Ray- "Someday when my life has passed me by I'll lay around and wonder why you were always there for me." As we, the students of Bay City High School open our eyes to a new century we look back at our past to see just how far we have come. Some, not expecting to be able to talk on the internet to people across the country at the push of a button and others were stopped short at their expectations of landing a man on the moon. But all in all, technology has changed the lifestyles of people worldwide. It is only to our surprise that we are not flying in our cars... yet, but everything has its place in life...& maybe we will have the oppurtunity to see it and maybe we won't. What we do have is this Blackcat Yearbook, our symbol of all that we have accomplished in the 1999 - 2000 year. From the Freshmen to the Sophomores who are still trying to find themselves in a world of exponential changes, to the Juniors who have found more confidence in themselves to speak out. As for the Seniors who have spent four years to obtain respect, individualism and "diplomas"... it is finally yours now. What you do now is totally up to you.

Rosalina Sergio

I was born in Pinerolo, Italy, on 7-30-82. I really love music, especially rock, I enjoy playing with computers, I don't like reading at all, but one of my favorite hobbies is writing. Unfortunately, I'm not involved in any school activities. When I was in Italy, I was on the ski team of my school. I love skiing!!! Hi! I'm one of the exchange students of Bay City High School. My name's Rosalina, all of my friends call me Rosi. I like to be here in America, but sometimes it's very difficult. In fact now that I've been here for quite a long time, I realize that the U. S. is very very different. I really like the American school system and I enjoy being an "American" student for almost one year. Then I'll be back in Italy again and I'll have lots of things to tell my Italian friends that are now waiting for me. Yes... naturally I'm missing everyone. But even if I think being an exchange student is a bit difficult and strange, I know that all that I'm doing will help me alot in my life. Everyday my host family helps me a lot, they're close to me and I love them. I feel like at home and they're like my natural parents, that I miss a lot. In Italy I've a brother, too. I love America and the school here. I've taken almost the same classes I had taken during the past three years in Italy, with the only difference that I always have to study in English and it's not so easy. Now I'm really hoping that I'll be able to have this yearbook at my home and I'll speak good English. That's one of the most important reasons that I decided to come here. I want to tell American teenagers it would be very positive for them to have an experience like mine.

Gustav Danielsson

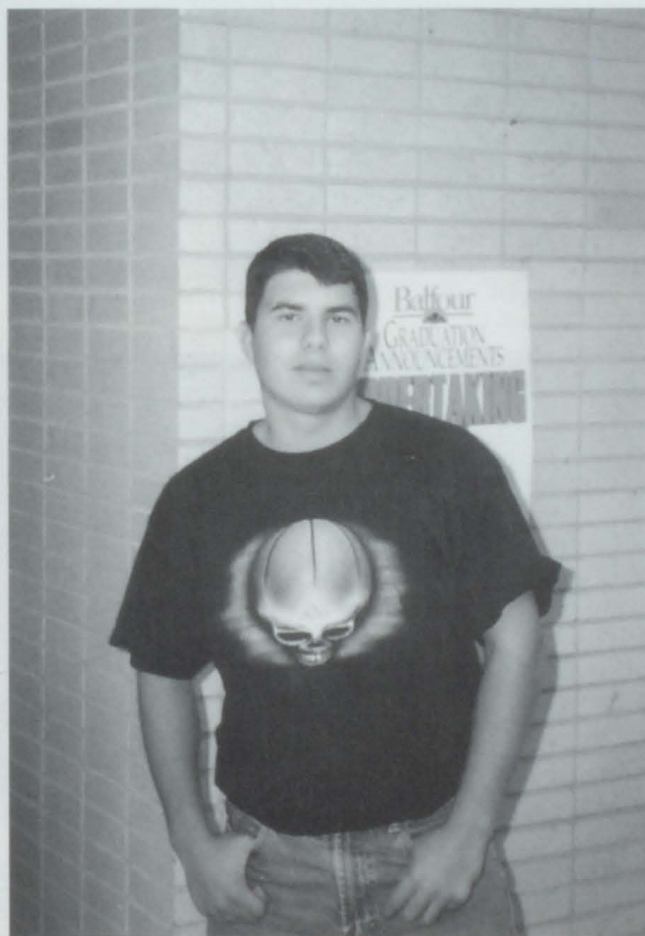

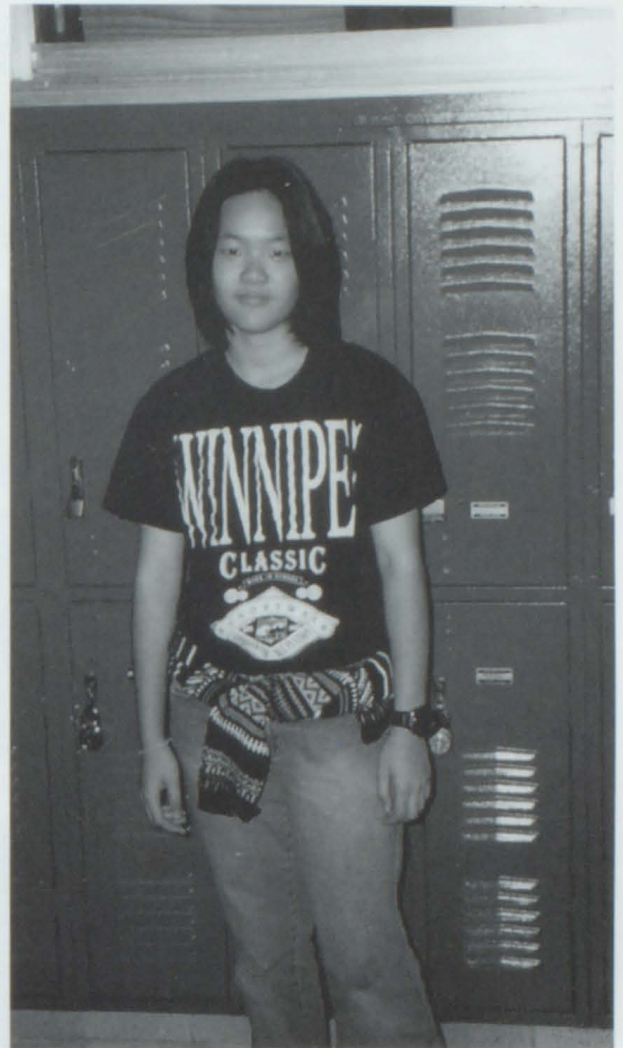

I was born in Varberg, Sweden, on 7-28-1982. I'm interested in aviation and flying gliders. I also play basketball. The activities that I'm involved in are Boy's Interact and Basketball. My school in Sweden is the same size as B.C.H.S., but it was not as strict and we don't have any school athletics, only P.E. I used to take a lot of sciences, maths, and foreign languages. In my family back home, I have one big brother Osker who goes to college and plays pro basketball, a little sister named Elin that's in elementary school, my mom's a social worker, and my dad's a teacher of Social Studies and Philosophy. My host family are the Bowles; my host dad, Rick, is the principal and my host mom, Susan, is a district administrator. I have four host brothers. Two of them, Ricky and Randy, are in college. The other two, Marc and Matt, go to McAllister and the high school and both are good football players.

Rosalin Chanyasak

I was born on 5-8-1984 in Malaysia. I like to watch TV, listen to music, and do some artworks. I'm involved in basketball-as the manager. I'm a student from Bangkok, Thailand. I attended Triam Udom Suksa School and I was a science-math-art student there. The schools are different because I had to wear a uniform and I had the same classmates the whole year, we were very close. Not just the school is different, but almost everything such as culture, tradition, food (you will love Thai food!) and of course language. I have a brother and a sister. I've lived with the Galvan family. They're really nice, helpful, and the most important thing is they understand me. I would like to thank many people that helped me have a successful exchange year; my family gave me this opportunity, my host family that helped me fix all the rough time, and my American friends that always were there when I needed help. The teachers helped me study and Bay City High School let me have a good chance to learn and know a lot from here.

Ivan Grishin

I was born in Munhara, Uzbekistan. I like to read books and spend a lot of time with my friends and I like to play soccer. I am staying with the Roe family and they are very nice people. I really enjoy being here. Back home I took physics, chemistry, math, geometry, Russian literature, history, and language, Uzbek language, history, and literature, English, Turkish, geography, world history, business computer, biology, and p.e. Also I want to say that I really like Bay City High School. Everyday I learn more and more interesting things.

A COLLEGE CHEER

Recently, a group of cheerleaders have been learning a cheer in Spanish. In addition to the learning of communication in a language other than English, the students in Spanish I class are gaining a knowledge and understanding of other cultures. This is achieved through the teachings of music (songs), chants, and the culture of different parts of the Spanish speaking world. As part of a culture activity a group of cheerleaders learned and performed a Spanish chant for the class titled "Siquitibum." In Spanish speaking countries a secondary school is called a college (colegio); thus the colegio Bay City High, and Siquitibum... A-la-bim, bom-ba! **Gatos negros! Gatos negros!** Ra! Ra! Ra!

I smell...I smell...FISH! Yes, it is that time of year again when the new underclassmen get to know old BCHS. In August, Student Council and others took time out to show the new class around the school. Even though this will help some, 9 out of 10 freshmen will be lost on the first day of school...

SOME OF THE BAY CITY PALS TAKIN' A BREAK WHILE EATING.

On August 19th, both PALS classes went to Houston all day for a training session with Stafford High School. We learned how to communicate better with the students that we work with. Both groups covered role playing, communications listening skills, and how to trust your group-type games. The idea of the workshop was to make us better PALS, and prepare us for situations that might come up throughout the year.

"I TRUST THESE PEOPLE, I TRUST THESE PEOPLE," MRS. SULLIVAN THOUGHT AS SHE WAS BEING LIFTED.

THE PENNY LAB

The Chemistry classes were having a penny lab. Two pennies were used-one before the year 1977 and the other one after 1978. This project was to determine how much copper was in the pennies determined by the dates. The students put the two pennies in a beaker and added 3M of acid and let them sit overnight. The next day the acid was poured out and the newer penny felt like a piece of foil because the newer pennies do not have as much copper as the old one. The older pennies felt exactly the same as before but were flat on each side.

BCISD ADMINISTRATION

A New Generation

As the theme for this year's Blackcat, A New Generation is extremely appropriate. As we move into the next century, there is plenty of "new" on the horizon for you, your school and our community as a whole. The school district has made decisions that will improve educational facilities for the next sixty years; decisions that will help determine the futures of several new generations of community members.

I hope you will focus on the opportunities and responsibilities that come with being part of a new generation. The technological advances and societal improvements that are made by the young people representing this new generation will serve as a foundation for many generations to come.

As always, we have special wishes for our graduating seniors. You are the cornerstones for this new generation and you represent the best hopes of our community, our nation, and the world at large. Years from now as you thumb through the pages of this Blackcat, may you fondly remember your part in beginning A New Generation.

Sincerely,

Richard Walton

BCISD
SCHOOL BOARD
MEMBERS

Dear BCHS Students:

What an exciting year it has been for all of us. From another year of playoffs for the football team to state level competition in UIL Academics, Bay City High School has once again proven that it is a leader both in athletics and academics!

We owe much to the Class of 2000 whose members have provided positive leadership for four years on our campus. As the first graduating class of the new millennium, our seniors face interesting challenges. This "New Generation" of young men and women exemplify the best that our community, and indeed our country, has to offer. As you go out into the world to pursue careers in science, business, technical fields or whatever you might choose, we encourage you to make the most of your particular skills and talents. We know you will continue to be the outstanding scholars, athletes, musicians, artists, and leaders you have been at Bay City High School. Make us all proud that you were, and will always be, a BCHS Blackcat!

To our underclassmen, we continue our commitment to prepare you for what will most certainly be an amazing world in the 21st century. Who knows what lies ahead, but together we will work to provide you with the knowledge and skills that will enable you to live and compete in that world. It is now your turn to step forward and provide leadership for our school. Whether it is on the playing field, in the classroom, or in our many organizations, student leaders are what makes a program, and a school, successful. You are Bay City High School's "New Generation." You've got big shoes to fill but I'm certain you will rise to the challenge.

Thanks for a great year. Good luck to our seniors. Do your best in whatever you do and always remember - Blackcat Fight Never Dies!

Sincerely,

Rick Bowles, Principal

In the past the Art Club used to paint the tear-away signs for the varsity football games, but this year they didn't because of the inflatable cat. To replace the tear-away signs, they are painting a wall at Mid-Coast Driving School. The design features a car crashing out the side of a parking garage. They also went to the Houston Museum of Art in the fall to see the Diego Rivera exhibit.

A POLICY STATEMENT

The **Blackcat** student yearbook at Bay City High School, attempts to cover the people and events of the school community as fairly, impartially, and accurately as possible. It provides a history in pictures and copy of a particular year. Through the emphasis on the skills of writing, design, photography and business, it offers an educational opportunity for staff members who must learn to accept responsibility and assume leadership roles. It serves as a form of public relations for the school and community.

The editors and staff members reserve the right to select content and determine priorities in both photographs and written material. They never knowingly libel, invade the privacy of, deny the rights of, or ridicule or mock an individual or group. Good taste, common sense, school and community standards, and ethics of responsible journalism are observed.

The yearbook focuses on school news and personalities. Community, state, national, and international events are covered as they relate to students and the school and contribute to a complete picture of a school year. Student activities and groups not sponsored by the school are not covered on a regular basis.

COLOPHON

The 86th volume of the Blackcat was published in Dallas by Taylor Publishing Company. The 232 pages were printed on 80 pound enamel paper using Copperplate, Athena and Amazonia typeface. The embossed cover is dark blue with gold and silver foil. The Yearzine is a four color history section published by Taylor Publishing Company. Twenty staff members published this Blackcat using Ultravision and developed the theme "The New Generation." With the exception of the Yearzine, the majority of the photographs were taken by staff photographers. Individual student photographs were taken by O'Neal Studios and favorite pictures were taken by Ultra Photo. Special thanks to Deborah Cook, Jimmie Bellah, and Charles Reis for band and sports pictures. Taylor Publishing Company's advisor to the staff was Ryan Almon and we would like to thank him for his help.

USA SNOWBOARDING

SPORTS

The year 2000 was greeted with celebrations across the globe, including a fantastic fireworks display at the Eiffel Tower and religious ceremonies in Jerusalem. Looking back on 1999, we see a year filled with hope for the future, but also a year plagued by war and natural disaster. The conflict in Serbia kept the world on the edge of its seat, while earthquakes, tornadoes and winter storms focused our attention on international relief efforts. In 1999-2000, we also said goodbye to some of the world's most beloved celebrities including John F. Kennedy Jr., Walter Payton and Charles Schulz.

WEATHER

The century came to a close with an upsurge of natural disasters. Hurricane Floyd caused \$4.2 billion worth of damage on the East Coast while snowstorms crippled regions of the Northeast and Midwest. Internationally, earthquakes killed thousands in Turkey, Columbia and Taiwan.

MILLENNIUM

While some stockpiled Y2K supplies and safeguarded their computers against the "millennium bug," others rang in the new century with fireworks, parties and religious celebrations. While merchandise branding the date 01.01.00 filled stores, millennium countdown clocks were seen everywhere from billboards to post offices.

DISCOVERY

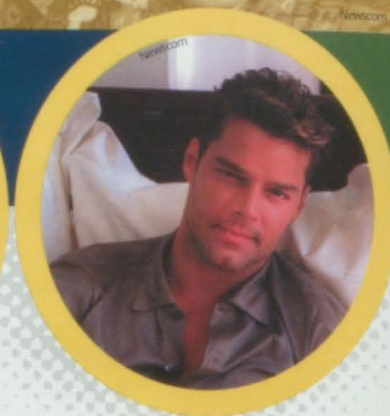

The Hubble Telescope, Earth's orbiting eye to the heavens, beamed back pictures of new planets and nebulas, while kinks in the NASA Mars Polar Lander mission delayed hopes of discovering more about the mysterious red planet.

GOODBYE

As we said goodbye to the century, we also said goodbye to some of the world's most beloved celebrities. John F. Kennedy Jr. was killed in a private plane crash while Charles Schulz passed away on the night before his last "Peanuts" comic strip was to be published in Sunday papers around the world. Sports legends Walter Payton, Joe DiMaggio and Tom Landry also left us this year.
