FIRST IMPRESSIONS

Bay City High School was under construction up until the day before school. The Girls gym was still under construction, so was the Boys gym and front facade. Windows were being replaced and the breezeway was still being built, and students are coming tomorrow for the first day of school.

"Meet The Blackcats" was held on Thursday, August 17, 2000. The Blackcats of 2000 were introduced. Football players Adam Pointer, Toby Claxton, and Chad Price are having a ball while being announced over the PA. Jinx (Mark Sardelich) is saying hi to the fans of the Bay City High School Blackcats, while the Freshman squad is waiting to be introduced. The Cheerleaders are doing one of their fabulous cheers; and the flag team awaits to do their drill as the Aristocats dance the night away. Also introduced were members of the swim, tennis, and cross country teams.

Summer-time usually means fun and lazy days in the sun. But for Bay City High School, it means work, work, work, and practice, practice, practice. The Aristocats, volleyball team, and the flag corps worked hard all summer long to perfect their form and be ready for the new year.

Ciao, Sono Maddalena

My sister and me at the airport in Houston.

Bottom left: Some friends of mine and me on the mountain.

I was born in Brescia (a small town in North Italy) on December 3, 1983. My hobbies are watching basketball games and snow boarding. I'm interested in theatre and yoga, too. I am on the BCHS swim team. My school in Italy was a scientific lyceum. My Italian school is very different from the school here. We have only four or five hours of school everyday, but we have more homework and subjects. My classes in Italy are physics, chemistry, math, Italian, Latin, English, history, philosophy, theatre and physical education. The relationships between students and teachers are different also. Teachers in Italy aren't very helpful to the students. My sister (Laura) was an exchange student in Bay City three years ago. Now she studies journalism in an Italian school. I miss her and my parents very much and I try to talk to them everyday. Here I live in the same host home family of my sister, Richard and Ruth. They are always nice and consider me almost like a daughter.

For the last three years, **Stacey Osborne** taught second grade at Cherry Elementary in Bay City. Bay City High School is her alma matter and with that she will always bleed blue and gold. After graduating as a Black Cat she went to Stephen F. Austin in Nacogdoches and became a Lumber Jack SFASU!! At college she majored in interdisciplinary studies (Elementary Education) with a specialization in reading and early childhood. Growing up she attended a private elementary school and had wonderful teachers that touched her dearly, some who teach here now at the high school (Mrs. Reed, Mrs. Sullivan, Mrs. Cook). Their role as teachers in her life taught her that she wanted to make a difference in a child's life like they did in hers. She wants to help mold the future for tomorow. She wants the students to understand that everyone has difficulties and we are here at the counseling center to help them through. Also that coming to counseling is not negative, but not asking for help is. She enjoys reading, golf (on a good day), fishing, shopping with mom.

Houston Victoria majoring in administration, supervision, and counseling. She decided to become a teacher because she wanted to help students plan their future and career interests. One thing that Mrs. Stewart wants to do while at BCHS this year is to assist the faculty, staff, students and parents to become successful. Some of her hobbies are keeping up her garden, walking, and spending time with her husband and puppy. Mrs. Stewart said this about BCHS. "We have a great faculty and great students with potential and endless opportunities. I want to reach out and make BCHS a great place to be."

Brian Stuart taught at Navasota High School for two years as the Athletic Trainer before coming to BCHS. He attended Kickapoo High School in Springfield, MO

(same school as Brad Pitt went to) and then went to Abilene Christian University where he majored in science and education. Part of his reasons for becoming a teacher are the kids, and the other is because he likes high school athletics. At BCHS he would like to establish a functioning student trainer program. He likes to fish, watch college football, and sometimes play playstation games.

He then attended Anchorage

College in Anchorage, Alaska, majoring in natural science. He also attended Tidewater College in Norfolk, Virginia and majored in carpentry, at San Antonio College in San Antonio, Texas as a drafting & design major. He was at a point in his life where money was not of prime importance. His primary goal is to make a difference in people's lives by changing values to the importance of education, family, and community. This year he would like to encourage students to look beyond the box they may have placed themselves in, to bigger than what they thought they could be by realizing the world is bigger than just themselves. L to R: Richard L. "Dick" Walton, Superintendent of Schools; Laura Lewis, Director of Curriculum & Instruction; Christopher J. Smith, Director of Business Affairs; and Bobby Kimball, Assistant Superintendent for Administrative Services.

Over the years various media have created a number of lasting impressions for our society. Few people of my age can forget a young John Kennedy, Jr. saluting as his father's funeral procession passed by or that sinking feeling while we watched the descending plume of smoke as the pieces of the Challenger space shuttle fell to the ground. Sports and entertainment have also created lasting impressions. An exhausted Michael Jordan kissing the NBA championship trophy and the waves of helicopters thundering over us in Apocalypse Now are images that will stay with us forever.

On a smaller scale, the 2001 Black Cat will create some lasting impressions of its own. In the future, when you look at the images captured on these pages you will be reminded of classmates, teachers, coaches, sponsors, highs and lows, good times and bad.

Good luck to our graduating seniors. We know you will continue to make us proud and we'll be watching as you participate in creating lasting impressions for the next generation.

People often say that the most memorable years of their lives are those that occurred during the high school years. My hope is that you will remember your years at Bay City High School in that way. The friends, experiences, and education you gain in high school are certainly the basis for helping you achieve your goals. My wish for you is that some day you can look back on your teachers, counselors, and principals and say "I am grateful for the lessons they taught me about cooperation, discipline, hard work and about the fair way of competing." May your lasting impression of high school always be filled with fond memories and success.

Bay City had a new sport at the high school this year. It is called "Powerlifting". Our first year turned out to be a good one. There was a good turnout for the team. It was coached by Coach Rob Schoenfield, Coach Tim Hensley, and Coach Jeff Jacques. Thanks for the great coaching. Here are some snapshots of the team during practice. Clockwise-Top Left:

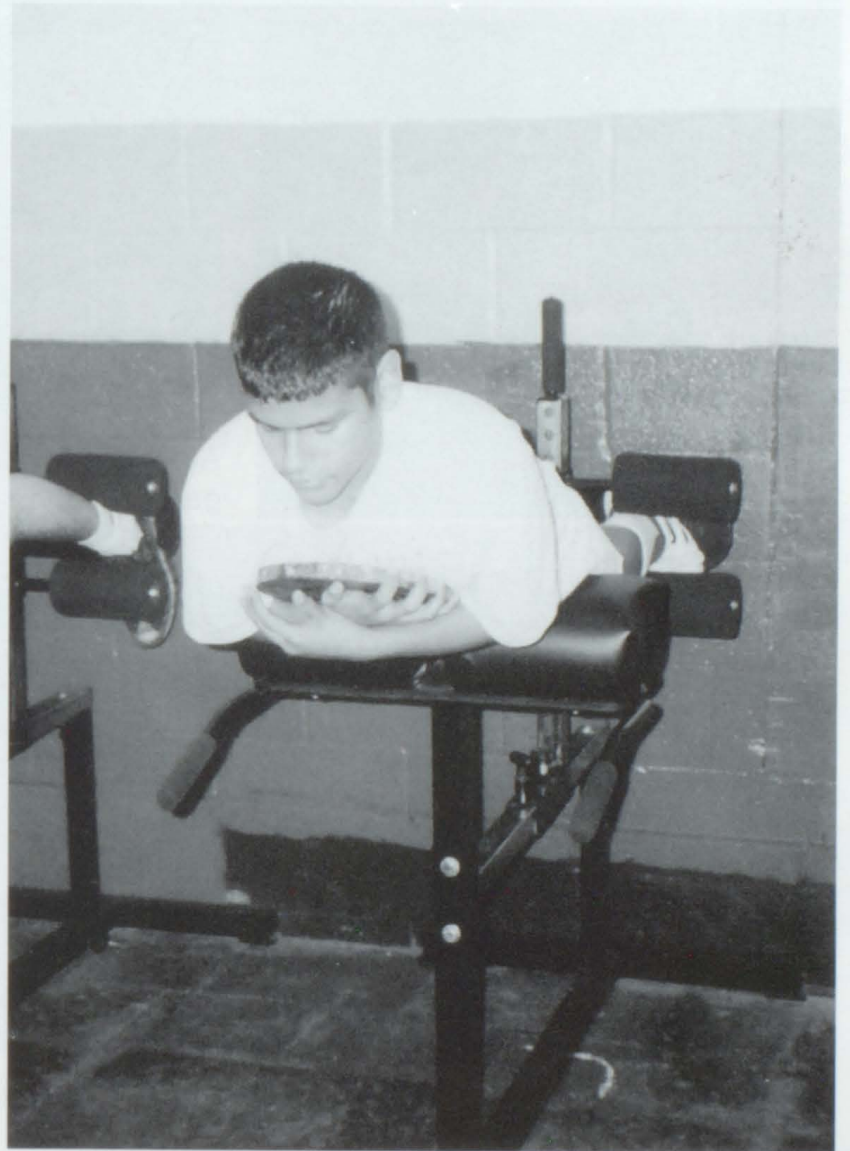

Toby Claxton puts a weight on the rack. Craig Grebe and Rocky Garcia run back to the fieldhouse after a warm-up lap. Phillip Tyler deadlifts some light weight. Victor Gonzales lifts while Eric Smith spots him. Craig does some abwork on the roman chair. Toby deadlifts some heavyweight while Lester Johnson spots him from behind. Craig and Rocky do their stretches after their intense workout. Leslie Wyche deadlifts to make himself better.

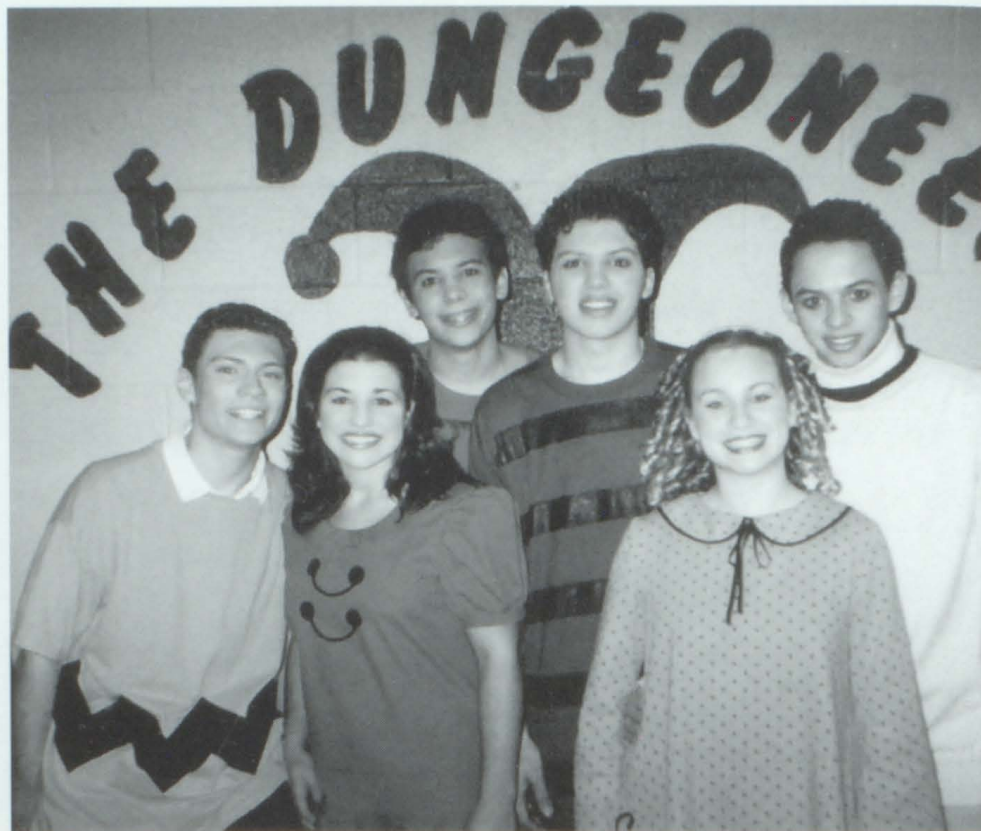

Far Left Clockwise: Chris Baker and Chad Craft look over their workout card during practice. Eric does his deadlift workout. Rocky does some abwork with a ten pound weight. Toby does shoulder shrugs before he wraps up practice. The members of the first powerlifting team at Bay City High School were: Fernando Aguilar, James Shipp, Phillip Tyler, Lester Johnson, Toby Claxton, Rocky Garcia, Craig Grebe, Chris Baker, Victor Gonzales, Leslie Wyche, and Eric Smith.

In March of last year Coach Chad Morris and his staff came in with a new game plan. They wanted to completely change our offensive and defensive style of play. So, as only a championship team could do, we listened and learned. As the preseason began, we began to see the benefits of all the new ideas Coach Morris had taught us. Then we began flying through district, killing anyone who got in our way. As the playoffs approached, nothing changed - every week was another game. Before long, we found ourselves in the Championship Bowl against Denton Ryan. Like always, Coach Morris had the same confidence as he had in March; he knew that we were the only ones who could beat us. So, when all was said and done, we were the State Champions. Thanks to great leadership from Coach Morris and his staff, not only on the field, but also in the classroom.

*Kevin,
Congratulations on winning the 4A State
Football Championship. This is only the
beginning of your life filled with successes
and accomplishments. You will achieve
every goal you set for yourself. You are
blessed because God is with you.
We love you,
Mom, Dad, and Gerrit*

*Montana
Wallace*

*Montana,
We are so proud of you. We still can't
believe our little man has grown up. We
wish you love, happiness, and success in
your future. Congratulations.
Love,
Mom and Dad*

A POLICY STATEMENT

The Blackcat student yearbook at Bay City High School, attempts to cover the people and events of the school community as fairly, impartially, and accurately as possible. It provides a history in pictures and copy of a particular year. Through the emphasis on the skills of writing, design, photography and business, it offers an educational opportunity for staff members who must learn to accept responsibility and assume leadership roles. It serves as a form of public relations for the school and community.

The editors and staff members reserve the right to select content and determine priorities in both photographs and written material. They never knowingly libel, invade the privacy of, deny the rights of, or ridicule or mock an individual or group. Good taste, common sense, school and community standards, and ethics of responsible journalism are observed.

The yearbook focuses on school news and personalities. Community, state, national, and international events are covered as they relate to students and the school and contribute to a complete picture of a school year. Student activities and groups not sponsored by the school are not covered on a regular basis.

Colophon

The 87th volume of the Blackcat was published in Dallas by Taylor Publishing Company. The 224 pages were printed on 80 pound enamel paper using Bern, Brush, and Reporter typeface. The Frontier cover is navy and black with a gold foil. The Yearzine is a eight color history section published by Taylor Publishing Company. Twenty-four staff members published this Blackcat using Ultravision and developed the theme "Lasting Impressions." With the exception of the Yearzine, the majority of the photographs were taken by staff photographers. Individual photographs were taken by O'Neal Studios and favorite pictures were taken by Ultra Photo. Special thanks to Jimmie Bellah and Charles Reis of the Daily Tribune for sports pictures. Taylor Publishing Company's advisor to the staff was Ryan Almon and we would like to thank him for his help.

Lasting Impressions

All of the yearbook class celebrating at Mr. Gatti's after completing a major deadline. Not shown: Robert Brown

Clockwise: Elaine Callis, Marquia Nixon, Julie Denn, and Archie McDaniel discussing the layout for the junior section.

Tuesdie Castro was the homecoming queen nominee for yearbook.

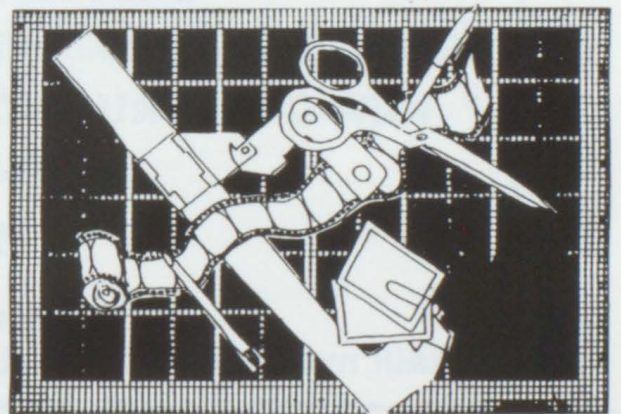

Mrs. Kinsey has been a teacher at BCHS for 19 years. She is an art, ceramics, and yearbook teacher. When she's not at school she rides a recumbent tandem bicycle with her husband, travels, and reads alot.

Creating Basic Elements for Life

Bags to tote your groceries in. Bags for trash - plus the bin.
Liners for cereal and wrappings for meat, keep foods fresh and safe to eat.
Plastic bottles, plastic cups; the cling that keeps your stockings up.
Pails and cups, crates for stacking. Carpet fiber, carpet backing.

Cosmetics, products for your hair. The easy in your easy chair.
The extra stretch in spandex shorts, and safety for your contact sports.
Wheels to spin on roller blades, and paint that never chips or fades.
Adhesives when you want to glue, and solvents when you must undo.

It's hard to look when in a car, and not see where our products are:
From seats to wire to molded parts; to additives for smoother starts.
Antifreeze that's really nice - protecting from both heat and ice.
And cars can stop without mistakes with fluids made to help your brakes.

These elements for life, you see, create value for our society.
From chemicals to plastics to additives, we make this a better place to live.
From all of these clues, you can guess who we are:
One Source. More Resourceful. We're Equistar.

YOU ARE HERE

This is the "Age of Connectivity" and you're in it. You are everywhere, thanks to the Internet. E-mail a friend in Banglor, shop for cool shoes at some European e-tailer, or even watch a web-cast concert from overseas, and all from your desktop.

The world's getting smaller. Might even feel crowded at times. Chill. Look for signs along the road to help you find your way in this brave new world... and enjoy the ride.

What a golden year for sports.

Michael Johnson won two gold medals in the 400 meter and 4 x 400 meter relay in the Sydney Olympics.
(Must have been the shoes.)

Multiple medals also went to Maurice Green and to Marion Jones, who took home three gold and two bronze.

She's the first woman to win five medals in one Olympics.

Tiger Woods did it again.
And again.
And again.

As the PGA Tour Player of the year, he placed first in tournament after tournament, including the U.S. Open, the British Open and the PGA Championship.

The golden girls of soccer settled for silver in Sydney.

Under a Shaq attack.

Shaquille O'Neal, with Kobe Bryant, shot the Lakers to victory against the Indiana Pacers in the NBA finals.

ONE GAME SET MATCH

Lance rules. Armstrong conquered the Alps and silenced cynics, winning his second consecutive Tour de France. His comeback from cancer makes him a double role model, to athletes and cancer patients alike.

The "Subway Series" made baseball big news. For the first time in 44 years the New York Yankees and the New York Mets went head to head at the World Series. New York came out on top.
(As in Yankees.)

The Williams sisters continued to take the tennis world by storm. Rivals on opposite sides of the net, they're unstoppable as partners.

Venus topped a stellar year with wins at Wimbledon and the U.S. Open. She took the gold at the Sydney Olympics in singles, and paired with Serena to take the gold in doubles as well.

It wasn't in the stars. The New Jersey Devils took the Stanley Cup back from the Dallas Stars after their nail-biting double overtime victory in game six.

D-FENSE!
The Baltimore Ravens extraordinary defense gave them the edge and a 34-7 win over the New York Giants in Super Bowl XXXV.

What goes around comes around.

Look behind the technology hype and you're sure to find recycled trends.

Oh, the irony.

It's the 70s all over again.

Large tinted lenses make for look-at-me sunglasses and disco-era hairstyles return with "wings" and feathered bangs reminiscent of Farrah Fawcett's famous locks.

A new twist is the bright burst of hair color, maybe a leftover from the punk and glam rock resurgence last year.

REFRESH

A rhinestone belt holds up your denim? Glittery studs on your faded jeans?

Totally.

England's Prince William took a "gap year" before college,

following his mother's example of service and humanitarianism.

His volunteer and environmental work in Chile shows that the man who will be king is a true

prince of hearts.

For the guys, the mop top is back with the "shag" hairstyle.

The bed-head hairstyles of Ricky Martin and Kevin of the Backstreet Boys is typical of the macho look many stars like.

Leather whatever.

Leather is everywhere. Leather pants. Leather boots.

Everything else sparkles and shines.

We heard lots of wedding bells.

Two Backstreet Boys got hitched, Madonna married her Guy.

Catherine Zeta-Jones, wed Michael Douglas, and Jennifer and Brad tied the knot.

Caution. Heavy traffic ahead.

As in new millennium traffic. It seems like the more info there is, the harder it is to be informed. Technology promises a bright new age but it's still hard to communicate.

Some things never change.

The Pope journeyed to the Holy Land and prayed for peace, while conflicts between Israelis and Palestinians raged.

Allegedly linked to the unrest, the USS Cole was bombed off the coast of Yemen. This year we remember with honors entertainer Steve Allen, actors Walter Matthau, Jason Robards, and Alec Guinness.

SO WHERE ARE WE?

WHAT'S NEW?

Crash. Technology and music went head to head, as 19-year-old Napster co-founder Shawn Fanning battled the music industry over copyright usage of downloaded music. Firestone tires exploded on highways across the nation forcing one of the largest recalls in history. Hillary Clinton stepped out of the White House and into the U.S. Senate, a first.

And the nation waited 36 days for the drama of the 43rd presidential election to unfold. Another first. After court battles and recounts, Florida's 25 electoral votes were finally awarded to Texas governor George W. Bush in the closest presidential race in history. In another dramatic sequence of events, tensions between U.S. and Cuba rose over the custody battle of 6-year-old Elian Gonzalez who was finally reunited with his father and sent back to Cuba amid anti-Castro protests.

Television gives a crash course in life lessons.

The nation tuned in to see who would be voted out in this summer's biggest smash "Survivor".

The ultimate SURVIVOR, Richard Hatch, beat all odds in order to outlast his island mates.

ANYTHING 'ON'?

In shows like "Roswell" and "Angel," to survive means getting rid of the bad guys.

They showed that we all experience feelings of alienation, but we are not alone.

In fact, putting up with siblings, family issues and struggling to "find ourselves" are common denominators for us all.

Inventions topped inventions.

This year, we saw cable lines not only enhance television but surfing speed and e-commerce as well.

Electronic organizers rock.

From the palm of your hand you can check e-mail, invest in futures or buy a present for Mom.

Oh yeah, and get organized.

The newest digital cameras have greater picture quality as well as roomier disk space,

while the next generation MP3s are smaller, faster, more portable, and provide better-than-ever sound quality.

Toyota was among the future-thinking car companies to introduce hybrid cars.

Half -electric and half gasoline-powered, these new wheels will eventually be as easy on the pocketbook as they are on the planet.

Playstation 2 and the latest Nintendo made the virtual world more entertaining.

SHOCKING!

Performers

like Hoku and Jakob Dylan of the Wallflowers emerged from the shadows of their famous parents.

Blink-182

lets their California style influence their wardrobe and music, which led them to an MTV music award for "All the Small Things."

Globalization

has had a profound effect on the style-music industry. Latin's back with a bang with the return of Carlos Santana and the rise of Enrique Inglesias along with Christina Aguilera's release of a Latin-style CD this year. And we saw Ricky Martin going global with a tour reaching as far as Austral-Asia.

On the local scene, many underground performers have been rocketed into the mainstream, as was Moby, the one-time New York DJ, with the immensely popular "Play," image is everything.

LIVE BABY LIVE!

Madonna came alive (what else is new) with her new "Music," reinvigorating her original dance-music roots.

Unbelievably, this mother of two has topped the charts for some three decades now.

Her concert,

performed in a London pub, was one of the most-watched events on the Internet to date.

And with MTV, VH1, Napster, and others, the faces of today's performers are seen live everywhere.

For pop princesses like Britney Spears, Christina Aguilera and Aaliyah, as well as the ubiquitous bands, image is as big as (maybe bigger than) their music.

For performers like the Backstreet Boys, LFO, 98° and especially *NSYNC, style is the substance of pop.

Check out their live shows.

72nd Annual Academy Awards.

Legendary actor Robert Redford stepped behind the camera to direct the mystical golf movie "The Legend of Bagger Vance."

Will Smith

plays Vance, the wise caddie who guides golfer Matt Damon through more than just the perfect golf game.

REEL LIFE

Rack up another hit for Jim Carey.

Irresistible even when he's covered in green from head to foot.

The Whos in Whoville are a must-see in Dr. Suess's "How the Grinch Stole Christmas."

There was something for everybody on the big screen this year. claymation genius brought the chickens of Tweedy's farm hilariously to life as they worked up a plan to fly the coop in "Chicken Run."

"Shanghai Noon," with Owen Wilson and Jackie Chan heading out West to rescue Princess Pei-Pei, played by Lucy Liu.

And Buzz Lightyear came to the rescue, and beyond, leading the troops on a mission to bring Woody back in "Toy Story 2."

"Pay It Forward" proved it's possible to change the world and it doesn't have to be a big thing.

Kevin Spacey, Helen Hunt and wonderkid Haley Joel Osment

inspired us all to do a favor or two or three and make this world a better place.

X-termination avoided, thanks to the X-Men.

Enlightened Professor Xavier provides a safe haven for the world's newest and most persecuted minority, a group of mutant, genetically-gifted human beings called the X-Men. Their struggle against hostile Government agencies and mutant supremacist Magneto made "X-Men" one of this summer's biggest smash hits.
